All year summer feeling

Modernity meets tradition. Technology meets nature. Functionality meets exclusive design. This season 2008, we at HOMEbase are proud to introduce a collection of unique, handmade furniture that represents a fusion of the past and the future, resulting in a powerful presence that is both discrete and overwhelming.

The furniture from HOMEbase appears light and natural. But don't be mistaken. Each piece is rock solid and needs no maintenance at all. The collection is made for all weather usage and our hope is that it will inspire you to rethink the concept of summer. Let's make an outdoor revolution, let's stay "summery" at heart all year, let's prolong the good times, let's move outdoors!

We hope you will allow yourself to sink into the HOMEbase atmosphere and enjoy 5 minutes of pure bliss and beauty.

Enjoy!

At ease

Charlotte Vyff

This season the design success, Venice, will be followed by the Sun lounger. Venice was among the highlights at the IMM Cologne 2007. Furthermore, the new Sienna collection with its straight lines and forms will be presented. The designer behind the notable furniture is Charlotte Vyff.

Charlotte Vyff, MDD, is educated at the Danish School of Design and Rhode Island School of Design, USA in 2003.

Her work has a unique quality of appearing both very light and elegant and being durable at the same time. Charlotte Vyff likes to experiment with new materials and travels the world to seek out new materials and ways of working with them.

In 2002 she received the 1st price for her magnetic Ready to Assemble Tables at the International Woodworking Fair in Atlanta, USA. Charlotte Vyff has exhibited her furniture designs in Denmark, Sweden, Norway and USA.

Today Charlotte Vyff works as in-house designer for HOMEbase.

Charlotte Vyff

Strand + Hvass

Presenting the new lounge collection, *Diamond*, the two Danish furniture designers Christina Strand (MDD) and Niels Hvass (MAA) have created highly untraditional and eye-catching design. The Diamond lounge fills you with comfort and at the same time the cubic forms add value to your room, patio or garden, becoming sculptures in their own right.

The two designers have both graduated from the Danish School of Design. Together they run the studio Strand+Hvass. Since 1998 they have created furniture of high quality for well esteemed Danish and International furniture Companies. Their work is young and dynamic, yet with a touch of classical Scandinavian design, with simplicity and focus on the character of the materials.

Strand+Hvass have won several design prizes, a.o.:

- Designfondens designpris, Denmark, 1996
- Design competition "Seating for Crown Prince Frederik", with the chair *Rex*, 2002
- Le prix de l'esthétique in Paris with the chair *Menuet*, 2003
- Red Dot Design Award 2006 together with HWAM Heat Design for the woodburning stove *HWAM 3320*
- Niels Hvass was honoured with the distinguished "Møbelprisen" in Denmark, 2006

The Sunbrella cushions for the HOMEbase collection are made of Dralon. This fabric is waterproof and dirt/colour/sunlight resistant. It does not rot and dries quickly. The cushions are easily hand washed at a max. temperature of 30°C.

Sunbrella is a registered trademark from Glen Raven, Inc. USA. The brand has been known for superior outdoor performance for over 40 years. The performance attributes that made Sunbrella the leading outdoor fabric are now available for both inside and outside your home.

ecolene™ - a new generation of synthetic fibre

- It withstands UV radiation (300-340nm wave length)
- It withstands Extreme heat oxidation and high moisture
- It withstands mold and mildew
- It is insensitive to temperature differences
- It is free from cracking, splintering and corrosion
- It is resistant to seawater and chlorinated water
- It is 100% recyclable and certified by OEKO-TEK in Schweiz
- It retains a natural look and feel
- It has colorants and preservatives free of heavy metals
- It does not contain polyvinylchloride (PVC)

Maintenance

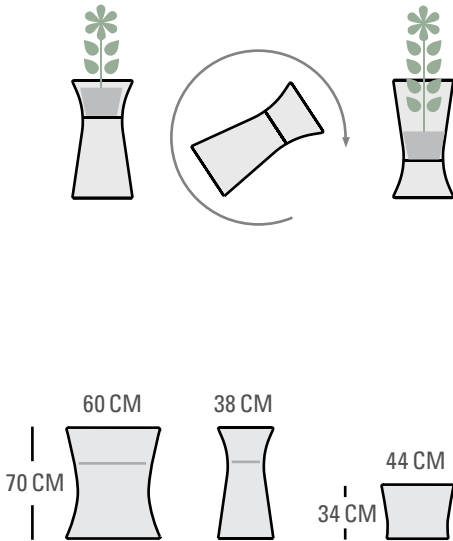

- Simply wipe the surface with a damp cloth
- Occasionally quick wash with a non-foaming mild detergent
- Clean between the weave with a soft nylon brush
- or a low-pressure air hose
