## Flashcards/Character Study

### Picture Characters 中E

Learning Characters through Pictographs

By Richard Licheng Gu

A breakthrough in learning to read and write Chinese. This method of character representation has been successful with teachers for its use of images that depict characters artistically and allow for vivid mental pictures that prove easy to remember. Acclaimed Northwestern University Professor Gu, who received his Ph.D in using humor in the classroom, promotes the use of creativity to study Chinese. Teachers across the nation have been swearing by its methods!
