Satellite navigation

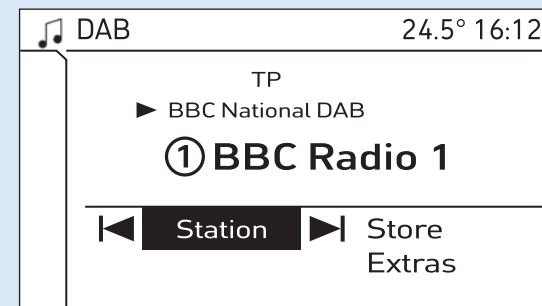

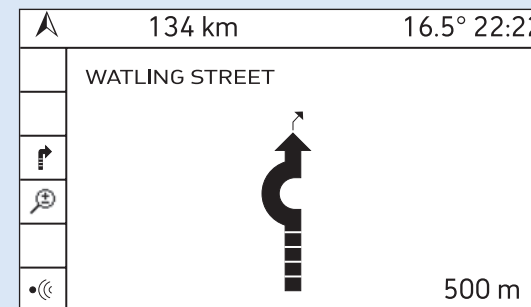

Standard features (CD 70) • Audio/voice direction guidance prompt • Automatic re-routing on request • CD-ROMs available for all major European countries • CD-ROM may be replaced by audio CD after route is selected • Display of estimated time remaining and distance to destination • Exact location of vehicle using the GPS (Global Positioning System) and speed sensor • Choice of four different route types: using motorways/avoiding motorways/shortest distance/shortest journey time • Store up to 100 personal destinations • Last 10 destinations stored automatically • Traffic Message Channel (TMC)

Satellite navigation

The CD 70 stereo radio/CD with MP3 capability/navigation unit uses the international network of GPS (Global Positioning System) satellites (originally developed by the US military) linked to a comprehensive CD-ROM mapping system to determine your precise location and guide you to your chosen destination virtually anywhere in mainland Britain. The system is very simple to operate, using a range of menu-driven options which are easily accessed via the steering wheel mounted audio controls.

Clearly spoken instructions indicate the road you need to take or the lane you need to be in, while directional pictograms, clearly shown on the special graphic information display, back-up the spoken commands.

The CD 70 also features Traffic Message Channel (TMC), a specific application of RDS used for broadcasting real-time traffic information, delivered either visually or verbally. TMC can also offer dynamic route guidance – alerting the driver to a problem on the planned route and calculating an alternative route to avoid the incident. The CD-ROM supplied with the system covers all major link roads and streets in towns and cities across mainland Britain. Discs are updated twice a year and are available at extra cost by subscription. Additional discs can be purchased for all major European countries, which means that making a cross-European trip can now be as simple as changing a CD.

Digital Audio Broadcast (DAB)

Now widely available in the UK, digital audio broadcasts offer the user a variety of advantages over traditional FM, starting with the digital quality sound which is immune to any hiss or crackle. You'll often find a broader range of stations on offer too, many of which are not available on FM, and listening to them couldn't be easier – you simply select the station, by name, from the displayed list, thus removing the need to retune or look for stations when travelling around. Some stations will even display the artists' names and song titles on the car's graphic display, while they're played.

To further help you appreciate the digital sound, our CDC 40 DAB-compatible audio unit offers 35 watts per channel and plays through our highest quality six-speaker system.

The fuel consumption figures shown comply with EC directive 1999/100 to provide a realistic indication of fuel consumption by taking into account everyday driving conditions, such as cold starts, acceleration and braking. These figures take account of the vehicle's kerbweight, ascertained in accordance with the above regulation. **Important:** the results given relate to the particular car tested. Variations in trim level and equipment may result in slightly higher fuel consumption and CO₂ emission levels than those quoted. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of fuel consumption attainable.

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. To determine total carrying capacity, deduct kerbweight from gross vehicle weight. The **maximum roof rack loading** should not exceed a total of 100kg. The **maximum towing weights** are based on the ability of the car – with two occupants of 70kg each – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 50kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

Emergency Brake Assist (EBA)

Emergency brake assist detects the urgency with which the brake pedal is pressed and rapidly increases the pressure to the maximum the system can provide, shortening stopping distances. It also enhances pedal feel.

Suspension

Front:

Independent. MacPherson struts with gas-pressure damper cartridge and coil springs. Anti-roll bar.

Rear:

Compound crank with progressive-rate mini-block coil springs and gas-pressure dampers (1.0i 12v/1.2i 16v/1.3CDTi 16v). Torsion tube with compound links, progressive-rate double conical mini-block springs and gas-pressure dampers (1.4i 16v/1.8i 16v).

- Suspension uprated and lowered by 15mm on SXi/SXi+ 1.4i 16v/1.8i 16v models

Steering

- Rack and pinion
- Electric power-assisted steering standard on all models
- Turning circle (kerb-to-kerb): 10.05m (33.0ft.)

Brakes

Front ventilated disc brakes:

1.0i 12v/1.2i 16v – 240mm diameter. 1.4i 16v/1.8i 16v/1.3CDTi 16v – 260mm diameter.

TRUST VAUXHALL

There are more important things to life than worrying about how to finance and service your car, where to go in the event of an accident and how we go about meeting the transport challenges of the future. So when you choose Vauxhall, you can rely on us to safeguard both you and the environment around you, leaving you free to concentrate on the more important business of enjoying your car!

Protecting the environment

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see www.vauxhall.co.uk/recycling.

Looking to the future, we are also investing heavily in the biggest potential breakthrough of the next decade – the hydrogen fuel cell car.

Buying your car

For straightforward advice on a simple, affordable way into a new or used car ask your Vauxhall retailer. GMAC offers a wide range of finance solutions that are easy to understand, flexible enough to suit every need and convenient to arrange at your Vauxhall retailer.

Servicing and maintenance

The best way to maximise the performance and reliability of your Vauxhall is to have all routine servicing and maintenance carried out at a Vauxhall retailer. There are around 440 retailers nationwide.

Customer Care Commitment

Providing drivers with the highest standards of aftersales support, Vauxhall offer a three-year Customer Care Commitment* package. Highlights include:

- A one-year unlimited mileage manufacturer's warranty
- A second and third year no-fee customer option warranty to 60,000 miles from first registration
- Vauxhall Assistance for 12 months from first registration
- Roadside breakdown cover
- Free loan car

* = Warranty is only available on vehicles sourced from Vauxhall Motors Ltd. Terms and conditions apply – please see your Vauxhall retailer for details.

Complete Motoring Plan

Vauxhall's Complete Motoring Plan is a simple way to budget for all your motoring needs. For just a small monthly payment all your car's routine servicing and maintenance is covered**, you will receive full Vauxhall Assistance cover and MOT test insurance for the duration of the plan. You can buy peace of mind for 24, 36 or 48 months by either an up front payment or interest free direct debit.

** = Excludes tyres, exhausts and windscreens. Terms and conditions apply.

Vauxhall Assistance

Vauxhall Assistance is operated by the AA and is provided for 12 months from date of first registration and covers everything from accidents, mechanical breakdown and flat tyres to illness while driving. With Vauxhall Assistance, help is literally just a free† phone call away, 24 hours a day, 365 days a year!

† = Mobile phone users will be charged at their standard tariff.

Vauxhall Leasing

As Vauxhall's own contract hire and fleet management operation, Vauxhall Leasing provides a one-stop-shop for competitive car and van leasing solutions – for business users and private individuals. Working with the Vauxhall retailer network, we combine the support of a national contract with the convenience of a local contact. For further information, please see your local Vauxhall retailer or call us on 0870 737 2557. Alternatively, visit our website at www.vauxhall-leasing.co.uk

Specialist Mobility advice

Motability accredited Vauxhall retailers can provide special mobility help and advice. Blue badge holders are entitled to very favourable discounts when purchasing new vehicles. For full details contact your local Motability accredited Vauxhall retailer or **Freefone** 0800 731 5267.

In the event of an accident...

Vauxhall Accident Support is designed to help keep you mobile following an accident, providing prompt recovery to a Vauxhall Approved Accident Repair Centre where your vehicle can be repaired to a high standard. The service is free to all Vauxhall drivers. For further information **Freefone** 0800 010 304.

Sureguard protection

Should you wish to enjoy the range of benefits provided by Vauxhall Assistance for a full three years from first registration, then new Sureguard Assistance is for you. If you are a higher mileage driver or plan to keep your vehicle for longer than the standard warranty period, you need the protection of Sureguard Warranty. This provides all the peace of mind of a parts and labour warranty – including Assistance – for the duration of your cover. Sureguard Warranty and Sureguard Assistance now come with the added peace of mind of Sureguard MOT Warranty. For details contact your local Vauxhall retailer or call 0870 752 7020.

Anti-perforation warranty

Your new Vauxhall also comes with a body panel anti-perforation warranty for a period of at least six years from the date of first registration.
