TO OUR CUSTOMERS

This catalog of parts represents the highest quality parts that we have found for your car. We are always looking for new reproduction parts for the improvement of your Chevrolet. We want you to be satisfied with our goods and hope to be of service to you as long as you own your car. Please let us help when you need parts. We would like to thank you for your past business. We very much appreciate your trust and loyalty.

PRICING

We try to maintain the prices in our catalog. However due to price changes to us from our suppliers, we must tell you that prices are subject to change without notice.

SPECIAL ORDERS

These items are specially ordered for you, and do require a deposit. Unfortunately these are **NOT returnable**.

ORDERING

Ordering by phone is fastest and easiest, however, you can fax or mail in your order. Also you can E-Mail us at luttys@nauticom.net. We do suggest that you still call in your credit card number. Visit our web site at www.luttyschevy.com. On all orders we must have the street address or physical address of your home or business. UPS/Fedex does not deliver to a Post Office Box and will not guarantee delivery to anyone without a proper address. Your phone number is necessary to file your order and this is placed on all packages and is required on all out-of-country packages. It also helps when there are questions on your order that we can call you and still get your order out the same day.

Be sure to include Name, Address, Zip, Year and Model of car, Air conditioned or not, items needed, and color if applicable. Phone &/or fax numbers. Unlisted numbers will not be placed on packages at customers request.

Pennsylvania Residents must add 6% Sales Tax (Allegheny Co. Residents add 7% Sales Tax) or provide us with an Automotive Retail or Shop Tax Exempt Certificate.

SHIPPING

Please remember to add shipping to your mail-in orders. The minimum shipping charge is \$7.50. If not sure on how much to add please call. Large packages, carpets, package trays, long chrome, & etc. require a 30lb shipping rate. Also packages over 60" in height have an additional charge from UPS. **All COD, orders will be charged for shipping plus \$9.00(per box) for the COD.** There is an insurance charge of \$.50 per \$100.00 on all items shipped by UPS and Mail. Please be prepared to pay for your COD order with certified funds for the exact amount, as personal or business checks are not accepted. Please note that CODs can not be shipped Overnight or other special freight options. **If a COD package is returned you are still responsible for shipping and COD charges. This refusal will also result in your future orders being placed in a " prepaid in advance" status.**

SHIPPING OPTIONS

We ship out Ground. UPS daily. We Also ship Next Day, Second Day, and Three Day Select. These options are at an additional cost. Orders to Alaska, Hawaii, and PR. are sent out Second Day Air. Small items can be sent Parcel Post at customers request. Overseas and Canadian orders can be shipped Bax Global, UPS, Parcel Post. Air packages are often sent by dimensional weight and can not be quoted until the package is ready to go. Truck Freight Carriers are determined by the area in which you live. Our discounts have allowed affordable freight costs for those LARGE items too big for UPS or Fedex

TRUCKFREIGHT

We have several Trucking Companies that we now use depending on the area you live. All shipments must be delivered to a place of business. Regardless of who ships your package. **DO NOT SIGN the Bill of Lading until you have inspected the package or packages for damage. Once the Bill of Lading has been signed, it becomes a legal document stating that the shipment was received in good condition.** If the driver will not wait, sign as **"UNINSPECTED" "DRIVER WILL NOT WAIT"**, your name, and have the driver initial. Please call for a quote on the cost of shipping truck freight items. Sheetmetal parts are susceptible to slight damage due to the nature of the product and the method of shipment. No credit will be issued for sheetmetal that has small pecks, dings, scratches or other minor flaws. Any body panel (either reproduction or factory original) requires minor body work when installed for a show quality finish. ((Copied permission from Goodmark Ind.)).

ONCE YOU HAVE RECEIVED YOUR ORDER

PLEASE CHECK YOUR ORDER when you receive it. **Do not wait; open packages immediately.** If damaged, a claim must be filed immediately. Please call us with the damage information. All Claims must be called in within 3 days. Please keep all of the packing material and package or packages for all damages. Due to UPS procedures, if any item is damaged and reshipped to us, UPS will be unable to process your claim, and we are unable to compensate you. All shipments, regardless of carrier, are insured leaving our shop.

If a wrong part is received, please call to make the exchange. It will be easier to have your invoice in hand to help us find your order. All parts returned must be in their original packaging and in saleable condition, please send a copy of your invoice as this helps identify you and where a replacement or refund is to be sent.. Any parts returned after 30 days will have a restocking charge of 15 %. A copy of your receipt is required for all exchanges and for all returns. **No returns or exchanges after 60 days. Please do not even ask.**

"I can't find the small item" Try looking on the large items for a small part to be taped. This practice has saved some little items from being thrown away with packing. Also, when there are several small parts, they may have been put in a bag to keep them together, or put in with another part. Also, look on the invoice sometimes notes are found there. Still can't find it , please call and we will help you.

BACKORDERS

Occasionally, we will be out of stock on an item. We will Back Order this part unless otherwise requested. Your back order will be shipped as soon as possible, and we ask for your patience when this occurs.

FOR YOUR
SHEETMETAL NEEDS

CALL 724-265-2988

Sheetmetal parts are susceptible to slight damage due to the nature of the product and the method of shipment. No credit will be issued for sheetmetal that has small pecks, dings, scratches or other minor flaws. Any body panel (either reproduction or factory original) requires minor body work when installed for a show quality finish. Copied permission from Goodmark Ind.

What is EDP Coated

On many of the sheetmetal panels there will be EDP listed. This stands for Electro-Deposit Primer. This coating is an electronically charged primer that protects parts from dust and corrosion. Parts with an EDP coating are tested for 500 hours under a salt spray solution to check for corrosion. The only surface preparation required is scuffing up the surface for better paint adhesion. No stripping is required. The parts are protected from rust as long as the EDP coat remains under the paint. All Goodmark Industries exclusive sheetmetal items are EDP coated. Copied with permission from Goodmark Industries.

Any questions or descriptions on any of our sheetmetal, please call. We will be glad to talk to you or your body shop, directly.
