## Performance, fuel economy and emissions

Model	Performance (manufacturer's figures)				Fuel economy mpg (litres/100km)			CO <sub>2</sub> emissions (g/km)
	Max. speed (mph)	Acceleration (secs) 0-60mph	30-50mph (4th gear)	mph/1000rpm (5th gear)	Urban driving	Extra-urban driving	Combined figure	
1.0i 12v	90	16.7	12.8	17.6	40.4 (7.0)	55.4 (5.1)	48.7 (5.8)	139
1.2i 16v	100	12.2	9.4	18.9	37.2 (7.6)	55.4 (5.1)	47.1 (6.0)	144

The fuel consumption figures shown comply with EC directive 1999/100 to provide a realistic indication of fuel consumption by taking into account everyday driving conditions, such as cold starts, acceleration and braking. These figures take account of the vehicles kerbweight, ascertained in accordance with the above regulation. **Important:** the results given relate to the particular car tested. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of fuel consumption attainable.

## Weights and towing data

Model	Kerbweight (kg)	Gross vehicle weight (kg)	Maximum towing weights (kg)	
			Trailer with brakes	Trailer without brakes
1.0i 12v Expression	965	1435	650	350
1.2i 16v Enjoy	1001	1450	650	350
1.2i 16v Design	1013	1450	650	350

**Gross vehicle weight** is the total permissible weight of the vehicle including passengers and their luggage. To determine total carrying capacity, deduct kerbweight from gross vehicle weight. The **maximum roof rack loading** should not exceed a total of 35kg. The **maximum towing weight** is based on the ability of the car - with two occupants of 70kg each - to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 35kg. Always fit Vauxhall roof carrier systems and towing accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.
