THE RICHEST MAN IN BABYLON

George S. Clason

Millions of readers have been helped by the famous “Babylonian parables,” hailed as the greatest of all inspirational works on the subject of thrift, financial planning, and personal wealth. A modern day classic, *The Richest Man in Babylon* offers an understanding of—and solution to—a lifetime’s worth of personal financial problems. This is the book that holds the secrets to acquiring money, keeping money, and making money earn more money.

“What can a book written in the 1920s tell modern investors about their finances? A whole lot if it’s George Clason’s delightful set of parables that explain the basics of money. This is a great gift for a graduate or anyone who seems baffled by the world of finance, and a wonderful, refreshing read for even the most experienced investor.”
