Going Where I'm Coming From:

Memoirs of American Youth A Multicultural Anthology edited by Anne Mazer

This nonfiction companion to the acclaimed fiction anthology *America Street*, includes fourteen autobiographical narratives about growing up in the crucible of America's diverse society. The cultures examined include Sioux, Japanese, Polish, Hispanic, African American, Jewish, Native American and Chinese. All the pieces collected here are superbly written and genuinely self-revealing. They take us inside the Watts barrio and to the idyllic Hawaiian islands, to rural Alabama and into the urban centers of New York and Boston—to San Antonio; Cleveland; Paterson, New Jersey; to North Dakota's Standing Rock Sioux Reservation and the fields of the San Joaquin Valley... In every instance, we are privileged to share a crucial moment of growing up with an author who has the insight and power of language to convey the full emotion and meaning of the experience.

Oedipus Plays of Sophocles

Revising and updating his classic 1958 translation, Paul Roche captures the dramatic power and intensity, the subtleties of meaning, and the explosive emotions of Sophocles' great Theban trilogy. In vivid, poetic language, he presents the timeless story of a noble family moving toward catastrophe, dragged down from wealth and power by pride, cursed with incest, suicide, and murder. Included in this edition are a glossary of classical names, notes on pronunciation and meter, suggestions for production and acting, and historical material.

Making of a Poem: A Norton Anthology of Poetic Forms

Two of our foremost poets provide here a lucid, straightforward primer that "looks squarely at some of the headaches and mysteries of poetic form": a book for readers who have always felt that an understanding of form (sonnet, ballad, villanelle, sestina, among others) would enhance their appreciation of poetry. Tracing "the exuberant history of forms," they devote one chapter to each form, offering explanation, close reading, and a rich selection of examples that amply demonstrate the possibility of that form.

Fifty Years of American Poetry

Filled with over 200 poems by the most notable American poets of the 20th century, this volume contains the best of the Academy of American Poets. This rich, wide-range collection of work by scores of America's contemporary poets brings you both wisdom and entertainment in short verse. This outstanding collection includes works by John Ashbery, Elizabeth Bishop, James Merrill, William Carlos Williams, Sylvia Plath and many more.

BROTHER, I'M DYING

by *Edwidge Danticat*

From the best-selling author of *The Dew Breaker*, a major work of nonfiction: a powerfully moving family story that centers around the men closest to her heart—her father and his older brother. This is a true-life epic on an intimate scale: a deeply affecting story of home and family—of two men's lives and deaths, and of a daughter's great love for them both.

"Remarkable.... A fierce, haunting book about exile and loss and family love."

Bring the Classics to Life

Reading Levels 1-5

These novels have been adapted into 10 short chapters that will excite the reluctant reader as well as the enthusiastic one. Key words are defined and used in context. Multiple-choice questions require the student to recall specific details, sequence the events, draw inferences from story context, develop another name for the chapter, and choose the main idea. Let the Classics introduce Kipling, Stevenson, and H.G. Wells. Your students will embrace the notion of Crusoe's lonely reflections, the psychological reactions of a Civil War soldier at Chancellorsville, and the tragedy of the Jacobite Cause in 18th Century Scotland. In our society, knowledge of these Classics is a cultural necessity. Improves fluency, vocabulary and comprehension.

Study Guides — Here is a brief description of the five types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

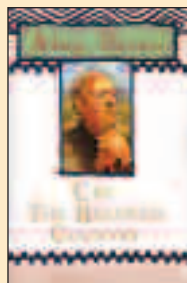

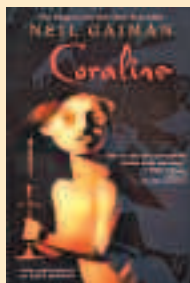

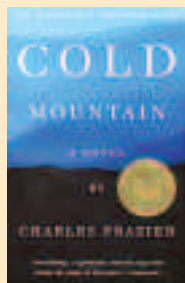

All five study guides contain completely different material. For a complete description of these guides please see pages 27-29.

Study Guides — Here is a brief description of the five types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

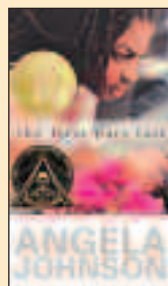

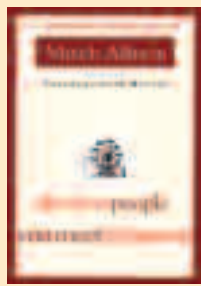

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All five study guides contain completely different material. For a complete description of these guides please see pages 51-53.

Study Guides

— Here is a brief description of the five types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All five study guides contain completely different material. For a complete description of these guides please see pages 51-53.

Study Guides — Here is a brief description of the five types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All five study guides contain completely different material. For a complete description of these guides please see pages 51-53.

Study Guides — Here is a brief description of the five types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All five study guides contain completely different material. For a complete description of these guides please see pages 51-53.

Reading Level — All fiction and non-fiction titles on our order form are coded with a reading level. This figure indicates the **grade level** of vocabulary used in the book. These ratings have been determined by publishers, reading experts and educators. They are intended only as guides to the relative difficulty of a title, since student reading competence may vary widely within any one grade.

Study Guides — Here is a brief description of the five types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

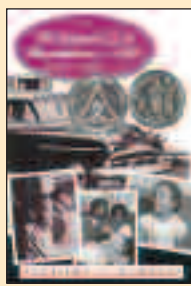

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All five study guides contain completely different material. For a complete description of these guides please see pages 51-53.

Reading Level — All fiction and non-fiction titles on our order form are coded with a reading level. This figure indicates the **grade level** of vocabulary used in the book. These ratings have been determined by publishers, reading experts and educators. They are intended only as guides to the relative difficulty of a title, since student reading competence may vary widely within any one grade.

Study Guides — Here is a brief description of the five types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

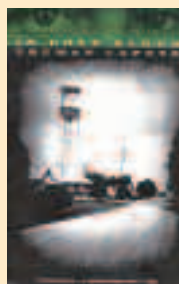

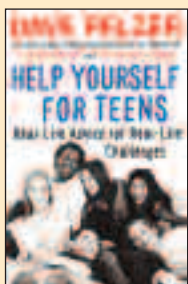

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All five study guides contain completely different material. For a complete description of these guides please see pages 51-53.
