Guided Reading

Have your Guided Reading books
BMI Bound to add life to your paperbacks
and save replacement costs.

Sewn for
Added Durability

For every paperback you order add only \$5.50 a book! BMI's Binding saves books—saves money. Makes your paperbacks into durable hardcover editions before you circulate them.

Your **BMI Bound** paperbacks keep on looking good even under the hardest classroom or library use, and they are durable—**get 100 or more circulations!**

- BMI Cover boards meet or exceed ALA standards.
- **BMI Binding** preserves the original cover design by lamination with a thick, clear vinyl film.
- Full page size is maintained – no page or margin trim – not even the inside gutters.
- BMI's unique process reinforces and sews each book to gain maximum strength. However, books with very narrow margins between the text and binding edge are perfect bound using the latest techniques and adhesives for lasting durability. Either process is covered by BMI's 100% customer satisfaction guarantee.
- BMI's unconditional three year guarantee:
If the binding does not meet your expectations, simply return the book to us. We'll rebind it at no cost to you.
- Only BMI lets you select. Order **BMI Bound** paperbacks from any of the titles listed in this catalog – there's no minimum. We'll bind one of a title or 1000. The choice is yours.
- The **BMI Binding** is a custom service, therefore only defective **BMI Bound** books are returnable.
- Add \$5.50 per book to the school prices listed. Please allow 4 weeks for delivery of BMI Bound Books.

What is in the Catalog?

In this catalog we have included thousands of books that would likely be used in guided reading lessons. The list includes almost all books that are published as series specifically for use in guided reading; many trade books are included as well. As you can imagine, leveling all the children's books that are published would be an impossible task. But you will find a great variety of texts at every level that appropriate for use in guided reading lessons and each month many new titles are added to the list.

Guided Reading Collections

GUIDED READING BOOKS AND COLLECTIONS

According to Irene Fountas and Gay Sue Pinnell, guided reading is an instructional setting that enables you (the teacher) to work with a small group of students to help them learn effective strategies for processing text with understanding. The purpose of guided reading is to meet the varying instructional needs of all the students in your class, enabling them to greatly expand their reading powers. Guided reading is a teaching approach that is designed to help individual students learn how to process a variety of increasingly challenging texts with understanding and fluency. Guided reading occurs in a small-group setting because the small group allows for interactions among readers that benefit them all. The teacher selects and introduces texts to readers, sometimes supports them while reading the text, engages the readers in discussion, and performs a mini-lesson after the reading. Sometimes after reading a text, the teacher extends the meaning of the text through writing, text analysis, or another learning activity. The lesson may also include work with words based on the specific needs of the small group.

BMI supports the guided reading program. To see the guided reading level for an individual title see our master order form or visit our website www.bmionline.com. We also have prepackaged reading collections by guided reading level listed below.

Our Guided Reading catalog is available on our website at www.bmionline.com.

GUIDED READING SINGLE TITLE COLLECTIONS

Our Guided Reading collections are organized by guided reading level, to see the list of titles for each collection please visit our guided reading webpage at www.bmionline.com/guidedreading.asp BMI also offers Guided Reading labels for your books, see page 36 for details.
