## CB Accessories -/- Antenna Switches

### 2 Way Cast Antenna Switch

2-Way Cast aluminium antenna Switch. Very high quality, we use one on our repair bench, where it gets LOTS of use. 1000 Watts power handling.

Some of our customers have two rigs, one for the UK, and one for Europe. With this switch, they can leave both rigs connected, and switch the aerial between them as required.

16.99GBP

### 3 Way Opek Antenna Switch

High quality 3 way antenna switch made by Opek. Steel case with quality fittings. 1000 Watts power handling. Comes with fixing screws so that it can be wall-mounted.

Ideal for switching 3 rigs with one aerial, or three aerials with one rig. Used mainly in service departments, but we do know several people who have LOTS of equipment at home!

18.99GBP

### 3-Way Antenna Switch

3-Way Antenna Switch. Power handling is 250 Watts, and the frequency range is 26 to 30 MHz, (CB use.)

7.99GBP

### 4-Way Antenna Switch

4-Way Antenna Switch. Enables you to connect up to 4 aerials to one CB, or 4 CB's to one aerial.

Power Handling is 250 Watts, and frequency range is 26 to 30 MHz, (CB use.)

We don't sell too many of these! This is for the real enthusiast or pro' workshop. Great for switching 4 aerials, 4 rigs or various test equipment - Phone us if you require advice.

9.99GBP

## CB Accessories -/- CB Power leads

### 2 Pin "Round"

2 Pin "Rounded" lead. This was very popular with the older Japanese FM sets made by Cybernet, such as Harrier, Rotel and York. It also fits the Cybernet-made SSB rigs like Ham International.

2.49GBP

### 2 Pin square CB power lead

This is a CB power lead that only ever fitted a few rigs made in the '70s, such as the communicator.

Please check the polarity of this lead before connecting it, as we have seen several older rigs that were wired the opposite way to normal.

2.49GBP

### 3 Pin "Square"

The 3 pin "Square" lead fits most of the older AM Midland, Cobra and Maxon radios.

2.49GBP

### CB radio power lead- Amstrad

This is a CB power lead that was fitted to a few rigs that were made in the '80s. These included the Amstrad and Spinney.

Check the polarity before connecting, because over the years we have seen a few rigs wired the wrong way around.

2.49GBP

### Maxcom/Midland CB power lead

This lead is suitable for the FM Maxcom/Midland range made in the 80's/90's.

2.49GBP

## CB Accessories -/- Filters / Suppressors

### Hot Line Filter

This Hot Line Filter goes in line with your CB's positive lead, reducing electrical noise coming in from the vehicle. Easy to fit, and very effective for this type of problem.

3.49GBP

### Noise Suppressor.

This filter fits "across" your positive and negative leads close to your set. It is basically a large smoothing capacitor which removes noise and surges coming through your CB's power lead.

7.99GBP

## Microphones -/- Echo mic's

### ES-8018 Echo Microphone.

*Manufacturer : KPO*

Superb amplified mic' with adjustable echo effect. Also generates several novelty sounds such as: Alarm, Phaser, Bomb, Siren, Machine gun etc. Lots of things to play with for the gadget fan! If you don't know your wiring, please look in our FAQ section.

39.99GBP

### Euro-CB MVC1 Voice changer mic'

If you want to sound like an alien, then this mic's for you! The mic' contains a "pitch shifter" chip which makes you sound..... well different, you have to hear it. Fun! - If you are not sure of your wiring, look in our FAQ's

39.99GBP

### Opek ODM-710 Echo Mic'

Superb clarity and quality. If you like echo mic's, then this is the king. This mic' requires a PP3 battery, (not included.) - If you don't know your wiring, look in our FAQ's

38.99GBP

## Microphones -/- Power Mic's

<b>Cobra M73 Mic</b>
<i>Manufacturer : Cobra</i>
Replacement Cobra mic for all Cobra 4 pin models including UK 25 and UK 29 CB and many other Uniden Wired Radio's. If you would like us to wire it for a different brand, please select it from the drop-down list.
13.99GBP

<b>DMC 437 Amplified Mic'</b>
Nice light mic' with mesh front. A condenser element makes this sound very clear indeed. This mic uses a 7 volt battery, (included.)
Please select your wiring from the drop-down box. If you are not sure of your type, please look in our FAQ's.
17.99GBP

<b>Model DMC 510 Power Mic'</b>
<i>Manufacturer : Pama</i>
Model DMC 510 Power Mic' - Avialable in several different wirings/plug types. If you are not sure which fits your rig, check in our FAQ section under "Mic' Wirings."
11.99GBP

<b>Model DMC 531 Power Mic'</b>
<i>Manufacturer : Pama</i>
Mid-range power mic' for most types of CB radio. This model can be wired for any CB, if you are not sure of your wiring, please look on our FAQ section.
Nice looking mic' with mesh front. It is powered by 1 AA sized battery which lasts for many months of normal use.
14.99GBP

<b>Sadleta Base Microphone</b>
Model : mic506
A high quality base mic' from top manufacturer Sadelta. This has a great feature that lets you record any sound and use it as a roger bleep/over signal.
If you have not heard of this before, here is the explanation: Some rigs have a bleep sound fitted, every time that you release your mic button after talking, the rig sends out a bleep to let the other person know that you have finished. With this Sadlelta mic, you can record any sound and use it instead of a bleep. Lots of laughs guaranteed with this product. When you order, let us know your make and model of CB and we will wire it for your rig at no extra cost.
Tech Spec: Recording time 16 secs, Element - Electret, Sensitivity -28db, Output 0 to 3V pp, Freq response 300 to 5000Hz, Output impedance 1K Ohm, Power 9v PP3 battery or external 10.5v to 16v.
29.99GBP

## Microphones -/- Standard (Non-Amplified) Mic's

### 6 Pin Euro up/down Mic

*Manufacturer : KPO*

Replacement 520 style mic with 6 pin plug to suit most modern CB's with up/down channel change on the mic'.

14.99GBP

### 6 Pin Midland 520A

*Manufacturer : KPO*

Model 520A 6 Pin Midland mic with up/down channel selector. Good quality mic to match a Midland or similar CB

15.99GBP

### DMC 110 Microphone.

This is a very neat, smaller mic' that fits in the palm of your hand, and can be wired for any CB rig. Very light and easy to use.

If you are not sure of your wiring, please look on our FAQ section.

9.99GBP

### DMC 520 Standard microphone

*Manufacturer : Thorobred*

Standard replacement "Coffin" shaped mic. Good solid mic' with rubberised cable. Our best-selling standard mic'. Wired to fit your rig. If you are not sure of your fitting, please look in our FAQ section.

9.99GBP

### MIC 579

*Manufacturer : Pama*

A microphone that fits many CB, and Amateur Radio hand-helds. It is very small, and is fitted with a moulded 2 pin plug that fits the Midland 42 portable CB and many others. It has a jack-socket in the body of the mic' to plug in an earphone for privacy. On the rear there is a spring clip that can be used for lapel-mounting etc.

19.99GBP

### Midland replacement mic'

A genuine Midland replacement mic' that fits many of their models. This mic' is wired to 4 pin standard fitting.

9.99GBP

Skiptech 6 Pin Mic'
A replacement condenser microphone made by Skiptech. Suitable for most current CB's with a 6 pin mic' fitting.
Very clear audio, lightweight design and up/down channel selector buttons.
11.99GBP

Team Replacement microphone
<i>Manufacturer : Team</i>
Team radio replacement mic' suitable for most Team models, fitted with channel up/down buttons.
15.99GBP

## CB Accessories -/- Mobile Amplifiers

<b>100 Watts - Zetagi B153</b>
<i>Manufacturer : Zetagi</i>
Zetagi B153 - 12 Volt RF amplifier, (Burner,) 100 Watts output.
Specification:
Input .5W to 5W.
Output 100W.
Range 26 - 30 MHz.
Current 8 to 10 Amps.
39.99GBP

<b>150 Watts - KL300/24</b>
Great truck amp. 150 Watts output, runs directly from 24 Volts, so no need for a huge dropper. specification is: Range 25-30 MHz, Input voltage 24 Volts. Current drain, 5-8 Amps, Input 1-8 Watts, Output 150 Watts.
64.99GBP

<b>25 Watts - EA-25</b>
Great little 25 Watt amplifier. Specification is: Input .5 Watt to 4 Watts, Voltage 12 Volts, Current drain 4 Amps, Range 26 - 30 MHz.
19.99GBP

<b>25/30 Watts - EA-35</b>
Great little switchable amp. Specification is: Input .5 to 4 Watts, Range 26-30 MHz, Voltage 12 Volts, Current drain 3 Amps, Output 25 to 30 Watts.
29.99GBP

<b>300 Watts - Zetagi B550P</b>
Model : AMPB550P
<i>Manufacturer : Zetagi</i>
Zetagi B550P (Approx 350 watt) 12 Volt amp, with Pre-Amp to improve incoming signals, and a rotary dial to alter output power. Specification is: Range 20-30 MHz, Input 1-10 Watts, Output 70 to 300 Watts, Current drain 15-35 Amps - (A direct battery feed will be needed.)
189.00GBP

<b>50 Watts - Zetagi B47</b>
<i>Manufacturer : Zetagi</i>
Zetagi B47 - 12 volt input. Specification: Range 26-30 MHz, Current drain 6 Amps, Input .5 watt to 4 Watts, output 50 Watts.
29.99GBP

## CB Accessories -/- Patch Leads & Co-Ax

### 2.5 Metre

*Manufacturer : CB Shack*

2.5 Metre long patch lead, perfect to connect mirror mounts in a truck. We tried many types, but most were "Average" so we now make our own! We can also make these longer to your own requirements, just add 25p/metre.

3.99GBP

### Co-Phase Harness

Co-Phase Harness is a split harness allowing you to connect and use two antenna's on you vehicle.

11.99GBP

### DV Lead

*Manufacturer : CB Shack*

This is another lead that we make in our own workshop. It connects a rig to a DV-27 mount, or 3/8 screw-in mount. The standard length is 2.5 metres, but we can make it as long as you want, (up to 15 metres.) Just add 25p / per metre for longer leads.

3.99GBP

### Mag Repair Kit

This is a complete cable, mount and plug. It is waterproof, and is ideal for repairing mag-mounts if the cable or base has been damaged. It is also great for using on mirror mounts or gutter mounts.

7.99GBP

### SWR Meter Patch Lead

*Manufacturer : CB Shack*

We make these ourselves in our workshop, so the quality is first-rate. Ideal for connecting an SWR meter or amplifier etc.

There is lots of information in our FAQ section about tuning aerials, and using SWR meters.

2.49GBP

## CB Accessories -/- Plugs and Sockets

### 3 Way Cigar socket adaptor

A very neat triple cigar adaptor. Converts one cigar socket to three, great for dash mounting.

7.99GBP

### 3.5 Jack to SO239 converter for CB Ham and Scanners

This Plug Converts a 3.5 Jack type fitting to a standard SO-239 fitting.

For use on Handheld CB radio, Scanners and Amateur radio.

1.99GBP

### 4 pin right angle mic plug for use with CB + Ham Radio

4 pin right angle mic plug for use with CB and HAM Radio.

This is to replace you standard mic plug.

This plug takes the strain from you mic lead, and angles the plug towards you on many rigs, this results in longer lasting microphone leads!

2.49GBP

### Adapter BNC to PL259 converter for CB Ham and Scanners

This Plug Converts The BNC type fitting to a standard PL259 fitting.

For use on Handheld CB radio, Scanners and Amateur radio.

1.99GBP

### Adapter BNC to SO239 converter for CB Ham and Scanners

This Plug Converts BNC type fitting to a standard SO-239 socket, ideal for connecting a base or mobile aerial to a handheld device.

For use on Handheld CB radio, Scanners and Amateur radio.

2.49GBP

### Cigar Plug

Standard Cigar lighter plug. Heavy duty with solder type connections.

0.99GBP

<b>Cigar plug double adaptor</b>
A lead that converts one cigar socket to two.
3.99GBP

<b>Cigar plug double adaptor - module</b>
A modular style two way cigar socket adaptor. Easy to mount on a dashboard etc. Very neat.
3.99GBP

<b>Cigar Plug to Twin Hella Socket</b>
<i>Manufacturer : CB Shack</i>
This is a handy lead that converts your cigar socket to twin hella sockets
4.99GBP

<b>Cigar plug-Fused</b>
Model : fused cig pl
This is a handy fused cigar plug for use in all vehicles. It is suitable for both 12 and 24 Volts, and is fitted by soldering directly onto a cable.
This plug usually comes with a 1.25 inch glass 2 Amp fuse, but will take up to 10 Amps if required.
1.99GBP

<b>Cigar Socket</b>
A cigar socket that can be soldered onto a piece of wire to make an extension, adapter lead etc.
1.99GBP

<b>Cigar Socket - Panel mount</b>
A heavy-duty chromed cigar socket suitable for fitting in a dash-board or other surface.
3.99GBP

<b>DV Converter- (Banjo) For use with CB Aerial mounts.</b>
This DV converter allows you to fit a CB aerial with a standard 3/8 thread to a DV-27 base.
1.49GBP

<b>DV Wing nut and bolt. For use with CB radio aerals</b>
This wing nut and bolt is specially designed to be used with the DV-27 base and DV converter in this section.
It allows you to swivel your aerial and get it vertical where it works best. It is also useful for dropping your aerial back when in multi-story car parks, garages etc.
1.49GBP

<b>Heavy-Duty DC Connector</b>
A very heavy-duty plug for use on heating equipment etc. Often cigar plugs will fail after a while when they are used with kettles, ovens etc. This plug will happily take the high current. We recommend that this plug is connected to a lead directly from the fuse box. This should only be done by a qualified fitter.
2.99GBP

<b>Hella Plug to 2 Cigar Sockets</b>
<i>Manufacturer : CB Shack</i>
A popular lead that enables you to use 2 devices fitted with cigar plugs from a single Hella socket.
7.99GBP

<b>Hella Plug to 2 Hella sockets</b>
<i>Manufacturer : CB Shack</i>
A handy lead enabling you to use two devices with Hella plugs in one socket.
5.99GBP

<b>Hella Plug to Cigar Socket</b>
<i>Manufacturer : CB Shack</i>
A handy converter lead - Hella plug to a cigar type socket. Ideal for plugging your TV etc into your lorries 12 Volt socket without messing with your existing lead.
5.99GBP

<b>Hella Type Plug and Socket</b>
<i>Model : Hella Plug</i>
Hella Type Plug and Socket. This is the normal 12 Volt plug fitted to nearly all lorries. It is also known as a Jack plug or Volvo plug. It has screw terminals, so no soldering is necessary. It comes complete with a free spare socket.
2.99GBP

<b>Microphone Plug 5 Pin din for use with CB and Ham Radio</b>
5 Pin din mic plug. for use with CB radio and HAM radio etc.
Please Note: This plug needs to be soldered.
0.99GBP

<b>Microphone Plug, 4 Pin for use with CB and Ham Radio</b>
4 Pin Mic Plug. for use with CB radio and HAM radio.
Please Note: This plug needs to be soldered in order to fit it correctly.
0.99GBP

## Microphone Plug. 5 Pin for use with CB and Ham Radio

5 Pin standard mic plug. for use with CB radio and HAM radio.  
Please Note: This plug needs to be soldered in order to fit it correctly.

0.99GBP

## Microphone Plug. 6 Pin for use with CB and Ham Radio

6 Pin standard mic plug. for use with CB radio and HAM radio.  
Please Note: This plug needs to be soldered in order to fit it correctly.

0.99GBP

## Phono to SO239 converter for CB Ham and Scanners

This Plug Converts a Phono type fitting to a standard SO-239 fitting.

For use on Handheld CB radio, Scanners and Amateur radio.

1.99GBP

## PL-259 (CB Plug)

The standard aerial plug for all mobile and base CB's. Solder-on fitting, this one fits standard 6mm RG-58 Co-Ax cable. All other sizes are in stock - Phone on 01925 757200 to order for different cable types.

0.99GBP

## PL258 Double female for use with CB and Ham Radio

PL-258 Double female adaptor. Used to join two PL259 plugs together.  
The only correct way to join two lengths of Co-Ax together with PL-259 fittings

0.99GBP

## PL259 Double male for use with CB and Ham Radio

PL-259 Double male adaptor. Used to join two SO239 devices without the use of a patch lead.

1.99GBP

## PL259 L shape Connector for use with CB and Ham Radio

PL-259 L shape adapter. This fits into the back of your CB then your PL-259 Plug into the other end, taking all the strain off the Co-Ax lead.

1.99GBP

## PL259 Plugs for Mini 8, pck 4. plus 1 PL258 connector

Pack of 4 PL-259 plugs for mini 8 cable plus 1 PL-258 plug ( used to connect 2 PL-259 plugs together).

Please note: these plugs need to be soldered in order to fit them correctly.

4.49GBP

**PL259 Plugs for RG58 Co-Ax, pack of 4, plus 1 PL258**

Pack of 4 PL-259 plugs for RG58 cable. plus 1 PL-258 plug ( used to connect 2 PL-259 plugs together).

Please note: these plugs need to be soldered in order to fit them correctly.

4.49GBP

**Universal Plug**

The Universal plug has a clip-off end piece. With it on, it fits standard cigar sockets. When it is removed, it fits Hella type sockets, (12 Volt lorry sockets.) It is fitted with an 8 Amp fuse, so it is not suitable for heavy loads such as kettles or ovens etc.

3.99GBP

## CB Accessories -/- Speakers

<b>Cobra HG S100</b>
<i>Manufacturer : Cobra</i>
A top quality large speaker from Cobra, excellent sound, probably the best on the market. 15 Watts power handling, large 4 inch 8 ohm speaker, 10 feet of cable with 3.5 mm jack plug, headphone/earpiece socket and rugged construction with mesh front.
18.99GBP

<b>Cobra HG S300</b>
<i>Manufacturer : Cobra</i>
A top quality large speaker from Cobra. Excellent sound, with noise filtering circuit built in. 15 Watts power handling from a huge 4 inch, 8 ohm speaker. 10 feet of cable fitted with a 3.5 mm jack plug. Very rugged construction and a mesh front - The ultimate trucker's speaker.
21.99GBP

<b>CS 111 Speaker</b>
<i>Model : CS-111</i>
This is a very handy-sized speaker for CB, phone, PMR or amateur radio use. It will handle 5 Watts power, it is 8 Ohms impedance and its frequency range is 100 to 1500 Hz.
9.99GBP

<b>CS 259 Speaker</b>
<i>Model : CS-259</i>
This is a very compact speaker that will fit in the smallest space. Not only that, but it is fitted with a microphone-style hanger button on the rear that means it can be easily mounted anywhere there is a mic clip. Forks great on CB, amateur radio, PMR or taxi radios. Fitted with cable and a 3.5mm mono jack plug. The impedance is 8 Ohms, and the power handling is 5 Watts.
9.99GBP

<b>CS 411</b>
<i>Manufacturer : Pama</i>
The CS 411 is a great little all-rounder. Ideal for lorries, cars and motorhomes, it's square shape means you can usually find a space for it. 5 Watts power handling from an 8 ohm speaker.
9.99GBP

<b>CS 818 CB Speaker</b>
This is one of our most popular speakers, it works great with CB radio, PMR, taxi and amateur radio. It is rated at 5 watts power handling and 8 Ohms impedance. It comes complete with a bracket, sidescrews, mounting screws and it is pre-wired with 2 metres of cable and a 3.5 mono jack plug.
9.99GBP

<b>CS811 Speaker</b>
<i>Manufacturer : Pama</i>
This speaker has got a great bass response for low frequencies, if you don't like "tinny" sounds, this will suit you. 10 Watts power handling, 8 Ohm's impedance.
9.99GBP

<b>Mini Speaker</b>
<i>Model : nokia speake</i>
This is a small, but decent quality replacement speaker. Standard 8 Ohms impedance, and also fitted with the usual bracket, lead and 3.5mm Jack plug.
These speakers are cheaper than most, because they are not retail packed, (they come in a plastic bag,) but they are new and fully guaranteed.
4.99GBP

<b>PA Horn</b>
<i>Manufacturer : KPO</i>
Large PA Horn. This product is a public address speaker that can be used with any CB that has a PA function. This product will handle 15 Watts power and is 8 Ohms impedance. The horn comes pre-wired and fitted with a 3.5mm mono jack plug.
9.99GBP

<b>PMR-218 Speaker</b>
A compact speaker that is great value for money. It comes complete with mounting bracket, screws, cable and a fitted jack plug.
The size is approx W 95mm H 90mm and D60mm, the impedance is 8 Ohms, max power handling is 6 Watts and the frequency response is 500Hz to 5000Hz
7.99GBP

## CB Accessories -/- SWR, and Multi Meters

### Analogue Multi Meter

This is a very handy pocket multi-meter. You can measure A.C. and D.C. Voltage as well as resistance etc. This is the "Moving needle" type which some people prefer, but is not quite as accurate as the digital version.

9.99GBP

### Digital Multi Meter

This is incredible value for money, just a few years ago, this meter would have cost over £100! Ideal for checking your CB installation, and has a nice clear LCD display.

Measures A.C. and D.C. Voltage, as well as current and resistance. Hundreds of uses.

9.99GBP

### SWR 102

*Manufacturer : Zetagi*

This is a great SWR and power meter made by Zetagi. This is the type that we use ourselves on site. It is very versatile, covering 3 MHz to 200 MHz, so it is ideal for CB, Amateur, PMR and Taxi use. The power handling is also more than enough for most situations at 1 kilowatt.

There is lots of information in our FAQ section about tuning aerials, and using SWR meters.

19.99GBP

### SWR 171

The '171 is a classic "Two window" SWR meter, so that you can see your SWR and approximate power at the same time. It has two power scales, 0 to 10 Watts, and 10 to 100 Watts. Frequency coverage is 27 MHz, (CB use only.) There is lots of information in our FAQ section about tuning aerials, and using SWR meters.

21.99GBP

### SWR 177 SWR/Power/Matcher

*Manufacturer : Sharmans*

This is a very versatile instrument, it measures SWR and power, and also has a built-in matcher. A matcher "Matches" the impedance at the point between the Co-Ax and the rig, enabling the rig to transmit its maximum power, and protecting its output circuit. A matcher is NOT a substitute for tuning your aerial, but if for some reason you can't, this is the next-best thing.

There is lots of information in our FAQ section about tuning aerials, and using SWR meters.

23.99GBP

### SWR 420 SWR Meter

Model : 420

*Manufacturer : KPO*

This is a simple to use SWR meter to tune your CB aerial. For tuning hints & tips, see our FAQ section.

9.99GBP

## SWR 430 SWR/Power Meter

Model : SWR 430

Manufacturer : KPO

This is a great little SWR and power meter. Great value for money. It enables you to check if your aerial is tuned properly, and shows your rigs approximate output power.

There is lots of information in our FAQ section about tuning aerials, and using SWR meters.

11.99GBP

## SWR Meter Patch Lead

Manufacturer : CB Shack

We make these ourselves in our workshop, so the quality is first-rate. Ideal for connecting an SWR meter or amplifier etc.

There is lots of information in our FAQ section about tuning aerials, and using SWR meters.

2.49GBP

## SWR-420 SWR meter and Patch Lead

The SWR-420 meter and coax kit - Everything that you need to tune your CB aerial.

There is lots of information in our FAQ section about tuning aerials, and using SWR meters.

11.99GBP

## CB Aerials -/- Home Base Antenna's

<b>Dipole</b>
An 18 foot, home base antenna, that can work either vertically or horizontally. Ideal as a loft aerial!
Please note: the holding pole is not included.
15.99GBP

<b>GPA050 1/2 WAVE</b>
<i>Manufacturer : Sigma Eurocom</i>
Sigma Eurocom 1/2 wave 18ft vertical dipole, all sections are marked for easy SWR. (no groundplanes)
19.99GBP

<b>GPA100 5/8 WAVE</b>
<i>Manufacturer : Sigma Eurocom</i>
Sigma Eurocom 5/8 23ft vertical dipole, all sections are marked for easy SWR. (no groundplanes)Slightly better performance than the 1/2 wave.
4.2db gain, 1000 Watts power handling, 26-28 MHz bandwidth.
21.99GBP

<b>GPA150 1/2 WAVE H/GAIN</b>
<i>Manufacturer : Sigma Eurocom</i>
Sigma Eurocom 1/2 wave High Gain 18ft vertical Silver Rod, all sections are marked for easy SWR. With Groundplanes.
4.5db Gain, 1000 Watts power handling, 26-28 MHz bandwidth.
24.99GBP

<i>Manufacturer : Sigma Eurocom</i>
Sigma Eurocom 5/8 wave, 23ft High Gain vertical Silver Rod, all section are marked for easy SWR. With Groundplanes.
4.1 db Gain, 1000 Watts power handling, 26-28 MHz power handling.
29.99GBP

## CB Aerials -/- Mobile CB Radio Aerials

### 2Ft T-Stick

T-Pole 2 feet fibreglass (Firestick type) with tunable top screw for easy tuning.

This CB aerial is a helical design, meaning that copper wire is wound in a spiral around a fibreglass rod, the spiral gets tighter at the top which is where most of the radiation takes place. Because quite a long wire can be used, this design has the performance of aerials that are much longer. This CB aerial is available in various lengths; our advice is to use the biggest one that you can fit on your truck.

Tip from our workshop: Keep helical aerials "In the clear," Their performance will suffer if they are mounted too close to the vehicle body.

15.99GBP

### 3Ft T-Stick

T-Pole 3 feet fibreglass (firestick type) with tunable top screw for easy tuning.

This CB aerial is a helical design, meaning that copper wire is wound in a spiral around a fibreglass rod, the spiral gets tighter at the top which is where most of the radiation takes place. Because quite a long wire can be used, this design has the performance of aerials that are much longer. This CB aerial is available in various lengths, our advice is to use the biggest one that you can fit on your truck.

Tip from our workshop: Keep helical aerials "In the clear," Their performance will suffer if they are mounted too close to the vehicle body.

16.99GBP

### 4Ft T-Stick

T-Pole 4 feet fibreglass (Firestick type) with tunable top screw for easy tuning.

This CB aerial is a helical design, meaning that copper wire is wound in a spiral around a fibreglass rod, the spiral gets tighter at the top which is where most of the radiation takes place. Because quite a long wire can be used, this design has the performance of aerials that are much longer. This CB aerial is available in various lengths, our advice is to use the biggest one that you can fit on your truck.

Tip from our workshop: Keep helical aerials "In the clear," Their performance will suffer if they are mounted too close to the vehicle body.

19.99GBP

### Dial-a-Match

Very neat CB aerial, ideal when you don't want your aerial to be noticed too much. This antenna has a base loading coil. Two tuning rings fit over the coil, and can be moved up and down to tune the aerial. They simply lock together when you have finished tuning.

Total length of the antenna is 1000mm. Power handling is 50 Watts.

14.99GBP

<b>ML-145 Kit</b>
Model : AMOML145
<i>Manufacturer : Sirio</i>
Our best selling magnetic mount CB aerial. This antenna is pre-tuned so there is no need to fiddle about before you can use it! Very high quality from the original Italian Sirio manufacturers. It comes complete with Co-Ax cable and PL259 Connector, ready to go. This aerial is ideal for cars, vans and certain motorhomes.
The overall length is approx' 1470mm (58")
22.99GBP

<b>Pama Grande</b>
Model : AMO007
<i>Manufacturer : Pama</i>
Pama Grande - Great price, and performance. Excellent value for money. This CB antenna is a firm favourite with truckers. Because of its base-loading coil and steel whip, this aerial can bend almost double without damage.
Many of our customers use this on trucks, motorhomes and 4x4 vehicles.
The approx length is 1524mm.
12.99GBP

<b>Pama Rebel One</b>
<i>Manufacturer : Pama</i>
Pama Rebel One - Similar to the very popular Half-Breed CB aerial, but with pre-SWR markings at the base for NO tuning, bargain base-loaded antenna - superb value for money.
The overall length is approx: 1460mm
8.99GBP

<b>Sirio Motorhome CB Aerial</b>
Model : GL-27
This is the fantastic Sirio GL-27 CB aerial that works great on vehicles without a metal body, such as motorhomes, caravans and lorries with fibreglass cabs. The aerial is 1100mm long, and is pre-tuned for CB use. Also included is a Co-Ax lead and a mirror/bar mount which pivots to enable mounting on any angle.
34.99GBP

<b>The Atom</b>
A cracking little base loaded CB antenna, 80 channels coverage. The Atom is basically a shorter version of the Voyager, it is much smaller but still has good performance and power ratings. It is ideal for use where a large antenna is impractical. The overall length is 950mm.
12.99GBP

<b>The Comet</b>
The Comet is a small, base-loaded CB radio antenna, 80 channel coverage with good performance. The 'Comet' is ideal for applications where a very small antenna needs to be used. It is extremely lightweight and could even be used on a motorcycle etc
Length is approx 850mm
12.99GBP

<b>The Red Rocket</b>
The Red Rocket - similar to the Wilson 2000 Centre load. Good performance, 80 channel coverage, but lots cheaper!
1550mm long, with a power handling capability of 1000 Watts.
24.99GBP

<b>The Voyager</b>
The Voyager is a baseloaded antenna with a fibreglass coil that has a good all-round performance. Good choice of CB aerial for multi-channel rigs.
Overall length is approx 1650mm
12.99GBP

<b>Thorobred M27</b>
Model : AMOM27
<i>Manufacturer : Thorobred</i>
Thorobred M27 Mobile Antenna, Base Loaded Long coil, the coil is a little longer than the Modulator, with a shorter tapered whip. therefore better where there is a lot of trees etc. SWR markings for "No-Tuning"
Covers all 80 channels.
Overall length is 1250mm
14.99GBP

<b>Thorobred Original Stinger</b>
Model : AMO004
<i>Manufacturer : Thorobred</i>
Original Stinger: We highly recommend this aerial! Virtually indistructable, pre-tuned and really gets your signal out well. Open coiled with a tapered whip for less drag and better SWR. You can bend this aerial in a complete circle and it will spring right back! This aerial will handle 2000 Watts, and the overall size is 1550mm
Very Flexible for those low bridges and trees.
Truckers Favorite.
19.99GBP

<b>Thorobred Original T27</b>
Model : AMOT27
Manufacturer : Thorobred
The Baby of the Original Z27 Antenna, Half the Size of the Z27, again with pre SWR Markings for easy tuning. Base Loaded Approximately 2.5 feet tall cracking little antenna.
12.99GBP

<b>Thorobred Original Z-27 Halfbreed</b>
Model : AMO180
Manufacturer : Thorobred
The Original Thorobred Z-27 Halfbreed, With Pre SWR Markings for easy tuning, and a Tapered whip for less drag and better SWR. Base loaded Coil, spring stainless steel whip - 1524mm total length.
15.99GBP

<b>Trucker 80</b>
The Trucker 80 has probably the best performance out of all the small antennas. It is also very robust and can be used in more demanding applications, e.g. where the antenna might get snagged on trees etc.
These aerials are very popular with truckers, farmers, 4x4 and motorhome owners. Truck drivers find them ideal for driving in Europe, where the bridges are lower. They are pre-tuned, and nearly indestructible, and will "Bend virtually double without any trouble!"
They are available in various colours, and the overall length is 890mm.
15.99GBP

<b>Trucker 80 Centre-Loaded</b>
The Trucker 80 Centre Load has probably the best performance of all the small antennas, this model has slightly better performance than the base-loaded version due to its mid-loading. It is also very robust and can be used in more demanding applications, e.g. where the antenna might get snagged on trees etc.
These aerials are very popular with Truckers, farmers, 4x4 and motorhome owners. Truck drivers find them ideal for driving in Europe, where the bridges are lower. They are pre-tuned, and nearly indestructible, and will "Bend virtually double without any trouble!"
They are available in various colours, and the overall length is 1000mm.
17.99GBP

## CB Radio Starter Kits

### Motorhome Special

A kit that includes the Midland 78, T-pole Trucker 80 CB aerial, mirror mount kit and an extension speaker.

The Midland 78 is a very popular rig for all our continental drivers, with features including AM (not for UK use), perfect for use abroad. with 4 Watts power output and superb sound quality

Complete with mirror mount kit and a T-pole Trucker 80 which is the smaller version of the world famous Stinger, this little aerial is one of the strongest available, and because of its large open coil it is very flexible. this aerial is also pre tuned, so no hassle getting your SWR down. Also included is a nice quality extension speaker that simply plugs into the CB.

JUST IN.... A NEW Sirio aerial that is designed for motorhomes, caravans and fibreglass vehicles. This aerial comes complete with cable and a bar/mirror mount. Watch this space for a picture, price and more details.

104.99GBP

### Trucker and 4X4 Value Kit

The Truckers / 4X4 value kit contains all you need to get you started. The Midland 38 is a very well respected rig with drivers. It can even run from 24 volts as well as 12! So no need for a seperate dropper. The kit also includes a heavy-duty 2 way mirror/bar mount kit and a T-Pole Trucker 80 aerial. This has also been a truckers favourite for years, it gives great performance, it is very flexible and it is pre-tuned, so no messing around with an SWR meter. The aerial comes in a range of colours to match your truck or 4X4, (see aerial section for details.) You can have this kit up and running in just a few minutes. If you would like to change the aerial mount supplied with this package, please just ask.

84.99GBP

### Trucker's Special

A set up we have put together especially for lorry drivers.

This kit includes a 24V CB, a powerful flexible aerial and a good quality extension speaker, all set up for a plug and go fitting

The Midland 38 is a revolution! The first rig that can be used on either 12 or 24 Volts, it has 4 Watts power output and superb sound quality.

Teamed with the T-pole Trucker 80 and mirror mount kit. This aerial is the smaller version of the world famous Stinger, this little aerial is one of the strongest available and because of its large open coil it is very flexible. this aerial is also pre tuned, so no hassle getting your SWR down.

Also included is a good-quality square extension speaker, simply plug everything together and you are good to go!

99.99GBP

Value kit

This Kit includes,

A Danita 3000 CB Radio with A Sirio ML145 magmount aerial, the complete kit AND a great price.

The Danita has 40 Chanel on UKFM and 40 On EUFM, a brilliant little set with all the features you would need to get you started.

The aerial comes with its own mag mount and coax, so all you have to do is screw it together and put it on you metal roof, no need to tune this aerial, its all done for you.

79.99GBP

## CB Radio's -/- Intek CB Radios

### Intek M-490

Model : M-490

This is a top of the range model from Intek. This rig has just about every feature that you could wish for including: Multi-channel AM/FM selector with all Euro channels pre-programmed in. Local/DX and RF gain to control incoming signals, PA system built in, (requires a PA speaker), Mic gain to control your modulation level, Quick up-down to move quickly between channels, ESP speech processor to improve outgoing speech power, backlit LCD multi-function display, scan, last channel recall, channel 9 switch, programmable truck button, dual watch (to monitor 2 channels at once), memory channels and high quality microphone with up down buttons and lock.

119.99GBP

### Intek M-790

Model : M-790

This the slimmer version of the Intek M-490, making it ideal to install where space is limited. Even though it's smaller, the performance is still first-rate. The M-790 has many useful features including: 10 bands and AM/FM making it compatible with all of Europe's different CB systems, it also has an orange back-lit LCD display and signal meter, ESP speech processing to improve your speech-power, channel 9 button, soft-touch rotary channel selector, last channel recall, quick up-down buttons, scan, dual watch and a high quality microphone with up-down buttons and lock.

99.99GBP

## CB Radio's -/- Midland Alan CB Radio's

<b>Midland 38 Plus</b>
<i>Manufacturer : Midland / Alan</i>
Great little rig, very simple to use, so safer while driving. complete with mic, clip, bracket, power lead and instructions.AUTOMATICALLY SWITCHES BETWEEN 12 AND 24 VOLTS!
<del>84.99GBP</del> <b>59.99GBP</b>

<b>Midland 42 Multi Handheld</b>
<i>Manufacturer : Midland / Alan</i>
Super CB handset made by the world famous Midland company. This is the new multi-frequency version that has all the channels pre-programmed for Europe. The "42" does it all - It's portable, you can use it in your vehicle with the included 12 Volt cigar-plug adapter, or even in your house. It has the full legal 4 Watts output, and it comes complete with "Rubber Duck" flexi aerial, a Ni-Cad pack, (batteries not included,) a carry case, charger, 12 Volt lead, wrist strap, and instruction manual. This is the new 400 channel European version, this means it can use channels available in other countries, (this feature is not legal to use in the UK.) This is VERY handy if you drive on the continent. The 42 has many features including: LCD display and signal meter, last channel re-call, channel 9 switch, quick up/down, dual watch and scan. There is also an optional external speaker microphone available for this model. Note: When using ANY hand-held CB in a vehicle or building, we strongly recommend that you should use an external aerial, if you don't, the range will be very limited.
98.99GBP

<b>Midland 48 Excel Multi</b>
<i>Manufacturer : Midland / Alan</i>
The Alan 48 Excel Multi is a totally new type of CB radio. It has over 400 channels, plus AM/FM allowing you to use it throughout Europe. 3.99GBP

<b>Mag Repair Kit</b>
This is a complete cable, mount and plug. It is waterproof, and is ideal for repairing mag-mounts if the cable or base has been damaged. It is also great for using on mirror mounts or gutter mounts.
7.99GBP

<b>Magnetic Mic' Holder</b>
Magnetic Mic' Holder, simply stick to a metallic part of your cab, and hang your mic' on it.
1.25GBP

<b>Right Angle Mirror Mount</b>
<i>Manufacturer : Sigma Eurocom</i>
Right Angle Mirror Mount - Very popular mount, this can be used on vertical or horizontal bars. It is made from cast aluminium, and it is very strong. Also available with a Co-Ax lead fitted.
7.99GBP

<b>Right Angle Mirror Mount Kit</b>
<i>Manufacturer : Sigma Eurocom</i>
Right Angle Mirror Mount Kit. This is the trucker's choice! We have sold thousands of these over the years, and it's easy to see why. They are made from very strong cast aluminium, and can be mounted on most horizontal or vertical bars etc.
11.99GBP

<b>Screw on Mic Holder</b>
Screw on Mic Holder. A mic' clip suitable for all types of popular CB microphones as well as amateur radio, taxi and marine radio.
Comes complete with two screws.
0.99GBP

<b>Side Mount</b>
Very neat side-mounted base with a standard 3/8 thread for the aerial. Two side bolts go through the body work and bolt on the inside, giving a better placement, good earth and heavy duty fixing.
4.99GBP

<b>Sirio So-239 base</b>
<i>Manufacturer : Sirio</i>
Sirio S0-239 Base, Original domed base with So-239 conector for Sirio aerials with a DV type thread at the bottom. Comes complete with a weather cap.
5.99GBP

<b>Slide Mount Bracket</b>
Our large Slide Mount Bracket is used for mounting your radio in your cab.
The bottom section of the mount is fixed to the vehicle, the top section is fitted to the top of your radio. On each half is a set of contacts that touch when the mount is locked together. It means that you have no fiddly connections to connect and disconnect each time you remove your rig! It simply slides together and locks into place - Ideal to remove from your cab overnight to avoid theft.
11.99GBP

<b>Stick on Mic Holder</b>
Stick-on mic holder, simply stick to your dash, and hang your mic. (Make sure the surface is cleaned with a spirit to remove all silicon and polish before you stick it.)
Two types are available, black or grey. The grey one glows in the dark. (Yes, really!)
0.99GBP

<b>Swivel Adaptor</b>
Model : AFA 180
Handy connector that fits between the aerial and the base which enables you to angle the aerial to its perfect position. You can even adjust the aerial to 90 degrees. This means if you put a mag base or similar on the back of your cab, you can still angle the aerial straight up.
4.99GBP

<b>Tristar</b>
This device simply screws in between the aerial and base, and lowers the angle of the aerial's radiation, re-directing useful power straight out sideways where you want it. For some reason, LOTS of people sell this as a ground-plane, (but it's not one!)
9.99GBP

## Truck Products -/- Chrome Stuff

A heavy-duty chromed cigar socket suitable for fitting in a dash-board or other surface.

3.99GBP

## Cigar socket to 2 crocodile clips

Instant Power! - Simply fit these crocodile clips to your battery and you have got an instant 12 or 24 Volt socket, (depending on how you wire them.) Ask us for advice if you are not sure!

2.99GBP

## Cigar TV/Video Lead

A range of TV or Video power leads that fit the majority of modern TV's etc. There are two main sizes 2.1mm and 2.5mm, Also it is VERY important that you choose the lead with the correct polarity, (there is normally a diagram on the back of your product.) Most are wired with the centre of the plug wired positive (+) but not all! If in doubt, phone us for advice.

4.99GBP

## Computer Mobile Adaptor

12 Volt Mobile computer adapters tend to cost a fortune! But this one by Vanson is affordable, not only that, but it has variable output Voltage and plug polarity, so even if you change your laptop it will still work. The input is 12 Volts (11.5 Amps max) The output is switchable between, 15, 16, 18, 19, 20, 22 and 24 Volts. (6 Amps 120 Watts max.)

Other Features include: Stabilised output, low ripple and LED status.

Two warnings!

1 - The Voltage selected, and the plug polarity MUST be set correctly for your laptop, if not, you WILL damage your computer. If you are not sure, please ask us for advice before you connect it.

2 - This product can draw up to 11.5 amps, please make sure that your truck's reducer can handle this before connecting it. (This warning does not apply to 12 Volt vehicles such as cars, motorhomes, vans etc.)

29.99GBP

## Heavy-Duty DC Connector

A very heavy-duty plug for use on heating equipment etc. Often cigar plugs will fail after a while when they are used with kettles, ovens etc. This plug will happily take the high current. We recommend that this plug is connected to a lead directly from the fuse box. This should only be done by a qualified fitter.

2.99GBP

## Hella Extension/Converter Lead

A useful 4 metre extension lead that can be used in two ways. Because it is fitted with a universal male plug, it can be used as a straight Hella male to Hella female extension, or with the red ring in place, as a Cigar plug to Hella socket converter and extension lead.

11.99GBP

## Truck Products -/- Stickers- New Domed Type

### Crossed Flags

NEW! Crossed racing flags using the latest doming technology. This is a series of flags featuring one chequered flag, and one UK region flag. Very colourful and great quality.

This is not your usual flat sticker, they are raised in the centre and taper away to nearly flat at the edge. They are smooth and slightly rubbery to touch, very nice quality indeed! They measure 250mm wide and 90mm high.

7.99GBP

### Griffin design

This large Griffin design is made in the latest high quality "domed" material. It measures approx' 360/300mm, The price shown is for a pair, one facing left and the other one facing right.

TIP - Stickers must be fitted in fairly warm conditions for the adhesive to act properly. We recommend around 15 degrees or so. The surface must be clean and free from polish.

34.99GBP

### Nut Cover Stickers

NEW! A range of the latest "Domed" nut cover stickers. These look fantastic on your wheels or anywhere else. Sold in packs of ten.

TIP: Stickers should be fitted when the temperature is at least 15 degrees for the adhesive to act properly. The surface should be clean, dry and free from polish.

6.99GBP

### Truck name lettering

Individual domed letters that make up various truck names. Very nice, high-quality product, available in three colours. Each letter is approx, 130mm wide and 80mm high.

9.99GBP

### Truck Name stickers

Colourful domed stickers in red, black or blue, and in various names, please choose from the drop down boxes. The size is approx, 180mm wide by 25mm high. Perfect for 10 inch wheel trims.

6.99GBP

## Truck Name stickers- Round

NEW! A strip of four round 60mm stickers in featuring your truck name. These are the latest high-quality "Domed" design. The sticker is slightly raised in the centre and tapers away to nearly flat at the edges - Super quality, they look great in the centre of 10 stud wheel trims and many other places on your truck.

TIP: Stickers should only be applied when the temperature is at least 15 degrees for the adhesive to act properly. The surface should be clean, dry and free from polish.

6.99GBP

## V8 Stickers

A great quality domed sticker featuring a V8 design. The sticker is available in three colours, red, blue or black. The approx size is Width 110 mm and Height 95mm.

5.99GBP

## Wheel Trim Stickers- Countries

New Designs! A range of the new, thick "Domed" 130mm stickers that look great in the centre of wheel trims, or anywhere else! The stickers are raised in the centre and taper away to nearly flat at the edges, they are very smooth and slightly rubbery to the touch -Superb quality! The price shown is for a pair.

TIP: Stickers should only be applied when the temperature is at least 15 degrees to allow the adhesive to act properly. The surface should be clean, dry and free from polish.

9.99GBP

## Wheel Trim Stickers- Truck Names

New Product! A range of the latest truck name "Domed" 130mm Stickers that will look great on your wheel trims or anywhere else! The stickers are raised in the centre and taper away to nearly flat at the edges, they are very smooth and slightly rubbery to the touch -Superb quality! The price is for a pair.

TIP: Stickers should be applied when the temperature is at least 15 degrees. The surface should be clean, dry and free from polish.

9.99GBP

## Truck Products -/- Truck Horns

### 12 or 24 Volt Twin Air Horns with Compressor

Twin Air Horns - 118db 12 Volt air horns ideal for cars, vans, motorhomes and trucks with only a 12 Volt supply. This horn is also available in a 24 Volt version.

These horns come complete with their own compressor, fittings, tubing and relay. Length 300 and 340mm approx.

42.99GBP

### 12V Siren/PA/Animal sounds

This is a fun gadget that is a complete public address system, as well as having five different siren sounds and five animal sounds- A horse, rooster, cat, dog and a cow. Loads of fun, but definitely NOT for road use.

19.99GBP

### All Ride Big Single Air Horn

Extra loud/large single air horn by All Ride. Complete with solenoid/air valve and fittings. The size is approx 600mm, the bell diameter is 150mm. Approx 120db output.

44.99GBP

### All Ride Trucker

This is a big bad truck horn with an oblong end rather than the usual rounded bell. Similar in style to a Hadley Horn. This horn comes with fittings and a built in solenoid/valve, the sizes are approx 600mm long, and the end is 195 x 105mm.

39.99GBP

### HTC Twin Air Horns

Nice twin air horns by famous manufacturer. These horns are ideal if space is tight on your truck, they measure, 290 and 345mm. A solenoid/air valve is included. They may be compact, but they are certainly not quiet, the output is 125db.

29.99GBP

### Marco Electric Horn EM1

An Electric horn by Marco, very similar in appearance to an air horn, but this model is powered directly by 12 or 24 Volts. The approx size is 470mm total length, the bell diameter is 100mm. Ideal for motorhomes, vans or pick-ups etc. Please select the Voltage required.

49.99GBP

### Marco Old Timer

This compact horn sounds just like the old "Klaxton type horns fitted to vintage vehicles. Available in 12 or 24 Volts.

29.99GBP

## Train Horns - Black metal

A very loud air horn that sounds like a two-tone CGV train horn. 125db output. Black metal finish, this truck horn comes complete with a built-in relay and solenoids.

49.99GBP

## Train Horns - Chromed Metal

Loud Train Horns with a polished chrome finish. 125db output, or to put in another way LOUD!!!!

These truck horns come complete with a built-in relay and solenoids. They sound an alternating tone, similar to a train horn.

49.99GBP

## Train Horns - Plastic

These are the bad-boys! Loudest of the bunch at 175db! They tend to demand attention! Alternating two-tone blast similar to diesel train horn sound.

54.99GBP

## Twin Car Horns

Nice'n Loud replacement 12 Volt car/van horns. Two tones, but both sound at the same time, so quite legal. Comes complete with brackets.

9.99GBP

2.99GBP

<b>Sleepgard Gas attack alarm</b>
<i>Manufacturer : Protekdor</i>
Gas attacks are becoming much more common on drivers while they are asleep, especially in lorries, caravans and motorhomes. The thieves spray ether-based starting aid products through tubes into the vehicle, when the occupant is unconscious, they help themselves. Drivers have woken up by the roadside to find they have lost their vehicle, personal items, passport and other documents. The attack can take days to recover from physically, but worse than this; some chemicals used in these sprays are known to be carcinogenic. The Sleepgard simply plugs into a 12 Volt socket and starts to monitor for gasses a few moments later. The unit is very sensitive, and when it is triggered, it warns you with a loud alarm and a flashing light. <b>OUR STOCK IS THE LATEST UPDATED VERSION.</b> Please note: Our price includes VAT.
79.99GBP

<b>Spotlight -All Ride Angel Eye</b>

## Truck Driver's Products -/- Drivers Keyrings & Torches

### English and UK Keyrings

A range of high-quality key rings featuring English and UK designs. Come on guys and girls.... show that your proud to be English and British!

2.99GBP

### Irish Keyrings

Very nice quality keyrings featuring Irish themes and flags. Great quality product and very solid and long lasting.

2.99GBP

### Maglite Gift Set

This is the famous MagLite American-made torch, as used by many police forces and armed services. This is extremely well made, and should last a lifetime. The torch requires 3 "D" size batteries, (not included,) and has a spare bulb in the screw-off battery cap. The end of the torch can be rotated to give a wide or narrow beam. Each torch has it's own serial number, and is made from machined aluminium and is water and shock resistant.

Also included is a very neat keyring torch also made by MagLite. This takes a single AAA size battery, (included,) and is ideal for keeping in your pocket.

\*\*\*\*IDEAL GIFT\*\*\*\*

29.99GBP

### Other Keyrings

1.95GBP

## Truck Driver's Security -/- Protekdor

<b>Kabgard</b>
<i>Manufacturer : Protekdor</i>
<p>Kabgard quickly, but firmly internally secures the door and window against unwanted entry. Kabgard users have negotiated INSURANCE DISCOUNTS from fitting this product as it is Thatcham Q classified. (See out Trucker's Advice FAQ section for brokers who can save you money.) Once fitted it prevents the door from being forced open, even if the main door lock is disabled. Attacks on drivers are on the increase, especially in Europe and reports of gassings are becoming more frequent. An attack can be extremely distressing and the loss of credit cards, cash, mobile phones, personal possessions and vehicle documents is inconvenient. Replacing them can be time consuming and expensive. Drivers are resorting to strapping their cab doors together, this is very dangerous as it prevents a quick escape in an emergency, (and can also damage the cab interior.) Kabgard is a highly visible and effective deterrent. Please note: Price includes VAT.</p>
275.00GBP

<b>LokGard</b>
<i>Manufacturer : Protekdor</i>
<p>You must have heard this one.... "There is good news and bad news" etc. Well this is different. This product is "Good news..... and well, a bit more good news! The first good news is that LokGard protects your vehicle from "Forced lock" attacks. The second bit of good news is that you can now obtain around 5% discounts from your insurance company if you use this product! It can pay for itself very quickly. - How good is that? LokGard fits simply and quickly over your existing locks to give you Thatcham approved security. Oh yes, also a good night's sleep. Please note: Our price includes VAT.</p> <p>Please see our "Trucker's Advice" FAQ section for contact details of insurance brokers who can save you some money.</p>
194.99GBP

<b>Sleepgard Gas attack alarm</b>
<i>Manufacturer : Protekdor</i>
<p>Gas attacks are becoming much more common on drivers while they are asleep, especially in lorries, caravans and motorhomes. The thieves spray ether-based starting aid products through tubes into the vehicle, when the occupant is unconscious, they help themselves. Drivers have woken up by the roadside to find they have lost their vehicle, personal items, passport and other documents. The attack can take days to recover from physically, but worse than this; some chemicals used in these sprays are known to be carcinogenic. The Sleepgard simply plugs into a 12 Volt socket and starts to monitor for gasses a few moments later. The unit is very sensitive, and when it is triggered, it warns you with a loud alarm and a flashing light. OUR STOCK IS THE LATEST UPDATED VERSION. Please note: Our price includes VAT.</p>
79.99GBP

## Truck Driver's Security -/- Security Products - Other

CarSafe
Model : Car Safe
This is a very strong steel box, fitted with a security lock, its ideal for trucks, motorhomes and caravans. It comes complete with mounting bolts to secure it to the vehicle. Most vehicle locks can be bypassed in less than a minute by thieves, it's a sad fact of life, but these days, if you don't lock it - you may lose it.
Dimensions: H 235mm W340mm D90mm
24.99GBP

## Reducers for Trucks -/- Invertors

### 200 Watt Inverter - 12 or 24 Volts

Model : HW-200EA

A neat little inverter that is ideal for trucks, motorhomes, cars, caravans and camping. Converts 12 OR 24 Volts DC to 240 Volts AC "Mains" Voltage.

200 Watts output, (Peak 400 Watts,) suitable for TV's Consoles, laptops, lighting, chargers and other low-power consumption products.

High/Low battery warning/protection, Overload protection, Short circuit protection, Overvoltage protection, Overheat protection.

If you use this product in a truck, you need to run it from 24 Volts.

59.99GBP

### 300 Watt Inverter- 24 Volt

Manufacturer : Euro CB

This 300 Watt inverter is our most popular model.

It converts the truck's 24 Volt supply to "Mains" 240 Volts so that you can use a domestic TV, Video, laptop or games console etc while you are away from home.

Simply plug the supplied cigar socket into your 24 volt supply and then Plug in your 3 pin mains plug into the inverter. The models that we sell are fully protected, and will even sound an alarm, and eventually switch off, if the battery voltage gets too low.

Always ask advice from our staff to make sure your inverter is powerful enough to do the job you want it for.

A tip from our workshop:

We do not recommend ANY inverter or dropper for powering heating products such as ovens, microwaves, kettles etc.

59.99GBP

### 500/600 Watt Inverter-24 Volts

Manufacturer : Euro CB

This is the big brother to the 300 Watt Inverter. This is ideal for running larger mains products from your truck's 24 Volt supply.

Big capacity Inverter that is ideal for mains-only portable colour TV's, TV/Video combi's, or TV/DVD combi's. Will also run virtually any mains device, (except heating products.)

Because this inverter draws quite a high current, we do not recommend that it is connected through a cigar-lighter socket.

99.99GBP

## Reducers for Trucks -/- Voltage Reducers

<b>10 Amp Euro-CB reducer</b>
<i>Manufacturer : Euro CB</i>
10Amp reducer to convert from 24 volt to 12 volt. This reducer has been our best-seller for many years. It has over-Voltage and reverse-polarity protection and is very easy to install - 2 wires in, and 2 wires out.
24.99GBP

<b>13 Amp Euro-CB Dropper</b>
<i>Manufacturer : Euro CB</i>
Very nice reducer made by Euro-CB in France.
39.99GBP

<b>18 Amp Euro-CB Dropper</b>
<i>Manufacturer : Euro CB</i>
This is the "Big-boy" Euro CB dropper, very high quality, and with over-Voltage and reverse polarity protection. You can have a combination of many 12 Volt accessories running at the same time from this reducer, but as with any dropper, it's best to avoid any devices that create heat.
49.99GBP

<b>4 Amp Plug-in Dropper</b>
<i>Manufacturer : Euro CB</i>
Great value for money! This is a 4 Amp, 24 to 12 Volt reducer that simply plugs into your truck's cigar socket.
This dropper is ideal for phone chargers and similar items, but it is not recommended for CB's and other devices with a seperate earth connection.
12.99GBP

<b>5 Amp Zetagi R5 Amp Dropper</b>
<i>Manufacturer : Zetagi</i>
The Zetagi R5 is a very simple and popular reducer. It has 4 screw terminals where you can attach wires to whatever you like! Most of our shop customers ask us to put a cigar-plug lead on the input, and a cigar-socket lead (female) on the output.
14.99GBP

<b>6 Amp Euro-CB Reducer</b>
<i>Manufacturer : Euro CB</i>
Quality Euro CB 6 amp Reducer to convert 24 volts to 12 volts. As with all the range, this is fully protected and is the perfect size to run a CB or radio/cassette etc.
19.99GBP

## 8 Amp Plug in Dropper

Very handy plug-in 24 to 12 Volt reducer. Great for coolboxes, built in overload protection system including fan.

### Workshop Tip:

Not suitable for CB's and other devices with a separate earth return. eg, an aerial with an earth to the vehicle.

24.99GBP

## Computer Mobile Adaptor

12 Volt Mobile computer adapters tend to cost a fortune! But this one by Vanson is affordable, not only that, but it has variable output Voltage and plug polarity, so even if you change your laptop it will still work. The input is 12 Volts (11.5 Amps max) The output is switchable between, 15, 16, 18, 19, 20, 22 and 24 Volts. (6 Amps 120 Watts max.)

Other Features include: Stabilised output, low ripple and LED status.

### Two warnings!

1 - The Voltage selected, and the plug polarity MUST be set correctly for your laptop, if not, you WILL damage your computer. If you are not sure, please ask us for advice before you connect it.

2 - This product can draw up to 11.5 amps, please make sure that your truck's reducer can handle this before connecting it. (This warning does not apply to 12 Volt vehicles such as cars, motorhomes, vans etc.)

29.99GBP

## TVs and DVDs for Trucks -/- DVD, Video Players and Freeview

### Bush Freeview Adaptor

Model : Bush Idaptor

This is a really neat digital/FreeView convertor from Bush, (it's a bit bigger than a box of cig's.) It simply plugs into your TV's scart socket and a 12 Volt supply and that's it! It is supplied with a remote control and a scart extension lead, (in case space is tight behind your TV.)

Features include:

Converts any TV with a Scart socket to Digital/FreeView.

Receives all Freeview channels including Men & Motors.

On-Screen 7 day programme guide.

Easy to use auto-setup.

Remote control with movable receive sensor.

MHEG5 interactivity, digital text and DVB standards compliant.

Supplied with scart extension lead in case space is tight behind the TV.

~~54.00GBP~~ **49.99GBP**

12 Volt DVD Player by Manhattan. It comes complete with a mains adapter, and remote control. Compatible with DVD, VCD, DVD-R, SVCD, CD, MP3, CD-R and CD-RW

99.99GBP

## TVs and DVDs for Trucks -/- LCD TV'S

### Miyota 8 Inch LCD TV- 12 & 24 VOLTS

Model : Miyota

This Miyota TV is perfect for UK and European use in your vehicle, caravan or house. It has an incredibly sharp picture on its 8 inch screen, and can be used from 12 Volts, 24 Volts or mains 240 Volts - It even comes with a case that holds standard alkaline batteries, (not included,) so that you can use it while camping etc. It is also a very reliable TV, and is light enough to easily take with you, it weighs around 738g.

It has a many accessories with it including: Storage case, remote control, aerial adaptor lead, audio input adaptor lead, 12/24 Volt vehicle adaptor, earphones and a mains power supply. The supplied stand comes with a large sticky pad for mounting, it also has holes so that it can be screwed to a vertical or horizontal surface.

As with all portable TV's we recommend that you use an amplified aerial if you are using it in a vehicle, we sell several different models for around £15.

The Myota receives all popular PAL UHF TV standards including, DK, I, and BG as well as VHF. I can also be used as a monitor with resolutions of 720 x 400 and 640 x 480. The dimensions are W 214mm H 216mm and D 32mm.

## TVs and DVDs for Trucks -/- TV Antenna's

### Magic Circle

Great TV aerial. Ideal for in-cab use. Works as a standard aerial when switched off, or amplified when turned on, works well just on the dashboard! Runs on 4 x AA batteries, (supplied,) which last about 400 hours. Really good reception, even works in bedrooms etc.

13.99GBP

### Magic Square

The magic square is a slight variation on the magic Circle, it's performance and cost are similar, but this model can also be powered from a 12 Volt Feed.

14.99GBP

### Magic Wand

A very good aerial for its size. This antenna has a built-in amplifier for low-signal areas, and is small enough to sit on the dash-board. This antenna can also take a 12 Volt feed.

9.99GBP

### Omnimax TV aerial

This is a superb external TV aerial, it works great on the roof of a Truck, Caravan or Motorhome. The Omnimax comes complete with a separate amplifier that can be adjusted to give the best signal, this works on either 12 or 24 Volts. Various mounts are available, please phone for details.

74.99GBP

### Super Power TV Aerial

Mains and 12 Volt operation. Good performance, Ideal if you use the aerial at home as well as in your vehicle.

19.99GBP

## Truck Cellular Products -/- Handsfree Products

### Logitech Mobile Freedom

This is a fantastic Bluetooth cellular headset from Logitech. It is without doubt the best noise-cancelling headset that you can buy. It has even been tested in convertible cars with the roof down! This is ideal for trucks, and other vehicles that can have high noise levels.

Many cellular products are uncomfortable, but the Logitech has a very comfortable rubber ear-piece. It comes complete with a mains charger. This product also has the latest Bluetooth version 1.2 specification.

Other features include: 7 hours talk-time, 300 hours standby, weighs less than 30g, range up to 10 metres and 2 year guarantee.

49.99GBP

### Logitech PRO Headset

This is the MOST comfortable Bluetooth cellular headset we have ever tried - Nothing comes close. It is made by the world-leading Logitech company, and comes complete with a handy case that doubles up as its charge station. With its long boom mic, this unit cuts out unwanted background noise, making it ideal for use in trucks etc.

Features include: 8 hours talk time, 300 hours standby time, latest Bluetooth version 1.2, rechargeable battery and mains charger included, weighs less than 30g, range 10 metres AND a 2 year guarantee!

The Truckers choice!
