

# STEP 1: Choose a rack style based on the mounting method:

VEHICLE-SPECIFIC O.E. RAIL MOUNT RACK KITS

Utilizes a vehicle's existing rails for the crossbar mount. This is by far the easiest solution if the vehicle is equipped with rails.

# **Sport-Series**

**FIXED MOUNT RACK KITS** 

Offers a universal fit to almost all vehicles and truck caps. One kit fits all. Part No. 15-1005

## UNIVERSAL TRACK MOUNT RACK KIT

Offers tracks which allow the crossbars to be easily repositioned for varying cargo needs. Installation requires drilling.

Part No. 15-2005

# OUTBA

## **WESTIN ALLOY TRAYS**

Made from structural aluminum and glass reinforced nylon. Attractive, heavy duty non-corrosive components. Easily assembled and installed. Unique eyebolt tie-off points. Available in a variety of sizes.

## **Outback-Series**

## O.E. RAIL KITS

Utilizes a vehicle's O.E. rails for the crossbar mount. This is a very simple installation: the mounting assembly simply clamps to the O.E. Rail. The complete kits provide 2 crossbars and 4 rail mount clamps. A third crossbar kit is also sold separately, which can be added to the 2-Bar kit for a tougher look, maximum stability and load capacity.

See chart for vehicle fit!

## O.E. TRACK KITS

Utilizes a vehicle's existing track for the crossbar mount, allowing the crossbars to be easily repositioned for varied cargo needs. These kits come in 49" and 54" crossbar widths to accommodate a variety of vehicles. Kits include 2 crossbars, 4 support legs, and No drilling. mounting hardware.

See chart for vehicle fit!

## **GUTTER MOUNT KIT**

Utilizes a vehicle's existing rain gutters for the support leg mount, or for truck shells, an artificial gutter is provided in the kit. The crossbars can be repositioned by moving the support legs. **Truck** Shell Part No. 16-3001 Requires drilling. Vehicle-Specific Kits (see chart)

No drilling installation!

More products are available, ask your sales person for details

# **HD-Series**

## UNIVERSAL FIXED MOUNT KIT

Offers a universal fit for truck cap and steel roof applications. The support legs mount directly to the vehicle or truck shell.

Part No. 16-1021

Part No. 16-1001 (for truck shells) includes under plates for added strength. Both require drilling for installation.

## UNIVERSAL TRACK MOUNT KIT

Offers tracks which mount to the vehicle or truck shell, then the support legs mount to the tracks, allowing the crossbars to be easily repositioned for varying cargo needs.

Part No. 16-2031

Part No. 16-2001 (for truck shells) includes 63" tracks. Both require drilling for installation.

# Cargo Management Products

# STEP 2: Choose The Rack Kit (and Alloy Tray, if desired)

Universal Sport Fixed Mount #15-1005 Universal Sport Track Mount #15-2005

## PICKUP TRUCK RACK SYSTEM

Building on Thule's heritage of offering durable and innovative load carrying solutions, the Proffesional line of products is geared specifically for all trade professionals. With a lifetime warranty, these rugged, high strength base rack systems provide the foundation, while a full range of accessories offer load carrying flexibility and security. Thule Professional gets the job done.

## **FEATURES**

- Maximum strength with all aluminum rust-free welded construction.
- 750 lb maximum capacity (varies by vehicle).
- No drilling required as compression clamps secure rack system to bed rail.
- Aerodynamic load bar with rubber insert provides load support and protects equipment from damage.
- Great selection of easy to use, time saving accessories designed to integrate with unique tri-slot load bar profile.
- Set of 4 load stops included.
- Ideal fit on open bed pickups with 2 sizes available.
