Butler Woodcrafters' Difference

Durability – Butler builds contract furniture made to meet all of your special needs. Our furnishings have the unique features you want, including meeting fire codes and providing moisture barriers for the incontinent.

Selection – We offer a broad selection of fully upholstered and wood frame seating, tables, chairs and bedroom furniture. We offer more pieces in more styles than most other solid wood manufacturers, so you can plan and design your facilities with more styles and more variety.

Full Service Delivery and Installation – Our Delivery Team has extensive experience with Multi-Unit Installations. Installations include furniture placement according to blueprints and the removal of all packing materials. We provide each job with an On-Site Delivery Coordinator, who monitors the logistics, from truck arrivals to the placement of each piece of furniture. We can deliver large multi-unit projects down to one chair.

Experience – Over 25 years in manufacturing stylish and durable furniture to a wide range of customers. Our craftsmen and sales force have an average of 10 to 15 years of experience, so they know our customers, anticipate their needs and provide them with the service they expect.

Locally Based Customer Service – Regional Sales Managers, locally based and available to provide budgets for RFP's and grant applications, work with architects/consultants to design room layouts and be a resource for furniture questions and concerns. Call 1-877-852-0784 to reach your local representative.

Value – We offer the best price for the best value. That's because we offer a superior quality product that will last longer and give you better service in the long run.

Quickship program – Furniture shipped in five business days. Full selection of seating, tables, chairs, and bedroom furniture.
