## A home for all your clothes and accessories

We know how hard it can be to keep track of your clothes. And how frustrating it can be when you're pressed for time and the garment or accessory you want has decided to play hide-and-seek. But imagine a world where everything has its designated place. Where the time you have to get dressed can be used for choosing instead of searching. Impossible? Not at all. A great wardrobe is all you need (OK, and a little self-discipline). In this brochure, you'll find our three wardrobe systems: PAX with its KOMPLEMENT series of interior fittings, the unique open storage of STOLMEN and finally ELGÅ. Choose the one that suits you and give those wayward clothes a home once and for all.

## Outlives any trend

We can't guarantee that your clothes will stand the test of time, but we can guarantee that your wardrobe will. We put PAX and KOMPLEMENT through heavy testing before they enter our stores. Sliding doors are opened and closed 20000 times and drawers and hinged doors a full 30000 times. We also put weights on the shelves and test for sagging. So you can be sure your investment will see you through at least 10 years of fashion phases.

Most wardrobes can handle a sweater or two. But what about one that can take care of your heaviest cardigans while keeping track of your sunglasses? A PAX wardrobe swallows everything you need for dressing, and KOMPLEMENT interiors give it all a place.

Busy households have a lot of gear to handle. And dealing with all those mittens, gym shoes, shoulder bags and coats in a small space can be tricky. No wonder it's hard to find your keys. A PAX wardrobe takes care of the clutter so it's easy to grab what you need and get out the door. Giving each family member their own section cuts the risk of morning traffic jams.

## PAX wardrobe sliding doors

**PAX LYNGDAL wardrobe with sliding doors**

**\$1050**

Sliding doors provide an easy overview of your clothes and give a calm, streamlined look to any room. Sliding doors don't require much extra space in front of the wardrobe, so they're perfect for narrow areas. Try sliding doors in a hallway, narrow walk-in closet or for creating a dressing area near the bed.

## Taking care of the finishing touches

Even if things like trousers and shirts make up the bulk of your wardrobe, it's the little things that can really make an outfit. Trouble is, little stuff has a tendency to get misplaced, and we don't always have time to search for that perfect scarf. With KOMPLEMENT, all accessories – from cufflinks to heels – have a home, so you know exactly where they are and never need to forgo the finishing touch.
