If the release isn't stopped, all life on Earth will soon disappear.

Suspected of committing the sabotage and far from home, Cavendish's beautiful and brainy security chief Victoria Clark, along with methane expert Dr. Sam Briscoe and the US government, must find a way to seal the break in the ocean floor and nullify the methane that is already poisoning the planet.

Haunting Museums

JOHN SCHUSTER

The spectacularly successful movie *A Night at the Museum* was a fantastic look at the off-hours wonders of the American Museum of Natural History. With a sequel scheduled for May 2009, it is obvious that there will be a great deal of interest in museums and what goes on behind the scenes. Some of the real stories are even more fantastic than anything a screenwriter could dream up. *Haunting Museums* covers these overlooked bits of history, including curses, mistaken dinosaurs, conspiracy plots of the Founding Fathers, spectral evidence of the afterlife, and other unsettling matters:

The Carnegie Sauropods, or Bring Me the Head of *Apatosaurus Louisae*—the story of a dinosaur on display for close to half a century with the wrong head.

What's on that Broad Stripe with Those Bright Stars?—the quizzical mark on the flag that is known as the Star Spangled Banner.

The 1897 Living Eskimo Exhibit—in which living people were put on display and turned over to the taxidermist for “preservation” after they died.

Man-eaters at the Museum: The Lions that Stopped a Railroad—the story of the maneless lions made legendary by the movie *The Ghost in the Darkness*.

So Where is Amelia Earhart?—the exhibit at the Smithsonian Air and Space Museum of the most famous missing aviatrix of all time.

“John Schuster’s collection of weird, wonderful, and true stories from museums all over the world is a must-read for anyone who (like me) is enraptured by the fascinating byways of history.”

—MICHAEL DOBSON, COAUTHOR OF *MACARTHUR’S WAR*—
FORMER STAFF MEMBER, SMITHSONIAN INSTITUTION’S
NATIONAL AIR AND SPACE MUSEUM

“Every museum worth visiting is measured by its collections, because each of those specimens, objects, and artifacts has stories to tell. The best stories instruct, inform, and inspire us, and *Haunting Museums* brings together two dozen of the more remarkable ones. They show wonder and mystery running amuck in ‘the place of Muses.’”

—B. D. PATTERSON, MACARTHUR CURATOR OF MAMMALS, DEPARTMENT
OF ZOOLOGY, FIELD MUSEUM OF NATURAL HISTORY

Cold Choices

LARRY BOND

New York Times bestselling author Larry Bond tells the thrilling story of a US submarine crew faced with an impossible decision

Following the events Jerry Mitchell encountered in *Dangerous Ground*, the former Naval pilot has risen to captain of his own sub. Now on a mission deep in the Barents Sea, north of Russia, Mitchell ventures into Russian waters to conduct seafloor reconnaissance. Mitchell and his crew are so immersed in their work, so confident of their success, that they don't notice they have been spotted until it's too late. A Russian submarine is directly above them, determined to halt the operation. The Russians attack aggressively, led by the energetic but inexperienced Captain First Rank Alexi Petrov.

The two subs collide, but Petrov's missteps leave the Russian boat crippled and stuck at the bottom of the ocean. If Mitchell and his crew don't work quickly, the Russians will die from the bitter Arctic cold and carbon dioxide poisoning.

Mitchell finds himself facing the most difficult decision of his life: Should he try to save the lives of his enemies?

"Nobody alive knows more about submarines and submarine tactics than Larry Bond, the inventor of *Typhoon*. In addition, he's one hell of a writer, which he proves once again in *Cold Choices*."

—STEPHEN COONTS, *NEW YORK TIMES* BESTSELLING AUTHOR OF *THE ASSASSIN*

"Larry Bond's new submarine thriller, *Cold Choices*, sends *The Hunt for Red October*, *Das Boot*, and *Run Silent, Run Deep* straight to the bottom of the sea! A nuclear fireball of a thriller!"

—DOUGLAS PRESTON, *NEW YORK TIMES* BESTSELLING AUTHOR OF *BLASPHEMY*

"Forget everything you've ever heard about submarine novels! The sub battles in *Cold Choices* will have you biting your nails, shaking in your shoes, and gasping for breath. The King of the Twenty-first Century Sub Thrillers is back."

—DAVID HAGBERG, *USA TODAY* BESTSELLING AUTHOR OF *DANCE WITH THE DRAGON*

People Who Walk in Darkness

STUART M. KAMINSKY

Inspector Rostnikov returns! "The Ed McBain of Mother Russia!" (Kirkus Reviews)

After a very long absence, Forge is delighted to be bringing back one of Edgar Award-winning Stuart Kaminsky's best-loved characters, Inspector Porfiry Petrovich Rostnikov. Known as "The Washtub," Rostnikov is one of the most engaging and relevant characters in crime fiction, a sharp and caring policeman as well as the perfect tour guide to a changing (that is, disintegrating) Russia. Surviving pogroms and politburos, he has solved crimes, mostly in spite of the powers that rule his world.

In *People Who Walk in Darkness*, Rostnikov travels to Siberia to investigate a murder at a diamond mine, where he discovers an old secret...and an even older personal problem. His compatriots head to Kiev on a trail of smuggled diamonds and kidnapped guest workers, and what they discover leads them to a vast conspiracy that not only has international repercussions but threatens them on a very personal level.

People Who Walk in Darkness is a fast-paced novel of modern Russia told by one of mystery's finest storytellers.

Praise for the Inspector Rostnikov series:

"Porfiry Petrovich Rostnikov is one of the better contemporary examples of an honest policeman navigating the shoals of a corrupt society.... The particularly high stakes make this one of Rostnikov's more exciting investigations."

—PUBLISHERS WEEKLY ON PEOPLE WHO WALK IN DARKNESS

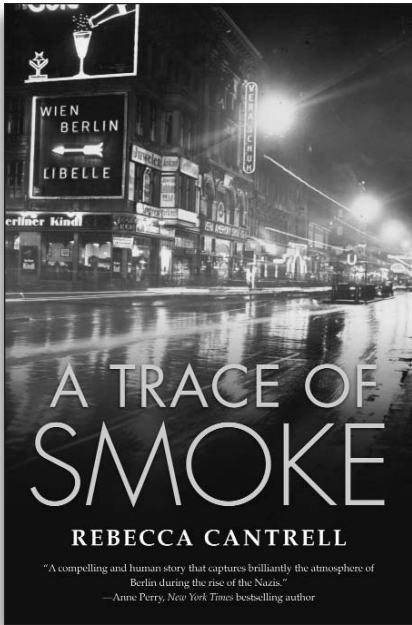

"Kaminsky works up plenty of sweaty-palmed suspense of the best sort, built out of equal parts of likeable characters and believable dangers."

—WASHINGTON POST BOOK WORLD ON RED CHAMELEON

"Kaminsky takes care not to rob the beleaguered cops of their human core—a courtesy he also extends to Moscow, which comes across as a character in its own right, rough and dangerous and somehow tragic."

—NEW YORK TIMES BOOK REVIEW ON THE DOG WHO BIT A POLICEMAN

People Who Walk In Darkness is the latest in Edgar Award winner and MWA Grand Master **STUART M. KAMINSKY's** Inspector Rostnikov mysteries. A Rostnikov title, *Cold Red Sunrise*, won Kaminsky a Best Novel Edgar in 1989. In addition to the Rostnikov series, Kaminsky is the author of the Abe Lieberman, Lew Fonesca, and Toby Peters series. He lives with his family in Sarasota, Florida.

A Trace of Smoke

REBECCA CANTRELL

"A compelling and human story that captures brilliantly the atmosphere of Berlin during the rise of the Nazis."

—ANNE PERRY, *NEW YORK TIMES* BESTSELLING AUTHOR OF *WE SHALL NOT SLEEP*

Even though hardened crime reporter Hannah Vogel knows all too well how tough it is to survive in 1931 Berlin, she is devastated when she sees a photograph of her brother's body posted in the Hall of the Unnamed Dead. Ernst, a cross-dressing lounge singer at a seedy nightclub, had many secrets, a never-ending list of lovers, and plenty of opportunities to get into trouble.

Hannah delves into the city's dark underbelly to flush out his murderer, but the late-night arrival of a five-year-old orphan on her doorstep complicates matters. The endearing Anton claims that Hannah is his mother...and that her dead brother Ernst is his father.

As her investigations into Ernst's murder and Anton's parentage uncover political intrigue and sex scandals in the top ranks of the rising Nazi party, Hannah fears not only for her own life, but for that of a small boy who has come to call her "mother."

"A riveting page-turner...an insightful study of a young woman in peril...an unerringly accurate vision of a society slipping steadily toward madness. This author is going to be writing terrific stories for a long time."

—WILLIAM MARTIN, *NEW YORK TIMES* BESTSELLING AUTHOR OF *THE LOST CONSTITUTION*

"Evocative and hauntingly crafted, Rebecca Cantrell's debut mystery *A Trace of Smoke* is a treasure of suspense, romance, and murder. Her ability to spin history into a visceral reality is done with the artistry of a master storyteller. Truly a stunning start to a long career."

—JAMES ROLLINS, *NEW YORK TIMES* BESTSELLING AUTHOR OF *THE JUDAS STRAIN*

"Rebecca Cantrell's characters illustrate the very human desire to cling to innocence and joy, to do right no matter the cost, to shelter light amidst growing darkness. *A Trace of Smoke* clings to the mind."

—LAURIE R. KING, *NEW YORK TIMES* BESTSELLING AUTHOR

"Step into the fun house world of 1931 Berlin where no one and nothing is what it seems.... *A Trace of Smoke* is compulsive reading with all the juiciness of the tawdry world of *Cabaret* but told with keen insight to the historical criminality taking place."

—SARA COLLETON, EXECUTIVE PRODUCER OF *DEXTER*

REBECCA CANTRELL majored in German, Creative Writing, and History at the Freie Universitaet of Berlin and Carnegie Mellon University. She currently lives in Hawaii with her husband and son. *A Trace of Smoke* is her first novel.

Hell on Earth

The Wildfire Pandemic

DAVID L. PORTER with LEE REEDER

An eye-opening look at the increase in wildfires in the past decade and the ecological and long-term effects they will have on the planet

The world is burning, and it appears that we are to blame. Conditions that create large-scale fire disasters are occurring more frequently every year, spurred on by global warming. And the potential for damage, loss of life, and greater harm to the environment is staggering.

As devastating fires increase throughout the western and southern United States, the number of fires in the Brazilian rain forest continues to climb as well. Vast areas of the wilderness are dying, setting the stage for a human and environmental tragedy.

David L. Porter has been covering wildfires in the West for more than twelve years. After losing his home to a wildfire in 2003, he set out to find how and why this was happening, in the United States and around the world. *Hell on Earth* chronicles the origins of these catastrophes as well as the effects they are having on our planet.

"The Perfect Storm, Silent Spring, and Unsafe at Any Speed all rolled into one. Read this book and you'll never light another match."

—GEORGE NOORY, AUTHOR OF *WORKER IN THE LIGHT*
AND HOST OF *COAST TO COAST AM*

DAVID L. PORTER was the managing editor of the *Mountain News* in Lake Arrowhead, California, and a specialist in covering ecological and environmental issues in rural San Bernardino County.

LEE REEDER has been a journalist, editor, and researcher for thirty years. He is now a freelance writer and photographer who resides in the San Bernardino Mountains of Southern California with his wife and two of his three children.

The Branch and the Scaffold

LOREN D. ESTLEMAN

Based on the true story of the West's legendary Hanging Judge!

When Judge Isaac Parker first arrived in Fort Smith, Arkansas, the town had thirty saloons and one bank. Inheriting a corrupt court and a lawless territory, he immediately put the residents on notice by publicly hanging six convicted felons at one time. For the next two decades, his stern and implacable justice brought law and order to the West...and made him plenty of enemies.

As the sole law on the untamed frontier, Parker tried civil and criminal cases throughout the Western District of Arkansas and the Indian Nations. His severe judgments scandalized Washington and took an onerous toll on his private life, but the "Hanging Judge of the Border" never flinched from his duty. Over the years, he and his marshals ran up against some of the most colorful and dangerous outlaws the West had to offer.

The Branch and the Scaffold is a fascinating depiction of Judge Parker's life and times, as told by a five-time winner of the Spur Award.

Thy Brother's Wife

ANDREW M. GREELEY

A classic novel by one of America's most loved storytellers

In his runaway bestseller *The Cardinal Sins*, Father Andrew M. Greeley opened the eyes of the world to the fact that though a priest may be a man of God, he is still a man—subject to the passions and emotions of a man and capable of sinning, repenting, and then sinning again. In *Thy Brother's Wife*, Greeley focuses on two brothers, one a priest and one a senator, who, each in his own way, love the same woman.

The direction of Paul and Sean Cronin's lives was shaped the day their father, a self-made multimillionaire, decided that one of his boys would grow up to be a cardinal and the other would become President of the United States. But Michael Cronin did not stop there. He also decided that his elder son would take as his wife the beautiful Nora, who had come into the Cronin home as an orphan and who had loved and been loved from the day of her arrival—by the younger brother.

Long out of print, *Thy Brother's Wife* is a classic tale by one of America's most loved storytellers.

"Written with verve, economy, and authority about the subjects Greeley knows best—the political shenanigans of Illinois and the subtle, but more ominous infighting in the Catholic Church."

—THE CHICAGO TRIBUNE

"There is much more to this novel than the love of two men for one woman. There is Sean's journey from slum parish to a bishopric in Chicago, and the triumphant feminism of Nora."

—NEW YORK TIMES

"The first strength of *Thy Brother's Wife* is the author's view from within...priests and princes of the Church as fragile human beings, the pains of change, the possibilities and the promise of a transcending, consoling and supradenominational faith."

—LOS ANGELES TIMES

"Greeley's turf remains Camelot West: the Chicago of lace curtain Irish who have pushed their way to the top...Greeley the romantic, wishing that life could be full of grace and Greeley the realistic priest, who knows how dark human souls can be."

Burned

DAVID HAGBERG

An electrifying thriller of strength and heroism inspired by one woman's harrowing true story....

David Hagberg's latest novel, *Burned*, is inspired by the true story of Yvonne Bornstein. Kidnapped in Russia in the 1990s by Islamic terrorists, she and her husband were held for ransom. During her captivity she was beaten, starved, and raped.

Although the KGB and the Russian Spetsnaz were adept at hunting down kidnapers, the hostages seldom survived their rescue operations. Despite Cold War antagonisms, the Soviet government invited the FBI to come to Moscow and assist in the Bornstein case. Yvonne's story and the rescue—an operation conducted by two bitter international enemies—has inspired this new high-octane pulse-pounding David Hagberg thriller.

"David Hagberg writes the most realistic, prophetic thrillers I have ever read. His books should be required reading in Washington."

John Muir

Magnificent Tramp

ROD MILLER

The first biography in decades of John Muir, founder of the Sierra Club and iconic figure in the history of the green movement in America

An important protector of the American wilderness, John Muir emigrated from Scotland to the United States in 1849 and became a widely sought expert in botany, glaciers, and forestry. He also gained renown during his life as an explorer, naturalist, and conservationist. Best known for his long association with the Yosemite Valley and Sierra Nevada Mountains of California, Muir also explored the southern states, Alaska, the Great Basin, and the Mojave Desert, and traveled around the world studying nature.

Constantly at odds with powerful political and financial interests, he was instrumental in creating federal protection for forests as well as the establishment and expansion of national parks. The wars he waged are still being fought and the threats to the environment he encountered are as real today as they were in his time. Muir's ideas are still relevant to the lives of Americans.

Muir is remembered as the founder of the Sierra Club, the father of America's conservation movement, and the architect of an ever growing environmental ethic.

Larry Fahn, president of the Sierra Club, has called Rod Miller's biography, "a fascinating new take on a true American icon. John Muir comes alive again in Rod Miller's *Magnificent Tramp*."

"An important and enjoyable study in history and character, giving Muir the attention he really deserves."

—LAURIE WAGNER BUYER, AUTHOR OF *SIDE CANYONS*

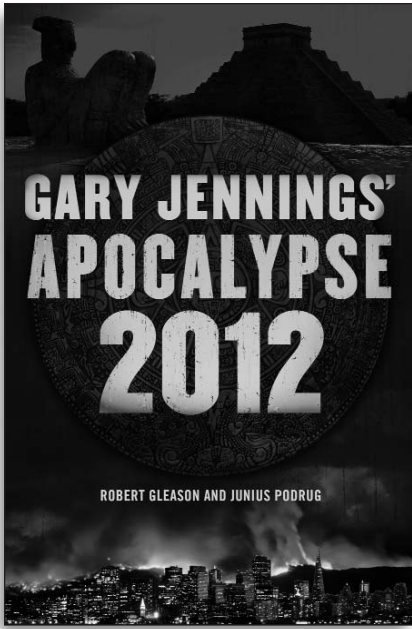

"A pleasingly accessible and easily digested portrait of the father of the conservation movement."

—BOOKLIST

"Miller has given us a compact, readable, enjoyable understanding of Muir and his importance—a century ago and today."

—SALT LAKE TRIBUNE

ROD MILLER has published poems, short stories, historical articles, and essays about the American West. He lives in Sandy, Utah.

In ancient Mexico, the “End-Time Codex”—prophesizing the world’s end in 2012—is entombed. A young Aztec-Mayan slave tells us its story.

Gifted in math and astronomy, Coyotl rises to king’s counselor in Tula, a golden city of milk and honey ruled by the brilliant god-king, Quetzalcoatl, the Feathered Serpent of lore. Gathering artists, scientists and craftsmen, this legendary ruler builds a city that will awe humanity for one thousand years. But he also faces war, catastrophic drought, betrayal, and the rise of an evil death-cult religion. Instituting the infamous “Blood Covenant,” its priests drag thousands of people a year atop temple-pyramids and rip their beating hearts from their chests. To stop them Quetzalcoatl must defy the flames of bloody civil war.

A thousand years later, scientists discover the End-Time Codex. While struggling to decipher it, they realize their own age mirrors Tula’s. Can they crack the 2012 code and save their world from Tula’s deadly fate?

Although he tries to hide his power, word inevitably leaks out, and soon Alan's life begins to unravel. His marriage and his practice crumble. Only rich, beautiful, enigmatic Sylvia Nash stands by him. And standing with her is Ba, her Vietnamese gardener, who once witnessed a power such as Dr. Bulmer's in his homeland, where it is called Dat-tay-vao. And the Dat-tay-vao always comes with a price.

HAROLD COYLE

The latest novel from the *New York Times* bestselling author and military techno-thriller master

With every passing year, the military is finding new and more dynamic uses for robots. Robots are changing the way Americans fight, but it is a change that will not come easy. Nor will it come without a price.

Nathan Dixon, a midcareer Army officer, discovers just how different the Army that he has dedicated his life to will look in the future when he is assigned to investigate a friendly-fire incident involving a rogue unmanned ground combat vehicle, or UGV. His investigation confronts him with a commanding officer determined to save his career at any cost; a senior civilian contractor who is willing to see that the UGVs his company builds succeed no matter what; and a cast of soldiers who may be responsible for the incident. Matters are complicated when a journalist who witnessed the incident publishes an exposé that paints the army in a very unflattering light. Dixon and his superiors find themselves caught between exposing the truth or sweeping everything under the proverbial rug. But in this war, nothing is easy, and as the exposure grows, so do the pitfalls. With a rising insurgency gaining momentum every day, the stakes are higher than ever.

Once again, techno-thriller master Harold Coyle takes a worm's-eye view of our military at war, the troubles they face on the ground and at home, and the heart-breaking realities that soldiers and officers face both personally and professionally.

"Coyle is a master at high-tech suspense." —CLIVE CUSSLER

"Pulse-pounding...Coyle's masterfully labyrinthine plot lines, pedal-to-the-medal pacing, and brutally realistic portrayal of army life make this another winner." —PUBLISHERS WEEKLY ON CAT AND MOUSE

Mutiny

The Inside Story of the True Events That Inspired The Hunt for Red October—From the Soviet Naval Hero Who Was There

DAVID HAGBERG and BORIS GINDIN

"This is an important book, a personal account of a little-known Cold War incident. Chilling." —LARRY BOND

In 1984, Tom Clancy released his blockbuster novel, *The Hunt for Red October*, an edge-of-your-seat thriller that skyrocketed him into international notoriety. The inspiration for that novel came from an obscure report by a US naval officer of a mutiny aboard a Soviet warship in the Baltic Sea. *The Hunt for Red October* actually happened, and Boris Gindin lived through every minute of it. After decades of silence and fear, Gindin has finally come forward to tell the entire story of the mutiny aboard the FFG *Storozhevoy*, the real-life *Red October*.

It was the fall of 1975, and tensions between the Soviet Union and the United States were climbing. It seemed the two nations were headed for thermonuclear war, and it was that fear that caused most of the crewman of the FFG *Storozhevoy* to mutiny. Their goal was to send a message to the Soviet people that the Communist government was corrupt and major changes were needed. That message never reached a single person. Within hours the orders came from on high to destroy the *Storozhevoy* and its crew members. And this would have happened were it not for Gindin and a few others, whose heroism saved many lives.

"Truth is not only stranger than fiction, but, in the case of *Mutiny*, a great deal more interesting. A fascinating, firsthand account that unveils a remarkable historical event with the narrative power of a first-rate thriller."

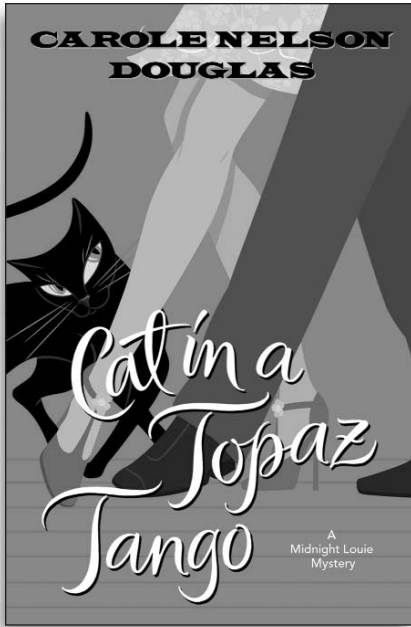

—RALPH PETERS, *NEW YORK TIMES* BESTSELLING AUTHOR OF *WARS OF BLOOD AND FAITH*

"Communist Russia was the most incomprehensible, vindictive, evil society on earth, yet the dream of escape to a better life was still there, a shimmering, golden phantasm in a bleak, gray world. Hagberg and Gindin have painted a rich, vivid portrait of men who traded everything, including their lives, for a chance to seize that dream."

—STEPHEN COONTS, *NEW YORK TIMES* BESTSELLING AUTHOR OF *THE TRAITOR*

DAVID HAGBERG has spent over thirty years researching and studying US-Soviet relations during the Cold War. He has published more than twenty novels of suspense, including the bestselling *The Kremlin Conspiracy*, for which he won the American Book Award, and a string of bestselling thrillers featuring former CIA director Kirk McGarvey, the latest being *Dance with the Dragon*. He lives in Sarasota, Florida.

BORIS GINDIN was the Chief Engineer and Senior Lieutenant aboard the Soviet antisubmarine warship, the FFG *Storozhevoy*. He is now an American citizen and lives in Stamford, Connecticut.

Time of the Rangers

From 1900 to the Present

MIKE COX

The second installment of a no-holds-barred look at the history of the famed Texas Rangers

Following up on his magnificent history of the nineteenth century Texas Rangers, Mike Cox now takes us from 1900 to the present. From horseback to helicopters, from the frontier cattle days through the crime-ridden boom-or-bust oil field era, from Prohibition to World War II espionage to the violent ethnic turbulence of the '50s and '60s—which sometimes led to demands that the Texas Rangers be disbanded. Cox takes readers through the modern history of the famed Texas lawmen. Cox's position as a spokesperson for the Texas department of Public Safety allowed him to comb the archives and conduct extensive personal interviews to give us this remarkable account of how a tough group of horse-borne lawmen—too prone to hand out roadside justice, some complained—became one of the world's premier investigative agencies, respected and admired worldwide.

Praise for *The Texas Rangers*:

"Mike Cox has a unique background for presenting the checkered history of the Rangers. During several years as a spokesman for the Texas Department of Safety, he had access to detailed records and experienced firsthand the mystique that clings to this fabled law enforcement body. Though he gives us the flashes of glory, he does not flinch from the dark side of the Rangers' past."

—ELMER KELTON, AUTHOR OF THE TEXAS RANGERS NOVEL SERIES

"History in the raw. Anyone who reads this book will feel they have found a new electrifying country that they never knew existed. That's how different Texas was in the early days of the Texas Rangers."

—THOMAS FLEMING, *NEW YORK TIMES* BESTSELLING AUTHOR OF *THE SECRET TRIAL OF ROBERT E. LEE*

"A richly detailed and sweeping historical narrative.... This modern masterpiece does full justice to both the reality and the myth of the Texas Rangers—a great organization of which I was honored to be a part for 27 years."

—JOAQUIN JACKSON, TEXAS RANGER (RET), AUTHOR OF *ONE RANGER: A MEMOIR*
