Test-Drive Your Dream Job™

If You Think Your Dream Job is Just a Dream... Think Again!

Let's face it. For so many of us, our current job is definitely not our dream job. But who says it has to be that way? At VocationVacations®, we offer you the chance to test-drive the job of your dreams without quitting your day job!

During a VocationVacation, you spend one to three days immersed in your dream career. This isn't job-shadowing or a fantasy camp. As a "Vocationer" you work one-on-one with a VocationVacations-approved mentor to see what your dream job is really like.

Our Mentors are carefully selected experts who enjoy sharing their knowledge, passion and experience with others. Not only do they love what they do and do it well, many have also made mid-career leaps of their own.

VocationVacations holidays are ideal for the adventurous, for the curious, for anyone who is considering a career change, wants to try the "road not taken," needs to indulge a passion, or is looking for an experiential, educational vacation. VocationVacations offers hundreds of dream job packages. Each is a unique, rewarding, and fun

experience... and may be the beginning of an entirely new life.

Whether your inner voice is telling you to go find your true calling or you're simply curious about a career change, VocationVacations can help. Our one-of-a-kind dream job adventures are empowering people everywhere to realize their dreams not only in work, but in life.
