RATIONELL drawer divider basic unit

\$15

It's more than a kitchen.

It's more than a kitchen. It's the cake the four of you made together. The one that started off as a delicious batter that you couldn't help but lick off the spoon. The cake that turned your kitchen into a sugar and flour-covered disaster zone. The one that was so I-can't-believe-we-made-this-ourselves good that it never made it past the kitchen counter and into the dining room.

It's more than a kitchen. It's the life you live there.

We work hard to design kitchens, appliances and all the little details that make life a little easier. The self-cleaning oven with the childproof lock. Fully-extendable drawers and adjustable dividers that make everything simple to find. And the tall tub dishwasher that makes space for even the most awkwardly shaped mixing bowls and baking pans. Things like that really make us smile. We'll even come to your home to measure your room, deliver your kitchen and install it for you if you need a helping hand.

So instead of thinking about your kitchen, you can think about how much you love *being* in your kitchen.

FAKTUM has a 25-year guarantee. Find out more on p.66.

◀ **Add air and save water everyday.** Most of our taps are equipped with a water-saving function, meaning they automatically reduce your water consumption by more than 30% – while keeping the same water flow as you're used to. All this just by introducing air into the water stream. So, much less water, reduced energy bills and a big thank you from the environment.

▼ **The green side of rubbish.** Our mission is to make waste-sorting and recycling as easy as possible. With RATIONELL series, you can organise and recycle your household waste – from glass bottles and newspapers to food scraps and batteries – with a complete set of practical waste sorting bins. And they're easy to clean too.

RATIONELL waste sorting bin
\$11.95

An oven placed in a high cabinet makes cooking so much easier. You can easily place and remove trays, as well as transfer hot dishes to your worktop with one smooth movement.

new

Cabinets, drawers and shelves

To ensure they're really durable, we put the weight of enough dinner plates to feed your child's football team on an 80cm wide shelf and keep it there for a week.

Sinks If it's one thing a sink has to put up with, it's water. Stainless sinks are dipped into salt water to make sure there's no corrosion. And ceramic sinks are tested so they don't crack when you pour hot pasta water into them.

Kitchen fronts Breakfast, lunch and dinner. You open your cabinets many times each day. We hang 2kg on a door and then open and close it 200,000 times to ensure it stands years and years of everyday use.

FAKTUM kitchen with new RAMSJÖ white doors, drawer fronts and glass doors \$7015 RAMSJÖ doors/drawer fronts in stained, clear lacquered solid birch/birch veneer and glass doors in tempered glass. Styled with SVEP powder coated zinc handles/knobs and PERSONLIG custom made black stone worktop.
BOHOLMEN 1 1/2 bowl insert sink with drainer \$139 Reversible; can be used with the drainer to the right or left. Fits cabinet frames min. 60 cm wide. Stainless steel Designer: Mikael Warnhammar. L90xD50, H18cm.
ELVERDAM single-lever kitchen mixer tap pull-out \$329 Function to reduce water flow without affecting the pressure; saves water and energy. Nickel-plated brass. H40cm. Stainless steel colour.

Worktops Your worktop must stand hot plates and splashes of tomato sauce, so we drench it in water, oil and coffee and then we impact-test the top and edges to make sure they're durable.

Taps You use the tap a lot – dishing, pouring and rinsing. We test durability by turning it on and off 210,000 times. Then we switch from hot to cold another 140,000 times and make sure that there are no leaks.

Find out more about our free guarantees on page 66.

**Your dream kitchen.
It starts with an empty space
and endless possibilities.**

**Need an extra hand?
We can help plan your kitchen.**

Plan your work zones

By planning your kitchen into three distinct zones, you'll create a more natural, ergonomic workflow. It's what we call "the work triangle."

Cooking zone It's a good idea to consider both safety and ease when planning your cooking zone. When you place it near the sink, you'll avoid crossing the kitchen with hot pots and pans. And surrounding the cooking area with plenty of counter space will help keep things flowing smoothly.

Washing zone Since the sink is often used during food preparation, it makes sense to place it in between the fridge and the cooking area. It will make rinsing veggies and draining pasta that much easier. And with cabinets nearby for your dinnerware and cutlery, putting the dishes away is a little more convenient.

Storage zone Good food storage can make all the difference in a kitchen. Keep in mind that storage includes both a place for dry goods and the refrigerator, and that it's always helpful to have a bit of counter space next to them for packing away groceries.

Common layouts

Straight-line kitchen
No triangle here. That's because the workflow is in a straight line. This layout is best for small and medium-sized homes with a narrow kitchen.

Straight line with island
Ideal for a larger kitchen, where more than one person is doing the cooking. This layout includes an island, which is great for extra work space, storage and socialising.

L-shaped kitchen
One of the most common layouts, the L-shaped kitchen is ideal when you want to add a small dining table or a kitchen island.

U-shaped kitchen
If you have a large room, the U-shaped layout is ideal. It gives you maximum space and plenty of storage options, ensuring that everything is within easy reach.

Parallel kitchen
Geared towards food preparation, this layout gives you two good work and storage areas on opposite sides. Conveniently, it doesn't require a lot of space.

Measure your space

1. First, start by measuring from floor to ceiling, from wall to wall, and from the corners to the doors.
2. Next, measure the size of your windows and doors, and the distance of each to the floor, ceiling and corners. Don't forget to mark the amount of space that doors and windows need to open.
3. Lastly, mark the placement of all existing electrical outlets, switches, gas connections, water pipes and radiators.

Start planning today

Plan your kitchen with our free online 3-D Kitchen Planner at www.IKEA.com.au/aa/kitchenplanner

**Need an extra hand?
We can help plan your kitchen.**

Helpful hints

1. Clean dishes, clean conscience It might sound unlikely, but a fully-filled dishwasher actually uses less water than washing and rinsing by hand. It's good for your monthly bill and the environment alike.

2. An ideal workspace The best place to prepare your meals is right between the cooking unit and the sink. This surface also gives you a bit of space for unloading hot dishes straight from the oven.

3. Easy to find, easy to reach Get more out of your kitchen storage with fully extendable drawers that you can reach from both sides.

4. Use the unexpected Using spaces that often go to waste maximizes your kitchen. Try adding plinth drawers below base cabinets and cabinets in the corners of the room.

5. Find it fast Make it easier to find exactly what you're looking for by hanging and angling spotlights above your cabinets.

6. Customised drawers No more jumbled messes. Adjustable drawer dividers can help keep those smaller odds and ends nice and neat. They're adaptable to create storage that works for your kitchen.

7. Make the most of drawers Keeping pantry items grouped in plastic boxes makes it easier to organise your drawers and take several ingredients to and from the cooking area.

Want some extra help?

At IKEA you keep the prices low by doing some of the work yourself. But if you want some extra help, you can get it at a reasonable cost. Here's a selection of our services.

Measuring

You do it

A crucial part of the kitchen buying process, measuring not only allows you to check that your chosen kitchen will fit and see what changes need to be made, it ensures the success of your installation. See previous page for step-by-step instructions.

We do it

If you're not confident about measuring up for such a large project and want to reduce any potential problems later on, it can be done for you. Besides measuring, our fully qualified kitchen planners can prepare a kitchen plan and design to best suit your needs. Alternatively, you can start planning now using the IKEA Kitchen Planner.

Assembly and installation

You do it

IKEA Kitchens are specifically designed to be easily assembled and installed. But so that you aren't left scratching your head we've produced a self-installation booklet, available in store and online, to guide you along the way.

We do it

Our assembly and installation service is an à la carte arrangement, simply meaning you order the service you need, which can include:

- Demolition and removal of your old kitchen
- Cabinet assembly and basic installation
- Worktop cutting and installation (including custom-made worktops)
- Placement of sink, taps and appliances
- Plus carpentry and customised services as required

Prices for assembly and basic installation services can be viewed online at www.IKEA.com.au/aa/kitchenservices or enquire at your local IKEA store.

Home delivery

All IKEA kitchens are flat-packed for easy transport so your own vehicle may be adequate. If you do need help getting your IKEA kitchen home, prompt delivery at reasonable rates is easy to arrange.

At IKEA, delivery is never included in the price of your furniture but is available if you need it from a professional home delivery company at reasonable rates.

Visit the delivery desk in-store for details.

Picking up and home delivery

We can help you pick up the products and get everything home to your door at reasonable prices. Ask in the store for details.

Payment options

At IKEA you can pay the way that best suits you. We accept cash, EFTPOS, Visa, MasterCard, Personal cheques (with proper ID), a finance option and of course IKEA Gift Cards. For more information regarding our Finance Option, please see your local IKEA store.

Sorry, we do not accept American Express or Diners Card.

From dream to reality. With our help or on your own.

IKEA kitchens are designed for you to easily assemble and install. But if you'd like a bit of help, we're ready to lend a hand. We can measure your room, deliver your kitchen, and even assemble and install it for you. Learn more about these services on page 25.

Kitchen door fronts

Think of door fronts as the face of your kitchen. They have a big impact on the overall feel of a room, so choose one that fits your style and budget the best. From there you can even compliment the look with optional glass or accent doors.

FAKTUM has a 25-year guarantee. Find out more on p.66.

Custom-made worktops

One way to create an individual kitchen style is to design a PERSONLIG custom-made worktop. Choose from either engineered stone, acrylic or laminate worktops tailored to your space. All materials are easy to clean and have excellent resistance to stain and moisture. There are also a variety of colours, patterned finishes and edge profiles. For more information on options, guarantees, prices and installation services, speak to one of our kitchen specialists at your IKEA store.

Custom-made stone worktops

PERSONLIG custom-made engineered stone worktops come with a 10 year limited warranty. The material is non-porous, has high impact strength, resistant to stains, scratches, mould, mildew and does not require resealing.

Material: 95% quartz, 5% resin and pigments.
Available in two thicknesses: 20mm or 40mm.
Front edge: ARIS or Pencil Round edge.
Maximum length: 3000mm before a joint is required.
Maximum depth: 1225mm.
Maximum overhang: 200mm if unsupported.

20mm thick

40mm thick

* Price on application. Also available in other colours. For full details, visit your IKEA store.

Custom-made acrylic worktops

PERSONLIG custom-made acrylic worktops come with a 15 year limited warranty. The worktop surface is durable, easy to clean and has excellent stain and bacteria resistance. Supported with colour-matched adhesives, a virtually seamless join can be produced.

Material: polyester and acrylic resin.
Worktop thickness: 38mm.
Front edge: ARIS or Pencil Round edge.
Maximum length: 3000mm before a joint is required.
Maximum depth: 1225mm.

38mm thick

* Price on application. Also available in other colours. For full details, visit your IKEA store.

Custom-made laminate worktops

PERSONLIG custom-made laminate worktops from Formica® come with a 7-year limited warranty. All feature Formica® High Pressure Laminate surface, moisture resistant particle board substrate and Aquaban underside for increased moisture resistance.

Choice of edge profiles

10 Post formed edge on both edges – for a traditional look.

10 Post formed upper edge – for a classic look.

Benchtop thickness: 38mm
Maximum length: 3600mm
Maximum depth: 1225mm

*Price on application. Also available in other colours. For full details, visit your IKEA store.

Appliances

When we developed our appliances we thought about your everyday life in the kitchen and how we can make it easier.

When you're buying a kitchen, first consider what type of cook you are – an ambitious amateur or a pasta pro – and how often you cook. Then it will be easier to decide which chef-friendly functions match your cooking needs – from quick heat microwave ovens and ovens with pizza functions to gas and glass ceramic hobs.

Our built-in appliances are also designed to match and fit IKEA kitchens to make the look just as smooth as the function. And they're durable too, which is why we include a 2-year guarantee in the low price. That way you can enjoy your kitchen every day, for years to come.

All IKEA appliances have a 2-year guarantee. Find out more on page 66.

LEFT PAGE:

FAKTUM kitchen with ABSTRAKT red high-gloss doors/drawer fronts \$4780 ABSTRAKT doors/drawer fronts in foil finish. Styled with VINNA stainless steel handles and NUMERÄR aluminium effect grey laminate worktop.

Conditions for our guarantees

What is guaranteed?

The extent of the guarantee given for each product is described alongside each product below.

Duration of guarantee

Each guarantee lasts for the number of years stated against each product below, starting from the date of purchase.

What will IKEA do to correct the problem?

IKEA will examine the product and decide if it's covered under this guarantee. IKEA will then, at its choice, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the costs of repairs, spare parts, labour and travel for repair staff that IKEA incurs, provided that the product is accessible for repair without IKEA incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorised by IKEA. Any defected parts removed in the course of repair works will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.

Conditions for the guarantees

The guarantees are valid from the date of purchase at IKEA. The original purchase receipt is required as proof of purchase.

Exclusions

The guarantees do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products. The guarantees do not cover atypical wear and tear, cuts or scratches, or damage caused by impacts or accidents. The guarantees do not apply if products have been placed outdoors or in a humid environment or if the products have been used for non-domestic purposes (unless otherwise stated). The guarantees do not cover consequential or incidental damages. The guarantees are to the benefit of the original purchaser of the product. They are not transferable. For details see the guarantee conditions and description for every product.

Care instructions

To be able to rely on this guarantee you need to follow the specific care instructions for every product. You will find all care instructions in the IKEA stores and at www.IKEA.com.au

General legal rights:

This guarantee gives you specific legal rights. This guarantee does not, in any way, affect the rights given to you by law.

How to reach us if you need service:

Contact your local IKEA store. You will find the address and phone number below or at www.IKEA.com.au. Save your sales receipt as proof of purchase.

Proof of purchase is required for the guarantees to be valid.

Find out more at www.IKEA.com.au

FAKTUM/RATIONELL 25 YEARS GUARANTEE

What is covered under this guarantee?

This guarantee covers defects in material and workmanship in the following kitchens. This guarantee applies to domestic kitchen use only.

FAKTUM kitchen system

What products are covered under this guarantee?

This guarantee covers all of the following parts of the FAKTUM kitchen system:

- Cabinet frames • Fronts • INTEGRAL hinges • RATIONELL fully-extending drawers
- RATIONELL shelves of tempered glass and melamine • RATIONELL wire baskets
- Plinths • Legs • Cover panels • Deco strips/mouldings • PERFEKT shelf and wine shelf
- RATIONELL bottom trays for base cabinet • RATIONELL drawers under oven
- RATIONELL floor-level drawers • RATIONELL dish drainers for wall cabinet

Products not covered under this guarantee

Knobs, handles, sinks, mixer taps and worktops.

Freestanding kitchens

What products are covered under this guarantee?

This guarantee covers defects in material and workmanship on all the parts in the VÄRDE freestanding kitchen series.

Products not covered under this guarantee

VÄRDE knobs and handles, shelves and wall shelves in solid wood are not covered by this guarantee.

LAGAN kitchen system

LAGAN is not covered by this guarantee.

SPECIAL INFORMATION:

Brochure prices are valid in SA & WA only until 14 August 2011. While great care has been taken to ensure the accuracy of all prices, IKEA reserves the right to correct errors or misprints and adjust prices for circumstances beyond our control.

WHERE ARE WE LOCATED?

KITCHEN SINKS AND MIXER TAPS 10 YEARS GUARANTEE

What is covered under this guarantee?

The 10-year guarantee is valid for all kitchen sinks and mixer taps at IKEA. This guarantee covers defects in material and workmanship. This guarantee applies to domestic use only.

What is not covered under this guarantee?

LAGAN kitchen sink and mixer tap. This guarantee does not apply if the products have been used in a corrosive environment.

APPLIANCES 2 YEARS GUARANTEE

What is covered under this guarantee?

The guarantee covers domestic appliances used in domestic application that includes both parts and labour to correct defects in materials or workmanship from the date of purchase.

How long is the guarantee valid?

This guarantee is valid for two (2) years from the original date of purchase of the IKEA appliance from IKEA. If service work is carried out under guarantee, this will not extend the guarantee period for the appliance, or for the new parts.

Which appliances are covered under this guarantee?

The two-year (2) guarantee is valid for all IKEA appliances.

Who will execute the service?

The IKEA service provider will provide the service through its own service operations or authorised service partner network.

What is not covered under this guarantee?

This guarantee does not cover the cost of:

- Correcting the installation of your appliance, instruction on the use of your appliance, connection/disconnection of house fuses or correct wiring or plumbing
- Damaged appliance(s) caused by accident, misuse, fire, water damage or rust caused by abrasion, scratching or other physical damage. Note - internal or external cabinet transport damage must be reported within 7 days of delivery date.
- Service where, travel time, freight or transport of goods requiring service from areas outside of those, which are serviced by Whirlpool or its appointed service partners.
- Damage/repairs, resulting from repair work carried out by other than Authorised Whirlpool Services person or from the use of other than genuine Whirlpool Spare Parts or from the use of the appliance in a manner other than the use for which it was specifically designed.
- Damage caused by vermin, insects or pets.
- Failure to maintain the product as per the Use and Care Guide or Instruction Manual.
- Food loss or spoilage as a result of power or product failure.
- Internal or external damage as a result of excessive use of cleaning products or cleaning agents.
- Damage caused by power outages, electrical power surge or improper supply voltage via connection to Supply Authority mains or alternative supply systems.
- Damage or blockages caused by foreign objects e.g.: coins, underwires, nails, buttons or jewellery.
- Any consequential loss due to appliance failure.
- Light bulbs, removable wire, glass and plastic trays and other accessories.
- Repairs to parts or systems caused by unauthorised modifications made to appliance.
- Problems caused by incorrect or inadequate venting of the appliance

FAVORIT

Valid for all pots & pans without non stick coating (incl cast iron pots & pans)

FAVORIT

Valid for all pots & pans with non-stick coating

What is covered under this guarantee?

This guarantee covers function, materials and workmanship in all cookware in the above listed series. The guarantee covers: • Stability of the base. • Washing in a domestic dishwasher (with the exception of non-stick coated items or items made of cast iron which we recommend should be washed by hand). • Non-stick properties on non-stick "pans".

What is not covered under this guarantee?

This guarantee does not cover changes in the appearance of the cookware unless they have a significant effect on function.

You're passionate about cooking; we're passionate about cookware.

All pots and pans in the IKEA 365+ cookware series have either a 15-year or 5-year guarantee. Find out more about our guarantees in your IKEA store or on www.IKEA.com.au
