To qualify for the 60 day guarantee a full bottle of Cocoon GH must be used over a 30 to 60 day period (with a 14 day grace period). After this period, if the results are unsatisfactory please return the empty bottle with your full name and telephone number for a refund. This guarantee is only for a single bottle or the first bottle used. A questionnaire completed over the phone is required before a return can be processed.

The return policy for all other products at Cocoon Nutrition is as follows: No returns of any kind are permitted without prior authorization from a representative of Cocoon Nutrition. There are no exceptions to this unless the Overseer of Cocoon Nutrition authorizes it. Knowingly or unknowingly people are creating their own illnesses. Therefore the healing of one's illness is the responsibility of the person attempting to heal and not the responsibility of the Health Care Professional nor the Supplement Company. Recovering health can be a slow process fraught with detoxification symptoms that people misinterpret as reactions to supplements. Healing is something one must commit to not just dabble in. It frequently requires 6 to 18 months or more to fully heal. The removal of your symptoms is a process of removing toxins from previous wrong diet and drug usage. It is our recommendation at Cocoon Nutrition that in order to shorten your time healing, save money and navigate the road back to health with fewer mishaps that you consult a holistic health care professional. Especially someone who has navigated that road back to health on their own like our nutripath here, Stephen Heuer. His consultations are \$120 per hour.

Shipping Note

Orders will usually be shipped within 24 hours. Orders are not shipped over the weekend and will be sent on the following Monday. Expedited shipments (UPS Next Day, etc.) are not guaranteed. Cocoon Nutrition will endeavor to ship products as soon as possible, but occasionally your product will be delayed. Unless specifically requested most orders will be sent via UPS Ground. Orders to Hawaii, Alaska, P.O. Boxes and International destinations will be sent US Postal. Arrival of International orders (outside of the USA) is not guaranteed. If the order does not arrive, is held by customs or not delivered for any reason, Cocoon Nutrition will not be held responsible and will not refund product or shipping costs. If any products in the order are out of stock, all items in the order will be held until the backordered item is available. If the delay is over 3 working days we will contact you.

Alkalizers

Alkabase	100 000	¢00.00
This supplement provides the alkaline minerals necessary for pancreatic enzyme secretions. It may be helpful against excess stomach	100 cap 200 g	\$20.00 \$16.00
acid. Aloe Powder	Ŭ	
World-class, living, ionically charged, organic Aloe Vera. Contains Organic South American Aloe Vera powder, organic pomegranate powder, ECOPs (Electromagnetically charged organic herbal particles). Use 3/4 teaspoon in 1/2 cup of water or juice, 1 to 3 times daily. For best results, mix Quantum Aloe with 1/4 to 1 teaspoon of Coral Calcium daily. Drink immediately.	7.2 oz	\$25.95
Capra Mineral Whey	12.7 oz	\$23.50
A raw goat whey supplement containing these naturally occurring minerals: Calcium, Magnesium, Manganese, Phosphorus, Iron, Copper, Zinc, Sodium, and Potassium. This is a very rich source of food-based sodium, which Dr. Bernard Jensen believed can help to remove Calcium deposits (bone spurs) out of the joints. Organic sodium is also an excellent way to alkalinize an acidic body. It is also a food that may encourage flexible, healthy joints.	25.4 oz	\$46.50
Cesium Chloride	100 g	\$130.00
Cesium is element number 55 on the periodic table of elements. It is the most alkaline element. Calcium is the main alkalizing element required by the body because it is required in such high quantities by the body compared to Cesium. What is so unique about Cesium is that when consumed it penetrates to the interior of the cells, alkalinizing it. Raising the alkalinity raises the oxygen. This increase in oxygen causes the muscles in the face and hands to tingle. It produces a pleasant oxygen high in the brain as well. Too much can become uncomfortable. Dosage should be experimented with. I take 1/4 teaspoon every other day. In the book "Politics in Healing" there is recommended protocol for overcoming cancer. Cancer is an acid/anerobic cell. If you make it alkaline and therefore oxygen rich, it will either convert to a normal cell or die. Cesium has successfully been used to reverse cancer in some people. The case histories are mentioned in the book. The Hopi Indians and the Hunza people all live cancer free and to very advanced years. Cesium is in their drinking water. This is a special product and is very powerful. It should be taken with potassium, magnesium and Coral Calcium. Contains 80 1/4 tsp. doses		
Coral Calcium Powder	8 oz	\$69.95
The best in ionized minerals yet found, a unique coral powder rich in ionic calcium, magnesium, and trace minerals, not colloidal minerals. Help your body heal and recover by moving your pH into the ideal 6.4 to 7.0 range. Experience firsthand one of the best calcium delivery systems ever discovered. Helps to alkalinize the tissues, increasing oxygen carrying capacity. Helps to maintain bone density. Calcium absorption occurs when vitamin D is in adequate amounts in the body. Supplemental Cod Liver Oil ensures adequate vitamin D levels for those of us who live mostly indoors and do not get enough sunlight for vitamin D production. Read our Quantum Trio literature for more info on pH balancing and how this can revolutionize your health.	2 oz	\$19.95
Coral Complex	270 Vcaps	\$89.95
Spectacular support for the immune system, bones, joints, teeth, kidneys, intestines, liver and an optimal alkiline pH. Featureing Sango marine coral minerals containing highly ionized calcium and magnesium (ideal 2 to 1 ratio) and trace minerals. Coupled with special myceliar extracts to provide pro-vitamin-D. 100% vegetable capsules. No toxic tablets, glues or fillers.		
pH Paper	14 ft	\$5.00
Worth \$10, we sell this product at cost because we feel that pH balancing is so important for a healthy life. This paper is an easy way to measure the pH of your body. The correct method is to collect a small amount of urine from your first urination after 4:00 am. Dip the pH paper into the urine, and then compare the color it turns to the pH chart on the side of the roll. Ideally, your urine pH should be between 6.4 and 7.0. Most people have a pH below 6.4 and therefore are reflecting an excessively acid tissue pH. As the tissues become more acidic, the oxygen in the blood is less able to absorb into the tissues. Say your urine pH is 6.0; to every 0.1 degree you can increase your pH towards the alkaline side, is a ten-fold increase in oxygen carrying capacity in your tissues. This means that your cells begin to breathe again, make energy, and produce the feelings of well-being and endurance. Refer to our literature entitled Quantum Trio to understand how to alkalinize your body very successfully.		
Quantum Trio	4 Products -	\$116.85
The Quantum Trio is the best way to balance your pH levels and alkalize your body tissue. The Quantum trio includes an 8oz bottle of Coral Calcium - the best ionized mineral source on the planet, a 7.2 oz bottle of Quantum Aloe Powder - world class living and ionically charged organic aloe, and Premier Cod Liver Oil, a unique cod liver oil that contains up to twice the vitamin A and D content of other cod liver oils and also includes the biologically active Omega-3 class fatty acids, EPA and DHA. This pH balancing kit includes a 14ft role of pH test paper to monitor your tissue acidity. Call us now for pH balancing advice and a free pH test kit.	4 Products -	\$115.85
Allergy/Respiration Support		
Aller Cleanse	30 Vcaps	\$18.00
Optimal support and detoxification for hypersensitivity reactions. Supports the meridians involved in the allergic process, including the adrenal/spleen axis, the adrenal/pituitary axis, and the liver/endocrine system. Promotes the purification of the blood. Supports normal mast cell and normal histamine response. 100% solvent free vegetable capsules. Excipient free: no binders, fillers, glues or other toxic tagalongs as found in tablets and gelatin capsules.	90 Vcaps	\$39.96
Aller Well	100 tab	\$41.84
For allergy symptoms that are seasonal, from animals, dust, and other sources. For allergic rhinitis, hayfever, hives, utricaria, pollen, and inhalant allergies.		
Allergies are the most common chronic health disorders in the industrialized world. They are reactions of the body to the ecological environment, both physical and social. The proliferation of toxic chemicals in our food, water, and air are just some of the major factors that contribute to allergies. These factors lead to neuro-endocrine imbalances and serve to weaken the defensive energy of the body as well as the mucosal membranes in the lung, sinus, nose, digestive system and skin. People with these health issues often react pathologically to the aforementioned triggering elements, thereby being easily susceptible to different allergic reactions.		
By utilizing our <i>Aller-Well</i> herbal combination, we do not focus on treating or preventing the reactions that contribute to the symptoms of allergies. Instead we try to restore the body's energy balance which helps the body to not react to allergens and other triggering mechanisms.		
In our experience, we generally recommend this combination to be taken for 3 months and then as needed. Antronex	90 tab	\$9.37
Antronex contains Yakriton, a bovine liver fat extract discovered in the 1920s by Japanese researchers. Yakriton has been shown to help maintain a healthy liver via its blood filtering and affect on histamine. Histamine is released when tissues become damaged, inflamed, or are the subject of an allergic reaction. Histamine is involved in a myriad of physiological conditions.	30 IAD	φ 9 .37

Black Cumin Seed Oil (Aller Ease)	100 Caps	\$23.24
Black seed oil has been used for good health for thousands of years. The scientific name is nigelia sativa, but it is well known in cooking circles as black cumin seeds. In Western culture the majority of imbalance in our bodies and health conditions are attributed to a cold body-type. Perhaps this comment could cause confusion your body may not feel physically cold, in fact, your body may feel warm. This cold imbalance exacerbates conditions such as allergy and inflammatory conditions like Crohns disease. Black Seed Oil therefore warms the body and thus can help to balance conditions disturbed by a cold nature. It can be used in conjunction with any herbs as a stabilizer. People with a cold nature generally have poor energy levels and Black Seed Oil can boost their energy by balancing the cold-heat relationship. If this herb is viable for you, it will not cause nervousness like ma huang. It is high in nutritional values with 15 amino acids, carotene, calcium, iron, pottasium and unsaturated and essential amino acids (linoleic and lenolenic acids). This herb must not be used in two instances, if pregnant and with people known with a hot body type condition.

Pancreas Support Package	2 products	\$97.00
One of the top growing diseases in the USA is adult onset diabetes. This is the cells inability to absorb sugar due to the receptor sites on the cells being absent. Also called insulin resistance. Insulin is supposed to carry sugar to the cells surface and then dock on the cell site and allow sugar to absorb. Cells that are resistant are lacking chromium, as chromium is what creates the receptivity of the cells. Once Chromium is present sugar uptake by the cells is far easier. This powerful combination of Electron Enhanced chromium, vanadium and key trace minerals are all found in their ideal forms in the product called Sugar Burner. These angstrom size, electron enhanced minerals can dramatically increase sugar uptake so that even your cravings for sugar and carbs goes away in two weeks or so of being on it. Once this happens losing body fat is easy. Now you no longer have excess sugar in the blood or tissues so the body is no longer converting sugar into fat. The net effect is a reduced craving for carbs and food in general and fat loss. This package contains Interdimensional Minerals and Sugar Burner.

Smectite clays initially form through bolcanic activity. They have a crystalline structure that is unique to each clay. These crystalline molecules act as transducers, able to convert energy into light, thus transferring a higher energy state to the bodys cells. Smectite clays have a unique, natural sorptive power, meaning they are able to chemically absorb toxic chemicals, including heavy metals. Once the clay mixture has been used for detoxification of the oral cavity or body, its powerful sorptive power has been exhausted so it is best no to re use the clay. Please enjoy the powerful rejuvenating effects of this excellent product. Detoxifying packs with special, European, premium grade, high-cation montmorillonite clay, naturally containing higly adsorptive magnesium smectites, silica and nine mineral oxides in addition to natural zeolite minuers! Book - Cancer: Curing the Incurable A profound history of the life and work of Dr. William D. Kelly, D.D.S. In 1963, he successfully reversed a death sentence of pancreatic cancer in his own body. Over the next four decades, he has shared this knowledge with thousands of people. Studies done on his work show that he has a 93% success rate with cancer going into remission. The book clearly explains the mechanisms to dissolve malignant tissue in the body, reclaiming your health and your life, free of disease. 100 years ago, one in 8000 people got cancer. Today, it is 1 in 2. With these statistics, this is a must read for everyone.	169 Pages	\$24.95

Ultimate B3 - 2.4MHz Sweep/Function Generator \$1895.00 1 The Ultimate B3 has the most versatile function of a frequency generator ever built. Having almost 3500 pre-programmed channels and capable of running up to 8 frequencies simultaneously. All other frequency generators can only run one frequency at a time. The Ultimate B3 also has the option to use a 2.4 MHz carrier frequency. In order to match these capabilities one would need to purchase 9 crystal controlled frequency generators at an approximate cost of \$1500 each. No other generator has these advanced capabilities. Deodorants **Ozonate Gel** 1 oz \$29.95 This is the ultimate deodorant. The ozone-impregnated salve, when applied to the underarm, will release oxygen on-site, killing bacteria that create body odor and improving oxygen levels. For any area of the body where a topical infection exists, this may be used as well, as oxygen can kill bacteria or viruses that create the infection. Betacol also boosts the kidney's ability to metabolize protein. 90 Vcaps Betaine HCL \$14.95 Natural source Hydrochloric Acid (beet-derived), premier stomach and digestive support. Assists the bodys natural stomach acids in the digestion and absorption of nutrients, especially protein, calcium, magnesium, phosphorus, iron, B-12. As you age, you typically produce less hydrochloric acid (HCL) which reduces your ability to efficiently absorb nutrients from food. Reduced HCL productions affects the amount of protein and calcium you can absorb and can interfere with bone metabolism. Incomplete protein metabolism can imbalance intestinal flora. Betaine hydrochloric acid insures proper absorbtion of nutrients. Bile Salts Extract 90 cap \$20.00 Bile is used in the body to break down saturated fats into unsaturated fats. May help dissolve Gallstones and promote regularity. Each capsule provides: Bile Salts Extract N.F. 432mg, equivalent to 250 mg of sodium dehydrocholic acid or deoxycholic acid. Suggested intake: 1-2 capsules, 1-3 times a day. **Digest Well** 100 Caps \$51.60 The specific herbal combination in Digest Well has been designed to restore the bodys ability to correct any imbalances, which causes digestive problems. The health and integrity of the epithelial lining of the gastrointestinal tract is important for proper absorption of nutrients, for maintaining healthy microbial balance in the gut, and a state of homeostasis throughout the body. When increased intestinal permeability (also known as leaky gut) exists within the gastrointestinal tract, an environment conducive to inadequate absorption of nutrients and increased absorption of toxins, pathogenic bacteria and inflammatory substances exists, potentially leading to confusing the immune system and compromising health. Dietary supplementation with nutrients the body uses to produce healthy epithelial tissue, regulate transit time, and balance microbiology, may support gastrointestinal health. Increased intestinal permeability is common among individuals with chronic stress, allergies, and microbial and fungal infestations. Consumption of foods processed with chemical additives and preservatives, having low levels of nutritional value, as well as caffeine, drug and alcohol consumption may lead to an increase in intestinal permeability. The over use of drugs, both prescription and over the counter, environmental contaminants such as car exhaust, perfumes and cleaning chemicals are also potential avenues to developing increased intestinal permeability.

Energy Supplements		
Adrenal Power	1 fl oz	\$65.00
You have heard of ginseng? Rhodiala is many times stronger than ginseng and without any negative side effects. It supplies the body with plant chemicals called saponins which support the adrenal glands ability to make adrenal hormones. Adrenal exhaustion is common in our culture. Something which lifts and strengthens them is a true medicine. Coffee and caffein is what most people rely on. But what if you could feel strong, in a happy frame of mind all day long just from taking Rhodiola? Well that is exactly what Adrenal Power is offering you. Energy with mood and fat burning properties as well. Yes it turns on the body to produce hormone sensitive lipase. This is the enzyme that digests your excess body fat. It is for fat loss. You will love the energy you get from this product, it really complements Cocoon GH and Interdimensional Minerals. Martial artists and Olympic Athletes would love this product.

Cell Foods with Lemon Grass

Cell Foods is designed to supply optimum nutrition for enhancing cellular energy. These herbs are rich in fumaric acid which is an energy metabolite of the cell. The cells use fumaric acid to create energy. This then in turn restores the cells energy producing ability. The results of Cell Foods and its ability to produce energy are phenominal. So noticeable that you will very easily give up your need for coffee. After you take this product you will be non-stop productive and or help your healing process markedly. A second effect that Cell Foods provides is the ability to alkalinize the body. For years the best product to bring pH up was Coral Calcium. Now comes Cell Food: It supports Increased energy production for the cell and increased oxygen, the combination for which can increase your personal energy levels by ten-fold. Cell Foods is frequently taken in conjuction with Cell Saver. Cell Saver acts to reduce the hyperactivity of the cells, acting as the breaking system. Cell Foods acts to provide cells with the energy metabolite fumaric acid to restore normal energy levels to the cells. I'm very confident that you will love this product as I do.

Springreen Wheat Germ Oil	120cap	\$14.40
This wheat germ oil has been extracted by a flash-heat method and is immediately stored at low temperature to prevent rancidity. This form of vitamin E delivers both mixed tocopherols and all vitamin E cofactors. While the amount of alpha tocopherol is much lower than in a pure, isolated supplement from soybean oil, there may be more vitamin E results generated because it is delivering vitamin E and all of its cofactors. We believe this to be a superior source of vitamin E.		
Walnut Oil - Flora	8.5 fl oz	\$13.00
Certified Organic full flavored and unrefined. This walnut oil is pressed from certified organic California walnuts. This uses a unique pressing technique that preserves the full spectrum of essential fatty acids.		
X-Factor Gold - High Vitamin Butter Oil	8 fl oz	\$74.00
This High-Vitamin butter oil is extracted from dairy milk produced by cows that graze exclusively on irrigated grass of the Nothern Great Plains. The combination of climate and irrigation produces a rapidly growing specialized forage ensuing optimal levels of Activator X. The natural grain-free way with which the cows are cared for, combined with the unique patent pending extraction process ensures this oil is rich in essential oils required for a healthy life. X-Factor is a fat soluble vitamin that Dr. Weston Price identified in the butter of Cows grazing on vigoursly growing healthy grass. He concentrated this fraction of the butter oils into a very high vitamin content product. High in vitamin A, D and X factor. When he gave only 1/2 teaspoon of this to children their cavities would reverse, IQs would increase and their bodies would grow and thrive again. He also did animal studies with this butter and found he could reversed ostoporosis. With X-Factor oil in the diet of rats he could get them to grow 3 times the size of siblings. With the X-Factor butter and cod liver oil rats grew five times the size of their siblings. In short mineral absorption is greatly enchanced when X-Factor butter is used in the diet and is recommended for everyone who wants strong teeth and bones or who wants to reverse bone loss.

Naticor Naticor is designed to support and protect your entire body from the ravaging effects of fibrin. Fibrin can build up in our cardiovascular	90 cap	\$73.99
system, in our organs and throughout our muscle tissue. It may manifest itself in many unhealthy and undesirable aliments and as we age the effects of this potential hazard become much more apparent. Naticor is innovative and is the standard by which all fibrin lowering formulations will be compared. Naticor is widely regarded as the premier fibrin fighter. It contains five extra strength proteolytic or protein digesting enzymes that work together with R(+) lipoic acid, rutoside and a unique mineral matrix to provide you with a product that you can truly count on. All of the ingredients in Naticor are incredible when used individually, but when combined they work systematically to combat the formation of fibrin throughout your body.

Mercury and Heavy Metal Detox Package	2 Products	\$281.00
98% of everyone in the USA who has had silver fillings has mercury toxicity. To eliminate candida and a chronic acid pH you have to remove the mercury from your body. To regain ideal adrenal, kidney and thyroid function you have to eliminate mercury from the body. To avoid memory loss or any brain or nerve damage as well as joint deterioration you have to eliminate mercury from your body. The most effective way to do this is with Mercury Magnet and Natures Balance Chlorella. If you still have mercury amalgam fillings, you may want to learn more about the health hazards of these by reading a past newsletter on our web site. Mercury Magnet is the most effective mercury-detoxifying product we have ever found. In 3 to 6 months it is believed you can have up to 90% of your mercury burden removed in many cases.		
Mercury Magnet	90 Gel Caps	\$125.00
A natural chelator and herbal product for heavy metal excretion. This product is a profound compliment to our line up of products. Removing mercury and heavy metals bats up there at number one in priority. Studies done on pigs given Mercury Chloride show that within 6 weeks or so that 87% of the mercury was removed from the brain while taking Mercury Magnet. Mercury Magnet is Oak Bark Extract specially prepared with a proprietary mineral to increase the effectiveness of its ability to facilitate mercury or heavy metal removal. In the past the only options for removing mercury were EDTA, DMPS and DMSA all made made compounds. DMPS and DMSA presented significant challenges to the body as they do not create a strong bond with the mercury and thus redeposit the mercury as it is exiting the body causing more unpleasant symptoms. DMPS and DMSA sends the majority of mercury out through the kidneys this is a tremendous stress to the kidneys as the body prefers to excrete heavy metals out through the liver and bowels. Mercury Magnet helps the body remove mercury out through its prefered route of excretion the liver and bowels. It is our number one recommendation for removing mercury and ideally should be used in conjuction with our Chlorella from Natures Balance.

Gleaming Intestinal Health Package	3 Products	\$147.85
It is VERY important to cleanse the intestinal tract out. The two best products to do that are Oxy Powder and Probiotic Complex. With Oxy Powder you can melt away or oxidize the compaction and build up of fecal matter from the small and large intestines. Most people have 4 or more pounds of uneliminated old fecal matter waiting to be eliminated. Oxy Powder is the most effective way to clean it all out. Follow this with reimplanting key beneficial bacteria found in Probiotic Complex. Probiotic complex will give you 12 friendly strains of bacteria for sweet intestines and sweet clean breath. You only need one bottle of each of these to complete the job of cleaning out the intestines. Once completed the best maintenance product of the intestines is a combination enzyme probiotic product called Digesticol. Taking one Digesticol with every meal will dramatically improve the digestion and elimination of your meals. It is a superior product to be taken with every meal of cooked food eaten. When I gave Digesticol to my 70-year-old father he told me that his bowel movements dramatically increased of volume. This is common and a sign of good health.		φτ η

This package contains Oxy Powder, Probiotic Complex, Digesticol, Bentaine HCL, HCL Activator, Mercury Magnet and Chlorella!		
Detoxifying is an absolutely essential step in achieving optimal health. We live in the most chemically ridden generation and environment in the history of our world. From the book Lessons from the Miracle Doctors we read that an estimated 700,000 people die annually at the hands of Doctors and prescription drugs, making modern medicine the number one cause of death in the USA. Prescription drugs do not have side effects for no reason at all, they are toxins. Your bodys natural means of elimination is through the bowels, urination, exhalation and skin. If you do not eliminate every 24 hours, all the toxins made in the body or entered into your body build up in the connective tissue. This build up of toxins becomes the soil for all viral, bacterial and fungal pathogens to grow in. All symptoms are an expression on the part of the body to heal an injury or detoxify itself of a poison. Western medicine has taught us that these symptoms are the disease and should be suppressed with toxic drugs. Drugs interrupt		
the healing and detoxification process of the body and bury the toxins deeper into the tissues. Insuring that someday even more life threatening illnesses like cancer will occur.

Milk Thistle Seed	2 fl oz	\$27.95
This Hand Roasted Milk Thistle Seed with Dandelion Root and Red Clover extract provides the body with silymarin a compound studied for its ability to regnerate that portion of the liver responsible for detoxification. The Accupuncutist who introduced me to this product said that his wife had suffered from severe eczema all over the body. No amount of clean diet and great nutrition would help. Then they made this Milk Thistle Seed Extract product and her eczema went away completely. Her liver finally was able to detoxify the body from this powerful product. I will never forget the story I heard at an herbal training I took years ago. Some toxic weeds (I believe horsestail) had gotten into some horse feed. Two ranches were supplied with this feed for their horses. One was owned by the actor Robert Redford and the other by someone else. After eating this feed all the horses recovered. The other ranch owner did not use milk thistle seed extract and all of his horses died. This is an excellent liver support product.

Potassium influences the adrenal glands and helps support a proper pH balance.		
Pink Salts	12 oz	\$3.95
This super heathy, delicious full spectrum mineral salt, support digestion of protiens, fat and carbohydrates. Raw, unprocessed sea salt from ancient unpolluted sea beds. No flow or anti-clump additives. Rich in trace minerals. Premier pink salt is a natural raw sea salt, mined from an ancient pristine, unpolluted sea bed deposit. This robust sea salt has a strong piezo-electric capacity. It is rich in trace minerals which gives it a slightly pink color. It is composed of tiny, mineral-rich crystals formed millions of years ago before pollution contaminated our present oceans.		
Real Salt	9 oz	\$3.80
Gourmet All Natural Sea Salt. Most salts have been dried in ovens in excess of 210 degrees. This causes the sodium and the chloride atoms to become bound together so tightly that they do not dissolve readily once put in a water medium. They therefore act as crystals that irritate the tissues, causing water retention and the high blood pressure problems associated with salt. When salt is solar dried, this problem does not arise. Instead, the sodium and the chloride break down completely, which the body then uses for their nutritive functions. This kind of salt is essential to your health: essential to adrenal health, energy production as an electrolyte, and hydrochloric acid production for healthy fat, protein and carbohydrate digestion.		

Renutrification Package I

This package contains Electron Enhanced Mineral Water, Sugar Burner, Interdimensional Minerals, Greens Mix Capsules, Coral Calcium, Digesticol, Max Stress B-Nano Plex, C Complex, Tocotriene Complex, DHLA Nano Plex, Flora Walnut Oil and roll of pH paper.

This package provides your body with the nutrients it needs to nourish your cells on a daily basis. All kinds of key nutrients are absent in today's food supply due to picking foods before they are ripe and also due to mineral and nutrient deficiencies in the soil. Food is the source from which we draw a major portion of our life force. Our life force will only be as strong as the foods we choose to eat for fuel. Food strength depends upon the quality of the soil and environment in which it was grown. Additionally you are not eating pesticides and the food is a little bit richer as it was fertilized with manure or compost. Unfortunately these soil amendments are coming from the same depleted soils that they are being fed back into. Supplementation is the key to make up for what is no longer in the food and to compensate for pollution and stress levels exce

Electron Enhanced Calcium	2 fl oz	\$16.00
Element #20 on the Periodic Table, Calcium (Ca) is perhaps the most important single mineral for human health and well-being. One of the highest naturally alkaline earth metals, (a pH of 12), Calcium ions stimulate the various biological transmutation processes throughout the human body. It is so vital, that if it is not provided to the human cell daily, ions are borrowed from the body's calcium storehouse, the bones. Calcium also helps to control the movement of nutrients into the cell and is vital in eliminating waste material and toxins from the cells, stimulating the cellular membrane to remain flexible and permeable. Keep in mind that our Calcium is 99.999% pure Metal crystalline particles. It is NOT compounded with Carbon (Calcium Carbonate), Citrate, Aspartate, or Coral from the South Pacific. It is absorbed directly into the blood when consumed sublingually, and is clearly one of the most efficient and bio-available Calcium supplements on the market	8 fl oz	\$32.00

Copper is an essential mineral for red blood cell synthesis. It is considered a female mineral, though required by both sexes. It has mood elevating effects and is one of the reasons that many women find themselves addicted to chocolate, a natural source of copper is also the mineral that the body uses to create pigmentation of hair and may be used to help reverse graying of the hair. Also involved in connective tissue synthesis. There is now talk about its effectiveness as an anti-parasite mineral.		
Electron Enhanced Gold	8 fl oz	\$32.00
Element #79 on the Periodic Table, Gold (Au) is a soft, yellow metal and is probably the first pure metal known to man. The healers and physicians of ancient Egypt knew full well the medicinal properties of this incredible element, and this is undoubtedly why it became a medium of exchange and the basis of monetary value of every advanced civilization. In its highest form, Gold transmutes into the Platinum Group Metals and eventually forms a weightless powder. This powder was then combined with oat and grain flours to produce perhaps the world's most perfect food, Manna. In angstrom-sized suspension, Gold particles are immensely vital to the human cell. Gold has exhibited anti-cancer properties, and helps the body repair damaged arthritic joints and cartilage. Its specific hertz vibrational frequency is very soothing and relaxing to the human Central Nervous System, (CNS), with the accompanying wavelength virtually identical to the pattern of the human Love emotion. Could this be the reason for the origin of the custom of exchanging Gold rings, placed on the 2nd finger, (the beginning of the carotid artery directly to the heart), as symbols of Love and Commitment in marriage?		
Electron Enhanced Indium	2 fl oz	\$16.00
Element #49 on the Periodic Table, Indium (In) is a soft, white metal with a bluish tinge. Very similar to Tin in its pure state, Indium is indispensable in the regulation of hormone manufacture and secretion, as it stimulates the pineal, adrenal, and pituitary glands. Using Indium supplementation first thing in the morning may also help increase the body's metabolism – helping to more efficiently burn calories and synthesize fat cells into energy. Indium helps to naturally raise metabolic rates, and may regulate blood pressure by neutralizing harmful cholesterol. A very valuable all-natural supplement, our Indium is 99.99% pure Indium and is not a solution of Indium Sulfate.		
Electron Enhanced Iodine	2 fl oz	\$16.00
lement #53 on the Periodic Table, lodine (I) in its natural state is bluish black in color, diatomic, with a metallic luster. Found in high concentrations in sea water, lodine is classed among the rarer earth elements and is an extremely essential nutrient. Extracted commercially from subterranean volcanic caves in South America, lodine combines with Potassium to help the body produce hormones. Symptoms of lodine mineral deficiency include goiters, hypo- as well as hyperthyroidism. Iodine helps strengthen, regulate and protect the thyroid and pineal glandular secretions from harmful radiations. Iodine is anti-bacterial, anti-fungal, and anti-viral. Of all Electron Enhanced Minerals, lodine also exhibits the highest vibration.	8 fl oz	\$32.00

Electron Enhanced Magnesium	8 fl oz	\$32.00
Element #12 on the Periodic Table, Magnesium (Mg) is an alkaline, silvery-white metal with a hexagonal closely-packed crystalline structure. In its pure elemental state, Magnesium is easily ignited and burns with an intense, quick heat and brilliant white flame. An extremely essential element for all plant and animal life, Magnesium ions combine with Phosphates and Calcium ions on the cellular lev to produce light, heat and energy in the form of ATP (Adenisone Triphospate), and ADP (Adenisone Diphospate) molecules. It is an essential nutrient in the cellular synthesis of proteins and carbohydrates and the subsequent production of lean muscle tissue. Deficiencie of Magnesium produce symptoms of frequent migraine headaches, muscle cramping and constipation.	el	φ32.00
Magnesium helps in the formation and function of muscle tissue. Each molecule of muscle protein (myosin) has an atom of magnesium its chemical structure. This protein called myosin is critical in the healthy functioning of the most vital muscle in the human body - the heart - thus magnesium may well be called the Heart Mineral. Readily bio-available magnesium is essential in keeping the heart muscle healthy and happy. Magnesium deficiency has been linked to potentially life-threatening heart arrhythmias and palpitations. Heart disease is still the #1 killer in America, and is possibly linked to magnesium-deficient diets and lifestyle.)	
Electron Enhanced Manganese	2 fl oz	\$16.00
Element #25 on the Periodic Table, Manganese (Mn) is a steel-gray, hard, brittle metal. Manganese is a vital trace element in the breakdown of Hydrogen electrons at the cellular level, and helps the body maintain optimum blood pH (% of Hydrogen) levels. Manganes also helps the cell utilize Iron efficiently. Manganese is a component and vital catalyst of several key enzyme processes and is essential order for the body to utilize protein and carbohydrate molecules. Manganese works with Selenium to help the body dissolve and eliminate potentially harmful fatty acids and cholesterol while it helps the synthesis of red blood cells and urea in the kidney. Manganese has been proven to help reduce and ease the pain of an enlarged prostate, battles atherosclerosis and heart disorders, lowers cholesterol, and promotes a healthy pancreas and improves vision. Like its cousin Magnesium, Manganese also regulates optimum oxygen synthesis an eliminates carbon monoxide (CO) and carbon dioxide (CO2) from the blood.	in Ə	\$32.00

body metabolize amino acids and proteins. The most powerful resurrection of your bodies enzyme systems will be accomplished by using angstrom sized electron enhanced minerals. Electron Enhanced Mineral Water supplies some 60 macro and trace minerals from a fossilized seabed deposit known as calzyme. These 60 minerals cover all enzyme systems. I have noticed with my clients over the last 15 years that when all your mineral needs are met it is far easier to crave only good things for your body. Many people have told me theyive lost their cravings for junk when taking a mineral supplement of this caliber.		VU
Electron Enhanced Molybenum	2 fl oz	\$16.00
Element #42 on the Periodic Table, Molybdenum (Mo) is a dark gray-black metal. Ongoing nutritional research on this metal is exciting. Molybdenum ions exhibit an ability to relax molecular bonds with Hydrogen and Oxygen, allowing animal and plant cells to more	8 fl oz	\$32.00
efficiently break down water molecules into their basic forms. Molybdenum also appears to neutralize sodium fluoride toxic buildup in liver and kidneys. Molybdenum is a very important mineral as it works as an enzymatic agent and plays a critical role in iron and nitroge metabolism. Because of its abilities to strengthen the blood cells, Molybdenum supplementation may help to alleviate E.D. – offering an all-natural alternative to Viagra.	n	
Electron Enhanced Platinum	2 fl oz	\$16.00
Element #78 on the Periodic Table, Platinum (Pt) is a silver-gray, lustrous, malleable precious earth metal, often alloyed with other members of the Platinum Group (Iridium, Osmium, Palladium, Rhodium, and Ruthenium). First mentioned as a tremendous "healing medium" in the writings of Pliny the Elder, the full potential of Platinum and Platinum Group Metals (PGMs) are just beginning to be rediscovered. Clearly a vital element in cellular longevity and vitality, Platinum exhibits a powerful ability to energize the human cell and stimulate correct cellular divisions (mitosis) and repair DNA damage. In the 1950s, Platinum was used in a dye to photograph malignant tumors, often causing the tumor to shrink and disappear. Like its close neighbor, Element #79, (Au – Gold), Platinum molecules stimulate brain cells to provide deeper, more restful sleep patternswhich in turn energize the stem cells to repair and regenerate damaged and weak tissue and organ cells. Little wonder Platinum is so very valuable in today's world.		\$32.00
Electron Enhanced Potassium	8 fl oz	\$32.00
Element #19 on the Periodic Table, Potassium (K) (because it was originally named Kalium) is a very soft, silvery-white, alkali earth metal. Potassium is the major, essential element for plant and animal growth. The Potassium ion is the precursor to all human and anim growth hormones. Potassium works with Sodium, Cobalt, Oxygen, and Hydrogen on the cellular level to produce a vast array of biological transmutations – naturally producing Vitamins (an acronym for Vital Minerals) for health and well-being. Potassium deficienci result in lethargy, aching muscles, brain fog, and malaise, a general lack of energy and helps regulate heartbeats. Raw fruits and leafy vegetables are historically high natural sources of Potassium, but modern high-nitrate fertilizers have lowered vegetable Potassium levels, and supplementation of this most vital cellular building block is often needed for optimum health.		
Electron Enhanced Selenium	2 fl oz	\$16.00
Element #34 on the Periodic Table, Selenium (Se) is an amorphous, crystalline, typically reddish-brown metal. Selenium is an extremel important trace mineral, but in large concentrations can be extremely toxic to cells and tissues. In angstrom-sized suspension, Selenium helps the cell produce Vitamin E, and works in harmony with Vitamin E as a most effective free radical scavenger making it a very important anti-oxidant element. Scientists in Brussels found that taking 100 mcgs. of selenium daily improved overall immune system functions by a whopping 80%. They found that the body uses selenium to produce a substance called glutifying peroxidaze – an enzyme used by the body to detoxify fats, thereby increasing immunity. Selenium deficiency may be linked to the following conditions: anemia, ag spots, liver spots, fatigue, muscular weakness, muscular dystrophy, cystic fibrosis, multiple sclerosis, irregular heartbeat, cirrhosis of the liver, Lou Gehrig's disease (ALS), Parkinson's Disease, infertility, low birth weight, high infant mortality, and SIDS (Sudden Infant Death Syndrome). Links have also been shown to cancer, AIDS, HIV, and Sickle Cell Anemia.	e	\$32.00
Electron Enhanced Silver	8 fl oz	\$32.00
Element #47 on the Periodic Table, Silver (AG) is one of the earliest known metals, quite likely due to its known medicinal values in the ancient world. Like lodine, Silver is a potent natural antibiotic, shattering anaerobic bacteria because of its specific vibratory frequency-much like an opera singer's high note shatters a crystal glass. Unlike modern pharmaceutical antibiotics however, nature's remedy leaves helpful, aerobic pro-biotic bacteria intact. Our silver comes to you in angstrom-sized particles for maximum cellular absorption. And at 100 ppm, our 99.999% pure Silver is one of the highest concentrations on the market.		
Electron Enhanced Sulfur	2 fl oz	\$16.00
Element #16 on the Periodic Table, Sulfur, (also known as brimstone) is essential in the repair of cartilage and joints. Sulfur is naturally present in most green, leafy vegetables and a variety of fruits, legumes, and grains. Sulfur is lost through dehydration and heat and is necessary for collagen synthesis and helps keep the skin, hair, and nails from becoming rigid and brittle. It also softens tissues, relieves stress, asthma, arthritis, inflammation, constipation, detoxifies the body and increases blood circulation. It reduces muscle cramps and back pain, removes inflammation and permits muscles to heal. It helps with mental calmness and with the ability to concentrate. Sulfur scavenges free radicals, relieves allergies to food and pollens, energizes the liver, controls acidity in the stomach which may reduce	8 fl oz	\$32.00
severity of ulcers, helps with hypersensitivity to drugs, increases the body's ability to produce insulin, and is vital to carbohydrate metabolism.		

Electron Enhanced Tin	2 fl oz	\$16.00
Element #50 on the Periodic Table, Tin (Sn) in its pure state is an almost silvery-white, lustrous, soft, extremely malleable metal. Tin works in partnership with Indium to stimulate the pineal and pituitary glands for balancing hormonal secretions. Tin deficiency is characterized by brittle hair and nails, and Tin deficiency has been linked to balding in men.	8 fl oz	\$32.00
Electron Enhanced Vanadium	8 fl oz	\$32.00
Element #23 on the Periodic Table, Vanadium (V) is a light gray, or white lustrous powder. Vanadium is a partner to Chromium, much as Magnesium magnifies Calcium. Vanadium works in synergy with Chromium to help regulate the circulatory system in the body by eliminating harmful cholesterol. It regulates the level of blood sugar, and studies have shown that people with high Vanadium levels have a much lower risk of heart attacks. If you are suffering from diabetes, hypoglycemia, or from elevated triglycerides causing you to worry about a heart attack, you should definitely make elemental Vanadium and Chromium supplementation part of your daily routine.		
Electron Enhanced Zinc	2 fl oz	\$16.00
lement #30 on the Periodic Table, Zinc (Zn) is a bluish white, lustrous metal. Used primarily to coat other metals to prevent mold and corrosion, Zinc is an extremely important nutritional element. Zinc is unusual in that it quickly penetrates and moves through all bodily fluids, especially saliva and nasal secretions. Zinc deficiency has been linked to numerous types of birth defects such as Down's Syndrome, Cleft Lip, Spina Bifida, and Club Limbs. Hiatal hernias have also been linked to low zinc levels, as have such ailments as Alzheimers, Paranoia, Diabetes, PMS, Depression, Infertility, Herpes, Acne, Obesity, Anemia, Alcoholism, Hypertension, Thyroid Disorders, Urinary Tract Infections, Low Libido, Hair Loss, Crohn's Disease, Prostate Cancer, and various eye diseases, including cataracts. In one study, women who were given proper zinc supplements showed an increase of 20% in mental capacity over a 6 week period. Zinc has been medically proven to shrink enlarged prostate glands, helping to prevent prostate cancer. Zinc is essential in maintaining a healthy male respoductive system. It has been shown to be effective in promoting proper brain function and hormone production, which results in greater libido.	8 fl oz	\$32.00
Interdimensional Minerals	0.5 fl oz	\$65.00
Directly in the heart of the Periodic Table of the Elements is a group of mineral elements called `Platinum Group Metals.` Named `transition elements` because of their ability to release electrons, PGM's are the new buzzword in cutting-edge nutritional research circles. These elements in there monoatomic state are able to very positively affect DNA repair and function. Ruthenium has been shown to increase electron flow by 10,000 times. And Iridium has been shown to interact with damaged DNA and cause it to relax and recombine corrected. Interdimensional Minerals is something many people can feel. It improves mood and energy substantially in many people.		
Mineral Magic	1 lbs	\$75.00
In 1994 I was first introduced to the subject of Monoatomic minerals. The amazing minerals were first discovered and introduced to the world by David Hudson. He described that these elements acted as superconductors in the body and were essential to life. That they intereacted with the DNA of the cells and caused them to relax and recombine corrected. That these elements could cause the cells to hea and become young again. I have tried various versions of mineral products over the years, all of them produce either some results or no results. Nothing to get too excited about. I have used other products that I thought worked well but after trying Mineral Magic and Interdimensional Minerals I am amazed and impressed beyond belief. This stuff is the true Monoatomic elements. You have to take them to experience them for yourselves. Mineral Magic is a natural sea bed mineral deposit, as fine as talcum powder, containing 68+ minerals and trace elements. Used by itself as it comes from the earth, works extremely well as a complete mineral source for organic life. Taking the Mineral Magic Powder we believe the Mineral Magic Combining the Mineral Magic Combining the Mineral Magic Powder we		
believe can launch you onto your road to recovery. Combining the Mineral Magic with the interdimensional minerals may accelerate the process greatly.	0.7	\$ \$\$\$

Sugar Burner	8 fl oz	\$32.00
Sugar Burner is a unique mineral supplement that supports sugar uptake by the cells. Most people do not realize the key to weight loss and a steady energy supply is balancing their blood sugar. An abundance of sugars in the diet from refined flour products can cause spike in insulin, which causes the body to store sugar as fat. The key to getting this weight off is restoring optimal blood sugar levels. The minerals in Sugar Burner are a synergistic combination which may dramatically increase your bodies ability to absorb sugar. The minerals in Sugar Burner are the result of a unique science and is the reason they work. Most mineral products are too large, do not have electron enhancement and in general do not absorb or work anywhere near the degree minerals can work in the body.	\$	
The minerals in Sugar Burner are in their angstrom size, electron enhanced and suspended in 5X distilled, super absorbable water. The size insures absorption and easy excretion if you get any excess. The electron enhancement insures that the mineral participates in the chemical reactions of your tissues. The results are amazing and surpassing any mineral product yet created.		
1/2 teaspoon a day, most people loose their cravings for sugar and carbs in 2 weeks. This leads to lower insulin, blood sugar, triglycerides and a loss of excess body fat. Promotes healthy blood, liver, immune and nervous system function.	·	
Catalyn	90 Tab	\$9.37
Catalyn is a multiple vitamin, mineral, and trace mineral concentrate, formulated by Dr. Royal Lee in 1929. Catalyn is the antithesis of the "mega-dose" approach to nutritional supplementation. Dr. Lee summoned the whole of his considerable nutritional experience and know-how to provide a nutritional "catalyst", a supplement using whole food ingredients which he named Catalyn. Dr. Lee's goal was to provide a food-based package of nutrients in the most potent and "bioavailable form" – its natural state.	360 Tab	\$33.32
Cataplex A-C-P	90 Tabs	\$9.37
Cataplex A-C-P combines the vitamin complexes of A and C with the vitamin P complex. The vitamin P complex, a bioflavonoid sometimes known as rutin, is essential for the successful absorption of vitamins A and C, the healthy function of capillaries and connective tissues, and immune system support.	360 Tabs	\$33.32
Cataplex B	90 Tabs	\$9.37
The complete vitamin B complex is composed of two primary divisions, Cataplex B and Cataplex® G; each with complementary actions. Cataplex B contains different components of the B complex that are stimulatory to the metabolic, cardiovascular, and central and peripheral nervous systems.		
Cataplex E	90 Tab	\$15.62
One of the most well-established characteristics of vitamin E is its ability to destroy free radicals. Cataplex E is an antioxidant that protects, stabilizes, and repairs cell membranes. Cataplex E contains sex hormone precursors and also guards precious DNA. Vitamin E complex has been shown to support the reproductive, nervous, hematopoietic, cardiovascular, muscular, endocrine, integumentary, immune, and renal systems.	360 Tab	\$51.02
Cod Liver Oil	180 Vcap	\$15.95
Most of us are cave dwellers, living indoors, getting too little sunlight daily. The sun is our natural source of Vitamin D production. Without Vitamin D, Calcium absorption cannot occur. Taking pharmaceutical grade Cod Liver Oil gives us vitamin D, which causes the digestive tract to produce a calcium binding protein. This causes us to absorb our calcium, helping to maintain normal pH and bone density. Keeping our tissues in an alkaline pH enables them to carry hundreds of times more oxygen than they would otherwise. There is also a unique fat soluble vitamin in Cod Liver Oil called the X Factor. First identified by Weston Price in the 1920s, he found that this accelerated the absorption of amino acids and minerals, and was able to successfully regrow new dentine in children with severe tooth decay. He also saw learning disorders clear up, increased rate of growth, and improvements in overall health in such a dramatic way that it became clear that this fat soluble vitamin was truly vital for optimal health.	8 fl oz	\$14.95
Daily Multi	60 cap	\$29.95
The ideal, all in one daily nutritional formula for the whole family (children, adults and the elderly). The perfect synergistic herbal formula which delivers every nutrient essential for life. World class, highly ionized coral minerals to rapidly re-alkalize and maintain an ideal pH.		
For-Til B12	90 Caps	\$14.58
Tillandsia, commonly referred to as Spanish Moss, has been found to contain various minerals, chlorophyll, and vitamins. For-Til B12 is a fortified tillandsia product combined with the vitamin B12 complex.		
Max Stress B Nano-Plex	8 fl oz	\$79.95
High-energy, end-chain living B vitimins derived from natural sources for high cellular resonance never before available. Other B vitamin products are typically synthetic with no cellular resonance. Dramatic support for liver, energy, immune system, heart, brain and mood balance. Research suggests natural sources of B vitamins are safest and most effective especially in long term use.	2 fl oz	\$21.95
Springreen Tablets	360 tab	\$48.00
Consisting of 92% Springreen, which is the dried, extracted juices of the cereal grasses (oats, wheat, barley and rye) cut at the young, rapidly growing, green grass stage, just as the first joint emerges through the ground. The grass is ground, the juice is extracted, and then chilled to 31 degrees Fahrenheit. In this cold state, it is dried by a large roll-vacuum process, then pulverized and stored at sub-zero temperatures until tableted. Also contains 8% alfalfa, beets, and seaweed. This complete, whole-food, vitamin-mineral supplement gives you key nutrients that enable your body to function at a peak efficiency. (470 mg)		
Springreen Vitamin C	120 tab	\$15.00
Each tablet contains 60 mg Vitamin C from Acerola Berries (Cherry) and 40 mg from Wild Spanish Orange. Natural Source Vitamin C contains natural synergistic factors which are not found in synthetic Vitamin C. Vitamin C supports the body in its normal healing		

processes, forms and maintains collagen, is an antioxidant, and prevents other antioxidant vitamins such as A and E from becoming oxidized in the body. (100 mg)

MRET Water Activator	1 Activator	\$400.00
Molecular Resonance Effect Technology (MRET) Water Activator. Creates a subtle low frequency electromagnetic field is imprinted into the water. It closely resembles the natural geomagnetic field found near the healing water springs. Activated Water has many special physiological properties that make it ideal to help the body to restore its quota of structured bio-available water. Any pure drinking water can be converted into the activated state with the help of MRET Water Activator. MRET Water prevents cellular dehydration and slows down the process of aging closely related to the dehydration of cells. It improves nutrient transport and assimilation as well as detoxification of the body. Clinical and laboratory tests show that MRET Water has a sterilization effect on harmful bacteria, it suppresses metabolism of mutated cells, and has no harmful effect on normal cells. It normalizes the pH of the body (alkaline/acid balance) and supports the function of immune system as well. MIRET Water enhances and accelerates the life cycle and growth of plants.		
Weight Loss		
LipoRid AM	100 Caps	\$29.95
Unlike other weightloss products that are missing important metabolites and fat burning substrates this scientifically advanced weightloss formula takes a whole new approach to the mission of shedding unwanted pounds. When a person tries to lose weight a series of things happen which can make weightloss difficult. These developments include; a reduction of active thyroid hormone; a decline of metabolic rate; and a reduction of certain neurotransmitters. These changes often trigger an unwanted response bringing weightloss to a halt.		
UltraNutrients, such as gugglesterone normalizes or increase thyroid output, increases the metabolic rate (without stimulants), and provides much needed substrates for the production of neurotransmitters (epinephrine and norepinephrine) involved in weightloss and metabolic rate. Whats more, gugglesterone has been shown to be effective in lowering bad cholesterol and helping to raise the good cholesterol.		
Other substrates, coenzymes and metabolites such as pyridoxal-5-phosphate , phosphatidyl choline , alpha lipoic acid , n acetyl-l carnitine , and I-tyrosine play intricate roles ranging from the regulation, absorption, metabolism and conversion of amino acids to the stimulation and production of things known as glandulars and fat emulsifiers .

Slenderizer	90 caps	\$39.95
Other than exercise the best natural way to lose weight is with the use of lipotropic substances which are also known to prevent the abnormal accumulation of fat in the liver. Lipotropic fat burners are special in that they are able to emulsify, transport and convert stored fat into energy. The Slenderizer is formulated with a combination of 14 synergistic ingredients to enable proper lymph drainage and strong liver function. These ingredients also help to deactivate and expel harmful toxic substances from the body to ensure you shed unwanted fat in a safe, steady, and natural way. Within this group there are four major lipotropic ingredients. The first ingredient, Inositol Hexaphosphate , (not your ordinary inositol), is a lipotropic agent that metabolizes fats and cholesterol and aids in transporting fat in the blood system, thereby aiding in the redistribution and expulsion of existing body fat. In addition, Inositol Hexaphosphate is also known to combat cancer and help to lower cholesterol levels. The second major lipotropic ingredient, DL-Methionine , is a lipotropic agin and cholesterol levels, but also increases dopamine, norepinephrine, and serotonin. What is more, as an antidepressant, dl-methionine has been found to be as effective as most prescription medications. The third major lipotropic ingredient, Alpha Lipoic Acid , promotes fat loss by preferentially shunting glucose to muscle cells away from fat cells. ALA is also a coenzyme in the metabolic pathway that generates energy in the body. It also removes heavy toxic metals and protects the liver against many toxins. The fourth major lipotropic ingredient, Chromium picolinate , is a rare nutrient of which 98% of the American population do not get enough in their diet. A diet high in sugar can decrease the bodys store of chromium. Many physicians use chromium picolinate to treat
