## Our view of comfort hinges on durability

Because your sofa should be a place where you really relax. You know... so comfortable that you just want to sink into it the moment you walk in the door.

And because we believe that you and your sofa should happily grow old together, we perform endurance tests that simulate the wear and tear of everyday life.

It means that your sofa's frame can take the weight of the many other people in your life... that the armrests can double up as seats... and the cushions will stay cushion shaped. We've also thought about those little spills and stains that happen over time, so most of our sofas have removable and cleanable covers. And once they've been cleaned, their lovely colours won't fade. Some sofas, like EKTORP, come with a **free 10-year guarantee**, and others, like IKEA STOCKHOLM, have a **free 25-year guarantee** – giving you one less thing to worry about in your busy life.

So once you've found your favourite, come to the store and try out the sofa you're going to sit back and enjoy for many years to come.

## A sofa planned for you, them, and the chocolate fingers

Supervising your seating can easily turn into a full-time job when there are little ones around. House rules like no jumping, no bouncing, no eating on the sofa can be hard to enforce. With EKTORP there's no need. Thanks to its strong, sturdy frame and highly resilient seat cushions, it keeps its shape beautifully and stays comfy for years. And since you can pull off the covers and pop them in the washer, keeping your seating nice and clean really is child's play.

**1.** The seat cushions are made with highly resilient polyurethane foam, a material that maintains its shape and stays comfy for years. For extra comfort they also come with a layer of soft feathers. A tip on keeping EKTORP seat cushions in great condition? Just fluff them up a couple of times a year.  
**2.** Super strong, yet very comfy, these padded armrests make the perfect extra seat.  
**3.** Zippers make the covers extra easy to remove and put back on. And thanks to details like piping on the covers, EKTORP always has a tailored look and shape, including after being washed.

Patterns, stripes, solids, 2-seaters or 3-seaters, armchairs, chaise longues... you decide. ## KARLSTAD Made for staying put

KARLSTAD 3-seat sofa

£289

Just a tip: if you want to get things done, it's best to do them before you take a seat on KARLSTAD. Why? Because once you've sat down, you won't want to get going again. Each part has been designed to make your life a little more comfortable. The back cushions are extra soft to sink into, while the highly resilient foam seat cushions support your body nicely. And the armrests have padding on the inside (great for leaning into) and on top – so you'll always have a comfy place to perch.

KARLSTAD sofas have a  
**free 10-year guarantee.**

## General conditions for Everyday Quality guarantees

### What is guaranteed?

The extent of the guarantee given for each product is described alongside each product below.

### Duration of guarantee

Each guarantee lasts for the number of years stated against each product below, starting from the date of purchase.

### What will IKEA do to correct the problem?

IKEA will examine the product and decide, in its sole discretion, if it's covered under the relevant guarantee. If IKEA decides that a product is covered by the guarantee, IKEA will then, at its choice, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the costs of repairs, spare parts, labour and travel for repair staff that IKEA incurs, provided that the product is accessible for repair without IKEA incurring any additional expenditure to gain access. This will not apply in cases where repair work has not been authorized by IKEA. IKEA and the IKEA repair staff will not be liable or responsible for any damage caused to products or property caused when trying to gain access to the product(s) in the course of repair. IKEA repair staff will not take unreasonable risks in attempting to access the product(s) in question. Any defected parts removed in the course of repair works will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.
