A smörgåsbord of media solutions that make life easier!

Welcome to a new edition of IKEA Smörgåsbord. But before we go any further, what is a smörgåsbord? Good question! A smörgåsbord is a traditional Swedish way of eating. We simply cook up the nicest dishes we know and serve them all together! And the good part is that you only have to choose the dishes that you like best.

This brochure works in the same way. We've put a wide range of clever and affordable media solutions all on a plate for you. You're more than welcome to enjoy them all – but since this is a smörgåsbord – it's okay to go for your favourites, and leave the rest. See you in the store!

BILLY: the family photograph

You probably recognise the BILLY bookcases in this picture. But what about the fellow on the right? Well, that's BILLY's father. Gillis Lundgren designed BILLY in 1979. And ever since then, his baby has been growing up nicely, and making us proud. This year, BILLY turns 30, so we say three cheers for both BILLY and Gillis!
