### Measuring Intelligence: Facts and Fallacies

David J. Bartholomew

The testing of intelligence has a long and controversial history. Claims that it is a pseudo-science or a weapon of ideological warfare have been commonplace and there is not even a consensus as to whether intelligence exists and, if it does, whether it can be measured. As a result the debate about it has centred on the nurture versus nature controversy...

### Personal Magnetism and Charisma: The Essence and Practice of It

Theron Q. Dumont

We hear nowadays much about Personal Magnetism and Charisma. Various self help books are written using these very concepts. However long before these books became popular, Dumont Theron talked about Personal Magnetism and Charisma, which is a peculiar quality of the mental being of the individual that potentially can help us in all aspects of our life...
