EUROPA Celebrating 30 years

Over 30 Years of Dedicated Service to the Specialist Motor Enthusiast

Dear Customer

Welcome to our latest catalogue.

In this our 30th year of serving you with thousands of parts to help build, restore, modify and generally keep your pride and joy on the road or track, I would like to genuinely thank you for your continued and loyal custom which has helped us in reaching this milestone!

There have been many changes throughout the last three decades to the styling, design, manufacture and bureaucracy within the motor industry. But thankfully the hardcore passion of our customers has not changed, and their desire to own and drive something individual and unique is still strong.

This issue is packed with all the parts you may need to keep your vehicle going. However our website is updated weekly with new and exciting products as they are sourced. Please pay it a visit or phone one of our helpful sales staff who are always willing to assist.

Very best regards

Wayne Roper

Throughout the year will be attending selected shows and exhibitions please see our website for full details.

Quarterlight Mounting Mirrors
Stainless Steel. Available to fit Forward or Outward Facing Flanges.
Universal left or right hand fitment.
Forward Facing Item No. BQMF - £22.71 ea
Outward Facing Item No. BQMS - £29.99 ea

Clamp-On Overtaking Mirror
For Driver's side ONLY.
Measures 110mm x 75mm
Item No. JH948 - £16.71 each

Wedge Clamp-On Exterior Mirror
Stainless steel.
Universal left or right hand fitment.
145mm x 90mm head.
Flat Glass: Item No. MQB4 - £30.00 each
Convex Glass: Item No. MQB6 - £32.00 each

Round Clamp-On Exterior Mirror
Stainless steel.
Universal left or right hand fitment.
110mm diameter.
Flat Glass: Item No. MQR4 - £30.00
Convex Glass: Item No. MQR6 - £32.00

Quarterlight Mounting Peep Mirrors
Stainless Steel. Available to fit Forward or Outward Facing Flanges. 76mm (3") diameter.
Universal left or right hand fitment.
Forward: Item No. JH3203 - £16.71 each
Outward: Item No. JH3203M - £16.71 each

Clamp-On Round Mirror
Polished stainless steel.
101mm (4") diameter.
Universal left or right hand fitment.
Item No. JH950 - £17.37 each

Clamp-On Peep Mirror
For Driver's side ONLY.
76mm (3") diameter or 101mm (4") diameter.
76mm: Item No: JH039 - £16.24 each
101mm: Item No. JH950M - £16.24 each

Straight Arm Peep Mirror
100mm diameter. 140mm arm.
Universal left or right hand fitment.
Item No. A17741UR - £34.38 each

Curved Arm Peep Mirror
Universal fits both Left and right hand sides.
76mm (3") diameter.
Universal Item No. BPM3CU - £19.60 each

Curved Arm Peep Mirror
Universal - left or right hand fitment.
101mm (4") diameter.
Item No. BPM4C - £19.60 each

MGTF Exterior Wing Mirrors
Convex glass only.
LH: Item No. BMGTFEML - £13.83 each
RH: Item No. BMGTFEMR - £13.83 each

Classic Style Para Mirrors
108mm diameter, 76mm stem.
Single-bolt fixing.
Item No. JHP - £28.00 pair

Cobra Mirror
IVA Compliant. Specially manufactured mirror stem allows E marked head to be fitted to Cobra pillar.
LH: Item No. IVAMIRL - £58.50 each
RH: Item No. IVAMIRR - £58.50 each

Torpedo Dual Mirrors
Chrome plastic or Black plastic finish.
Universal mounting.
145mm x 90mm. 115mm depth.
Chrome: Item No. JH395C - £21.50 pair
Black: Item No. JH395B - £18.50 pair

Torpedo Racing Mirror
With British Leyland classic ('74 - '83) stem.
LH Flat: Item No. MMR01L - £36.69 each
RH Flat: Item No. MMR01R - £36.69 each
LH Convex: Item No. MMR02L - £37.89 each
RH Convex: Item No. MMR02R - £37.89 each

Mini Adaptor Kit
Allows Classic Door or Torpedo Racing Mirrors to be fitted to later models of the Mini (with plastic mirrors) without re-drilling.
LH Mini Adaptor Kit: M90997 - £3.00 each
RH Mini Adaptor Kit: M90999 - £3.00 each

Cobra Alloy Mirror Plinth
Alternative base to the plastic one supplied with Cobra mirrors, #IVAMIRL, #IVAMIRR.
Item No. SVAMPL - £11.95 each

E Marked Door Mirror
Universal left or right hand fitment.
Black. Metal base with plastic head.
150mm x 100mm head.
122mm base.
Item No. LM911 - £15.90 each

Classic Door Mirror British Leyland 1974-83.
Polished stainless steel. 146mm x 92mm.
Flat LH: Item No. M68991 - £20.95 each

AeroCatch®

To Open:
Stage 1:
Press the crescent shaped button, the handle pops up but the latch is still locked.
Stage 2:
Pull the handle back, the latch opens as the shear pin is retracted.

To Close
Push the handle down until it engages with the secondary lock button; an audible click can be heard as it locks. The shear pin is now securely locked in position.

- Aerodynamic styling
- Corrosion resistant
- Flush or plus flush fixing
- Adjustable strike
- Lightweigh
- Strong Construction
- Top and side mounting
- Optional key locking for added security.

KC HiLiTES - Day lighter Off-Road Lights
KC HiLiTES shock-mounted lights began with the famous KC Daylighter that they invented and patented in 1972. Not only does the Daylighter use a heavy rubber gasket (bulb holder) that isolates the lens, reflector, and bulb from the metal housing and elements of weather, but it also includes their patented shock mounting system.

This system successfully reduces lamp failure due to vibration and has been proven through the extremes of off-road racing. Now the shock mount system has been updated from the original to require no extra drilling. KC HiLiTES currently offer a wide range of 6 inch round lights in various finishes and wattages that include this proven shock mount system.

KC Daylighter Pair Pack Systems include:
Two All Steel 6" round Daylighter housings with Shock Mount System, Optical quality Glass Lens for maximum Clarity and Light Projection,130 Watt Halogen Bulbs,Precision Polished and Focused Reflectors,Two KC light Covers, Complete Pre-terminated Wiring Harness with Illuminated Switch and 40 amp Relay, Illustrated Instructions for easy installation.

Black 130 Watt: Item No. KC631 - £176.00 set
Chrome 130 Watt: Item No. KC630 - £176.00 set
FULL KC HiLiTES RANGE AVAILABLE FROM OUR EUROPA SVT CATALOGUE

S

Heavy Duty / Standard Crimp Tool
Suitable for crimping the full range of pre-insulated terminals. Standard Inc wire stripper and cutter.
HD Item No. TT308 - £19.99 each
ST Item No. CTDX - £3.05 each

Expert Draper Socket Set
High Quality Professional socket set either 1/2" 31piece or 3/8" 42 piece.
3/8 42pc Item No - DESS38 - £113.00
1/2 31pc Item No - DESS12 - £129.12

Closing Tool
Correct tool for pushing bullets into connectors.
Item No. CT01 - £15.00 each

Hose Clamps p74

Hose Clamp Pincers
For all sizes of hose clamp.
Item No. HCP1 - £18.95 each

Scotch Connectors
Allow you to tap into a cable and take a separate lead.
Sold in packs of 4.
Item No. SS61 - £1.99 pack

Cable Taps
Terminals sold separately.
Sold in packs of 10.
Taps: Item No. S952 - £2.00 pack

Electrical Multi-Plugs
2-way: 2WMP - £0.72 each
4-way: 4WMP - £1.11 each
8-way: 8WMP - £1.92 each

Plug Connection Socket
ACR Alternator
Item No. 084503 - £4.80 each

High Current Connectors - Twin
75 amp
Item No. 001202 - £13.76 each

Power Plugs
350 amps: PP350 - £17.58 each
175 amps: PP175 - £9.92 each
50 amps: PP50 - £6.46 each
Handle: PPH1 - £9.92 each

Bullet Connectors
Single, Double, or Triple Common.
Single: T915 - £1.62 pack 25
Double: T917 - £1.62 pack 10

Battery Cable
135 amp rating.
Red: Item No: 929R - £5.58 metre
Black: Item No: 929B - £5.58 metre
+Pos Terminal: BT490P - £1.80 ea
-Neg Terminal: BT490N - £1.80 ea

Single Core Thin Wall Auto Cables
Reduced insulation gives savings in weight & volume - especially when used in large wiring harnesses. Suitable for 12v & 24v systems (excluding. High Tension Circuits).

Replace * with: B - Black, BL - Blue, BR - Brown, G - Grey, GR - Green, OR - Orange, PI - Pink, PU - Purple, RE-Red, WH-White, YE-Yellow.
17.5 amp: Item No. 175* - £0.40 metre / Item No. 175*/SP - £15.94 50m spool
21 amp: Item No. 21* - £0.55 metre / Item No. 21*/SP - £21.88 50m spool
29 amp: Item No. 29* - £0.88 metre / Item No. 29*/SP - £35.20 50m spool
35 amp: Item No. 35* - £1.15 metre / Item No. 35*/SP - £27.82 30m spool

Spiral Binding
Sold by the metre.
1/4": Item No SB1 - £1.00 metre
1/2": Item No. SB2 - £1.00 metre

Black Plastic Wire Conduit Sleeving - Split or Non-Split
Suitable for electrical wiring, sold by the metre
1/4" Split: SV40 - £0.81 metre
1/2" Split: SV43 - £0.99 metre
5/8" Split: SV44 - £1.35 metre
1" Split: SV46 - £2.07 metre
1/4" Non-Split: SV30 - £0.81 metre
1/2" Non-Split: SV33 - £0.99 metre
5/8" Non Split: SV34 - £1.35 metre
1" Non-Split: SV36 - £2.07 metre

Coloured Plastic Wire Conduit Sleeving Kits
Brighten up your engine bay with one of these colourful kits!
Comprise of 3 metre lengths of 1/4", 3/8", 1/2", 3/4" I.D. Sleeving
Blue: Item No. 747300 - £25.17 kit
Red: Item No. 711734 - £25.17 kit
Purple: Item No. 810999 - £26.65 kit
Yellow: Item No. 158400 - £26.65 kit

19.1mm I.D.: PA59 - £9.02 pack 10
25.4mm I.D.: PA61 - £10.46 pack 10

Self Adh Aluminium Cable Clips
Sold in Strips of 10.
Suits 6mm or 9.5mm cable.
6mm cable: SC1 - £0.90 strip
9.5mm cable: SC2 - £1.23 strip

Nylon Cable Tidy Ties
10cm Long: CT402 - £0.50 pk 10
20cm Long: CT406 - £1.00 pk 10
29cm Long: CT409 - £1.45 pk 10
37cm Long: CT4091 - £1.85 pk 10

Power Socket With Cover
Universal power socket for a 28mm diameter hole, 20 amps Maximum.
Item No 60101 - £4.98 each

Cable Tidy Tie Cradles
Self-Tapping Base.
Accepts all sizes of tidy tie.
Item No. CTCI - £3.94 pack 50

Cable Tidy Tie Bases
Self-Adhesive or Self-Tap Base
Only for CT402 or CT406 tidy ties.
for CT402: CTM1 - £4.62 pack 50
for CT406: CTM2 - £5.15 pack 50

Choc Block Electrical Connector
Strip of 12
5 amp: FC720 - £1.20 strip
15 amp: FC721 - £2.08 strip

Tinned Copper Tube Terminal
135 a - 6mm: CTT10/6 - £0.60 ea
135 a - 8mm: CTT10/8 - £0.60 ea

135 a - 12mm: CTT10/12 - £0.60 ea

Raised Blade Fuse Box
Bottom Entry. 4, 6, or 8-way.
4: Item No. FBB4U - £6.11 ea
6: Item No. FBB6U - £6.24 ea
8: Item No. FBB8U - £7.44 ea

Continental Fuse Box
4 or 8-way.
4: Item No. FBC4T - £6.88
8: Item No. FBC8T - £12.80

Side Entry Blade Fuse Box
4, 6, or 8-way.
4: Item No. FBB4T - £6.40 each
6: Item No. FBB6T - £7.07 each
8: Item No. FBB8T - £7.66 each

Heavy Duty Fuse Box
2, 4 or 6-way.
2: Item No. LFB02 - £3.90 each
4: Item No. LFB04 - £5.28 each
6: Item No. LFB06 - £7.98 each

Large Capacity Fuse Box
16-way.
Item No. FBB16 - £20.74 each

Replacement Bladed Fuse Circuit Breakers
6 Amp #FCB06 - £15.28
8 Amp #FCB08 - £15.28
10 Amp #FCB10 - £15.28
12 Amp #FCB12 - £15.28
15 Amp #FCB15 - £15.28
20 Amp #FCB20 - £15.28
25 Amp #FCB25 - £15.28

Relay Box
4 or 7-way.
4: Item No. RB4U - £18.72 each
7: Item No. RB7U - £24.70 each

In-Line Fuse Holder
Item No. FHA4 - £2.00 each

Panel-Mount Fuse Holder
Item No. 591 - £2.36 each

Tapa Circuit Dual Fuse Holder
Plugs into occupied or vacant enegised fuse block slot to add an additional circuit. Provides one fuse holder to protect existing circuit, and a second fuse holder to protect new circuit. 10-amp rating at 12V. 16-gauge lead for new circuit - 5" long.
Std: Item No. 30003 - £7.78 each

Tapa Circuit Dual Fuse Holder
Plugs into occupied or vacant enegised fuse block slot to add an additional circuit. Provides one fuse holder to protect existing circuit, and a second fuse holder to protect new circuit. 10-amp rating at 12V. 16-gauge lead for new circuit - 5" long.
Mini: Item No. 30103 - £7.78 each

Bladed Fuses
Sold in packs of 10.
1 amp: FB01 - £3.99 pack
2 amp: FB02 - £3.99 pack
3 amp: FB03 - £3.99 pack
4 amp: FB04 - £3.99 pack
5 amp: FB05 - £3.99 pack
7.5 amp: FB75 - £3.99 pack
10 amp: FB10 - £3.99 pack
15 amp: FB15 - £3.99 pack
20 amp: FB20 - £3.99 pack
25 amp: FB25 - £3.99 pack
30 amp: FB30 - £3.99 pack
40 amp: FB40 - £3.99 pack

Bladed Fuse Circuit Breaker
25 amp only. Equal to 6000 individual fuses. Size may restrict closure of fuse box lid.
Item No. BFCBH - £13.61 each

Dash Mounted Circuit Breaker
16mm hole required. 8, 10, 15 amp.
8a: Item No. PCB08 - £16.20 each
10a: Item No. PCB10 - £16.20 each
15a: Item No. PCB15 - £16.20 each

Non-Adhesive Loom Tape
25mm x 20 metre roll.
Black.
Item No. PV650B - £1.84 roll

Insulating Tape
19mm wide. Rolls 20metres long.
Black: PV718S Blue: PV718B
Green: PV718G Red: PV718R
Yellow: PV718Y - £0.74 roll

Amalgamating Tape 10m Roll.
Creates a water-tight seal when wrapped onto self. Use for joints, connections, etc. Temp -95 - +90 C.
Item No. PV751B - £9.32 roll

Female Crimp Terminal 2.80mm
(pack containing 50 approx)
Item No. 00130 - £2.85

Courtesy Light Plunger Switch
Chrome
Item No. CLS2 - £2.05 each

Auxillary Power Plug
For use in cigarette lighter socket.
Item No. 060116 - £4.64 each

Auxillary Power Socket
With thermoplastic, sprung lid.
Not to be confused with cigarette lighter sockets.
Item No. 1420100 - £9.99 each

Single Pole Power Plug
Used in conjunction with 1420100.
Item No. 1420000 - £9.95 each

Zip Bag Jump Leads
25mm sq jump lead 3.5 mtrs.
Cont'/Peak rating 170a/450a.
Suit Petrol veh' up to 5000cc.
Suit Diesel veh' up to 3500cc.
Item No: JL619 - £27.00 set

Heavy Duty Jump Leads
35mm sq jump lead 5 mtrs.
Cont'/Peak rating 240a/600a.
Suit Petrol veh' up to 7000cc.
Suit Diesel veh' up to 7000cc.
Item No: JL623 - £65.00 set

Universal Hazard Flasher Unit
Dash - or under-dash - fixing.
As per Lucas SFB300.
Item No: SFB300X - £38.00 each

Universal Hazard Warning Light Kit
Dash-mounted, universal hazard switch.
Converts non-hazard light to hazard light.
Full instructions included.
Item No: UHK - £49.99 each

Dash Mount Battery Cut-Off
Item No: BA2 - £11.42 each

Gravity Ball Battery Hydrometer / Battery Charger Tester
GBBH: Checks battery state / charge, 1.175+1.280SG at 15°C.
BCT: 12v, indicates state of charge / system, hand-held.
Gravity Ball Hydrometer: Item No: 004000 - £4.20 each
Battery Charger Tester: Item No: 053460 - £22.30 each

6x12v Battery Tester
Heavy-duty, portable, & durable.
Designed for use on lead-acid auto batteries up to 120AH.
Flexible legs adjust to any battery size.
Item No: 052408 - £96.80 each

Lucas Battery Connector
Incorporates On/Off switch.
SSB1D4 - £75.00 each

Quick Release Terminals
Complete with safety covers.
Round pole only.
Item No. QRBT - £7.32 set

Rechargeable LED Inspection Light
Compact.
Mains charger included.
Item No: RIL2500 - £30.92 each

Rechargeable LED Inspection Light
Twin-light intensity settings.
Mains & car charger included.
Item No: RIL3000 - £41.18 each

Universal LED Flasher Relay
12v three pin, max load 30w.
Changes led flashing rate to UK standard.
Item No: 01141 - £14.95 each

Extra Strong Professional Inspection Lamp
Oil and Water resistant cable. Weatherproof push button switch. Uses standard 12v or 24v bulbs. Toughened lens. Plated reflector. Robust adjustable base. Insulated croc clips.
Item No: 515-5150 - £19.95 each

Standard Battery Terminals
For 105 and 135 amp Cable
P+: Item No. BT490P - £1.80 each
N-: Item No. BT490N - £1.80 each

Univ' Solder Battery Terminals
For 105 or135 Amp Cable.
105 A - P+: UBTP - £1.80 each
105 A - N-: UBTN - £1.80 each
135 A - P+: UBTP1 - £1.80 each
135 A - N-: UBTN1 - £1.80 each

Rear Entry Batt' Terminal Covers
Available in Black or Red
Black: UBTCB - £0.96 each
Red: UBTCR - £0.96 each

Side Entry Batt' Terminal Covers
Left or Right-Hand Entry.
Left Black: BTC20B - £0.96 each
Left Red: BTC20R - £0.96 each
Right Black: BTCSB - £0.96 each
Right Red: BTCSR - £0.96 each

Single Aerial Antenna
Classic, Roof - or Pillar - Mounted.
Item No. JHRA2 - £8.50 each

Battery Master Switch
FIA Approved.
Complete with 1 key.
Switch: BMS - £22.00 each
Spare Key: SKBMS - £4.03 each

Battery Cut Off Switch
FIA Approved.
Complete with 2 keys.
Item No. BCOS £11.33 each
Spare Keys: SKBCOS - £1.50 each

Battery Isolator Switch
Suitable for round or flat lugs.
Item No. RV100 - £14.62 each

Battery Isolator With Fuse
Suitable for round or flat lugs.
Item No. BA8 - £9.99 each

Single Aerial Antenna
Universal Pillar, 50cm extended, Pillar Mounted.
Item No. CT27UV03 - £9.00 each

Battery Clamp
Adjustable - universal fit
Item No. UBC - £3.44 each

Eye to Eye Battery Leads
Tinned Copper
6": BS300 - £3.06 each
12": BS302 - £3.67 each
18": BS304 - £4.24 each

Pole to Eye Battery Leads
Tinned Copper
12": BS502 - £4.67 each
24": BS505 - £5.87 each

Eye to Eye Battery Leads
Black or Red.
6": BS100*B/R - £2.91 each
12": BS102*B/R - £2.91 each
18": BS104*B/R - £3.15 each
24": BS105*B/R - £3.39 each
Available in Black or Red Use B or R Suffix on Item Number*

Pole to Eye Battery Leads
Black or Red.
6": BS200*B/R - £3.91 each
12": BS202*B/R - £3.91 each
18": BS204*B/R - £4.13 each
24": BS205*B/R - £4.35 each
Available in Black or Red Use B or R Suffix on Item Number*

Battery to Engine Cable
30" / 750 mm Long.
Eye to Eye with Fly Lead.
Black only.
Item No. BSEL - £10.00 each

ODYSSEY
THE EXTREME BATTERY

Guaranteed longer service life
With a 10-12 year design life the ODYSSEY battery will easily last 5-8 years in automotive applications as long as it is kept correctly charged. In a cycling application these batteries will deliver 400 cycles when discharged to an 80% depth of discharge.

Superior cranking and fast charge capability
The cranking power of ODYSSEY batteries is double to triple that of conventional batteries, even at extreme cold temperatures. Also, if constant voltage charging is used, no limit on the charge current is necessary & these batteries can be brought to a very high state of charge in less than an hour.

Mounting flexibility
Your ODYSSEY battery can be installed in any orientation; it does not affect any of its performance characteristics. However, inverted installation is not recommended.

Superior vibration resistance
ODYSSEY batteries are of military grade & have endured rigorous tests that demonstrate their overall ruggedness & exceptional tolerance of mechanical abuse.

Ready out of the box
All ODYSSEY batteries are shipped fully charged. Simply install it in your vehicle if the battery voltage reads 12.65V or higher & you are ready to go. A voltage reading less than 12.65V will need a boost charge prior to installation. For optimum reliability a boost charge before installation is recommended, regardless of the battery's open circuit terminal voltage.

Worry-free shipping
The absorbed glass mat valve regulated design of the ODYSSEY battery means there is no acid to spill out & cause acid burns or damage to expensive paint & chrome. Because of the starved electrolyte design the US Department of Transportation has classified the ODYSSEY battery as a dry battery. Shipping an ODYSSEY battery by express ground or air is possible.

Superior shock and vibration resistance
ODYSSEY batteries have passed a variety of tough domestic & international shock & vibration test standards.

Longer storage life
Unlike conventional batteries that require a recharge every 6 to 12 weeks, the ODYSSEY battery can stored for up to 2 years at 25ºC from a fully charged state. These batteries can be stored for 2 years or when the open circuit voltage drops to 12.00V, whichever comes first.

Deep discharge recovery
The ODYSSEY battery can easily & repeatedly recover from deep discharges. Conventional SLI batteries have extreme difficulty recovering from similar situations.

No catastrophic failure
Unlike conventional SLI batteries your ODYSSEY battery will not fail catastrophically. If you are sure the ODYSSEY battery is fully charged & yet it cranks the engine slower, you should get the battery replaced at the first opportunity.

Odyssey Extreme Racing Batteries
Manufactured using aviation and defence industry developed thin lead plate and absorbed glass mat technology, these batteries are purpose designed for the harsh high vibration environments typically seen in motor racing. Unrivalled power to weight ratios on the entire range, additional top and bottom plate locking on Racing 30 and 40 gives increased vibration resistance while other batteries in the range feature ultra deep charge cycle capacities.

CTEK Battery Charger & Conditioner
Charges even flat and slightly sulphated batteries. Monitors voltage and turns on and off automatically. Designed to be left connected for long periods. Can be used without disconnecting the car electrics. Suitable for use on batteries from 1.2AH to 120AH. Supplied with connection kit for difficult to reach batteries. Maximum charge voltage of 14.7v – 3.6 amps. Water resistant.
Item No. CTEK36 - £47.00 each

CTEK Battery Conditioner
Monitors voltage and turns on and off automatically. Designed to be left connected for long periods. Can be used without disconnecting the car electrics. Suitable for use on batteries from 1.2AH to 32AH. Supplied with connection kit for difficult to reach batteries. Maximum charge voltage of 14.4v – 0.8 amps. Can charge negative and positive earth vehicles. Unit is waterproof for outdoor use.
Item No. CTEK800 - £34.00 each

4 amp Smartcharger Battery charger / conditioner kit.
Item No. RSC4 - £35.70 each
8 amp Smartcharger Battery charger / conditioner kit.
Item No. RSC8 - £51.34 each
16 amp Smartcharger Battery charger / conditioner kit, with 2, 4, 8, & 16 amp selector.
Item No. RSC16 - £64.76 each

Lightweight Universal Tool Less Battery Tray (Available in two sizes)
Laser cut lightweight aluminium 16 swg (1.6mm) sheet, Precision folded, crinkle black powdercoat. A strap is provided with the tray to secure the battery in place and offers a tool less, quick release, of the battery. The tray has two sets of mounting holes in the base, so no drilling is required
Battery Dimensions: Height: Any Size (50 - 250mm+)
D177mm W212mm - #UBTB £29.99 or **D180mm W275mm - #UBTB2 £29.99**

In-Car USB/3-pin Plug Power Supply Unit
Can-shaped unit fits into drinks holder & plugs into cigarette socket. Converts power to 240V. Capacity to power 1x 3-pin plug & 1x USB simultaneously. Great for charging your Laptop, MP3 Player, etc whilst on the move!
Item No. RINVC150 - £39.99 each

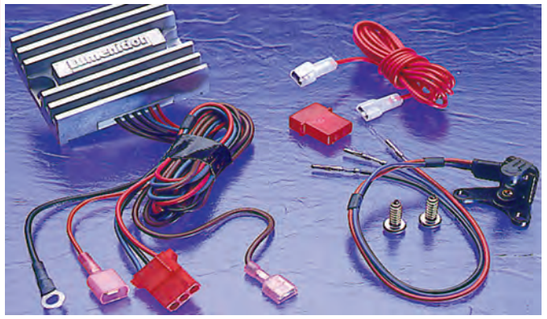

Intelligent Battery Charger
- Digital, microprocessor-controlled charger.
- Protected against damage with watertight ABS housing.
- 12-bit AD microprocessor with 4-stage charging characteristic for use in small cars and motorcycles.
- For common lead and gel batteries.
- With spark protection, short circuit, overheating, and polarity reversal protection.
- With temperature compensation and voltage compensation.
- Energy saving.
- Charges with 6 or 12 V 3.5A DC (5.3A RMS).
- Dimensions: 16 x 7 x 4 cm.

Item No. IBC - £44.99 each

All EEC members must add VAT to listed prices

Lumenition Optronic - Standard
Utilising Lumenition's revolutionary infra-red beam & rotating chopper trigger, the Optonic system is quite simply the best electronic ignition there is. Immune to dirt, cam wear, & dust, there are no parts to wear out & no maintenance is required. How it works: An optical switch is fitted to the same plate from where the points were removed & a plastic segmented chopper is slipped over the distributor cam. As the cam turns, the chopper blade (one for each cylinder) interrupts the infra-red beam from being detected by the silicon phototransistor in the optical switch. These trigger pulses are sent on to the Power Module that charges the coil for a dead accurate and powerful spark. Instant benefits include: - Easier starting. - Faster, smoother acceleration. - Reduced exhaust emissions. - Better fuel economy.

The Standard Optronic system, ideal for all road and classic cars as well as boats. This comes with a trigger, chopper, power module and fitting kit and brings all the benefits of a Lumenition Optronic System. Features: -Contactless operation. -High power output transistor for fast and accurate switching of the coil. -Fixed dwell give higher performance from existing coil under all conditions. -Fully compatible with Lumenition Rev Limiters for complete engine protection.

Standard Ignition Kit: PMA50 or PMA60 - Call for your Application - £179.00 kit
Fitting Kit: Call for your Application - from £13.00 - £94.00 kit

Lumenition Optronic Ignition - Performance
The Performance Optronic system is suited to high speed engines & is ideal for all performance drivers, particularly race & rally applications. This system includes all the benefits of the Optronic Sysytem & comes with Lumenition's own Constant Energy coil electronically matched to the power module, to give an added kick. Features: -Contactless operation. -High energy ignition coil electronically matched to power module. -Microcircuit control of the coil current giving optimum performance across speed & voltage range, ensuring constant maximum spark energy at the coil. -Variable dwell angle, optimising energy use to prevent low speed coil over heat. Automatic switch off, preventing electrical damage in the event of ignition being on. Fully compatible with Lumenition Rev Limiters for complete engine protection.

There are no permanent modifications & installation is simple for anyone with general automotive skills, & usually takes less than an hour. Alternatively the unit may be fitted by an experienced dealer. There is a fitting kit for a whole range of cars.

Performance Ignition Kit: CMEK150 or CMEK160 - Call for your Application - £260.00 kit
Fitting Kits Available: Call us for your Application - from £13.00 to £94.00 per kit

Red Ignition Leads
8mm silicone cable & are suitable for road or competition use. Petrol, Oil, & Acid resistant. Remain flexible under extreme temperatures.

Ceramic Ign Ballast Resistor
Please Note: This is not a Lumenition branded product.

Item No. BR1 - £7.00 each

Lumenition Digital Engine Rev. Limiter
Variable limit. Easy to fit. Miss timed sparks eliminated. Fully compatible with Lumenition ignition systems.

Single Coil: DRL1 - £99.50 each
Twin Coil: DRL2 - £99.50 each

Lumenition Air / Fuel Ratio Meter
Can be used for tuning an engine &, due to it's size, can be easily mounted inside a vehicle - giving the driver a constant reading of the engine's Air / Fuel mixture.

Item No: AFR003 - £109.00 each

Lumenition Air / Fuel Ratio Meter
An ideal aid for professional engine tuners. The meter has 19 display lights - giving an accurate, fine display of the engine's Air / Fuel mixture.

Item No: AFR004 - £119.00 each

Lumenition®

ADVANCED IGNITION SOLUTIONS

With 30 years of innovative experience, Lumenition is your key to perfect ignition. Whether it be a simple points replacement for an old classic, or engine management on the latest racecar, Lumenition has a system to fit your budget & your needs.

Synonymous with quality ignition products, Lumention's reputation was not earned overnight. It is the result of innovation & commitment to excellence over the past thirty years. The Lumenition story begins in 1968 when Autocar's then managing director E.H. Ford designed an infrared 'Optronic' trigger to form the basis of a revolutionary electronic ignition system. Thirty years on, this trigger system, unaffected by dirt or distributor shaft wear, is still regarded as the most reliable & accurate available.

The design went on to receive a 'Tomorrow's World' appearance, numerous awards - including the British Design Council Award presented to Eric Ford by HRH the Duke of Edinburgh. Adopted as original equipment by specialist performance car manufacturers, fitted to fleet vehicles & made under license in the U.S. by industry giant TRW, the range went on to include rev limiters, a marine version, the performance range, & even a special commission from the Ministry of Defence: an ignition system for Scorpion tanks. No other manufacturer could meet their need for an ignition system to withstand the electromagnetic pulse of a nuclear strike!

On a happier note, Lumenition began to concentrate on the racing world (where the engine bay environment could be said to resemble that of a nuclear blast!) As the science of microprocessors progressed, so did Lumenition, taking advantage of the latest advances in technology. Under the management of E.H. Ford's son Michael, who was there when the first spark was created by a Lumenition system in Autocar's lab, products have been introduced, including laptop controlled Engine Management Systems & accessories such as Lumenition's own brand of throttle bodies, suspension products, meters, specialist silicone HT leads, & there's plenty more to come.

Lumenition Magnetronic Ignition - The Tiny Module With A Big Kick! Sometimes, small is beautiful... That's why Lumenition perfected the tiny Magnetronic Ignition Module. Measuring only 25mm, the whole system is easily fitted INSIDE the distributor. Using the Hall Effect, it's a sure fire way to simply improve on the old points & contacts while maintaining an untouched look in the engine bay. Important for those Classic Car purists who don't want to break down in the middle-of-nowhere on a rainy afternoon! Available for a wide range of vehicles. Features: - Replaces contact breakers & condenser. - Reduces ignition maintenance. Simple to install. Completely self contained within the distributor. Note: Negative earth only.

Distributor - Bosch, Model - 009 & 0231 - 170: Item No: MTK001 - £84.00 each
Distributor - Lucas, Model - 23, 25D4: Item No: MTK003 - £84.00 each
Distributor - Lucas, Model - 23, 25D6: Item No: MTK005 - £84.00 each

SWITCHES

Light6 Complete Warning Light Modules

The Light6 Warning Light Module brings a production vehicle class finish to the aftermarket.
The very latest LED technology has been used to create a high contrast & definition warning light module.

- Easy to install: Only 8 wires to connect, instead of 12.
- 6 self-adhesive backlit symbols, Black, textured fascia panel.
- Longer life than incandescent lamps.
- Temperature range: 0°c to +40°c.
- Operating Voltage: 9 to 16 Volts.
- Viewing angle: 30° included.

Also available with 'N' symbol (Neutral) for bike engines.

Strip Standard: #LIGHT6 - £25.52 each
Strip Bike: #BRIGHT6B - £25.52 each
T-Shaped Standard: #LIGHT6T - £34.03 each
T-Shaped Bike: #BRIGHT6TB - £34.03 each
Laser-Cut Fitting Plate (Strip ONLY): #BRIGHTFK - £4.99 each

Chrome Escutcheon: Item No. TSBE - £13.75 each

Rotary M/D/S Switch
12v Main Dip & Side Switch
With centre horn push.
Item No: 64570 - £6.40

Lucas Rotary Light Switch
Side light, main light dip beam and horn push.
Item No: RS003 - £34.80
Item No: KNOB002 - £5.28

Lucas Rheostat Rotary Switch
12v/24v 0-12.5 ohms
Item No: RS004 - £41.30

Rotary Switch Knob
Pointed rotary switch knob with hexagonal fitment 5mm.
40mm x 25mm x 20mm
Item No: KNOB001 - £5.99

2-Step Switch
Universal12v, used with 50w heaters
Item No: 2SS001 - £9.99

Pro Engine Start Push Button
Universal12v, by Richbrook, 2 wire installation.
Item No: 1000.44 - £19.95

Waterproof Rotation Switches 22mm OD. 11mm Hole.
Off/On: Item No. 65602 - £7.28 each
Off/On/On: Item No. 65603 - £7.44 each
Off/On (Lights): Item No. 65604 - £12.24 each
On/Off/On Double Spring: Item No. 65605 - £8.12 each
Off/On with Coloured Light (Changeable): Item No. 65600 - £10.92 each

Replica Lucas WL3 Warning Lamps
22mm OD. 17mm Hole. As used on 30's & 40's cars. Coil winding effect, but not operative.
Amber: Item No. ASWLA - £20.70 each
Green: Item No. ASWLG - £20.70 each
Red: Item No. ASWLR - £20.70 each

Black Square Push Switch
20mm x 20mm.
On/Off Plain: 5332P - £3.17 each
On/Off Green: 5332G - £3.17 each
On/Off Red: 5332R - £3.17 each

3-Step Switch
Universal12v/24, used with 50w heaters
Item No: 3SS001 - £19.50

Illuminated Pull Switches
Green: Item No. PWISG - £11.34 each
Red: Item No. PWISR - £11.34 each
Amber: Item No. PWISA - £11.34 each
White: Item No. PWISW - £11.34 each
Yellow: Item No. PWISY - £11.34 each

More Knobs Available - Contact Us for Details

Pull/Turn/Pull Switch
Off / Pull On / Turn / Pull On.
Item No. 31126 - £30.90 ea
Blank Knob: 316102 - £4.31 ea
F (Fan) Knob: 312866 - £4.31 ea
L (Lights) Knob: 316154 - £4.31 ea

Illuminated Toggle Switches
Blue with Blue LED (not pictured)
Blue/Blue: SW5015 - £7.98 each

Illuminated Flick Switches
24mm OD. 20mm Hole.
Blue: Item No. 053152 - £3.40 ea
Green: Item No. 053154 - £3.40 ea
Red: Item No. 053155 - £3.40 ea
Amber: Item No. 053160 - £3.40 ea

Pull Switch
Off / On.
31434 - £30.53 each

Pull Switch
Off/On.
5975 - £4.72 each

Headlamp Pull Switch
HSLPS - £7.20 each

Starter Pull Switch
Pull out for ignition, pull again for spring return starter.
9576 - £17.84 each

D-Mount Indic' Switch
Illuminated. On/Off/On.
Stalk Lever = 40mm.
Thread = 5mm deep x 17mm diameter.
DMIS - £11.50 each

Key-Operated Security Switch
Internal or external use.
Item No. KSS - £7.07 each

Round LED Flick Switch
Quality switch with high power LED.
25mm OD. 19mm Hole.
Item No. 053105 - £3.40 each

Square LED Flick Switch
Quality switch with high power LED.
23.5mm Hole.
Item No. 84880 - £6.00 each

Rotary Lamp Switch
Off/Side/Dip/Main.
26mm Hole.
Blk: 64560 - £14.66 ea

Rotary Indic' Switch
Non-illuminated.
26mm Hole.
Black: 483 - £13.48 ea

Rotary Indic' Switch
Illuminated.
26mm Hole.
Illum': 484 - £17.94 ea

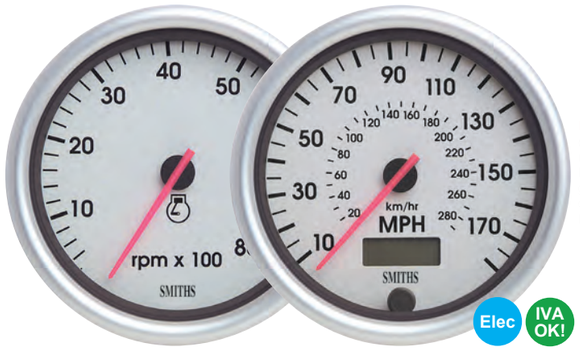

Lucas Rotary Indicator Switch
Illuminated.
Item No. LRIS - £59.22 each

INSTRUMENTS

SMITHS TELEMETRIX RANGE

Elec IVA OK!

All Telemetrix Speedometers feature a digital Odometer with Trip function.

Inductive Speed Sensor
(LED Indicator) M8 thread mounts to witin 2mm of bolt heads on propshaft or similar to generate a puse, the led light confirms pulse detected.
Item No EMP34-1 - £45.98

Magnetic Speed Sensor
Detects Magnetic Pulse, Includes 6x magnets. Normally 2 or 4 required to operate.
Item No SC8906 - £28.40

INSTRUMENT	ITEM NO	PRICE

SMITHS MOTORSPORT RANGE

Motorsport Pro-sport Plus Featuring Max Revs recall

Pro-Sport Tachometer

- 80mm or 100mm.
- Brushed aluminium Half-round bezel.
- IVA Compliant

Matches Smiths Telemetrix Instruments.

Motorsport Pro-sport F1 Featuring Shift Lamps and Max Revs recall

F1 Tachometer

- 80mm or 100mm.
- Brushed aluminium Half-round bezel.
- Gear Shift Indicator Light
- IVA Compliant

Matches Smiths Telemetrix Instruments.

Motorsport Classic Racing

Classic Tachometer

80mm or 100mm. Chrome bezel Full-vee. Linear scale. 8000rpm,10000rpm,12000rpm,14000rpm,16000rpm, 18000rpm Scales.

Call to Order.

80mm Diameter - £144.76
100mm Diameter £147.24

Motorsport Turbo Boost Gauge

Motorsport Range

- 80mm only.
- Mechanical (bourdon tube)
- Boost pressure & vacuum gauge.
- Scaled -1 bar to +3 bar
- Standard 1/8 gas pipe male connection.
- Brushed aluminium Half-round bezel.

Matches Smiths Telemetrix Instruments.

ORIGINAL COBRA RANGE

100mm Mechanical Classic Cobra Speedometer
0-160 mph Clockwise: SN534604
0-180 mph Anti-Clockwise: SN53460

100mm Electrical Classic Cobra Tachometer
Suits 4 / 6 / 8 cylinder. 8,000 RPM.
Black Face with Chrome Bezel
Item No. RVC281600

100mm Electrical Classic Cobra Speedometer
Programmable.
0-160 mph Clockwise: SN5346-04CB
0-180 mph Anti-Clockwise: SN5346-02CA
Inductive Speed Sensor w/ LED: EMP34-1

Mechanical Water Temp Gauge
40-140 C.
Item No. TG130123C078

Electrical Fuel Gauge E-1/2-F.
Requires a voltage stabiliser and fuel sender
Item No. BF224203

Mechanical Oil Pressure Gauge
0-100 psi.
Item No. PG131002C

Mechanical Oil Temperature Gauge
40-140 C.
Item No. TG130124CO78

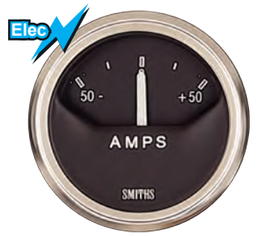

Mechanical Fuel Pressure Gauge
0-10 psi.
Item No. PG1502-47C

Electrical Ammeter Gauge - Lucas
50/0/50.
Item No. AM1640-07C

Electrical Oil Pressure Gauge
0-100 psi.
Item No. APG1310-02C
1/8x27NPT Sender: PTR10006

Electrical Ammeter Gauge - Smiths
50/0/50.
Item No. AM164004C

Electrical Voltmeter Gauge
Item No. ABV2220-07C

Electrical Water Temperature Gauge
50-140 C. requires a voltage stabiliser
Item No. ATG1301-23C
1/8x27NPT Sender: TT681101

Electrical Oil Temperature Gauge
50-140 C. requires a voltage stabiliser
Item No. ATG1301-24C
1/8x27NPT Sender: TT681101

Electronic Analogue Clock Gauge
Item No. CA1100-09C

Smiths Cobra Original Range

All Gauges in this range have a black dial, with a full V chrome bezel. Speedometer and Tachometer are 100mm diameter, all other Minor Gauges are 52mm diameter.

Full Vee

Smiths Reverse Angle Drive required to use Anti-Clockwise Cobra Speedometers with Clockwise Gearbox.

Item No. BG241080- £50.00

Tailor-Made Smiths Gauges

Exclusive to EUROPA

Even with the wide range of instruments available on the market today, there is still a need for individual, and personal choice. Especially for the more serious car enthusiast!

With this in mind Smiths, in conjunction with Europa have developed the tailor-made range, offering the customer a wider range of choices to create your own personal style of instrumentation.

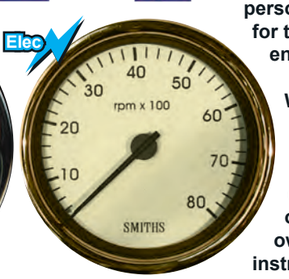

Call to Order

3-in-1 Gauge 100mm ONLY
Fuel level/Oil pressure/Water temperature.
Requires sender for each function.
Senders: SEE TABLE
Item No: TM3IN1 - £154.02

Speedometer 100mm, 86mm, or 80mm.
Electronically programmable with remote trip reset.
0-140 mph, 0-180 mph, or 0-280 kmph.
Sensor required.
Item No: TMSPEEDO - £164.75
Inductive Speed Sensor w/ LED:
Item No: EMP34-1 - £45.98

Tachometer 100mm, 86mm, or 80mm.
Programmable to 4, 6, or 8 cylinder.
8000 rpm or 10000 rpm,No sensor required
wires directly into ignition system.
Item No: TMTACHO - £165.54 each

52mm Electric Fuel Level Gauge
0-1/2-1.
TMFUEL - £50.55
Sender: TA9010-000 - £24.31

52mm Electric Ammeter
-30-0-30 or -60-0-60.
No sender required.
Item No: TMA - £50.55

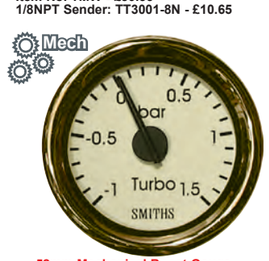

52mm Electric Oil Temperature Gauge
50-150c or 120-300f.
Item No. TMOT - £50.55
1/8NPT Sender: TT3005-8N - £10.65

52mm Electric Water Temperature Gauge
40-120c or 100-250f.
Item No. TMW - £50.55
1/8NPT Sender: TT3001-8N - £10.65

52mm Electric Oil Pressure Gauge
0-7 bar or 0-10 bar or 0-100 psi.
Item: TMOP - £50.55
Senders: SEE TABLE

52mm Mechanical Boost Gauge
-1 - 1.5. Pipe fitting kit required.
Item No. TMB - £62.60
Pipe Fitting Kit: BOOKIT - £7.00 kit

52mm Electric Voltmeter
9-17v.
Item No: TMV - £50.55

52mm Electric Clock
With remote reset.
No sender required.
Item No: TMC - £74.74

Temp Sender
Sender for TIM034 1/8" NPT **TIM099 - £9.00**

Slip on Chrome Bezel
Convert from black **TIM023 - £5.00**

12v Sender
12v Sender for TIM035 1/8" NPT **TIM097 - £20.00**

TIM 80mm Dash Mount Tacho
0-8000rpm, 4,6 or 8 cylinder petrol & 12v negative earth systems required. **TIM011 - £42.50**

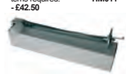

12v OPG Sender
12v Sender for TIM035 operate gauge and light 1/8" NPT **TIM098 - £23.00**

Dash Mounting Pod
Black only **TIM039 - £7.00**

Copper Oil pipeline Kit
For TIM006 **TIM024 - £5.00**

Fuel Level Sender
For 6"-12" tanks only (only fits TIM050) **TIM051 - £25.50**

Auto Meter Cobra Range Instruments

Auto Meter Cobra Oil Pressure (Mechanical)
Includes 10 ft. nylon tubing with 1/8" NPT fittings. Includes 1/4" NPT adapter / fittings. Size: 2.1/16" (52.3mm) diameter. Range: 0-100 PSI.
Item No. 201006 - £57.00 - each

Auto Meter Cobra Oil Temperature (Mechanical)
Includes 8 ft. nylon tubing. Includes 1/2" NPT adapter / fitting. Size: 2.1/16" (52.3mm) diameter. Range: 60-140 deg. C.
Item No. 201008 - £98.00 - each

Auto Meter Cobra Water Temperature (Mechanical)
Includes 8 ft. nylon tubing. Includes 1/2" NPT adapter / fitting. Size: 2.1/16" (52.3mm) diameter. Range: 60-140 deg. C.
Item No. 201007 - £78.00 - each

Auto Meter Cobra Tachometer
Operates on 4PPR, 8 cylinder engine ignitions ONLY.
Size: 4" (101.6mm) diameter. Range: 8000 RPM.
Item No. 201004 - £146.00 each

Auto Meter Cobra Fuel Level (Short Sweep Electric)
Size: 2.1/16" (52.3mm) diameter. Range: 240 E / 33 F **Item No. 201011 - £49.00 - each**
Sender: Item No. 3262 - £32.00 - each

Auto Meter Cobra Voltmeter (Short Sweep Electric)
Size: 2.1/16" (52.3mm) diameter. Range: 8-18 Volts.
Item No. 201009 - £56.00 - each

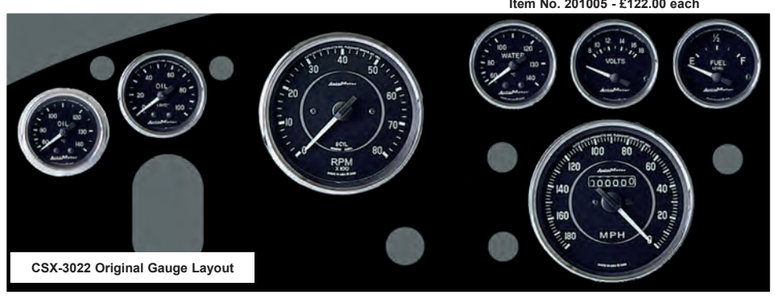

Auto Meter Cobra Clock (Full Sweep Electric)
Size: 2.1/16" (52.3mm) diameter.
Item No. 201019 - £88.00 - each

Auto Meter Cobra Speedometer - Mechanical Reverse Sweep
Includes 5/8" - 18 threaded cable input with .104" square drive. Speedometer cable not included. Reverse Rotation. Size: 4" (101.6mm) diameter. Range: 180 MPH.
Item No. 201005 - £122.00 each

Air Fuel Ratio Gauge
Black face, white markings, red illuminated pointer for increased visibility, Tinted lens so dials are invisible when ignition is switched off and brightly displayed when switched on, Daisy chain wiring system allows multiple gauges to be powered from one supply. All gauges are supplied with senders wiring, pipelines, T-pieces and sensors where applicable. 52mm diameter. (lean/stoich/rich) scale.
Item: GAF-521-STP - £35.73 each

Turbo Boost Gauge
Black face, white markings, red illuminated pointer for increased visibility, Tinted lens so dials are invisible when ignition is switched off and brightly displayed when switched on, Daisy chain wiring system allows multiple gauges to be powered from one supply. All gauges are supplied with senders wiring, pipelines, T-pieces and sensors where applicable. 52mm diameter. -30 to +20psi.
Item: GBO-521+STP - £46.80 each

Exhaust Temperature Gauge
Black face, white markings, red illuminated pointer for increased visibility, Tinted lens so dials are invisible when ignition is switched off and brightly displayed when switched on, Daisy chain wiring system allows multiple gauges to be powered from one supply. All gauges are supplied with senders wiring, pipelines, T-pieces and sensors where applicable. 52mm diameter. 300ºc to 1300ºc scale.
Item: GET-521-STP - £76.58 each

Oil Pressure Gauge
Black face, white markings, red illuminated pointer for increased visibility, Tinted lens so dials are invisible when ignition is switched off and brightly displayed when switched on, Daisy chain wiring system allows multiple gauges to be powered from one supply. All gauges are supplied with senders wiring, pipelines, T-pieces and sensors where applicable. 52mm diameter. 0 to 140psi.
Item: GO-521-STP - £63.82 each

Oil Temperature Gauge
Black face, white markings, red illuminated pointer for increased visibility, Tinted lens so dials are invisible when ignition is switched off and brightly displayed when switched on, Daisy chain wiring system allows multiple gauges to be powered from one supply. All gauges are supplied with senders wiring, pipelines, T-pieces and sensors where applicable. 52mm diameter. 50ºc to 150ºc scale.
Item: GOT-521-STP - £37.43 each

Voltmeter Gauge
Black face, white markings, red illuminated pointer for increased visibility, Tinted lens so dials are invisible when ignition is switched off and brightly displayed when switched on, Daisy chain wiring system allows multiple gauges to be powered from one supply. All gauges are supplied with senders wiring, pipelines, T-pieces and sensors where applicable. 52mm diameter. 8v to 18v scale.
Item: GV-521-STP - £32.33 each

Vacuum Gauge
Black face, white markings, red illuminated pointer for increased visibility, Tinted lens so dials are invisible when ignition is switched off and brightly displayed when switched on, Daisy chain wiring system allows multiple gauges to be powered from one supply. All gauges are supplied with senders wiring, pipelines, T-pieces and sensors where applicable. 52mm diameter. 0 to 76 (CM-HG) scale.
Item: GVC-521-STP - £46.80 each

Water Temperature Gauge
Black face, white markings, red illuminated pointer for increased visibility, Tinted lens so dials are invisible when ignition is switched off and brightly displayed when switched on, Daisy chain wiring system allows multiple gauges to be powered from one supply. All gauges are supplied with senders wiring, pipelines, T-pieces and sensors where applicable. 52mm diameter. 40ºc to 120ºc scale.
Item: GWT-521-STP - £35.73 each

E-TECH ENGINEERING

E-tech gauges and products maintain at a constant high quality, carefully selected with customer focused attention to simplicity and usability, with the very latest advancements in technology and design, to bring you the very best and latest product across the range, find out more online at:- **Europaspares.com**

52mm Single Rotating Gauge Pod
Dash top mounting pod, Adjustable foot, 360° degree rotation
Black - Item 39000 - £5.50 each

52mm Triple Rotating Gauge Pod
Dash top mounting pods, Adjustable foot, tilt or rotate 360°, paintable.
Black - Item 40000 - £11.99 each

52mm Single Gauge Pod
Available in black (paintable) or carbon fibre look, tough injection moulded ABS plastic, pods could allow improved position & gauge view.
Black Item GPB-1 £7.90ea
Carbon Fibre look Item GPC-1 £10.87ea

52mm Double Gauge Pod
Available in black (paintable) or carbon fibre look, tough injection moulded ABS plastic, pods could allow improved position & gauge view.
Black Item GPB-2 £9.88ea
Carbon Fibre look Item GPC-2 £12.85ea

52mm Triple Gauge Pod
Available in black (paintable) or carbon fibre look, tough injection moulded ABS plastic, pods could allow improved position & gauge view.
Black Item GPB-3 £11.86ea
Carbon Fibre look Item GPC-3 £14.83ea

52mm Single Gauge Mounting Plate
Pressed steel, ideal for suspending gauges
Black - Item G-101B - £1.90 each

52mm Double Gauge Mounting Plate
Pressed steel, ideal for suspending gauges
Black - Item G-102B - £2.40 each

52mm Triple Mounting Plate
Pressed steel, ideal for suspending gauges
Black - Item G-103B - £3.10 each

52mm Single Gauge Mounting Plate
Pressed steel, ideal for suspending gauges
Chrome - Item G-101C - £2.20 each

52mm Double Gauge Mounting Plate
Pressed steel, ideal for suspending gauges
Chrome - Item G-102C - £3.60 each

52mm Triple Mounting Plate
Pressed steel, ideal for suspending gauges
Chrome - Item G-103C - £4.30 each

4 Input Sender Adaptor
Oil temperature and pressure sender adaptor 4x 1/4 NPT Females, 1x 1/8 NPT Male Male, 1x 1/8 NPT Blank Plug.
Item 1010.7 - £8.40 each

Hose Adaptor
For easy installation of a water or oil temperature sender unit into water or oil hoses with 1/8" NPT threaded take off.
Blue (30mm) - Item 1008.0 - £19.44 each
Red (34mm) - Item 1008.1 - £20.52 each
Red (36mm) - Item 1008.2 - £21.60 each
Silver (38mm) - Item 1008.3 - £22.68 each

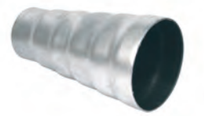

Oil Filter Sender Connector Kit
Billet sandwich plate designed to be fitted between the engine block and oil filter. Allowing the fitting of temperature and oil sender units.
Item MASP - £29.75 each

Temperature Sender Unit
Water and Oil temperature sender unit 1/8" NPTF
Item 1017.9 - £4.80 each

Oil Pressure Sender Unit
Oil pressure sender unit 1/8" NPTF
Item 1017.0 £14.95 each

6 Step Exhaust Pipe Reducer
Universal pipe reducer, manufactured from mild steel, it is easy to cut and weld making it ideal for adapting and joining different diameter pipes, an essential aid to the DIY enthusiast. 6 different diameters (external) 50mm,55mm,60mm,65mm,70mm,75mm. Depth of each step is 24mm
Item EX-RDC-01 - £5.50 each

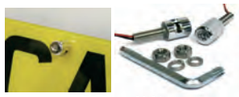

Oil Catch Tanks
Precision CNC engineered from lightweight alloy, an effective reservoir to collect any crankcase oil and preventing vapours re-circulating into the air-intake system, whilst also helping keep the oil cleaner for longer.
Red - Item CT-044-A - £58.75 each
Blue - Item CT-044-B - £58.75 each
Silver - Item CT-044-C - £58.75 each
Carbon - Item CT-045-CAR - £58.75 each

3 Gauge Wiring Kit
Connection for upto 3 gauges to a single wiring loom. wire fitted with terminals
Item GWK-01 £12.00 each

Caliper & Engine Bay Paint
No mixing priming or dismantling required, long lasting lustre finish. 9 colours available.
Item EBCP(*) - £16.00 each

LED Screw Lights
Chrome screws with bright LED light Ideal for illuminating relocated number plates, can also be used to secure/illuminate around the vehicle. Sold in pairs, M8 thread, fixings inc
White Item JJ-4110W - £9.80 each
Red Item JJ-4110R - £9.80 each
Green Item JJ-4110G - £9.80 each
Blue Item JJ-4110B - £9.80 each

Complete Alloy Wheel Repair Kit
Improve the appearance and value of your car, all required components are in the box with instructions to achieve a professional finish virtually invisible to detect

Item AW-KIT-01 - £25.09 each

High Temperature Paint
Engine Blocks, rocker covers, exhausts, manifolds, BBQ's, or industrial applications, long lasting, strong adhesion, enhance and protect

XHT 400ml per Can (Rating 650ºC 1202ºF)
E-tech paint formula has been developed with the latest advances in paint technology, designed for surfaces exposed to high temperatures Please check your temperature rating per application, available in Red,White,Silver,Graphite.
Item 0403(*) - £6.99 each

All EEC members must add VAT to listed prices

SPA Design Classic 80mm Tachometers
SPA Design offer a comprehensive range of 80mm tachos. The latest addition are the 'Classic' tachos. These combine the latest micro-processor controlled stepper motors, giving digital accuracy, with traditional needles. Supplied with wiring loom, switch & complete instruction manual.

Features:
Classic Black dial & White backlighting, with Brass needle stop-pin.
Fast & smooth, stepper motor driven, illuminated needle.
Peak recall of maximum values.
Selectable engine cylinders.
Digital filtering for hassle-free connection to any ignition system.

0-8,000RPM, Black Bezel - Item No. CLT-80-B - £199.99 each
0-8,000RPM, Chrome Bezel - Item No. CLT-80-C - £199.99 each
0-10,000RPM, Black Bezel - Item No. CLT-100-B - £199.99 each
0-10,000RPM, Chrome Bezel - Item No. CLT-100-C - £199.99 each
0-12,000RPM, Black Bezel - Item No. CLT-120-B - £199.99 each
0-12,000RPM, Chrome Bezel - Item No. CLT-120-C - £199.99 each

SPA Design Classic 80mm 0-160mph Speedometers
Designed to accompany the Classic 80mm Tachometers.
Black Bezel - Item No. SPC-0-160-CL-B - £238.35 each
Chrome Bezel - Item No. SPC-0-160-CL-C - £238.35 each

SPA Design Classic 52mm Analogue Gauges
SPA Design have added to their existing range of gauges with these, 52mm classic, stepper motor driven, analogue type gauges - combining digital microprocessor accuracy with traditional needles. This provides the ultimate, smooth needle movement. Supplied with sensor, wiring loom, & full installation instructions.

Features:

Classic Black dial & White backlighting, w Brass needle stop-pin.
Fast & smooth, stepper motor driven, illuminated needle.
Peak recall of maximum values.
Automatic needle parking at switch off.

Oil P 0-100 PSI, Black Bezel: OP-100-CL - £111.30 each
Oil P 0-100 PSI, Chrome Bezel: OP-100-CL-C - £111.30 each
Fuel P 0-100 PSI, Black Bezel: FP-100-CL - £111.30 each
Fuel P 0-100 PSI, Chrome Bezel: FP-100-CL-C - £111.30 each
Oil T 0-150°C, Black Bezel: OT-150-CL-OIL - £92.00 each
Oil T 0-150°C, Chrome Bezel: OT-150-CL-C-OIL - £92.00 each
Water T 0-120°C, Black Bezel: WT-120-CL - £92.00 each
Water T 0-120°C, Chrome Bezel: WT-120-CL-C - £92.00 each

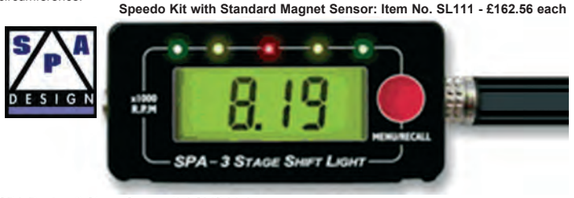

SPA Design Speedometer
Features: • Acceleration timer • Standing 1/4 mile timer • Built in odometer • Built in trip meter • Maximum speed recall • Adjustable backlit LCD display • Adjustable low battery warning • Programmable button function • Readout selectable for MPH or KMH • Calibrates to any tyre circumference.

Speedo Kit with Standard Magnet Sensor: Item No. SL111 - £162.56 each

SPA Design 3 Stage Sequential Shift Light
Features: • All-in-1 shift light, with combined unit & display • Compact small case; only 62x30x25mm deep • Digital filtering (easy connection to any ignition system) • Built in 3 stage shift lights • Button built in to label (flush, can't break off) • 1-16 cylinder engines, 2 or 4 stroke • RPM to 39,000 with peak recall facility • Comes complete with loom and fitting instructions.

3 Stage Shift Light: Item No. SL11123 - £149.05 each

SPA Design Lap Timer Kit
View your lap times easily on SPA's large display laptimer system packed full of features found only on far more expensive systems:
• 2000 lap memory. • 200 user programmable sessions. • Accurate to 1/1000th of a second. • Backlit display. • Displays lap number, current lap and fastest lap or current lap and last lap. • Different character sizing for easier viewing. • USB downloadable data and software.
• Powered by 3AA batteries. • 50 metre IR pit wall transmitter range powered by 2 x AA.
• Lightweight unit 108 x 62 x 30mm.

LT-1 Lap Timer Kit includes display, receiver, transmitter USB lead and software.

Item No. LT-1 - £199.47 kit

80mm Speedometers
• 0-60 timer • Peak Recall of Max Speed • 2-Stage Programmable Needle Colour Change • Trip & Odometer Switchable • Digital Setting of Tyre Size for any Wheeled Vehicle • Maintenance Free LED Backlit Dial • Includes Hall-Effect Sensor & Magnet.
0-160 mph Black Dial: SPC-0-160B* - £238.35
0-180 mph Black Dial: SPC-0-180B* - £238.35
*for White Dial, replace B in Item No. with **W**

80mm Tachometers with LCD Digital Display
• Fast & Smooth Stepper Motor Driven Needle • Digital Filtering for hassle-free connection • Max Recalls • Built in Digital Tachometer • 3-Stage Shift Light (Programmable) • Black or White Dial • Suitable for 1-16 Cylinder Engines • Microprocessor Accuracy.
9K Tacho Black Dial: SPT-090-B* - £207.05
12K Tacho Black Dial: SPT-120-B* - £207.05
15K Tacho Black Dial: SPT-150-B* - £207.05
*for White Dial, replace B in Item No. with **W**

80mm Combined Tachometers & Speedometers
As above, but with Built in Speedometer.
9K Combi Black Face: SPCS090B* - £256.36
12K Combi Black Face: SPCS120B* - £256.36
15K Combi Black Face: SPCS150B* - £256.36
*for White Dial, replace B in Item No. with **W**

SPA Design 52mm Dual Gauges
• Selectable backlight colour (Red or Green) • Adjustable backlight brightness • Black or White dial • Standard Black, or Chrome option bezel • Hi-res modes for 0.1 PSI, Deg C, etc • Programmable button function, recall menu, etc • Splash proof sensor connections • Extended temperature operation (for extreme climates) -20 to +70 Deg C • Stainless Steel pressure & vacuum sensors • Programmable warning lights, low battery, averaging, etc • Thermocouple options & kits available.

Oil Pressure & Water Temp / Oil Pressure & Oil Temp

DD2-LITE - Digital Dash Display

DD2 Display available in Black or Silver Anodised Aluminium. Please state when ordering.

Display Size - 90mm (H)x 160mm (W) x 28mm (D)

The DD2-LITE Digital Display System replaces all dashboard instruments with one compact, lightweight, anodised aluminium display module whilst providing a wealth of additional features over traditional gauges.

All DD2 systems are suitable for Car (Petrol or Diesel) & Bike Engines.

Standard features include:

- Speed (MPH or Km/h selectable)
- RPM (Petrol or diesel engines)
- Gear
- Water Temperature (°C or °F)
- Oil Temperature (°C or °F)
- Oil Pressure (PSI or BAR)
- Fuel Level
- Battery Volts
- Clock Time & Date
- Programmable Shift-lights
- Key Warning Lights
- Engine Hour Counter
- Road-legal Odometer
- Trip Distance Timer & Counter
- Average Speed
- Acceleration / Decel. Timers (e.g 0-60)
- Peak Value Memory
- Programmable Warning Alarms
- Programmable Speed Warning
- Adjustable Brightness & Contrast
- Neutral Gear Indicator
- 10 Minute Data Record
- SVA OK!

Standard Package Contents:

- DD2-Lite Display
- Wiring Harnesses
- Water Temp. Sensor
- Oil Pressure Sensor
- Oil Temp. Sensor
- Fuel Level Sensor
- Speed Sensor
- DigiTools Software

Black DD2-Lite: Item No. DD2L-BK - £349.00 kit
Silver DD2-Lite: Item No. DD2L-S - £349.00 kit

DD2-LITE Factory Upgrade Options *(Please State when ordering)*

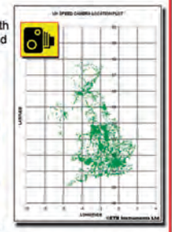

1. Turbo Boost (2 BAR / 29 PSI) Additional Input
The DD2-Lite can include a 0 to 2 BAR boost input and matching sensor for turbo engines, giving a real-time display of positive boost pressure. Includes 2 BAR Sensor - 1/8"NPTF thread.
(Please note that this input is instead of the neutral gear input used for bike engined cars.)

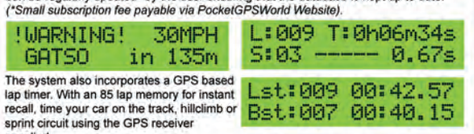

DD2L-TB001 - £75.00

2. Infra - Red Lap Timer
The DD2-Lite can be upgraded to include an infra-red based lap timer. The additional Lap timer displays show: total elapsed race time; lap number; sector/split number; split + / - real-time performance indicator; last lap and best lap. 85 Lap Storage. Infra-red receiver and pit-wall beacon included.

DD2L-TDBE - £90.00

3. GPS Speed Camera Warning System AND GPS Lap Timer
This upgrade option includes a GPS satellite receiver that monitors your proximity to all types of speed cameras present in the UK, of which there are currently over 12,000 ! With this number ever increasing, the DD2-Lite comes pre-loaded with the latest database and can be regularly updated* by the user ensuring that the database is kept up to date.
*(*Small subscription fee payable via PocketGPSWorld Website).*

The system also incorporates a GPS based lap timer. With an 85 lap memory for instant recall, time your car on the track, hillclimb or sprint circuit using the GPS receiver supplied.
A performance indicator with 3 splits provides instant feedback on your progress. No infra-red beacons are required: simply drive round the circuit pressing a wheel-mounted button (supplied) to store the GPS locations of the start / finish line and 3 splits and the DD2-LITE will automatically time you on your next lap.

DD2L-GPS1 - £75.00

GoPro
Be a HERO.

The world’s smallest, wireless on-board video camera.

GoPro’s HD Motorsports HERO is the world’s highest performance 1080p HD on-board video and still photo camera. Professional quality 1080p, 960p, and 720p HD resolutions record at 30 frames per second (60 fps in 720p). The HD Motorsports HERO easily mounts to any helmet, motorcycle, ATV, car, plane, jet ski, boat, snowmobile or other vehicle.

The GoPro Motorsports HERO - HD Package

The HD Motorsports HERO easily mounts to any helmet, motorcycle, ATV, car, plane, jet ski, boat, or other vehicle. The camera’s quick-release mounting design makes it easy to re-position the camera around your vehicle for professional quality HD video from several angles.

GoPro’s obsession with sound has conquered the wind. At 85 mph on a motorcycle, you’ll enjoy the throaty sound of your motor, not the wind,You can also plug the camera into a wall outlet, cigarette lighter, or with any USB-compatible power adapter, wire it directly to your vehicle’s electrical system. The battery will charge while you record.

The camera can also shoot automatic 5MP photos at 2/5/10/30 and 60 second intervals during your drive or ride, hands free. Press the shutter button once and record up to 2.5 hours of poster-print quality photos.

Waterproof to 180’ / 60m and protected from rocks and other hazards thanks to its removable polycarbonate housing.

- 5 Megapixel HD Motorsports HERO Camera
- 1 Rechargable 1100 mAh Lithium-Ion Battery (2.5Hours Record Time)
- 1 Waterproof Quick-Release Housing (180’/60 m)
- 3 Flat, 3M™ Adhesive Mounts
- 2 Curved, 3M™ Adhesive Mounts
- 2 Quick-Release Buckles
- 1 Vertical Surface “J-Hook” Buckle
- 1 Suction Cup Mount
- 1 Three-Way Pivoting Side Arm Assembly
- 1 USB Cable
- 1 Component Video (HDTV) Cable
- 1 Composite Video + Audio Out Cable

Item No. # CAMMHD - £254.46

The GoPro Motorsports HERO Wide - SD Package

The Motorsports HERO Wide quick-release attaches to helmets, cars, motorcycles, boats, planes, etc. Features the industry’s widest 170º wide angle lens and 5 megapixel sensor for the most immersive point of view video and photos possible from a wearable sports camera, period.

Shoot 56 minutes of high-resolution video and 5 megapixel photos automatically in “Photo every 2 seconds” mode. Use as a hand held camera, too. Shockproof and waterproof to 100 feet/30 meters.

The Motorsports HERO Wide features improved video, photo, audio, and low light performance. Reliability in ultra-high vibration environments has been improved with an entirely new internal circuit design. Battery life is improved to 3 hours of video record time when using Lithium batteries and 2 hours when using NiMH rechargeable batteries.

Additional expansion mounts available separately, including roll bar, handlebar/seatpost, chest harness, and surfboard mounts.

- 5 Megapixel Camera with 170º Wide Angle Lens
- 1 Shockproof/Waterproof Quick-Release Housing -100 feet/30 meters
- 3 Flat Adhesive Mounts
- 2 Curved Adhesive Mounts
- 2 Horizontal Surface Quick-release Buckle
- 1 Vertical Surface “J-Hook” Buckle
- 1 Suction Cup Mount
- 1 Three-way Pivoting Side Arm Assembly
- 1 USB/RCA Combo Cable
- Warranty: Two Years

WHEN YOUR HANDS DEMAND THE BEST! - GRANT

Classic Chain Wheel features a welded chain grip and a three or 4 spoke design. Provides a unique individual look for any Hot Rod, show car or cruiser. Available in brilliant chrome.

10" Diameter, 5.5" Dish, 3 spoke #741 £105
11" Diameter 3.5" Dish, 4 spoke # 740 £108

The Classic Series
The famous 838 wheel was Grants first design wheel ever made and it is still their number one selling wheel! It's Classic features of three holes per spoke and an extra thick foam cushion grip make for a huge slice of comfort and class on any ride.

These Classic Crusin Wheels are for show or go! These high gloss vinyl grip were one of Grant's most popular wheels during the 1960's. The gloss vinyl grip was extremely popular on dune buggies and hot rods of that era. A Grant Installation Kit is necessary to mount these wheels to a vehicle or use part # QA2 (see pg 50), adaptor plate to accept Momo,OMP,M range type 70mm pcd boss kit.

Quality Handmade British Craftmanship — Moto-Lita — **Since 1950's**

Since the 1950's Moto-Lita Ltd have been designing and handcrafting classic wood and leather rim steering wheels for sports and classic cars of all types.

Over the years Moto-Lita have been chosen as original suppliers to many famous car companies including :- AC Cars, Aston Martin, Cooper Car Co., Caterham, Chevron, Healey, Jensen, Lister, Lola, MG Car Co., Opel, Panther, Rolls-Royce, Rover, Saab, Shelby Mustang, TVR and many more.

Every genuine Moto-Lita steering wheel has the Moto-Lita logo clearly engraved on a spoke. In the case of classic replacement wheels, the engraving is on the back of the spoke.

KENLOWE

Kenlowe 2000 Series Single Fan Systems (Pictured Above)
2000 series fans are easy to fit due to an advanced plastic-clamp mounting-system (no drilling or spanners) that also seals the fan ring-duct to the radiator, ensuring no air-flow leakage gaps. Curved blades reduce noise on all sizes in the range. 2000 series fans use stator-vane technology (as used in jet engines) to increase air-pressure & volume throughput, resulting in improved efficiency on the 273mm & 320mm variants.

KLM1416

KLM2455

Kenlowe Adjustable Capillary Thermostat
The in-water sensor ensures optimum sensitivity & provides fast response to rapid temperature changes. Adjustable over a wide range (55-120°C), to enable fine-tuning of fan cut-in temperature, to ensure compatibility with all engine thermostat operating temperature bands (external sensors & non-adjustable controls can fail to respond quickly enough to temperature rise, & can conflict with many engine thermostat temperature ranges). The unique Kenlowe moulded-silicone seal works with the existing radiator hose to enable the sensor to fit without cutting or drilling.
Item No. KLM1416 - £35.50 each

Kenlowe Ajustable Electronic Thermostat
2 Stage external sensing fully adjustable to suit all vehicles, universal for 12v-ve earth only, This thermostat has a fast reacting probe that's simply inserted into the radiator matrix and avoids the need to cut hoses or alter the cooling system.
Item No. KLM2455 - £43.50 each

The Kenlowe company pioneered thermo-electric engine cooling over 40 years ago, & the principles have proved so successful that over 85% of the world's cars produced annually adopt this concept.

Today Kenlowe produce the widest range of thermo-electric fans, engine pre-heating, oil cooling, & heating / ventilation / extraction systems, ensuring that Kenlowe remain at the forefront of air-movement & temperature control.

Kenlowe supply original equipment car manufacturers with fans & all the Formula 1 teams with pre-heating systems.

Advanced Thermo-Electric Engine-Cooling Fans
Systems for family cars, 4x4's, tow cars, classic, competition, replica / kit cars, including replacement fans for existing viscous or electric original equipment fans.

Around 8.5% fuel saving - Increased performance - Less pollution - Quieter running - Extra cooling - Replacement for existing fan.

Replica & Kit Cars
Many replica cars have special cooling needs because the radiator size or efficiency may not be as great as the original designed for the engine. In addition, the air intake or exit from under the bonnet may be limited & a belt driven fan could be too far from the radiator to be efficient. All will lead to a cooling system which in high summer allows overheating. Use a Kenlowe fan for improved traffic cooling, around 8.5% power or fuel saving, a quicker warm up, etc. Alternatively use the Kenlowe fan in addition to a belt driven fan for extra cooling. A Kenlowe fan is available for almost all replica cars.

Kenlowe Hot Start (Pictured Below)
Fit a Kenlowe pre-heating system & save the 80% of engine wear, caused in the first few miles when the engine is cold. Avoid the high fuel consumption & poor performance normally experienced in the warm-up period. Banish the hazards of misty or iced windows. Enjoy the economy, comfort, & safety of a Kenlowe pre-heater. You will warm to Kenlowe engine / interior pre-heating systems. Available for standard on-car or competition off-car use.

All Kenlowe H4 pre-heaters are supplied as neatly packed kits with universal fittings - including quickly detachable under-bumper mains connectors, & full DIY instructions for easy installation. These models also include the interior pre-heating feature to automatically operate your dashboard heater before the journey begins to ensure passenger comfort on cold days.

13A Model with 230V ac 3kW mains powered heater & DC pump with mains power pack. Heats to 85°C.
Item No. KHS2 - £296.20 kit

Engine Pre-heating System with Independent Interior Heater for car and 4x4
comprising:-
2kW 220-240Vac 50-60 Hz 10A Heating cylinder module with 85°C thermostat and electronic controller. Pump module with electronic controller.

Separate, vehicle use approved, interior fan heater with leads and connectors. Power is drawn from the same bumper socket mains hook up as the engine pre-heater unit. Interior heater will operate throughout the 'power on' engine preheating cycle. Unit can be switched to either 600W or 900W. Can be disconnected within cab if 'engine only' preheating required. Self regulating PTC heating element. This system is independent of existing vehicle cab heater.

On-vehicle appliance connector, cabling and fittings.
2.5m mains extension lead fitted with vehicle connector (requires appropriate mains plug).

Individual options at no extra charge:
50°C thermostat for low cost continuous cycle running for 'on demand' vehicles such as doctors on call (Interior pre-heating will still be included).
2kw + 1kw interior pre heat **Item No # H42085230VIH £358.70**

Engine pre-heating system

comprising:-
3kW 220-240Vac 50-60 Hz 10A Heating cylinder module with 85°C thermostat and electronic controller.

Pump module with electronic controller.
On-vehicle appliance connector, cabling and fittings.
2.5m mains extension lead fitted with vehicle connector (requires appropriate mains plug).

Item No. **# H53085230V £296.00**

Option at no extra charge:

1) H6.30.50.230V as above but model with 50°C thermostat for low cost continuous cycle running for 'on demand' vehicles such as fire engines and ambulances.

Item No. # H63085230X £296.00

Please ensure vehicle make, model and year are correctly stated when ordering.

All EEC members must add VAT to listed prices

- 4 slide-in mounts for 2 90 degree & straight 5mm threaded mountings, logically positioned to fit top & bottom fixing.
- Innovative 11 bladed design provides maximum airflow with minimum amp draw (unlike normal blade construction).
- 4 snap-off outer edge sections to reduce overall diameter & squared off for twin & multiple installations.
- Multi-holed centre fixing for a wide range of motor cable location & to ensure a smoother cable route.
- Curved shroud radials for greater strength & quiet blade performance (no need for curved blades).
- Outer edge thickness 35mm & 'H' centre 50mm excluding motor & spacer, making fitting easier.
- Built in finger guard which should be an essential safety feature for all fans.
- 4 moulded-in fixing points interchangeable with European manufacturers.
- Unique rubber backed motor spacer mounting for quieter running.
- 11-blade design avoids throb created by evenly spaced blades.
- Interchangeable with most popular European & US production.
- Brass insert on all blades for accurate shaft fitting.
- Water resistant & water proof motors.
- Top spec OEM PA66GF material producing a strong heat tolerant product.

PACET

Pacet Cool Air Blower
Easy Safe and quick to install, this cool air blower's intended use is as an auxiliary, with multiple usages, can be installed in any vehicle with 12v & 24v, Adjustable louvres, mounts on dash top or side panel, 290mm wide x 135mm deep x 110mm high, black only.

Item No PCF1620 - £45.60

Club Range
Ideal for the direct replacement of an engine driven or existing electrical fan. The Club range of Pacet fans includes all you need for simple DIY installation. The reversible blade means the unit can be mounted in front of or behind the radiator & the kits include an adjustable thermostat, all the required fitting hardware, quick mounts, & full fitting instructions. Twin fan kits are also available to maximise cooling efficiency over the radiator surface in the diameters listed.

Profan Assemblies
Fitted with 12V maximum power motors, the profan is the top of the Pacet range. Capable of moving very large amounts of air they are supplied as fan/motor/shroud units (as shown) for use with existing aftermarket thermostats & include 90 degree mounts. As these units have non-reversible blades, please state at the time of order if the fan will be situated at the engine side (pull) or in front of the radiator (blow).

Electric Cooling Fans

Revotec fans are manufactured in Italy to OEM quality, with sealed, bearinged, high-output, long-life, low-profile motors, with balanced blades, & rated to run continuously.

- *Bearinged Motor*
- *Balanced Blades*
- *Waterproof Motor*
- *Low Profile*
- *High Output*
- *Lightweight*
- *European Manufacture*
- *Low Noise*

Electric Engine Coolant Circulation Pumps

More engine power, better miles per gallon, improved cooling with quicker warm up & longer engine life. Supplied as kit to replace existing belt driven water pumps. Owners of older cars with troublesome original pumps have also achieved new found cooling reliability.

The existing belt driven pump is inefficient in that to allow sufficient circulation at low speed, the flow generated at medium to high speeds is not required & is wasteful of engine power as is the energy required to speed up a mass of water through a restrictive radiator during hard acceleration. Water circulation ceases on turn off & engines are often 'cooked' by switching off after a high speed run.

The water pump should be connected into the bottom hose, use the adapters to suit various hose diameters. Disconnect the existing pump pulley & use a shorter belt, the idling pump will offer no resistance to flow. Or the old impeller may be removed from the shaft. However it can be beneficial to run both pumps. Set a thermal switch to slightly less than desired running temperature so the pump will boost when required.

Controller for Both Pumps
A more sophisticated controller has been introduced. New features include digital temperature setting, 2 minute run on after switch off when required, diagnostics to identify cooling problems, monitoring to indicate operating mode. 12amp capability & lighter weight., For short duration racing where no alternator is used & current used is of no significance an adjustable thermal or on/off switch may be used. For serious competitors the ability to tailor flow will enable redesign of the entire cooling system resulting in smaller radiators with obvious advantages. For all competitors taping up radiators to achieve correct temperatures will be a thing of the past.

Two sizes are offered. EWP1 will suit most vehicles with a flow rate of 80 litres/min up to 5 litres. For bigger engines, giving 150 litres/min 4-wheel drive, & adverse conditions, use EWP1A, which has a fan to assist motor cooling.

Small Coolant Circulation Pumps
Construction 12 or 24 volt brushless motor connected to impellor in nylon housing via magnetic coupling. Overall length 97mm, overall diameter 69mm, weight 0.250kg. Has 3/4" push-on connectors.
Performance: 13.3 litres/minute at 0.12 BAR (1.7psi), current draw 0.7amp (12v). Temperature range -40 to 135°C.
For users of the EWP1 & EWP1A, this pump can operate on the heater circuit for constant heater supply or in LPG installations requiring a heated manifold. Also used for water circulation on water to charge intercoolers, water cooling on small capacity engines, & water cooling for brakes. Surface mounted thermal static switch makes at 100ºC and breaks at 82ºC 2 hole screw fixing.

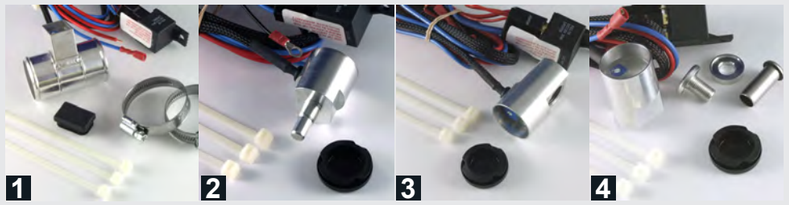

EWP004

Description	Item No.	Price
Electric Water Pump 12v	EWP1	£129.50
Electric Water Pump 12v (High Flow)	EWP1A	£175.00

Revotec's innovative engineering team has developed this simple unit, using the latest technology, components, & assembly methods, to produce a robust & reliable unit that is incredibly easy to install & operate, & overcomes all the problems associated with capillary action & clip-on devices. Waterflow is unobstructed, & each system is supplied with all necessary fittings (with the exception of inlet adaptors). Suitable for use with all electronic fans.

Inlet Adaptors
Fits any available ⅜BSP threaded hole. also Suitable for use with EFC38BSP (fits number 3)

Intercooler/Intake Fabrication "Donut" Aluminium

0.75 CLR Wall Thickness 1.5mm

Designed for custom fabrication of intake manifolds and intercooler pipes, Revotec aluminium donuts enable a fabricator to form very tight radius bends. Can be cut at any degree of bend to produce angles up to 180°. Each donut is spun in 1.5mm aluminium and supplied in two halfs ready for welding, centre line radius 0.75:1.

Description	Item No.	Price
Aluminium "Donut" 51mm OD	D51	£24.95
Aluminium "Donut" 63mm OD	D63	£24.95
Aluminium "Donut" 76mm OD	D76	£24.95

Aluminium Weld on Flanges

Designed to work in conjunction with Revotec aluminium donuts, or many other application where a hose connection is required such as inlets/outlets for intake manifolds or a fuel filler neck, Manufactured 63mm long in 1.5 aluminium with a swage on one end for positive hose connection.

Description	Item No.	Price
Aluminium "Weld on Flange" 51mm OD	DE51	£7.90
Aluminium "Weld on Flange" 63mm OD	DE63	£8.48
Aluminium "Weld on Flange" 76mm OD	DE76	£9.84

Revotec Aluminium Hose Adaptors

- Simple installation of additional sensors.
- Threads available: 5/8UNF, 3/8BSP, 1/8NPT, M12x1.5, M14x1.5.
- Standard stock outside diameter: 25, 30, 32, 35, 38, 45mm.
- Milled flat for maximum sealing.
- Overall length approx. 75mm.
- Thread section length 25mm.

Air Intake Ducts
- Engineered for maximum air flow.
- Material: High Density Polythylene.
- Designed & made in the UK.

145mm Diameter Round Intake Duct
Designed to fit in existing 180mm (7") round headlamp, or 145mm (5 3/4") spotlight openings. For connection to 63mm ID flexible hose. Overall length 125mm.

Item No. ID145 - £18.00 each

150mm x 75mm Rectangular Intake Duct
Designed to fit in existing 150mm (6") x 75mm (3") openings. For connection to 63 or 76mm ID flexible hose. Overall length 125mm.

Item No. ID150-75 - £15.00 each

152mm x 51mm Rectangular Intake Duct
Designed to fit in existing 152mm (6") x 51mm (2") openings. For connection to 51mm ID flexible hose. Overall length 90m.

Item No. ID152-51 - £15.00 each

152mm x 51mm Rectangular Intake Duct Off-Set Outlet
Designed to fit in existing 152mm (6") x 51mm (2") openings. For connection to 51mm ID flexible hose. Overall length 90m.

Item No. ID152-51-OS - £15.00 each

255mm x 80mm Rectangular Intake Duct
Designed to fit in existing 255mm (10") x 80mm (3 1/8") openings. For connection to 63 or 76mm ID flexible hose. Overall length 122mm.

Item No. ID255-80 - £18.00 each

Self-Sealing Hose Fittings

Revotec have engineered this range of self-sealing hose take-offs to solve the problem of trying to connect from water & air hoses.

The unique design forms a perfect seal & will even work on semi-rigid plastic & metal. CNC machined in Aluminium (or Stainless Steel where applicable), supplied complete with machined nut, washer, & seal.

Pressure tested to 4 BAR!!

Self-Sealing Hose Fittings

Hose take-off with either M5 internal thread to allow the connection of mechanical gauge outlets, or 5mm OD barbed outlet to allow the connection of vacuum hose into a system. Stainless Steel.

M5 Internal: SSTM5 - £19.95 each
5mm Barbed: SST01 - £19.95 each

Self-Sealing Hose Fittings

Hose take-off for connection of 8m m ID, 10mm ID, 13mm ID, 16mm ID, 19mm ID, or 25mm ID water & air hoses. Aluminium.

8mm: SST8K - £19.95 each
10mm: SST10K - £19.95 each
13mm: SST13K - £19.95 each
16mm: SST16K - £19.95 each
19mm: SST19K - £19.95 each
25mm: SST25K - £19.95 each

Self-Sealing Hose Fittings

Hose take-off with a number of different internal threads, including 1/8NPT, 3/8BSP, M10x1, M12x1.5, & M14x1.5. Aluminium.

1/8NPT: SSTT1/8 - £19.95 each
3/8BSP: SSTT3/8 - £19.95 each
M10x1: SSTM10 - £19.95 each
M12x1.5: SSTM12 - £19.95 each
M14x1.5: SSTM14 - £19.95 each

Air Hose Reducers

Aluminium. Overall length - 145mm.
76>63>51mm OD.
89>76>63mm OD.

Revotec Aluminium Hose Adaptors
- Designed for simple installation of additional sensors, etc.
- Threads available: 5/8UNF, 3/8BSP, 1/8NPT, M12x1.5, M14x1.5.
- Standard stock outside diameter: 25, 30, 32, 35, 38, 45mm.
- Milled flat for maximum sealing.
- Overall length approx. 75mm.
- Thread section length 25mm.

All sizes - £18.50 each

Auto Meter Radiator Hose Adaptor
For use with all Auto Meter Mechanical, Full Sweep & Short Sweep Electric Gauges (page 41). For mounting Water Temperature gauge senders or probes in 1.00" or 1.25" radiator hose. This kit is ideal for vehicles with limited access to water passage ports on the engine.

Item No. 2282 - £42.00 each

All EEC members must add VAT to listed prices

Classic 20W50 Multigrade Engine Oil
Multigrade oils were introduced in the early 1960s to solve the problem of using different grades in Summer & Winter. Classic 20W50 is a mineral engine oil for classic petrol & diesel engines.
5 litres: Item No. MO2102/5 - £19.99 each
1 litre: Item No. MO2102/1 - £5.50 each

Classic Trans M 20W50 Engine Oil
Formulated for engines from 1960 onwards where engine & transmission share a common lubricant. Ideal for minis & bikes where the clutch runs in engine oil. The additive package protects ball, roller, & needle bearings found in the gearbox, & provides EP protection levels higher than conventional engine oil & equal to API GL4 for gearboxes.
5 litres: Item No. MO2113/5 - £23.50 each
1 litre: Item No. MO2113/1 - £7.30 each

Motorsport CSS 20w60 Engine Oil
Very high performance competition semi-synthetic engine oil for older engines, based on highest quality performance additives and shear stable viscosity improvers in synthetic and mineral base. Specially designed high viscosity formulation to protect competition engines running at very high temperatures and/or endurance events, Ideally suited for use in high performance competition engines such as Jaguar, Austin Healey, MG, TR, Aston Martin as well as American V8's. Ideally suited to modified Ford Kent and Pinto engines in all sectors of motorsport.
5 litre : Item No MO6254GF £37.80
1 Litre : item No MO6254JD £8.90

Motorsport CTV 20W50 Engine Oil
A unique semi-synthetic 20W50 with EP levels of gear protection. Specifically formulated for minis & any application where the engine & gearbox share a common oil.
5 litres: Item No. MO1106/5 - £43.00 each
1 litre: Item No. MO1106/1 - £10.70 each

Motorsport CFS 10W40 Engine Oil
Full synthetic "3 ester" formulation. Suitable for smaller capacity race / rally engines, & turbocharged engines for fast road & track days. A performance alternative where the manufacturer specifies 5W40.
5 litres: Item No. MO1103/5 - £44.80 each
1 litre: Item No. MO1103/1 - £11.50 each

Motorsport CFS 10W60 Engine Oil
Full synthetic "3 ester" formulation. For larger race & rally engines, with & without turbochargers. A performance alternative where the manufacturer specifies 10W40.
5 litres: Item No. MO1104/5 - £49.00 each
1 litre: Item No. MO1104/1 - £11.00 each

Motorsport VSP+ Fuel Treatment
Lead replacement & octane booster (up to 2 octane) for classic & vintage cars. Protects against valve seat recession, & adds up to 2 octane (20 octane points) to base fuel.
250ml: Item No. MO1306/250 - £6.50 each

Motorsport Octane+ Fuel Treatment
Octane booster for everyday road use on cars equipped with catalytic convertors. Adds up to 2 octane (20 octane points) to base fuel. Formulated for modern engines fitted with electronic engine management systems & catalytic convertors.
250ml: Item No. MO1305/250 - £8.25 each

Motorsport CVL Fuel Treatment
Competition valve lubricant. The original CVL remains the most effective solution to running older competition engines, & engines without knock detection & sophisticated engine management systems, on unleaded fuel. CVL complies with FIA & MSA fuel regulations. Lubricates valves, controls the flame front, & prevents detonation.
250ml: Item No. MO1301/250 - £8.25 each

Motorsport CVL Turbo Fuel Treatment
Octane booster for ultimate performance. Provides a practical method of adding up to 4 octane to base fuel. This means that 101 to 102 octane is available to those seeking outright performance. CVL turbo is suitable for all engines, & for occasional use in vehicles equipped with catalytic convertors. Adds up to 4 octane (40 octane points) providing between 101 & 102 octane when added to Shell Optimax.
500ml: Item No. MO1314/500 - £11.80 each

Motorsport Racing Brake Fluid 300+
Extremely high dry boiling point, at least 310 degrees centigrade, with exceptional resistance to vapour locking, & good compressibility for improved brake feel.
500ml: Item No. MO1315/500 - £15.55 each

Motorsport Rad Hib / Extra Cool
Corrosion inhibitor & coolant enhancer. Improves laminar flow, thereby increasing coolant efficiency & reducing operating temperatures by up to 15 degrees centigrade. Prevents electrolytic corrosion of magnesium & aluminium castings. Mixes with antifreeze. 250ml bottle treats 10 litres of coolant.
250ml: Item No. MO1304/250 - £10.48 each

Other Millers Oils products available to order - Call or eMail with your requirements.

PENRITE OIL

Penrite offer a complete range of oils & greases for classic, veteran, & vintage cars & motorcycles. Specifically formulated to meet original requirements, but utilising the very best of modern technology.

Classic Full Synthetic 10W50 Engine Oil
A modern fully synthetic oil for high performance 'modern classics', such as MGF & post '93 Mazda MX5. Provides protection against high-pressures & temperatures, in multi-valve, multi-cam, normally aspirated, & turbo, petrol & diesel units. Meets API SL/CF & ACEA A3/B3 requirements.
5 litres: Item No. PR10505 - £43.00 each
1 litre: Item No. PR10501 - £11.00 each

HPR 15W60 Engine Oil
A semi-synthetic multigrade engine oil developed to suit the engines of many vehicles, built mainly between '90-97, including the pre '93 Mazda MX5. It combines the cold start characteristics of an SAE15W with the protection of an SAE60 when the engine is hot, & should be used where 15W40, 15W50, or 20W50 was originally specified. Meets API SL/CF & ACEA A3/B3 requirements.
5 litres: Item No. PR15605 - £35.50 each
1 litre: Item No. PR15601 - £11.00 each

Classic HPR30 Engine Oil
An SAE 20W60 oil which replaces SAE30 & 20W50. A mineral oil formulated for most post-war classics, particularly high-performance vehicles, such as MG, Porsche, Jaguar, & Triumph. Suitable for cars running 6 volt electric systems, where starter motor cranking speeds require an engine to turn over with minimal drag.
5 litres: Item No. PR20605 - £38.80 each
1 litre: Item No. PR20601 - £11.50 each

Classic HPR40 Engine Oil
A 25W70 oil replacing SAE40. Formulated for many '50-79 car engines & many post-war cycles. Contains a complete additive pack &, due to the quality of it's components, will provide improvements in hot oil pressure & oil consumption compared to lighter grades.
5 litres: Item No. PR25705 - £37.00 each
1 litre: Item No. PR25701 - £11.50 each

Classic HPR50 Engine Oil
A special 40-70 multigrade oil, ideal for engines which called for an SAE50 monograde, or where castor oil was originally recommended. Ideal for both cars & motorcycles using ball & roller bearings.
5 litres: Item No. PR40705 - £63.00 each
1 litre: Item No. PR40701 - £16.80 each

Classic 20W50 Engine Oil
Designed specifically for vehicles from the '60s & '70s. Like the original 20W50s of the '60s, Classic 20W50 is a full-bodied, heavy-duty oil, giving excellent film strength under load & resists loss of viscosity when used in combined engine / gearbox applications.
5 litres: Item No. PR20501 - £22.80 each

Running-In Oil
Running-in oil is designed to promote & control the bedding in process of newly renuilt engines. It should be used for the first 300 miles, & then replaced with the appropriate grade of HPR or Classic HPR oil.
5 litres: Item No. PRRIO - £28.60 each
1 litre: Item No. PRRIO1 - £8.15 each

Other PENRITE OIL products available:

Shelsley Range (Low-Detergent) - Light / Medium / Heavy Grade

Heritage Range (pre '20s) - Light to Medium / Medium to Heavy Grade

Transoil Range ('Straight' / Non-Additive Treated) - Transoil 90 / Transoil 140 / Transoil 250

Gearbox Range - Gearbox Oil 30 (replaces SAE3- / 20W50) / Gearbox Oil 40 (SAE40)

Hypoid Range - Mild EP / Hypoid 80W90 / Hypoid 85W140 / Limslip 85W140 / Auto DX-II

Greases - Graphite Gr / HT Wheel Bearing Gr / Water Pump Gr / Semi FluidGr

General - Brake Fluid 500 / Superblend / Carburettor Oils (SU Dashpot & SU Damper) / Shocker Oil 1 / Shocker Oil 2 / Cam Assembly Lube / Storage Protection Supplememt / Classic Coolant Inhibitor / Steering Box Lube

Sandwich Take-Off Plates
For spin-on 3/4" UNF Filter.
Tapped 1/2" BSP.
Available with built- in thermostat.
Standard: SP - £24.89 each
With Oilstat: SPT - £44.59 each

Blanking Plate
For when remote filter head is used.

Item No. BP - £22.52 each

Top Take-Offs for Remote Filters
Others available - Call for Details.
1/2BSP + 3/4UNF M: TOP1 - £16.70 ea
1/2BSP + 5/8UNF F: TOP1A - £16.83 ea
1/2BSP + M16 M: TOP1B - £16.83 ea
1/2BSP + 13/16UNF M: TOP1C - £16.83 ea

Take-Off Plate
For Rover, Buick, Oldsmobile V8.
Tapped 1/2" BSP.

Item No.: PC1 - £99.11 each

Bolt-on to Spin-on Convertor
Converts bolt-on cartridge filter to spin-on. For Chevy V8 56-67.

Item No. HPK1 - £14.00 each

In-Line Temp Gauge Take-Off
Tapped 5/8" UNF.
Others available - Call for Details.
1/2" BSP Male: TGA2C - £29.78 each
5/8" BSP Male: TGA2F - £27.39 each

In-Line Temp Gauge Take-Off
Tapped 5/8" UNF.
Others available - Call for Details.
1/2" push-on: ILTGA - £18.75 each
5/8" push-on: ILTGA58 - £27.56 each

Remote Filter Head
Has1/2" BSP Female Ports.
No Temp Take-off.
Others available - Call for Details.
Right-Left: RFHRL - £22.48 each
Left-Right: RFHLR - £28.15 each

Remote Filter Head
Has1/2" BSP Female Ports.
5/8" UNF Temp Take-off.
Others available - Call for Details.
Left-Right: RFHLRT - £33.05 each
Right-Left: RFHRLT - £33.05 each

Remote Filter Head
Has 3/4" BSP Female Ports.
Takes filter with 1" UNF.
Left to Right flow ONLY.
Others available - Call for Details.
Item No. RFH2G - £27.10 each

In-Line Thermostat - Screw-On
Others available - Call for Details.
1/2" BSP F: OT2A - £68.08 each
1/2" BSP M: OT2C - £89.37 each
5/8" BSP M: OT2D - £87.93 each
3/4" BSP M: OT2E - £67.14 each

In-Line Thermostats - Push-On
Others available - Call for Details.
1/2": OT1P - £30.96 each
3/8": OT1B - £37.72 each
5/8": OT2P - £64.05 each

MOCAL OIL COOLERS WITH 1/2"BSP MALE OUTLETS ARE STOCKED AS STANDARD

A vast range of oil cooler products are available. The coolers are available in various heights, & 2 widths; 115mm matrix or 235mm matrix.. All coolers measure 51mm from front to back. The height of a cooler is referred to in rows; this is the number of oilways - including top & bottom plates - that carry oil.
235mm matrix coolers are most effective. 7 & 10 row coolers are sufficient for most transmission cooling applications. 10 & 13 row coolers are sufficient for most engine cooling applications. Only where high RPM is used, such as in racing applications, are larger coolers required.
All coolers are available with 3/8, 1/2, 5/8, 3/4, 1 BSP, 9/16, 3/4, 7/8, 1.1/16, 1.5/16 JIC, 1/2 NPTF (F), M14x1.5, M16x1.5, M18x1.5 Metric (F) connections.

Original Equipment Oil Coolers
We are able to supply some coolers fitted as original equipment.

	Item No.	Price
BMC Mini Cooper	OC5133-8	£70.88 each
BMC Princess 3 Litre	OC5103-6	£59.88 each
Jaguar XJ6 Series 3	OC5161-12	£82.63 each
Jaguar XJS 3.6	OC5191-12	£94.76 each
Jaguar XJS V12	OCSJAG1	£369.09 each
Jensen Healey	OC5133-10	£70.88 each

Lotus Espirit	OC1163-10	£75.65 each
Saab Turbo 99	OC5103-6	£59.88 each
Saab Turbo 9000	OC1162-55	£75.65 each

Oil Cooler Mounting Brackets
• Pairs of pre-drilled universal brackets to facilitate the mounting of Mocal oil coolers.

	Item No.	Price
Universal Oil Cooler Brackets (Pair)	BRKT1	£3.58 pair

• Bracket to allow the fitment of a 16 Row, 115mm cooler with a standard 119mm square fan assembly.

	Item No.	Price
Fan Housing for 16 Row, 115mm	BRKT3	£29.27 each

• Bracket to allow the fitment of a 16 Row, 235mm cooler with 2 standard 119mm square fan assemblies.

	Item No.	Price
Double Fan Housing for 16 Row, 235mm	BRKT6	£45.04 each

Engine Oil Cooler Installation Kits
Some popular applications are listed below.
Prices do not include the cost of a cooler (see table above).
Please contact us for your precise application.

Cooler Size:
It is recommended that a 10 Row cooler will suit most cars under 2 litres, with a 13 Row cooler suitable for larger engines.

1. Complete Remote Oil Filter Kits
Function:
These kits, comprising; Take-Off / Pump Cover, Remote Filter Head, Adaptors, & Hoses, are available for the popular Land Rover / V8 conversion.

	Item No.	Price
Land Rover with pre SDI V8 conversion - Side take-off	RFK1	£88.42 each
Land Rover with SDI V8 conversion - Side take-off	RFK2	£87.98 each
Land Rover with pre SDI V8 conversion - Top take-off	RFK3	£64.19 each
Land Rover with SDI V8 conversion - Top take-off	RFK4	£64.47 each
Land Rover with V8 conversion - Pump Cover	RFK5	£183.25 each

2. Oil Cooler Take-Off Plates
Any engine fitted with a full flow oil filter may be adapted to take an oil cooler. Contact us for your application;

Alfa Romeo, American Motors, Audi, Austin Healey, Austin/ Morris BMC, etc, BL, BMW, Buick, Cadillac, Chevrolet, Chrysler (US & UK), Daf, Datsun, Fiat, Ford (GB, Germany, & US), Honda, Jaguar, Lotus, MG, Mazda, Mercedes, Mitsubishi Colt, Morgan, NSU, Oldsmobile, Opel, Peugeot, Pontiac, Reliant, Renault, Volvo, Rover, Saab, Simca, Studebaker, Subaru, Toyota, Triumph, Vauxhall, Volkswagen.

Example Take-Off Plates:	Item No.	Price

Artwork
If you are requiring your garments to be embroidered then please send your logo through to us in a JPEG format. We can accept others such as PDF but JPEG is generally the easiest to work with. We then convert your design into an embroidery format that our machines can understand. In all cases we will attempt to submit an embroidered swatch of your logo to you first for you to sign off. We can then confidently start on your job. In the case of an urgent rushed job we would prefer to scan the embroidered swatch, which you can then sign off. The design is then kept in storage on discs ready for your repeat order.
If you are interested in having a screen print job undertaken by us then the best format is EPS. In this process there is no sampling as it is just not possible to set up the machines to do a one-off. If you are wanting to print onto a dark colour then we will need to print a flash colour first. This is generally a white print that sits beneath your print to make it stand out. You won't actually see the flash colour. Because of the way screens are stored we are not able to keep a design for longer than 3 months. So if you need a repeat order outside of this time scale you will incur another set up charge.

COBRA Roadster SS

from
£194.00

H	570mm
W	420mm
D	580mm

Based on the timeless design of the Classic seat, the new Roadster SS benefits from upgraded framework and cushioning resulting in a supremely comfortable seat design specifically for replica 'Cobra' vehicles. Dimensionally the seat fits these types of vehicles perfectly, with trim & styling staying faithful to the heritage of the original car. A narrow base & low cushioning maximise legroom, but also means this seat is perfect for any period styled cars where space in the cockpit is at a premium. Weight - 6.5 kgs

Rigid tubular steel construction with integrated suspension unit.
Ideally suited to 'Cobra' replica vehicles & similar classics.
Traditional fixed back bucket seat for fast road use.
Low base cushion for maximum head & legroom.
Curved profiled back to maximise cockpit space.
Narrow fixed back traditional bucket seat.
Retro compact styling.
Base mounted only.

COBRA Sports Car Recliner

from
£299.00

H	810mm
W	445mm
D	600mm

Back by popular demand, the Sports Car Recliner returns to satisfy the demands of many specialised applications where width is restricted but there is still a need for a tilt and recline facility. Developed initially as Original Equipment fitment to the Panther Kallista, the seat has been updated with a dual sided mechanism for improved safety and performance without detriment to the overall package width. Subtle changes to the framework within provide better comfort whilst the trim and finish remains exactly true to the original seat first seen in 1983. Available in almost any finish and colour combination, the Sports Car Recliner is the perfect choice for any classic or kit car where width is restricted. seat weight 9 kgs

Orthopedic backrest and lumbar support.
Dual sided recline and tilt forward facility.
Height adjustable head restraint.
Narrow bodied reclining seat for traditional sports car fitment.
Dual density foam for comfort.
Tubular steel construction.
Ergonomic design.

COBRA Classic RS

from
£180.00

H	725mm
W	490mm
D	760mm

The Cobra Classic RS - a replica of an early Porsche 911 Seat. Trimmed in traditional heavy-duty Black Vinyl, with Corded centre cushions. The basic frame is totally different to any of Cobra's existing Classic Range seats, and it utilises a different foam system - which is based more closely on the original period seat. Weight - 7.6kgs

Traditional fixed back bucket seat for fast road use.
Faithful reproduction of early 911/912 Sports Seat.
Low back for traditional sports and vintage cars.
High quality original trim specifications.
Deep front anti-submarine bolster.
Fitted with headrest as standard.
Deep sided bucketed support.
Deep cushioning for comfort.
Tubular steel construction.
Retro compact styling.

RX1191
The RX1191 is a fixed low back bucket seat available in vinyl, leather faced or full leather. This seat is suitable for the Pilgrim Sumo and Speedster, Hawk, AK 427, DAX Tojeiro, Cobretti Viper, Python, SK120 and 140 replicas, Autocraft, Southern Autocraft, Brightwheel Viper and most other cobra replicas. The seats is crafted from steel tube and not fibreglass so you can be sure of the utmost quality. We only use the best materials available so the leather and vinyl is of the highest quality for sustained durability. This seat also has the option of matching headrest and seat runners. It is an iconic seat and super luxurious to boot. The perfect compliment to your Replica Cobra.

Vinyl: Item No. RX1191 - £224.00 each
Vinyl Headrest: Item No. RXH1 - £32.00 each
Leather-Faced: Item No. RX1191LF - £279.00 each
Leather: Item No. RX1191L - £349.00 each
Leather Headrest: Item No. RXH1L - £50.00 each

RX1110
The RX1110 is a fixed low back bucket seat. This seat is suitable for NG replicas, JBA, Marlin and most narrow bodied classic or kit cars. The seats come with the option of vinyl, leather faced or full leather. The seats are made from steel tube for extra rigidity and safety. The seats are also crafted using high quality seating foam and all the materials used conform to FMVSS302 regulations. This seat also has the option of headrest in matching colour. This is a classic design seat that offers super comfort. The seats also come with a huge choice of colours whether leather or vinyl for perfect integration in your cars cockpit.

Vinyl: Item No. RX1110 - £195.00 each
Vinyl Headrest: Item No. RXH1 - £32.00 each
Leather-Faced: Item No. RX1110LF - £250.00 each
Leather: Item No. RX1110L - £296.00 each

RX1380	65	37	47	61	51	13
RX777	59	33	37	60	46	13

All Measurements are in Centimetres (cm)

RX1380 (Left)
The RX1380 is a narrow recliner seat with extra side support available in vinyl, leather faced and full leather. This seat is suitable for the JBA Falcon, Sebring TMX, SX and ZX, Healy replicas and most open top tourers and wide bodied Robin Hoods. A matching headrest is also available for this seat along with suitable seat runners. As you can see from the image there are very many different options and colours you can achieve with contrast centre panels or contrast piping. These seats are very luxurious with the added bonus of being recliners for added support and comfort. The foam used is also of very high quality and density. Combine that with the steel tube frame and the quality leather or vinyl you have a seat that will be durable and secure.

Vinyl: Item No. RX1380 - £285.00 each
Vinyl Headrest: Item No. RXH1 - £32.00 each
Leather-Faced: Item No. RX1380LF - £340.00 each

WILLANS HARNESS

When safety, comfort, & quality, are paramount, there is only one choice for competition seat belts. Willans Harness is a world leading seat belt manufacturer, providing essential safety equipment for all motorsports - from track days to international racing. Suppliers to many top teams in all areas of motorsport. Willans Harness – the professional choice for safety & comfort.

Willans Harness is a family run business - established since 1967 - totally dedicated to the safety of racecar drivers. While high profile motorsport is the most demanding part of Willans' business - with many top drivers requesting bespoke harnesses - it is complemented by the production of a range of standard models. Willans produce harnesses for many different types of competition vehicle, with the same high quality of workmanship & design. Outside motorsport, Willans' reputation for reliable, high quality, safety harnesses has led to it's involvement in a number of world-class projects. These include manufacturing the harness for the Thrust SSC, which broke the land speed record in 1997, & also helping the MIR Space Station with research into osteoporosis. Willans supplied harnesses to both Virgin Atlantic Challenger attempts when Richard Branson smashed the world record for the fastest crossing of the Atlantic achieving this amazing feat in a 72-foot long powerboat.

Willans Harness owes its success to the expertise of a retired British Army Major & the business talent of a former Formula Junior driver. The eclectic pair first met in 1967. Major Willans was making safety harnesses for the aircraft industry, having enjoyed such challenges as bronco busting & stunt driving. John Fenning retired from professional racing at the end of the 1966 season to pursue his quest for safer motor racing. To this day he is still involved in Historic F1.

SPA Design Fire Fighter Suppression Systems
The SPA Design Firefighter Extinguisher Systems are specifically created for use in competition vehicles and offers the latest in on board fire suppression technology. Utilising SPA "Lite" AFFF (Aqueous Film Forming Foam) these non-toxic ozone friendly suppression systems give the competitor the same level of protection whether driving Formula 1, WRC or Clubmans Saloon.
Why should you buy a SPA Design "Fire Sense" System?
The fire suppression systems have been rigorously tested in conjunction with the BSI and MSA and fully conform to the latest FIA regulations for competition vehicles. The 4 litre Multi-Flo systems where designed specifically for use in closed cockpit cars i.e. Saloon, Rally and Sports cars. They give an even two-litre split between engine and cockpit compartments for a single chamber bottle. They are FIA approved steel bottle MFM 400 S and MFM 75 S suppression systems that now offer the competitor a cost effective alternative whilst still giving all the performance of our more expensive alloy and carbon fibre fire extinguisher systems.
Fire Suppression Systems are only available for purchase in the MAINLAND UK

Firemaster Flamebeater Extinguisher
0.6kg factory-sealed BC powder. 5-year warranty. Stored pressure. Easy low-cost maintenance. Aluminium lightweight body. Controlled discharge. Nylon coated, steel wire bracket. Fire Rating: 13B. Discharge: 6 seconds. Height / Diameter: 303 / 98mm. 'B' Rating = for flammable liquids, including leaded or unleaded petrol, diesel, & oil. May also be used on 'C-class' gaseous fires, & on live electrical equipment.

Carbon Fibre Effect: FM20/CF - £17.27 each

Willans have built their reputation by providing world leading safety products. Willans now introduce a new range of FIA and MSA approved plumbed-in systems to compliment their range of safety harnesses.

All plumbed in systems feature Willans TXT™ solid wall aluminum tubing which is resistant to high temperatures and accidental crushing.

Handheld extinguishers are also now available.

WILLANS

Handheld Fire Extinguisher Units

1 Litre Foamex™ Handheld
Item No WFH100M - £49.95

1.75 Litre Foamex™ Handheld
Item No WFH175M - £52.95

2.4 Litre Foamex™ Handheld
Item No WFH240M - £62.95

Mechanical

2.25 Litre Foamex™ Mechanical Plumbed in System - MSA Approved All Vehicle Types
(12 Bar) Stored Pressure, Diameter 152mm, Length 220mm, 2x 6mm Nozzles.
Item No WFS225M - £229.00

3.375 Litre Foamex™ Mechanical Plumbed in System - FIA Approved Open Cockpit Single Seaters
(9 Bar) Stored Pressure, Diameter 152mm, Length 310mm, 3x 6mm Nozzles.
Item No WFS337M - £299.00

4.00 Litre Foamex™ Mechanical Plumbed in System - FIA Approved All Vehicle Types
(9 Bar) Stored Pressure, Diameter 152mm, Length 350mm, 4x 6mm Nozzles.
Item No WFS400M - £329.00

Electrical

2.25 Litre Foamex™ Electrical Plumbed in System - MSA Approved All Vehicle Types
(12 Bar) Stored Pressure, Diameter 152mm, Length 220mm, 2x 6mm Nozzles.
Item No WFS225E - £349.00

3.375 Litre Foamex™ Electrical Plumbed in System - FIA Approved Open Cockpit Single Seaters
(9 Bar) Stored Pressure, Diameter 152mm, Length 310mm, 3x 6mm Nozzles.
Item No WFS337E - £429.00

4.00 Litre Foamex™ Electrical Plumbed in System - FIA Approved All Vehicle Types
(9 Bar) Stored Pressure, Diameter 152mm, Length 350mm, 4x 6mm Nozzles.
Item No WFS400E - £459.00

Aldon Performance Distributors
Aldon have been successfully modifying distributors for many years. All distributors supplied are based on Lucas bodies, exclusive to Aldon. The modified specifications have been continually developed using dyno facilities over the last 30 years. Special & one-off applications can be catered for, along with obsolete units rebuilt.

Aldon Performance Distributors are available from stock for 'A' & 'B' series, Ford X/Flow, & Twin Cam engines, & also tuned Triumph 1300/1500, Hillman Imp, Avenger, etc.

Aldon distibutors were supplied as O.E. to Caterham Cars for their X/Flow engine cars. All Aldon performance distributors are available with the Aldon 'Ignitor' electronic ignition unit.

'A' Series Applications **from - £110.00 each**

'B' Series Applications **from - £110.00 each**

Ford X/Flow & Twin Cam Applications **from - £140.00 each**

Chrysler / Talbot Applications **from - £110.00 each**

Triumph Applications **from - £110.00 each**

CONTACT US FOR YOUR APPLICATION

Aldon Performance Distributors

Some 'A' series applications:
A non-vacuum distributor, to suit most tuned engines, using camshafts such as Piper 270/285, Kent 266/276, & 286.
Item No: 100AY - £110.00 each

A distributor with the same characteristics as the 100AY, but fitted with a vacuum advance.
Item No: 100AYV - £125.00 each

A non-vaccum distributor, to suit rally & race tuned engines, running on 649, sprint, or supersprint type camshafts.
Item No: 100AR - £110.00 each

Uses the same advance characteristics as the 100AR, but has the later type drive dog to suit 'A' plus blocks in the metro.
Item No: 100ARP - £110.00 each

Some 'B' series applications:
A non-vacuum distributor, to suit tuned 'B' series using camshafts such as 714, 715, Piper 270, 285, & fitted with side draught carburettors.
Item No: 101BR1 - £110.00 each

A vacuum advance distributor to suit road tuned 'B' series, using 714, 864, Piper 270, 285 camshafts, but retaining the SU carburettors.
Item No: 101BR2 - £125.00 each

CONTACT US FOR YOUR APPLICATION

Aldon 'Ignitor' Electronic Ignition
- Solid state electron ignition
- No unsightly Black boxes, or complicated wiring
- Extends spark plug life
- More consistent ignition timing
- Fits entirely under distributor cap for a neat, clean look

Aldon
Petrol Octane Booster
Improves the octane quality of leaded & unleaded petrol to reduce knock, Pinking, & Run-on. Higher octane helps avoid High Speed Knock, which causes engine damage - holed pistons & blown head gaskets. Ideal for all 4 stroke petrol engines, including fuel injection, turbo, & high performance engines. Allows more advanced, higher compression & greater turbo-boost pressure in motorsport for better acceleration & power. Improves performance of cars with knock-sensors. Ideal in countries without high octane petrol. Lead-free formula is safe for catalysts.

1 litre of Aldon Petrol Octane Booster treats up to 100 litres of petrol.

Item No: OB1 - £8.50 each

Fuchs / Silkolene Pro Boost
Specifically designed to combat pre-ignition & improve acceleration. Improves throttle response & facilitates cold starting. Pro Boost has a 'keep clean effect' in both carburettor & injection systems, & will help reduce icing in carburettors. Fully compatible with all petrol engines & types of fuel & does not attack fuel hoses or filters. 1 litre.
Item No: 600002426 - £9.99 each

10 Litre capacity, silver, snap shut cap with locking pin.

#F1200S £15.98

Jerry Can Spout - Green
Suitable for 10 Litre and 20 Litre Jerry cans (fits #F1200S), includes retaining clip & fittings.

#3210 £8.50

Hand Riveting Gun (4xSizes)
Rivet size attatchments for 3/32" (2.4mm), 1/8" (3.2mm), 5/32" (4.0mm), 3/16" (4.8mm), Includes attachment spanner. **#MF500 £6.99**

AUTOGLYM™

Autoglym Aqua Wax - Specially formulated, Brilliant smear-free finish on ALL exterior surfaces, even when the vehicle is wet. no need to dry the car between washing and polishing. Suitable for all paint types including metallics, as well as rubber, plastic and glass.
500ml & Microfibre: Item No. AG04 - £12.17 each

Autoglym Bodywork Shampoo Conditioner - Careful regular washing with Autoglym Bodywork Shampoo Conditioner removes traffic film and greatly assists in preserving the finish and appearance of your vehicle. Autoglym Bodywork Shampoo Conditioner contains special additional ingredients which form a glossy water-repellent barrier to protect and extend the effect of Autoglym polishes. **1 litre: Item No. AG09 - £7.82 each**

Autoglym Custom Wheel Cleaner - Safely dissolves brake dust from chrome, polished aluminium and anodised wheels. A special blend of biodegradable surfactants, solvents, and alkalis provides a balanced acid-free formulation which rapidly dissolves brake dust, corrosion and traffic film from the most intricate and elaborate wheel designs. **500ml: Item No. AG19 - £6.95 each**

Autoglym Fast Glass - Autoglym provides a super spray-on cleaner for rapid window cleaning – both inside and out – to produce a crystal clear, smear free finish on glass and plastic windows. Free of abrasives, silicones and waxes, leaves no residue, Recommended for use on acrylic and plastic windows where an abrasive cleaner could etch and haze the surface with frequent use. Can also be used on interior plastics to remove dust, and on paintwork to safely remove insects, tree sap and bird droppings if immediate washing is inconvenient. **500ml: Item No. AG25 - £5.21 each**

Autoglym Instant Show Shine - Instant Show Shine is a versatile spray polish to clean and shine a multitude of surfaces including paintwork, plastics, rubber, leather, glass and acrylics. Ideal for instantly refreshing a pre-cleaned and polished "showroom finish". Remove light soiling i.e. fingerprints and dust to impart either a shine or a natural sheen, according to surface material. Abrasive-free. **450ml: Item No. AG35 - £5.21 each**

Autoglym Super Resin Polish - Long term beauty treatment for all paint types including metallic. Periodic polishing gently removes harmful surface contaminants and imparts a tough, glossy, protective barrier to preserve expensive paintwork from harsh environment. Internationally acclaimed, Autoglym Super Resin Polish is the ultimate easy to use combination cleaner, polish and sealant. Ideal for all types and colours of new or moderately deteriorated vehicle paintwork, including metallic, clearcoat and waterbased paint finishes. Contains low molecular weight resins which provide exceptional cosmetic effect and protection from most environmental hazards. **500ml: Item No. AG52 - £9.56 each**

Autoglym Polished Perfection Gift Pack - A kit to clean and protect a car's paintwork. The kit contains: Super Resin Polish 325 ml, Bodywork Shampoo Conditioner 325 ml, Sponge. **3 Products: Item No. AGGP04 - £10.43 set**

Autoglym Superior Valet Gift Pack - Featuring six of Autoglym's key products. The kit Contains: Super Resin Polish 100 ml, Bodywork Shampoo Conditioner 100 ml, Car Glass Polish 100 ml, Intensive Tar Remover 100 ml, Vinyl & Rubber Care 100 ml, Bumper Care 100 ml, Sponge, Stockinette. **6 Products: Item No AGGP06 - £14.77 set**

Heavy Duty Waterproof Car Covers
These covers are ideal for long term outdoor storage. They are fully waterproof, breathable, very strong, & durable.
- Soft cotton lining is gentle on the bodywork
- 100% waterproof material.
- Vent allows cover to breathe.
- All seams electronically welded so water cannot enter.
- Strong elasticated tie-down straps prevent cover lifting in strong winds
- Complete with storage bag.
- Must be put on a dry car.
- Ideal for longer outdoor storage.

Size S1 - 11'1" to 12'0" (e.g. Caterham 7, Mini Cooper): CCSI - £130.95 each
Size S - 12'1 to 13'3" (e.g. Lotus Elise, Mazda MX-5): CCS - £137.66 each
Size M - 13'4" to 14'1" (e.g. Porsche 911, Lotus Esprit): CCM - £143.40 each
Size L - 14'2" to 15'0" (e.g. Mercedes CLK, Porsche 928GTS): CCL - £152.01 each
Size LL - 15'1" to 15'8" (e.g. Jaguar XJ6, Mercedes E-class saloon): CCLL - £159.68 each
Size XL1 - 15'9" to 17'5" (e.g. BMW 7 Series, Rolls Royce Shadows): CCXLI - £171.17 each
Size XL2 - 17'6 to 18'7" (e.g. Mercedes S class LWB): CCXLII - £179.78 each
Size XL3 - 18'8" to 22'0" (e.g. Limos, Cadillacs): CCXLIII - £193.19 each

Waterproof Half Covers
- Silver waterproof polyester.
- Heatproof - keeps interior cool in summer.
- Keeps frost off your windscreen.
- Protects against leaky roofs.
- Attaches with elastic front & rear, with elastcated mirror pockets.
- Comes with a carrying bag.
- Folds away to a very small pakage for ease of storage.

Caterham & Westfields: WHC-CW - £54.00 each
Extra Small e.g. Sports: WHC-XS - £54.00 each
Small e.g. Hatch: WHC-S - £54.00 each
Medium e.g. Saloon: WHC-M - £54.00 each
Large e.g. Estate cars: WHC-L - £54.00 each
4x4 & Large Estates: WHC-XL - £54.00 each

Lightweight Breathable Car Covers
Ideal for cars in regular use that are kept outside. The lightweight fabric provides the perfect combination of a weather resistant car cover which allows any existing water on the car to evaporate through the fabric.
- Deters vandalism.
- Protects against frost & snow.
- Protects against tree sap & bird droppings.
- Gives UV protection.
- Protects against knocks & scratches.
- Car can be wet when fitting cover.
- Can be used indoors.
- Fully breathable.
- Highly resistant to water, frost, & snow.

Size A - Up to 13'4" (e.g. Lotus Elise, Mazda MX-5): CCLA - £87.87 each

Size E - 16'4" to 17'6" (e.g. Mercedes S-class, BMW 7 Series): CCLE - £101.44 each
Size F - 17'7" to 18'9" (e.g. Cadillacs, Limousines): CCLF - £100.32 each

Soft Indoor Car Covers
These covers are ideal for indoor use. Double brushed for softness in a poly-cotton material that breathes naturally, preventing moisture being trapped between car and cover.
- Protects car from moisture, corrosion, dust, scrapes, & scratches.
- Covered zips on both sides allow easy access to doors.
- All covers are elasticated front & rear with a tie-down cord & storage bag.
- Treated on the outside to give damp protection.
- Double brushed for softness.

Size AA - Up to 11'0 (e.g. Caterham7, Mini Cooper): CCAA - £77.99 each

2007 Ford Mustang Shelby GT 5.4L. Supercharged

Fully Dressed, Supercharged 5.4L Engine Assembly
• Engine Type: 5.4L DOHC Supercharged V8
• Displacement (litres/cubic inch): 5.4/300
• Horsepower @ RPM: 500 @ 6000
• Torque (lb.-ft.) @ rpm: 480 @ 4500
• Compression Ratio: 8.4:1
• Bore & Stroke: 3.552 x 4.165
• Construction: Cast-iron block with aluminium heads
• Intake Manifold: Cast-aluminium
• Supercharger: Roots-type with air-to-water intercooler
• Boost: 9.0 psi
• Exhaust Manifold: Cast iron
• Crankshaft: Forged steel
• Throttle Body: Dual bore 60mm, electronic
• Valvetrain: DOHC, 4 valves per cylinder
• Valve Diameter: Intake: 37.0mm
• Valve Diameter: Exhaust: 32.00mm
• Pistons: Forged aluminium
• Connecting Rods: Forged steel I-Beams
• Ignition: Coil-on-plug
• Redline: 6250
• Oil Capacity: 6.6 quarts, 5W-50 Full Synthetic
• Coolant Capacity: 21 quarts, engine (2)
• Fuel System: Sequential Multi-port Fuel Injection

Item No. CEGT500 - £POA (circa £9,800.00) - CONTACT US FOR MORE DETAILS

5.8L/351-392 CID Small Block 475HP "Z" Aluminium Head Ford Racing Performance Crate Engine Assembly
Rear Sump T-pan (Manual Transmission).

• 392 cubic inch.
• 475 HP @ 5600 RPM (with headers & 750 CFM Holley carburetor, not included).
• 495 ft./lbs. of torque @ 4400 RPM.
• 10.0:1 compression ratio (nominal).
• Forged pistons.
• Forged steel cap screw connecting rods.
• Forged steel crankshaft.
• Hydraulic roller high-performance camshaft.
• High-performance T-sump oil pan.
• Front sump pan fits most passenger cars that came factory equipped with front sump pan.
• MSD billet distributor.
• Ford Racing aluminium "Z" cylinder heads. Raised exhaust ports may require custom headers.
• Ford Racing high-performance hydraulic roller camshaft & roller rocker arms.
• Single plane "Victor Jr." intake manifold.
• Heavy-duty 5.8L "Sportsman" race block, oil & water pumps, oil pan, steel billet flywheel & a harmonic damper.
• Great engine for serious performance applications.
• Depending on your application, a different timing cover, water pump, performance oil pan & pickup may be required.

Look at what you get:
• A "Sportsman" 2-bolt main long block engine assembly. Custom built with the same quality controls as a new engine.
• Ford Racing Z304 aluminium cylinder heads. They have 2.02" intake & 1.60" exhaust valves & flow better then GT-40 heads.
• Ford Racing high-performance hydraulic roller camshaft provides significant horsepower increases above 4000 RPM with good mid-range torque. Valve lift is .563" intake & .584" exhaust duration @ .050" is 232 degrees intake & 240 degrees exhaust.

Item No. CE392RT - £POA (circa £6,500.00) - CONTACT US FOR MORE DETAILS

5.0L/302-345HP GT-40 Aluminium Head Ford Racing Performance Crate Engine Assembly
E303 Camshaft - Auto or Manual Transmission.

• 302 cubic inch.
• 340 HP, Ford Racing induction kit, headers & a 65mm throttle body not included.
• 9.0:1 compression ratio (nominal).
• Ford Racing aluminium GT-40 cylinder heads.
• Ford Racing high-performance hydraulic roller camshaft, roller lifters & roller rocker arms.
• Depending on your application, the timing cover &/or water pump, damper, oil pan & pickup tube may need to be reused from your original engine.

Look at what you get:
A new long block assembly, built with the same quality controls as a new production engine. With minor modifications, it will also fit earlier models & vehicles with automatic transmissions.
A new long block assembly that includes the block, crank, rods, pistons, timing chain, roller rocker arms, roller tappets, push rods, oil pump & pickup tube, oil pan, valve covers, front cover, water pump, damper, flywheel, spark plugs & related long block engine parts to which Ford Racing engineers have added:

– Ford Racing GT-40 aluminium cylinder heads with 1.94" intake valves & 1.54" exhaust valves. They flow significantly better than production 5.0L HO heads.

– Ford Racing hydraulic roller camshaft hat provides significant horsepower increases above 2500 RPM & good low-end torque. Valve lift is .498" n both intake & exhaust. Duration at .050" is 220 degrees on both intake & exhaust.

Item No. CEXE3M - £POA (circa £3,800.00) - CONTACT US FOR MORE DETAILS

Whitewall Trims
Will convert almost any tyre into a stylish-looking whitewall.

No special tools or adhesives are required. Fitment simply requires the deflation of the tyre, & is well within the capabilities of the average motorist.

They have great appeal to those accessory-minded motorists, who want to make their vehicles just that little bit different.

Available in sizes from 8" to 19".

Automotive Fibreglass - Fabrication and Repair

By John Dickens.

An indispensable guide for anyone considering using fibreglass in an automotive application. Basic fibreglass and gelcoat repairs, creating replica and one-off panels, making single and split moulds. Easy step by step guides to the basics of working with fibreglass. From a simple bonnet bulge to creating one-off components, this book covers it all.

210x270mm. Stiff card cover. 320+ colour illustrations.

Item No. AFFAR - £19.99 each

K&N Recharger Filter Care Service Kit
A 6-step maintenance system designed to recharge any K&N Air Filter. Completely restores air flow efficiency so your K&N Filter performs like new!

Kit Includes:
8oz (237ml) Air FilterOil
12oz (355ml) Air Filter Cleaner
Service Decal

Item No: 99-5050 - £8.98 kit

K&N 57i Series Induction Kits

Pipercross Motorsport & Competition Performance Air Filters

Carburettors

Single Carburettor Filters

Designed for both road & competition use, the **PX300** range of filters is available for a wide range of carburettor vehicles. Each filter consists of a lightweight ring plate bonded to reticulated foam in a triple layer laminate with the filter being supported internally by a metal cage. The PX300 filter elements & baseplates are ordered separately to ensure the best combinations for your engine. When ordering, please fit the largest possible, allowing a 19mm gap between the trumpet mouth or carb face & the inner face of the filter.

Twin Carburettor

Pipercross's range of 500 & 600-series filters is designed specifically for twin side draft carburettor or throttle body applications & is suitable for both road & competition use. Each filter element / air-box is secured to the baseplate by DZUS fasteners which allows for simple fitting & removal when servicing the filter. For off road use or extreme conditions, please specify Pipercross's increased efficiency 'MX' foam. Each 600 filter element is supported internally by central mesh made from expanded galvanised steel to give not only structural strength but allows movement in the ends of the filter for fitting into tight locations.

PX500 "Small Twin Carburettor"

The PX500 filter & baseplate is suitable for applications where the 600-series baseplate will not fit, eg; Motorcycles, MG Midget, Metro, Mini, etc, & uses the same internal mesh & quick release fasteners as the larger 600-series filters. The 500-series baseplate is available in pre-cut carburettor patterns & also as a blank uncut baseplate for custom applications.

600-Series "Big Twin Carburettor"

Designed for both competition & road use, the PX600 is available for Delloro DHLA, Weber DCOE & DCO/SP carburettors, as well as Weber Alpha, Jenvey throttle bodies, & other custom applications.

600-Series Airbox

Designed to fit directly to all 600 baseplates, the 600-series airbox has been developed specifically for application where a reduction in drive-by noise is required. Gains in both power & torque are evident due to the reduction in air intake temperatures & also the increased plenum area. The air-box has a depth of just 78mm to make it suitable for most kit car / track day installations. Available in both left & right hand fitments, each airbox has an integral Pipercross reverse-flow air filter which can be easily removed for cleaning. A 75/100mm bell mouth is supplied to allow the fitment of a cold air feed to duct air directly into the airbox.

PX650

The PX650 filter is designed for the Hart & DFV March / DFV 3000 Formula race engines. All components are available individually or as a complete kits.

Cone Filters

Rubber Neck

Pipercross universal rubber neck cone filters are available for virtually every vehicle. Neck sizes range from 50mm to 146mm with filter heights to suit the application. Each incorporates a protective cage available either internally or externally.

PX700

Pipercross conical air filters are suitable for all fuel-injected engines using an intake pipe from the throttle body. Each lightweight cone uses the same multi-laminate foam filter used on all Pipercross air filters & is designed to give the best airflow & engine protection. Always fit the largest cone where possible to give the best performance. The "700" range of intake cones al feature either a large 150mm or massive 200mm spun-alloy radiused base to promote airflow in the engine. All PX700 filters feature a foam top for increased surface area & airflow.

PX7000

Pipercross's 7000-series filters use four moulded polyurethane neck reducers & a 150mm spun alloy base to help maximise the number of fitments available from a single filter. The PX7000 filter utilise Pipercross Vortex foam to give increased surface area & features a polished alloy "PX" stamped end cap for great underbonnet looks. Each 7000-series filter includes: 150mm spun alloy base with 88mm neck, 75mm, 70mm, 65mm, & 60mm neck reducers.

Sealed Intakes

Viper

The Technology used in the VIPER was first seen on the Lotus 340R & is now available as a range of universal filters. The cold air feed takes air from behind the grill straight into the Viper's 100mm diameter inlet, swirling it through a unique air filter contained within a deep-weave carbon fibre heat shield. From here, the air passes through a ram pipe which increases air pressure before feeding it into the induction system. It's this 'velocity air force' that results in gains in both power & torque.

Venom 7000

Pipercross have now added the Venom to their range of 7000-series filters to complement the existing universal sealed intakes. Based on the popular Viper, the Venom 7000 uses an innovative 5-in-1 design of four moulded polyurethane neck reducers & a 150mm spun alloy base. This offers all the fitment benefits of a rubber neck filter with the performance of an alloy base filter. Each Venom 7000 uses a 75mm diameter direct air feed system to supply cold air directly into the filter, with a powdercoated alloy heatshield to keep underbonnet temperatures away from the cool air inside the intake. The Venom uses a removable reverse-flow filter element to aid cleaning & servicing. Each 7000-series filter includes: 150mm spun alloy base with 88mm neck, 75mm, 70mm, 65mm, & 60mm neck reducers.

Viper Evolution

For high power applications, the Viper Evolution airbox provides an unrestricted supply of filtered cold air to your engine. With a 200mm diameter, alloy heat shield, the 100mm intake provides the ultimate filter solution.

Other Carburettors

PX150 - Mini / Metro SU

The PX150 is designed for the Mini & the Metro SU applications to eliminate the clearance problems often associated with filters on the Mini. Each complete easy to fit kit features a low conical shape filter with polished chrome top & a special clearance gasket.

PX800 - Holley

The PX800 filter replaces the complete air assembley for the Holley four barrel carburettor.
The filter utilises an inner support cage which is bonded to a high performance multi laminated foam air filter. Each kit comprises a detachable polished alloy base plate, which is recessed to ensure the maximum filter depth. Also featured in the filter kit is a polished-alloy vector stand off plate, which improves torque & deflects fuel spit back.

Filter Socks

Pipercross trumpet filter socks are designed to fit over Pipercross ram pipes & are ideal for applications where clearance is a problem. Filter socks should be oiled prior to use.

Ram Pipes

Pipercross ram pipe trumpets incorporate a full roll back lip & 8 degree incline wall, this design helps to prevent spit back / stand off whilst smoothly supplying all the air your engine needs into the carburettor or throttle body. Each ram pipe is powdercoated in a choice of Red, Blue, or Silver, & is available for Weber, SU, & Dellorto, in a range of sizes.

Accessories

Crankcase Breather Filters

Airflow Meter Adaptors

Filter Cleaning Kits

Keep your Pipercross air filter in peak condition with the range of cleaning kits.

Cold Air Feeds

Channel cool air to the air filter with an extendable cold air feed system.

*The famous **red-band**™ filters for road or race*

Megaflow

These famous black foam filters with the red band are also manufactured as domed 'sausage' filters. Standard filters are available in four heights: 25mm, 40mm, 65mm and 100mm.

Megaflow performance race filters are supported by a large range of accessories. Please call for full details.

Standard Megaflow Filters

Part No.	Filter Price	Baseplate Price
JC20	£35.50	£13.50
JC30	£50.50	£21.50
JC40	£64.00	£22.50
JC50	£70.50	£25.50

Performance Race Filters

Part No.	Description	Price
JC10	Formula Ford filter	£56.50
JC70	Racing filter with baseplate	£141.00
JC71	Racing filter with baseplate	£141.00
JC90	Porsche 911 (2 x Webber IDA3C)	£171.00
JC100	Multi carb use. Includes baseplate	£173.00

Sausage Filters

JC20 Sausage filter	£66.00
JC30 Sausage filter	£71.50
JC40 Sausage filter	£88.00
JC50 Sausage filter	£93.50

Baseplates are available for most applications, but in the event that we do not have one to fit your exact requirements, all baseplates can be supplied undrilled.

Important – All filters must be oiled prior to use.

Filter Oils

JDR-1 Foam air filter oil.
For light dust conditions, racing and trackdays.
JDR-2 Foam air filter oil.
Suitable for Profilters, rallying, hill climb and long life.

Size		Price
JDR-1	200ml aerosol can	£7.00
JDR-2	200ml aerosol can	£7.00

Full-Radius Air Horns

Specially made with special attention to the inlet radius. Large bellmouths on the spun aluminium trumpets.

No.	Carb type	Height	Price
FR45/40	45DCOE	40mm	£27.00
FR45/75	45DCOE	75mm	£29.00
FR48/40	48DCOE	40mm	£27.00
FR48/75	48DCOE	75mm	£29.00

Slot-In Ram Pipes

No.	Carb type	Height	Price
JRP1	40 DCOE	16mm	£16.50
JRP2	40 DCOE	26mm	£16.50
JRP3	40 DCOE	39mm	£16.50
JRP13	45 DCOE	16mm	£16.50
JRP14	45 DCOE	26mm	£16.50
JRP15	45 DCOE	39mm	£16.50

Crankcase Breather

Dimensions	Price
16mm inside/diameter	£17.00
19mm inside/diameter	£17.00
30mm inside/diameter	£17.00

Foam Socks

ITG Produce a range of foam 'socks' which fit over the bellmouth of the carburettor.

Dimensions	Price
100mm outside/diameter – 130mm long	£12.00
150mm outside/diameter – 170mm long	£14.00
Double sock for single twin choke carb	£21.00

Premium quality Induction kits and remote air filters

Maxogen®

Maxogen induction systems are revolutionary kits that enable cold, dense air to reach the fuel metering unit more efficiently.

These remarkable units can deliver as much as 9% more effective peak power at the wheels, and in some cases at 500rpm less revs in doing so.

Maxogen filters are specially designed for turbo, fuel injected or special carburettors.

JC60 Airfilters – *Available in cylindrical or conical shape*

Dimensions – O/D 149mm	Price
58, 60, 63 and 67 inside diameter	£47.00
70, 73, and 78 inside diameter	£47.00
Dimensions – O/D 180mm	**Price**
80 and 86mm inside diameter	£55.00
93 and 99mm inside diameter	£58.00
114 and 124mm inside diameter	£66.00

JC62 Airfilters – *Conical shape only*

60 and 70mm inside diameter (O/D 100mm)	£40.00

SPAX

CLASSIC, MODIFIED, & COMPETITION SUSPENSION

For Coil Springs See Page 118

SPAX for Classic Cars:
Since your classic car was built, there have been many changes to car technology. Engines have become more powerful & more economical. Interiors now have air-conditioning & airbags as standard, etc. With regard to Classic Cars, the biggest changes have been to tyre & suspension technology. If you were to put a Ford GT40 on a racetrack, with a Ferrari 360 with similar BHP & the same driver, the Ferrari would lap faster. If you replaced the suspension & tyres on the Ford for modern versions, the difference would be a lot less. This technology is available today for your classic car.

Telescopic Dampers:
SPAX telescopic dampers are all fully adjustable, with 28 bump & compression adjustments that allow you to set your car up to suit your driving style & road conditions. The resulting driving experience will be transformed. SPAX adjustable dampers are all powder coated for longer life, all have triple oil seals & can be ordered in a variety of colours to suit your classic car.

Struts & Inserts:
Many cars from the 1960's were fitted with McPherson struts. SPAX can supply up-rated versions of these struts, & inserts to suit that are now fully adjustable from the top. Since the 1960s, technology has changed significantly, & you can now have 21st century suspension. This will allow you to set your car up to suit your driving style & varying road conditions. This results in vastly improved enjoyment, safer road-holding, as well as longer life from the units

Lever Arm Conversions:
Lever arm dampers were fitted to many British sports cars in the 1950s & 1960s. They are no longer in production on any modern car & that speaks for itself! SPAX produce a range of conversions that allows you to change to adjustable telescopic dampers. This change will allow your car to be adjusted to suit your driving style & today's road conditions. The result will be a significantly more rewarding driving experience & longer life.

Suspension Kits & Individual Dampers.
3 types of suspension kit available:
RSX – Krypton gas pressurised dampers. Ride height adjustable on the car without dismantling. Dampers adjustable on the car without dismantling. Dampers adjustable in rebound & bump. Fully dyno tested. Epoxy powder coated. Top quality chrome silicone springs.

PSX – Krypton gas pressurised dampers. Dampers adjustable on the car without dismantling. Dampers adjustable in rebound & bump. Fully dyno tested. Epoxy powder coated. Top quality chrome silicone springs.

VSX – Nitrogen gas pressurised dampers. Top quality chrome silicone springs.

Suspension Kits available for: Alfa Romeo, Audi, BMW, Citroen, Daewoo, Fiat, Ford, Holden, Honda, Lamborghini, Lotus, Marcos, Mazda, Mercedes, MG, Mini, Peugeot, Porsche, Renault, Rover Group, Seat, Skoda, Smart, Subaru, Toyota, Vauxhall, Volkswagen **– CONTACT US FOR YOUR APPLICATION.**

Adjustable Sprint Dampers &/or Fixed-Rate Sport Dampers available for: AC, Alfa Romeo, Alvis, Audi, Austin, BMW, Bond, British Leyland, Caterham, Chevrolet, Chrysler, Citroen, Daewoo, Daihatsu, Daimler, Fiat, Ford, Gilbern, Ginetta, Hillman, Holden, Honda, Hyundai, Innocenti, Isuzu, Jaguar, Jensen, Lancia, Lada, Lamborghini, Land Rover, Lotus, Marcos, Mazda, Mercedes, MG, Mini, Morgan, Morris, Nissan, NSU, Opel, Peugeot, Piper, Porsche, Range Rover, Reliant, Renault, Rover Group, Saab, Seat, Skoda, Smart, Subaru, Talbot, Toyota, Triumph, TVR, Vauxhall, Volkswagen, Volvo, Westfield **– CONTACT US FOR YOUR APPLICATION.**

Spring Kits.
SSX – Lowered & up-rated kit. Top quality chrome silicone material. Stress relieved & oven baked. Epoxy powder coated.

Spring Kits available for: Alfa Romeo, Audi, BMW, Chrysler, Citroen, Daewoo, Daihatsu, Dodge, Ferrari, Fiat, Ford, Honda, Hyundai, Jaguar, Jeep, Kia, Lexus, Lancia, Maserati, Mazda, Mercedes, Mini, Mitsubishi, Nissan, Rover, Saab, Seat, Skoda, Smart, Opel, Peugeot, Porsche, Proton, Renault, Subaru, Suzuki, Toyota, Vauxhall, Volswagen, Volvo **– CONTACT US FOR YOUR APPLICATION.**

Other SPAX products Available:
TrakSPAX Double Adjustable Motorsport Dampers.
TrakSPAX Single Adjustable Motorsport Dampers.
CSX Competition Dampers.

SPAX

CSX Competition Dampers

£99.99 each

Bespoke, Steel-Bodied, Gas-Pressurised Competition Dampers (SPRINGS NOT INCLUDED).
Available in open lengths from 9" (226mm) to 19" (482mm). Excellent Value at only from £99.99 each.

Each Damper Individually Hand-Built & Dyno Tested to ensure Quality & Consistent Performance.
All CSX Dampers are FULLY REBUILDABLE & SERVICEABLE by SPAX Factory Technicians.
28 STAGE On-Car Adjustment of BUMP & REBOUND damping force for Precise, Repeatable Adjustments.
Extra long height adjuster for ease of flexibilty of fitting.

Standard Specification:
- **Compact 42mm diameter Steel damper body.**
- **Damper can be mounted up to 45 degrees with adjuster at base.**
- **Powder Coated in Black.**
- **High Peformance Rubber Bump Stop.**
- **Fittings for 1.9" ID or 2.25" ID Spring.**
- **Motorsport Valving with Rebound:Bump Ratio 3:1.**

Stage 1: Select the BODY LENGTH you require.

Item No.	Body Length	Stroke	Spring Thread	Maximum Spring Length
C70/900	131 mm	46 mm	65 mm	4.5 inches
C75/975	143 mm	54 mm	77 mm	5.0 inches
C75/100	143 mm	64 mm	77 mm	5.5 inches
C80/105	156 mm	64 mm	90 mm	6.0 inches
C80/110	156 mm	74 mm	90 mm	6.5 inches
C90/115	181 mm	64 mm	95 mm	7.0 inches
C90/120	181 mm	74 mm	95 mm	7.5 inches
C90/125	181 mm	89 mm	95 mm	8.0 inches
C90/130	181 mm	99 mm	95 mm	8.5 inches
C100/135	207 mm	89 mm	120 mm	9.0 inches
C100/140	207 mm	99 mm	120 mm	9.5 inches
C100/145	207 mm	114 mm	120 mm	10.0 inches
C100/150	207 mm	124 mm	120 mm	10.5 inches
C120/160	258 mm	99 mm	150 mm	11.0 inches
C120/170	258 mm	124 mm	150 mm	12.5 inches
C120/180	258 mm	149 mm	150 mm	13.5 inches
C120/190	258 mm	174 mm	150 mm	15.5 inches

Stage 2: Select the TOP & BOTTOM Fittings.
The length of these fittings (Dim P) goes towards the overall pen & closed lengths.

Item No.	Description	Length	Bore	Dim P inc Lock Nut Top	Dim P inc Lock Nut Bottom
A	Bonded Bush 10	25.40 mm	9.6 mm	32	14.5
B	Bonded Bush 14	31.75 mm	11.2 mm	32	14.5
C	Bonded Bush 18	31.75 mm	12.8 mm	32	14.5
D	Spherical Bearing	12.00 mm	12.8 mm	36	17.5
E	Stem (Standard)			39	20.0
F	"Silent-Block" Bush	28.00 mm	16.0 mm	39	21.0

Note: Option D is fitted with a 15mm internal diameter bearing fitted with a removable 12.7 mm sleeve.

Stage 3: Select the SPRING FITTINGS you require.

Item No. 0 = No Spring Seats Required.
Item No. 1 = Fittings for a 1.9" ID Spring.
Item No. 2 = Fittings for a 2.25" ID Spring.

Item No. = BODY LENGTH + TOP FITTING + BOTTOM FITTING + SPRING FITTINGS.

eg: C70/900 A A 1 = 131mm Body + Bonded Bush 10 (T&B) + for 1.9" ID Spring.

eg: C120/190 D D 2 = 258mm Body + Spherical Bearing (T&B) + for 2.25" ID Spring.

SPAX

TrakSPAX Motorsport Dampers

from £224.99 each

TrakSPAX Competition Dampers - Race Winning Technology & Absolute Performance.
Double Adjustable: from £299.99 each. Single Adjustable: from £224.99 each (SPRINGS NOT INCLUDED).

- **Available as Double Adjustable or Single Adjustable Dampers.**
- **Exceptional Stroke to Length Ratio.**
- **Individually Hand-Built & Calibrated.**
- **On-Car 625 / 25 Stage Bump & Rebound Damping Adjustment.**

Aircraft Grade Aluminium Body, CNC Machine & Hard Anodised for Unparalleled Quality & 20% Lower Weight. Each Damper Individually Hand-Built & Dyno Tested to ensure Quality & Consistent Performance.
TrakSPAX Dampers are FULLY REBUILDABLE & SERVICEABLE by SPAX Factory Technicians.
3 DAY EXPRESS REBUIL SERVICE to ensure you are back on the track within a week.
Each TrakSPAX Damper comes with a FREE SERVICE in the 1st year.
100% Independent Bump & Rebound Adjustment with easy-to-use Anodised Alloy Adjuster Knobs (Double).
25 Stage Bump & Rebound Adjustment with easy-to-use Adjuster Knob for Precise Adjustment (Single).

A POLYMERIC BREAKTHROUGH - Are those rubber bushes you replaced just months ago worn out already? Is handling soggy & vague? Are tyres wearing prematurely? Is your main dealer no longer stocking bushes for your car? Are your present bushes undermining road-holding capability? These are some of the problems SuperFlex polyurethane bushes are developed to overcome for you. This unique polyurethane product range, marketed by SuperFlex, pioneered over two decades, & now comprising over 2000 different thoroughly-proven automotive applications is, deservedly, the clear market leader - worldwide. For performance & quality, backed by a full 3-year road warranty, SuperFlex polyurethane bushes are unrivalled - a real value long term benefit to the feel of your car.

BETTER BY DESIGN - SuperFlex polyurethane suspension bushes are not mere copies of the original rubber bushes. They are individually designed to take full advantage of the special characteristics of polyurethane - its durability, & exceptional friction-absorbing capability not hitherto attainable with rubber. Critical crush, pre-load, & location factors are calculated to achieve positive, responsive driver feedback, which complements a vehicle's road holding capability - coupled with ride refinement. The four manufactured formulations of firmness (70, 80, 90, & 95 Shore-A) enable them to match the needs of each individual application. The superior finish of SuperFlex polyurethane bushes - machine-finished where appropriate - is not purely cosmetic either. It ensures a precise fit – an important part of the optimum crush, pre-load, & location equation. Sophisticated casting techniques maintain the consistency & accuracy that put SuperFlex polyurethane suspension bushes - & the resultant quality of handling that you'll experience - in a class of their own. The SuperFlex experience comes only when you fit genuine SuperFlex polyurethane bushes. So be certain that that is exactly what you get.

THE KEY IS RESILIENCE - SuperFlex polyurethane bushes are shiny, wax-like to the touch, & have a firm rubber-like resilience you can actually feel. They combine the best features of rubber – the elimination of noise, vibration, & harshness (NVH) – with the durability & toughness of plastic or metal. Resilience is the secret & the real benefit. SuperFlex polyurethane bushes are very different from the inferior injection-moulded versions that, from time to time, others attempt to market, regardless of their shortcomings. So beware. Their typically innate hardness & lack of resiliency range tend to transmit NVH to a level that could put you off using polyurethane suspension bushes on a road car ever again. They're usually a product of either: automotive inexperience, limited process capability, or simply cost-cutting. Fortunately they are easily recognisable when seen alongside SuperFlex, due to their dull, lack-lustre appearance. They also feel hard & unyielding, & can be difficult to fit. With SuperFlex polyurethane bushes, you can actually feel the elastomeric quality. But insisting on the brand name is your only real safeguard against a costly disappointment.

TOUGHNESS - SuperFlex polyurethane suspension bushes have an extremely high tension- & compression-bearing capacity. This enables them to be lighter, thinner, & more durable than rubber bushes, while still retaining their superior strength. Since the early 1900s motor vehicle technology & performance have advanced dramatically, while the humble rubber bush remained virtually unchanged. But since the early 80s, SuperFlex Polyurethane Technology has revolutionized that vital component.

RESISTANCE - Unlike rubber, SuperFlex polyurethane bushes will not perish. They are also inherently resistant to deterioration & swelling, even when in regular contact with oil, greases, waxes, & most other chemicals.

FRICTION - Unlike rubber bushes, SuperFlex polyurethane suspension bushes are designed to function rather like a bearing. This allows the suspension to move more freely around its pivotal point & eliminates the restriction imposed by the torsion pivoting inherent in most rubber bushes. The microscopic release of the lubricating polymers impregnated during manufacture, aided by their own assembly lubricant, gives SuperFlex polyurethane bushes their exceptional ability to absorb friction throughout their long life. This, together with their high load-bearing capability, & outstanding abrasion resistance, makes them ideal for almost any vehicle - especially where other bushes are marginal. For special applications, even more sophisticated lubricant-retention techniques are employed including knurled bores & bullet & spiral grooves. Another achievement is the remarkable breakthrough in the bonding of polyurethane to steel, to the point where the bond normally outlasts the life of the bush. SuperFlex polyurethane bushes will not roll & peel away like rubber. Indeed their superior performance is already proven in over 2000 automotive applications.

THERMO-ELASTICITY - SuperFlex polyurethane suspension bushes have the exceptional ability to perform in extreme temperatures, as high as 90°C & as low as minus 60°C.

IMPROVED STABILITY - SuperFlex polyurethane suspension bushes are designed to give improved location at pivot points, helping to stabilise suspension geometry during cornering, braking, & acceleration. In some cases, such as TVR 'M' series wishbones, & Triumph 2000/Stag track control arms, the eye of an arm can often slip across the original rubber bush, allowing metal-to-metal contact. SuperFlex polyurethane bushes are designed with substantial side location shoulders that eliminate axial displacement problems. SuperFlex polyurethane bushes have a hardness range of 70- 95 Shore-A, depending on the application (some 10-45 points higher than the average rubber bush). This significantly improves location, with little or no sacrifice of ride comfort.

STAINLESS STEEL - Long life polyurethane bushes require long life crush tubes. Which is why, unlike other manufacturers, they avoid the use of mild steel as a bearing surface wherever climatic conditions dictate. Their stainless steel tubes eliminate the risk of rust acting as an abrasive to the bush & reduce the likelihood of bolts becoming seized in the tube. (Simple test: A magnet will not stick to stainless steel). With the exception of low demand/special order kits, all our European specification sleeved bushes are supplied with a stainless steel tube.

REFINEMENT & SAFETY - In racing, where rules allow, & even on the road, bushes with virtually no compliance (such as hard nylatron, PTFE, nylon, needle roller, or rose joints) have been used. This practice can cause serious loss of refinement due to noise transmission into the car, not to mention the extra stress it places on the other components. Even a slight impact might result in a broken or bent suspension arm. Some after-market solid bushes restrict articulation to a single axis where inappropriate, thereby imposing potentially-dangerous limitations of movement. SuperFlex polyurethane suspension bushes are a much safer alternative, giving good location, & a degree of protective compliance on impact. SuperFlex polyurethane bushes will accommodate wider variations in the production tolerances of the original suspension bush housing than rigid versions, & require no machining after fitting.

PRICING - SuperFlex polyurethane suspension bushes were originally pioneered to provide superior performance for the forward thinking enthusiast, quality being the prime criterion. For example, SuperFlex crush tubes, where used as a bearing surface, are stainless steel, as opposed to the rust-prone mild steel commonly used. Yet today, SuperFlex polyurethane bushes actually cost less than many original equipment rubber bushes. Even when this is not the case (such as MGB front wishbone bushes) any small extra cost is more than compensated by the substantial savings on labour costs due to less frequent replacement - making SuperFlex polyurethane suspension bushes a far better investment. aA word of caution: many of the rubber bushes available today are cheap reproductions, which can further compound any previous wear problems.

FULL WARRANTY - SuperFlex polyurethane bushes carry a full 3-year road-use warranty from date of purchase, subject to production of the supplier's invoice.

COLOURS - For the Classic car market SuperFlex polyurethane suspension bushes are typically a very dark blue/purple - almost black. For the modern 'performance' market they are red. &, for cosmetic items such as sun-visor mounts, they are black.

All EEC members must add VAT to listed prices

AVO Performance Suspension
Performance Spring Kits
The largest range of UK manufactured performance spring kits. Lowers your car to give it an aggressive & sporty stance, they are uprated by approx. 25% over standard, which gives reduced body roll. All springs are epoxy coated to protect them from road grime & stress tested for increased life against fatigue.

Chassis Dynamics Kit
A true budget performance suspension kit. Kits consist of 4 top quality gas pressurised shock absorbers (these are non-adjustable for damping rate), matched to AVO's already proven performance spring kits. These kits will increase your car's stability, without the loss of ride quality. A value for money budget performance kit.

Roadsport Kits
Designed for the more enthusiastic performance car driver. The roadsport kit offers the freedom to set the cars suspension to your own driving requirements. Both front & rear shock absorbers are adjustable for damping rate whilst mounted to the car, again matched with the proven performance spring kits these kits will reduce body roll & increase steering response. An excellent fast 'B' road suspension set up.

GTZ Kits
When it comes to dramatic suspension drops (60mm+), the GTZ kits are the only route to take. Unlike many other manufacturers, AVO units are designed with shorter bodies & piston rods, which gives you the maximum available travel for a low ride height. The units are adjustable for damping for damping rate & are designed to use race spec 2.25" ID competition coil springs, the threaded bodies also allows for ride height & corner weight setting. Complete with all spring seats, top retaining collets, & dust covers, all you need to use is the OE top mounts. The ultimate fast road set up.

AVO Classic
At AVO, they haven't forgotten their roots, & they still manufacture one of the biggest ranges of classic car apllications. You will be surprised at what they can offer off the shelf, from an Alfa Guillia through to a Vauxhall Magnum. All units are adjustable for damping rate & are a direct replacement with the original units. Being adjustable makes them suitable for historic race & rally use, & AVO have had many successful finishes. If by chance AVO do not offer your application, they are always happy to see if it can be built as a special one-off.

1.90" / 2.25" / 2.50" ID Coil Springs
UK manufactured to the highest class 'A' specification / standard. The springs are hardened & tempered to BS5216 requirements, they are shot peened & stress relieved to increase life against fatigue. All springs are coated with a Black ployester epoxy powder. A full range of free lengths & rates are available from stock.

Avo Motorsport Pro-Race Range
The Most Comprehensive Range of Coil-Over Shock Absorbers Available.

High quality, high performance, Adjustable, Coil-Over Shock Absorbers for Specialist Kit-Car use, and for the Clubman Competitor.

Steel - to accept 1.9 ID or 2.25 ID Springs.

Single Adjustable.

Poly-Bush Mounts or Spherical-Bearing Mounts.

Item No. Prefix	Body	Spring	Mounts	Price
PA	1 5/8"	1.9 ID	Poly-Bush	£80.00 each
PF	2"	2.25 ID	Poly-Bush	£90.00 each
WA	1 5/8"	1.9 ID	Bearings	£95.00 each
WD	2"	2.25 ID	Bearings	£105.00 each

Prices are Each Unit (Springs are Not Included)

Item No. Suffix	Open Length	Closed Length	Body Length	Spring
090/070	9"	7"	4"	5"
100/075	10"	7.5"	4.5"	6"
110/080	11"	8"	5"	7"
120/085	12"	8.5"	5.5"	8"
130/090	13"	9"	6"	8" or 9"
140/095	14"	9.5"	6.5"	9"
150/100	15"	10"	7"	9" or 10"
160/105	16"	10.5"	7.5"	10"
170/110	17"	11"	8"	12"
180/115	18"	11.5"	8.5"	14"
190/120	19"	12"	9"	14"
200/125	20"	12.5"	9.5"	14"

Open Length is taken from Eye Centre to Eye Centre. Closed Length is Metal to Metal. All Units have 1" Bump Stops, so Closed Length will Increase by 1"

To get correct Item Number, add Prefix & Suffix, eg:

PA080/070 = Takes 1.9 ID Spring, Open 9", Closed 7" with Poly-Bush Mounts Top & Bottom.

PF110/080 = Takes 2.25 ID Spring, Open 11", Closed 8" with Poly-Bush Mounts Top & Bottom.

WA130/090 = Takes 1.9 ID Spring, Open 13", Closed 9" with Spherical-Bearing Mounts Top & Bottom.

WD150/100 = Takes 2.25 ID Spring, Open 15", Closed 10" with Spherical-Bearing Mounts Top & Bottom.

POWERFLEX

Parts available for;

Alfa Romeo, Audi, BMW, Caterham, Chrysler, Citroen, Daewoo, Daihatsu, Ferrari, Fiat, Ford, Ford Commercial, GM, Honda, Jaguar (Daimler), Lancia, Land Rover, Lotus, Mazda, Mercedes-Benz, MG, Mitsubishi, Nissan, Opel, Peugeot, Porsche, Renault, Rover, Saab, Subaru, Suzuki, Toyota, Triumph, TVR, Vauxhall, VW, Volvo.

Due to space limitations, we can't list all parts available. Please contact us for your application.

POWERFLEX - No.1 SUSPENSION BUSHES IN EUROPE!

EPTG Ltd (European Polyurethane Technologies Group) was formed in the UK in 1996 to take advantage of the significant advances made in the development of polyurethane in recent years.

The company has wide experience of automotive suspension & chassis systems & combining these design skills with advanced polyurethane manufacturing techniques led to the development of the wide range of high performance automotive polyurethane components now known the world over by the product name POWERFLEX.

The company operates in a self-contained state of the art factory, manufacturing everything in-house.

The stainless steel components are machined on the latest computer controlled equipment to ensure perfect repeatability & quality.

The moulding & tooling, design & manufacturing is carried out within the factory ensuring very rapid response time to special projects & complete communication between development, prototyping, testing & manufacturing departments. Component manufacturing is carried out with the latest automatic processing equipment ensuring 100% right first time quality. Testing of new components is carried out both on the vehicle & on test rigs.

All of these factors combined made POWERFLEX the number one selling performance bushes in Europe within only two years.

SPECIAL MANUFACTURING

The special type of polyurethane they use is an advanced material which has unique properties. Their products have the ability to offer high performance without vibration or noise but with exceptionally long life.

In addition to their "standard" range of bushes, which they publish, they also manufacture many special components for original equipment car companies & also industrial applications.

Because of their manufacturing facility & wide experience with suspension components they can design & manufacture very quickly bushes & other parts, especially for you.

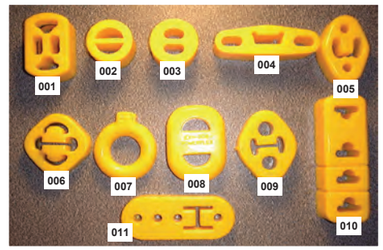

They manufacture special parts for a number of non automotive industries. These include marine parts for corrosion protection, shock absorber mounting bushes, sound absorbing mounting pads, train door mechanisms, rollers, mounting blocks, etc.

The materials they use can be modified to offer different properties. Hardness levels offered can be in the range Shore A 35 to 95. They can manufacture in any colour. If you have any special design requirements please contact us.

Weber Carburettors

40 DCOE 151: Item No. 19550174 - £306.00 each
45 DCOE 152: Item No.19600060 - £306.00 each
48 DCO/SP: Item No. 19603007 - £384.00 each

40/45 DCOE Balance Link
Used to join 2x 40 or 45 DCOE carburettors together.
Item No. 45048005 - £14.10 each

48 DCO/SP Balance Link
Used to join 2x 48 DCO/SP carburettors together.
Item No. 45041147 - £14.50 each

Weber Twin Fuel Union T Piece
Used to link two carburettors together.
Item No. 10536034 - £14.44 each

Weber Single Fuel Union 90 Degree
Fitted on the one side of carburettors
Item No. 10536035 - £9.29 each

Weber Fuel Union Gasket
Gasket on carburettor side of union.
Item No. 41530031 - £0.60 each

Weber Fuel Union Bolt
Used to hold fuel union onto side of carburettor body.
Item No. 12715008 - £11.00 each

Weber Fuel Union Bolt Gasket
Gasket on bolt side of union.
Item No. 41530024 - £0.44 each

Carburettor Synchrometer
Carburettor Synchrometer for direct fiiting to the rampipes on Dellorto DHLA & Weber DCOE, to assist balancing of carbs.

Item No. 98001000 - £42.90 each

Inlet Manifolds

K Series - 2x 40 DCOE
Suitable for 1400/1600/1800 16v K Series engines.
Item No. 4180A - £162.89

K Series - 2x 45 DCOE
Suitable for 1400/1600/1800 16v K Series engines.
Item No. 4180B - £162.89

Pinto - 2x 40 DCOE (3.4")
1600/2000 Capri/Escort/Sierra
Item No. 4270A - £126.00

Pinto - 2x 45 DCOE (3.4")
1600/2000 Capri/Escort/Sierra
Item No. 4270B - £135.60

Pinto - 2x 48 DCOE (3.4")
1600/2000 Capri/Escort/Sierra
Item No. 4270C - £144.00

RS2000 16v - 2x 45 DCOE
Suitable for RS2000 16v engines.
Item No. IM006 - £210.00

Other applications available on request - please contact us.

Carburettor Fitting Packs & Accessories

Fitting Packs
Contain 4 rubber O rings, 4 plastic spacers, 4 manifold studs, 4 spring washers, & 4 nylock nuts, used between the inlet manifold & DCOE Carburettor. 1 pack will fit 1 carburettor.
40 DCOE : Item No. FP40 - £9.00 pack(4)
45 DCOE : Item No. FP45 - £9.00 pack(4)
48 DCOE : Item No. FP48 - £9.00 pack(4)

O Ring & Spacer Packs
Contain 4 rubber O rings & 4 plastic spacers, used between the inlet manifold & DCOE Carburettor.
40 DCOE : Item No. O540 - £5.40 pack(4)
45 DCOE : Item No. O545 - £5.40 pack(4)
48 DCOE : Item No. O548 - £5.40 pack(4)

O Ring Packs
Contain 4 rubber O rings for plastic spacers, used between the inlet manifold & DCOE Carburettor.
Item No. ORW - £2.40 pack (4)

Return Spring
Throttle return springs.
Item No. TLK010 - £2.35 each

Manifold Stud Packs
Contain 4 manifold studs, 4 spring washers, & 4 nylock nuts, used between the inlet manifold & DCOE Carburettor.
Item No. SNW - £4.20 pack(4)

Misab Spacer Plates
Aluminium spacer plates with a bonded rubber O rings. Should be used with Warner Rubbing Mountings.
Item No. 99900301 - £6.98 pair

Warner Rubber Mounting Packs
Contain 4 rubber mounting grommets & 8 metal cups. Should be used instead of washers when using Misab Spacer Plates.
Item No. WRP - £3.30 pack(4)

Throttle Cables
1 metre long: LMA246/1 - £9.87 each
2 metres long: LMA246/2 - £12.01 each
3 metres long: LMA246/3 - £14.56 each

Throttle Linkage Kits
Single - Designed to be used with the original single throttle cable. NB: No new cable included in this kit.
Single Cable Bottom Mount: Item No. LP3000 - £68.00 kit
Single Cable Top Mount: Item No. LP1000 - £68.00 kit
Throttle Cable: Item No. 99901628 - £10.58 each
Twin - Designed to be used with twin throttle cables. NB: 2 new cables included in this kit.
Twin Cable Bottom Mount: Item No. LP4000 - £74.00 kit
Twin Cable Top Mount: Item No. LP2000 - £74.00 kit

Choke Cables

Universal Choke / Heater Cables - Stiff Inner Wire
1.5m / 60" long with Plain Knob or 'C' Knob (see page 69).
Plain Knob: Item No. UCHCS - £6.63 each
'C' Knob: Item No. UCCS - £6.63 each

Universal Choke Cable - Locking
1.5m / 60" long with Stranded Inner Bowden Cable.
Item No. LCC - £6.63 each

Carburettor Service Kits
Kits include; Needle Valve, Diaphragm, Gasket Seals, Idle Screws, etc. They do not include Jets.

Stromberg 150CD: Item No. CD028 - £16.09 kit
Stromberg 175CD: Item No. CD029 - £17.24 kit
Dellorto 40/45 DHLA: Item No. DE040 - £26.40 kit
Ford VV: Item No. FM051 - £38.54 kit
Weber 26/28 TLDM : Item No. WE467 - £30.50 kit
Weber 28/30 DFTM : Item No. WE420 - £25.27 kit
Weber 28/30 TLDM : Item No. WE609 - £29.20 kit
Weber 28/32 TLDM 6/7/8A only : Item No. WE469 - £28.64 kit
Weber 28/32 TLDM not 6/7/8A : Item No. WE422 - £29.21 kit
Weber 38/36 DARA : Item No. WE621 - £19.58 kit
Weber 30/34 DFTH : Item No. WE419 - £27.94 kit
Weber 32 DIR : Item No. WE441 - £33.17 kit
Weber 32 DRTM : Item No. WE427 - £29.71 kit
Weber 32/34 DFT : Item No. WE445 - £30.29 kit

FSE Bullet Fuel Filters

Bullet Filter Benefits: Designed for the Professional & Motorsport Enthusiast. May be used as Pump Pre-Filter or Main High-Pressure Filter. Aluminium Anodised Solid Billet filter case & end cover. Aluminium Fittings. Full range of models. Paper Cartridge Filter (replaceable). Metal Cleanable Element (available). Bracket Fixings.

Bullet Filter Specification:
Body: Red / Blue Anodised (Inlet & Outlet 1/4" NPTF Female Threads).
Filter: High-Flow 45 Micron Metal Filter - or - Pleated 8 Micron Paper Filter.
Fuel: Petrol Super Unleaded / Avgas or Diesel.
Fitting Options: 8mm, 10mm, 12mm, 15mm, JIC-6, JIC-8.
Body Size: 110mm x 50mm Diameter.
Weight: 150 grams.
Flow: 300 Ltrs/Hr (Max).

Blue = Motorsport. Red = Industrial.

Renu Paper Element: Item No. BULLA01 - £3.40 each
High-Flow Metal Filter: Item No. BULLA02 - £12.40 each

Fuel Selector Valve
For 2 tank installation. With return feed to tanks, and return feed from engine. 2 Valves required for 3 tank set up. MAX PSI 60. 3/8" out, 5/16" return.
Item No. FSV300 - £99.00 each

Anti Theft Fuel Cut-Off Valves
12v w/ 8mm OD tails, 12v w/ 11mm OD tails, or 24v w/ 8mm OD tails. For Petrol & Diesel.
8mm 12v: Item No. 012912 - £45.90 each
11mm 12v: Item No. 012962 - £80.94 each
8mm 24v: Item No. 012924 - £76.18 each

FSE 'Power Boost Valves' Injection 1:1.7

The Power Boost Valve is an Adjustable Fuel Pressure Regulator - designed for use on Electric Fuel Injection Engines with a special fuel enrichment facility for acceleration, commonly known as a 'Rising Fuel Rate'.

The enrichment rate is 1.7:1.

Benefits are:

Suitable for Standard & Tuned Vehicles.
Quicker Throttle Response.
Faster Acceleration.
Throttle Hesitation (in most cases eliminated).
Normal Idle (with adjustment) Retained.
Normal Economy on Light Throttle.
General Fitting Instructions Included.
Weight 300 grams approx.
Manufactured to Original Equipment Specs.

Power Boost Valve Accessories

Straight Union: FPA903/A - £0.99 each
Gauge 1-7 BAR: FPG002 - £16.50 each
Chrome Cap Nut: RA016 - £3.95 each
Blanking Plug: RA018 - £2.45 each
Rep' Diaphragm & Seal: RA031 - £18.95 set

Oil Pressure Switch with Fuel Pump Cut Off
Cuts power to electric pump when oil pressure drops below safe. 1/4" x 18 NPTF Thread. Pressure = 2.0-8.0 psi / 0.13-0.53 BAR.

Item No. 50610 - £16.91 each

FSE 'Power Boost Valves' Injection 1:1.7 Application List:
Available for: Audi, Alfa Romeo, BMW, Citroen, Daewoo, Daihatsu, Fiat, Ford, Honda, Hyundai, Lancia, Land Rover, Lotus, Mazda, Mercedes, MCC (Micro Compact Car), Mitsubishi, Morgan, Nissan, Opel, Peugeot, Porsche, Proton, Renault, Rover, Saab, Seat, Skoda, Subaru, Suzuki, Toyota, TVR, Vauxhall, Volkswagen, Volvo.

Item No. ARCB1 - £83.16 each

Presto Locking Cap
Chrome-plated die cast 'Mazac' cap with lock. Fits to a 2' bore hose. As fitted to post-war Triumphs, ACs

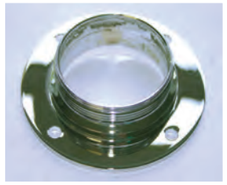

Presto Locking Cap: PCH2L - £48.60 ea
Rubber Grommit: RG2 - £8.85 ea

www.europaspares.com

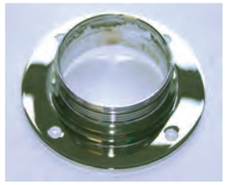

Fuel Cap Tether
Used to secure your fuel cap from the inside, and nevwwer loose it. (IVA compliant)

#IVAFT - £7.00 each

Flat Chromed Brass Flanges
For Aston or Monza.

2.00": CFF2 - £15.58 each
2.50": CFF212 - £20.34 each
2.75": CFF234 - £23.18 each

Flat Anodised Aluminium Flanges
For Aston or Monza.

2.00": FLAA2 - £15.48 each
2.50": FLAA25 - £16.94 each
2.75": FLAA275 - £19.28 each
3.50": FLAA35 - £27.99 each

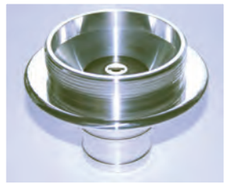

Flat Aluminium Flanges
For Aston or Monza.

2.50": AFF212 - £22.00 each
2.75": AFF234 - £22.00 each

Turn Button Petrol Cap
Standard or Locking.

Standard: TBPCS - £30.66 each
Locking: TBPC2 - £33.72 each

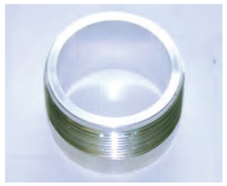

Locking Aston / Monza Flange
Suits 2.00" or 2.25" Bore Hose.

3.50": PT017B - £69.00 each
Lead-Free Reducer: LFF300 - £13.65 each

Brass Threaded Collars
Have a recess into which a tube can be soldered or Araldited.

2.00": BPCR2 - £7.50 each
2.50": BPCR212 - £11.50 each
2.75": BPCR234 - £11.50 each

Aluminium Threaded Collars
Can be welded or take a hose of the same bore as the thread.

2.00": COLA2 - £7.00 each
2.50": COLA25 - £11.14 each
2.75": COLA275 - £11.35 each

Moulded Locking Petrol Cap
Suits 2.00" or 2.25" Bore Hose.
3.00" Outer Diameter.

Non-IVA: MPCL - £46.80 each
IVA OK: MPCLS - £56.80 each

Bolt-On Petrol Cap
Galvanised.
2.25" throat.

Item No. BOPC - £65.00 each

Threaded Flanges and Funnels
One-piece threaded flange and funnel combined. Designed to allow for fit-ment to exterior bodywork and connecting via a hose to a remote tank. They are machined from billet aluminium, polished and then anodised silver. Will take 2.25" (57mm) and 2.00" (51mm) hoses. Secondary locking filler caps and lead free flaps can be fitted.

For 2.00" Caps - 3.00" PCD x6 Holes: FLAP2 - £24.98 each
For 2.50" Caps - 3.00" PCD x6 Holes: FLAP25 - £37.22 each
For 2.75" Caps - 3.00" PCD x6 Holes: FLAP275 - £39.82 each
For 3.50" Caps - 4.50" PCD x6 Holes: FLAP35 - £45.94 each
Locking Insert Kit: PLC - £21.02 each
Lead Free Flap Kit: LFF300 - £13.65 each
FLAP2 will only take 2.00" hose. LIK1 & LFF300 can not be used with FLAP2

Stainless Worm Drive Hose Clips

10-16mm: LMA351 - £0.87 each
12-22mm: LMA352 - £0.87 each
16-27mm: LMA353 - £0.95 each
20-32mm: LMA354 - £0.98 each
28-40mm: LMA355 - £0.98 each
30-45mm: LMA356 - £1.00 each
32-50mm: LMA357 - £1.00 each
40-60mm: LMA358 - £1.00 each
50-70mm: LMA359 - £1.05 each
60-80mm: LMA360 - £1.10 each

Anodised Brake Fitting
5/16" Tail - fits GRRL & GRRS
 # 536-0104 - £7.29 each

Brake Fluid Proof Hose
HE2220 EPDM 5/16".
 # RH516BF - £7.88 metre

Girling Remote Reservoirs
7/16" UNF
Large: GRRL - £30.91 each
Small: GRRS - £25.00 each
Replacement Lid
Item No. GRL - £5.04 each

Girling Master Cylinders
for remote reservoir. 3/8UNF out, 7/16UNF in.
Girling .625" bore: GMCRR625 - £55.00 each
Girling .700" bore: GMCRR700 - £55.00 each
Girling .750" bore: GMCRR750 - £55.00 each

Non-G .625" bore: MCRR625 - £25.00 each
Non-G .700" bore: MCRR700 - £25.00 each

Girling / Non-Girling Master Cylinders
with integral reservoir. 3/8 UNF outlet.
Girling .625" bore: GMC625 - £58.00 each
Girling .700" bore: GMC700 - £58.00 each
Girling .750" bore: GMC750 - £58.00 each

Non-G .625" bore: MC625 - £29.00 each
Non-G .700" bore: MC700 - £29.00 each

IVA OK!

Fluid Level Warning Cap
Suits GMC625, GMC700, & GMC750, MC625, MC700. Not suitable for remote reservoirs.
Item No. 901104 - £20.93 each

Master Cylinder Repair Kit

.625": 625RK - £10.29 kit
.700": 700RK - £10.29 kit
.750": 750RK - £10.29 kit

Float Level Switch
For use with remote reser-voirs - GRRL / GRRS.

Item No. RD3649 - £9.00 each

IVA OK!

3 Chamber Brake Reservoir
Includes low level warning lamp.
115mm x 145mm x 45mm.

Item No. SMR - £24.06 each

IVA OK!

Twin Chamber Remote Brake Reservoir
Upright reservoir with fluid level warning switch. Option of side or bottom exit feed.

Item No. IVARES - £21.96 each

IVA OK!

Twin Chamber Remote Brake Reservoir
Low line reservoir with fluid level switch bottom exit feed.

Item No. IVADR - £42.98 each

Reservoir Mounting Bracket
Single or Twin

Single: Item No. TAS1387 - £5.00
Twin: Item No. RD3641 - £7.50

Remote Reservoir Fixing Kit
1x metre of Brake Fluid Hose.
1x 7/16"UNF Male to 5/16" Push-on fitting, 1x Copper Washer, 2x Hose Clamps.

Item No. EBPK1 - £17.96

Steel Push Rod Ends
Pressed or Machined Steel.
For Handbrakes ONLY - not suitable for Master Cylinders.

Pressed: # GMCPRP - £4.20
Machined: # GMCPRM - £4.06

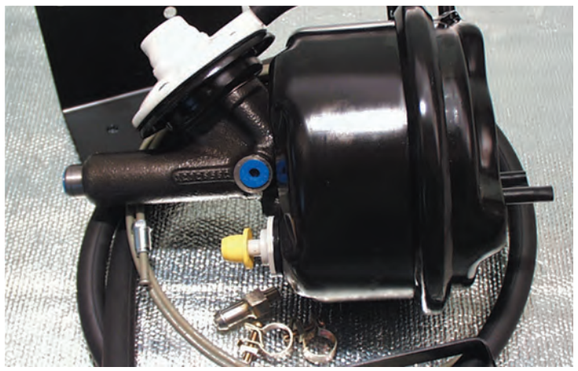

Master Cylinder Push Rod

Item No. GMCP12 - £9.99

12"(30.5cm) Reservoir Pipe
Stainless steel, suitable for any external reservoir, 7/16 UNF female Swivel at both ends). Includes an 7/16 male/male union, & dowty washer.
Item No. 180016 - £19.99

Remote Vacuum Brake Servo Unit
(Single-Link Braking Systems)
Designed to boost pressure ratio for cars and light vans, not for use on tandem or dual line systems except for specific applications where twin servo units are fitted. Ratio 1.90:1 Slave Cylinder Bore 11/16" reaction piston bore 5/16"

Item No. RSBU - £184.00 each

Optional One-Way Servo Valve
Advisable on high performance vehicles, Aluminium.

Item No. 9041 - £17.99 each

Assorted Brass Unions - Other Available - Contact Us for Your Application

SSBC Electric Vacuum Pump Kit
For when the correct amount of vacuum is not being generated. Builds 24" of vacuum. 8" L x 5" W x 7" H. Draws 10 amps. Flow rate: 1.53 cfm. Includes 12 volt vacuum pump, switching relay, vacuum line & control, mounting insulators & hardware.
Item No. 28146 - £299.00 kit

Brake Flare Tool
Heavy duty trade brake flare tools, vice mounted single action lever gives perfect single or double flare
2-part Imperial: HDBF21 - £84.61 each
2-part Metric: HDBF2M - £84.61 each
5-part Imperial: HDBF51 - £105.00 each
5-part Metric: HDBF5M - £105.00 each
Extra punches can be added to increase the range of pipe dia.
3/16" SAE: Item No. DP01 - £13.64 set
1/4" SAE: Item No. DP14 - £13.64 set
5/16" SAE: Item No. DP516 - £13.64 set
3/8" SAE: Item No. DP38 - £13.64 set
1/2" SAE: Item No. OP12 - £13.64 set
6mm SAE: Item No. DP6M - £13.64 set
8mm SAE: Item No. DP8M - £13.64 set
10mm SAE: Item No. DP10M - £13.64 set
12mm SAE: Item No. DP12M - £13.64 set
Brake Flare Tool Kit: Item No. 37870 - £19.99 set

Knock On Brake Pipe Clips
3/16": Item No. BPC316 - £1.75 pack 10
3/16" & 5/16" Double: Item No. BPC316516 - £6.40 pack 10
3/16" Triple: Item No. BPC316T - £8.60 pack 10
3/16" Quadruple: Item No. BPC316Q - £15.20 pack 10
1/4": Item No. BPC14 - £4.90 pack 10
1/4" Double: Item No. BPC14D - £9.20 pack 10
5/16": Item No. BPC516 - £6.90 pack 10
5/16" Triple: Item No. BPC516T - £8.30 pack 10
3/8": Item No. BPC38 - £9.00 pack 10
1/2": Item No. BPC12 - £7.50 pack 10

Kunifer Brake Pipe
All 7.5 metre rolls.
3/16": Item No. KBP316 - £19.99 roll
1/4": Item No. KBP14 - £48.57 roll
5/16": Item No. KBP516 - £55.56 roll
3/8": Item No. KBP38 - £67.35 roll
1/2": Item No. KBP12 - £95.64 roll

Copper Brake Pipe
All 7.5 metre rolls.
3/16": Item No. CBP316 - £19.99 roll
1/4": Item No. CBP14 - £32.48 roll
5/16": Item No. CFP516 - £41.82 roll
3/8": Item No. CFP38 - £47.92 roll

SSBC Adjustable Proportioning Valves
3/16" UNF Inlets. Available with optional gauge.
Black Anodised Body: Item No. A0707 - £57.60 each
Black Anodised + Gauge: Item No. A0707E - £70.80 each
Polished Body: Item No. A0707P - £76.80 each
Polished + Gauge: Item No. A0707G - £94.80 each

SSBC Prop-Blocks - Adj. Prop-Valve & Distribution Blocks
Accepts 3/16" brake line. Includes 2 inlets from master cylinder, 2 outlets to front brakes & 1 outlet to rear brakes. Includes wiring pigtail for rear brake light switch.
Black Anodised Body: Item No. A0730 - £141.60 each
Polished Body: Item No. A0730P - £165.60 each

Allows 7 immediate & distinct changes in braking balance.

Brake Bias Proportion Valves
Lever Type. M10 or 3/8" UNF Inlets.
M10 # 901003 £89.99
3/8" UNF # 901000 £99.99

Brake Bias Adapter Valve
3/8 UNF to 1/8 NPT
Item No. 816-03-P - £3.12

Brake Tube Clamp
Seals brake and fuel lines
Item No. 4022 - £5.99

Automatic Brake Bleed Tube
Sealed at one end with a small split to allow exess fluid to escape
Item No. 104051 - £3.50

Medium Pipe Bender
Will bend pipes from 3/16" to 3/8" OD, through a radius of 3/4" to 1.1/4". For automotive, plumbing, etc, using steel, copper, or brass tubing.
Item No. BPBT £43.40 each

Pipe Bender
Handy bending tool for forming tight bends in Copper & Steel brake pipes. 3/16", 1/4", 5/16", 3/8".
Item No. 400098 - £14.99 each

Small Pipe Bender
Allows neat, small radius bends to be made on 3/16" steel, copper nickel, and copper brake piping.
Item No. BPATS - £14.35 each

Brake Pipe Deburrer Kit
A useful tool for the quick and easy deburring, inside and out, of 3/16" brake tubing after cutting and prior to flaring. Includes BPATS - Small Pipe Bender.
Item No. BPATS2 - £27.15 kit

Mini Pipe Tube Cutter
Cuts from 3mm to 22mm O.D. Deburring reamer in adjusting knob
Item No. D10579 - £8.86 each

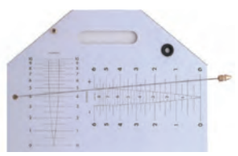

Universal Joint Steering Coupling
Takes 14mm dia. 36 teeth spline shaft.
Coupling: Item No. UJSC - £21.54 each

Silicone Brake Fluid
Non corrosive 500 degrees Fahrenheit boiling point.
250ml: Item No. SBF2 - £13.75 each
500ml: Item No. SBF5 - £21.00 each
1litre: Item No. SBF1 - £35.50 each

Hydraulic Brake Light Switch
3/8"UNF: Item No. HBLSU - £12.50 each
M10x1: Item No. HBLSM - £12.50 each

Castor Camber Gauge
Lightweight, accurate, low cost. Very easy to use.
Item No. ADACCG - £50.70 each

Pace Camber Gauge
Robustly constructed with cast alloy frame - fully machined on all working surfaces. Accurate, sensitive, bubbles - centring between 2 marker lines - with both adjusters taking one complete turn per 3 degrees, for ease of adjustment.
Item No. CGP - £124.02 each

Brake Bias Proportion Valve
Ford Racing / Wilwood.
1/8" 27 NPT Inlets.
Item No. M2328C - £69.99 each

TÛV / FMVSS approved hoses available on request - CALL TO ORDER

ELIMINATES SPONGY FEEL **IMPROVED BRAKING EFFICIENCY** **ABRASION & CORROSION RESISTANT**

Goodridge Brakeline Kits
Goodridge stainless steel brake hose kits are available to suit all models of car, whatever the make. Kits feature the finest quality hose, consisting of a PTFE inner with a stainless steel outerbraid. This eliminates the spongy pedal feel under ardous conditions, giving greater braking efficiency or clutch operation as well as providing superior resistance to abrasion & corrosion. These kits, therefore, not only provide the reliability & safety demanded, but offer brilliant good looks that improve the appearance of any installation.

All kits are supplied with zinc-plated mild steel fittings as standard. Stainless steel fittings can be supplied at extra cost - CALL TO ORDER.
All kits are supplied with a clear-cover, with 'Goodridge Print', hose as standard. Coloured hoses can be supplied at extra cost - CALL TO ORDER.
Hose colours: Black, Carbonline, Clear, Electric Blue, Orange, Green, Red, Solid Blue, & Yellow.

If your car is not listed above, contact our sales department to order - **0044(0)1283-815609 / Info@EuropaSpares.com** - Makes available include:

ACURA • AC • AUSTIN • ASTON MARTIN • ALFA ROMEO • AUDI • ALVIS • BENTLEY • BOND • BMW • CITROEN • DAIMLER • DAIHATSU • DATSUN • DE TOMASO • FORD • FERRARI • FIAT • GINETTA • HONDA • HILLMAN • HYUNDAI • JAGUAR • JENSON • LADA • LAMBOURGHINI • LANCIA • LAND ROVER • LEXUS • LOTUS • MAZDA • MERCEDES • MG • MORGAN • MASARATI • MITSUBISHI • NISSAN • OPEL • PEUGEOT • PORSCHE • PONTIAC • RANGE ROVER • RELIANT • RENAULT • ROVER • SAAB • SEAT • SINGER • SKODA • SMART • SUNBEAM • SUBARU • SUZUKI • TALBOT • TRIUMPH • TVR • TOYOTA • VAUXHALL • VOLVO • VOLKSWAGEN

GOODRIDGE

600 SERIES BRAKE & CLUTCH HOSE

High Speed, constant rapid gear change, & heavy braking, put great strains on competition hydraulic systems, where failure can be disastrous. 600 series hose strongly resists expansion under high pressure & temperature, & provides consistent brake & clutch pressure giving firmer & more efficient operation without that spongy feeling. Offering protection against abrasion & fire, these hoses are also recommended for all pressure gauge lines & fire extinguisher systems. Use dash size 3 for most braking systems, & dash size 3 or 4 for clutch systems. Dash 2 hose is the smallest brake hose available. It's microbore construction can give increased line pressure & more responsive & sensitive brake feel. Excellent for motorcycle & racecar braking systems.

Construction:
PTFE inner tube compatible with all brake & clutch fluids, with outer cover of corrosion & fire resistant stainless steel. Temp range: 73°C to 232°C

Dash	ID mm	OD mm	Item No.	Price
2	2.00	5.00	600-02	£8.72 mtr
3	3.50	6.45	600-03	£8.34 mtr

Pig Snout Rubber Exhaust Bobbin

Item No. PSRB - £1.93 each

Side Bracket Exhaust Clamps
Suitable for 1.7/8" OD Pipe.

Item No. CEC - £2.29 each

Top Hook Exhaust Bracket
Suitable for 2" OD Pipe.

Item No. EB3 - £4.25 each

Rubber Strap Exhaust Bracket

Item No. RSEB - £2.99 each

Universal Exhaust Hanger
45-60mm Exhaust pipe, max length 290mm, flexible joint, 8 hole mounting plate.

Item No. MF001 - £3.30 each

Large Rubber Exhaust Bobbin
Measures 33mm x 60mm

Item No. RB1 - £8.39 each

Medium Rubber Exhaust Bobbin
Measures 20mm x 40mm

Item No. MRB - £2.34 each

Small Rubber Exhaust Bobbin
Measures 18mm x 34mm

Item No. SRB - £2.34 each

Cast-Iron Cut-Out
Dash mounted cable controls internal flap, allowing normal exhaust tone via standard system, or open the flap & bypass the mufflers.

Item No. 241628 - £64.99 each

Fish Tail Exhaust Deflector

Item No. TTFT - £9.99 each

QuikSteel
Can be used to repair leaks, breaks, cracks & holes in almost anything! Can be drilled, etc after curing.

Item No. QST - £14.99 2oz

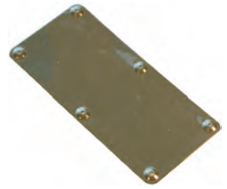

Exhaust Repair Putty
Smooth texture for easy working for leak-proof exhaust system.

ERP - £3.75 250g

Exhaust Joining Paste
For easy assembly of exhaust pipes. Lubricates & self seals.

PST6 - £4.90 300ml

Self Adhesive Exhaust Plate
Stainless Steel. 160mm x 75mm. Protects body from exhaust heat.

GE30 - £4.99 each

Rolled Exhaust Trims
6" Long, other lengths available.

32mm ID: N01 - £14.99 each
38mm ID: N03 - £14.99 each
51mm ID: N07 - £14.99 each

Custom Exhaust Heat Shields

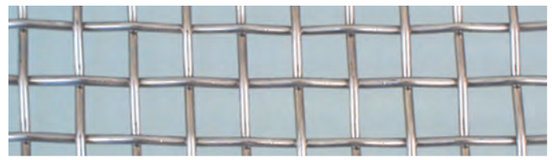

- *High quality.*
- *Tailor-made exhaust heat shields.*
- *Made from polished Stainl.ss Steel.*
- *Can be made to any length.*
- *Any name laser-cut into the side.*

Diameter	Item No.	Price
Custom heatshield 4" diameter	CCR4	£88.00
Custom heatshield 5" diameter	CCR5	£99.00
Custom heatshield 6" diameter	CCR6	£109.00
Custom heatshield Lettering Item No. (As required)	CCRLETTERING	£25.00

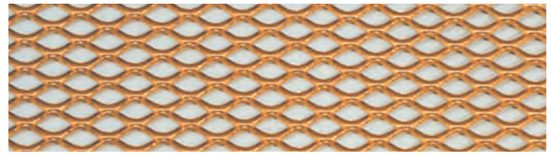

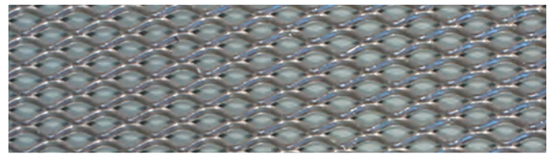

Stainless Steel Woven Mesh (Top)
4ft / 1220mm wide. 6.67mm aperture - square which can be compressed into diamond shape. Cut from the roll.& sold in 12" / 305mm sections.

Item No. SWSWM2 - £97.20 12" / 305mm

Gold Anodised Aluminium Grille Mesh (Middle)

4ft x 4ft: Item No. GGMS - £196.89 sheet
2ft x 2ft: Item No. GGMI - £49.22 sheet
4ft x 1ft: Item No. GGM - £49.22 sheet

Aluminium Expanded Grille Mesh (Not Pictured)

4ft x 4ft: Item No. AGMS - £146.19 sheet
2ft x 2ft: Item No. AGMI - £36.55 sheet
4ft x 1ft: Item No. AGM - £36.55 sheet

Stainless Steel Expanded Grille Mesh (Bottom)

4ft x 4ft: Item No. SSGMS - £146.19 sheet
2ft x 2ft: Item No. SSGI - £36.55 sheet
4ft x 1ft: Item No. SSGM - £36.55 sheet

Thermo-Tec Snap Strap
Snap strap comes in individual sizes of 227mm (9 inches) & 454mm (18 inches); also in kits for V6 (6x 227mm + 4x 454mm) or V8 (8x 227mm + 4x 454mm) applications.

Quick & easy to use
Stainless steel multi-lock system

V8 Kit: Item No: 13101 - £35.95 each
V6 Kit: Item No: 13105 - £30.52 each
12x 227mm: Item No: 13150 - £32.51 each
6x 454mm: Item No: 13160 - £21.37 each

Thermo-Tec Hi-Heat Coating
Use the Hi-Heat Coating to finish off a clean & well protected Exhaust Insulating Wrap installation. The coating will protect the wrap from abrasion & harmful liquid spills. Extra resins & binders toughen the surface & help extend the life of the wrap by protecting it from friction. They also seal the pores to minimize the penetration of harmful liquids.

Metallic-based coating for performance enhancement

Black: Item No: 12001 - £12.11 each
Aluminium: Item No: 12002 - £12..60 each

Sound Deadening Sheets
Self-adhesive bitumastic sheets - to be cut to size & shape, & stuck to panels, floors, etc to reduce noise & vibration.
Sheets measure 270mm x 200mm.

Item No. SDP11 - £6.90 pack 10
Item No. SDP10 - £34.50 pack 50

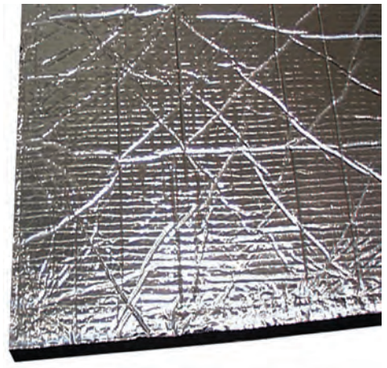

Thermo-Tec High-Velocity Exhaust Jackets
The Quick Wrap High-Velocity Exhaust Jacket is an innovative way to insulate & block radiant heat, using Thermal-Conductive-Technology. The jacket covers the tubes vertically allowing for a consitent fit. This allows the exhaust system to expand without restriction as it comes up to operating temperatue & provides air space for added insulation. High-Velocity Exhaust Jackets can be applied with the headers on the vehicle.
Reduces under-hood temperatures by up to 70%
Installs with headers mounted
Maximum breathability

4 & 6 cylinder kit: Item No: 11246 - £91.68 each
8 cylinder kit: Item No: 11248 - £119.80 each

Thermo-Tec Header Manifold Blanket
The Header Manifold Blanket provides excellent heat retention for exhaust headers & manifolds. This flexible heat shield simply clips into place on the upper portion of the header. The fabric side of the material faces the heat source; the aluminized side faces away, offering protection from abrasion & harmful liquid spills.
Great for wrapping cast iron & RV applications

To fit V6 or V8: Item No: 14003 - £107.83 each

Aluminium Acoustic Foam
Foil covered, flame-retardant, closed-cell foam, with self-adhesive backing.
Available in 1 metre x 1 metre, or 1 metre x 2 metre sheets.

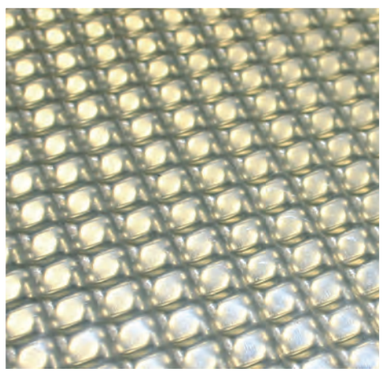

1 metre x 1 metre: Item No: AAF1 - £35.00 each
1 metre x 2 metre: Item No: AAF2 - £56.00 each

Aluminium Heat Shield
This special cloth gives high heat protection to sensitive electrical components, & is ideal for under-bonnet areas to protect painted, or gel-coated, exterior finishes.
Approx. 2mm thick.

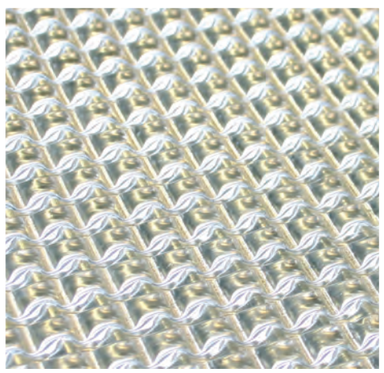

Available off the roll - 1 metre / 1000mm (40 inches) wide.

Item No: AHS - £0.65 per 0.025metre / 25mm (1 inch)
Item No: AHS1 - £20.00 per 1metre / 1000mm (40 inches)

Nimbus LITE Heat Shield
Single Aluminium sheet, double embossed; 3.6mm thick.
Nimbus LITE is an advanced heat shield material. The embossed Aluminium surface gives a highly efficient thermal barrier and it's unique construction provides the designer with exceptional mechanical strength without the penalty of increased weight and easily accommodates any complex forming requirements.

1160mm x 914mm Lite (Single): Item No. G1A - £87.69 each
914mm x 580mm Lite (Single): Item No. G1B - £46.04 each
580mm x 457mm Lite (Single): Item No. G1C - £23.02 each

Nimbus GII Heat Shield
Double layer Aluminium sheet, double formed; 5.25mm thick.
Nimbus GII is an innovative heat shield material. It's double layer Aluminium structure gives a highly efficient thermal barrier coupled with effective acoustic damping characteristics. Furthermore, with it's unique construction it provides exceptional mechanical strength with low weight and is easily formed into complex shapes.

1160mm x 914mm GII (Double): Item No. G2A - £157.85
914mm x 580mm GII (Double): Item No. G2B - £82.875
80mm x 457mm GII (Double): Item No. G2C - £41.43

All EEC members must add VAT to listed prices

Thermo-Tec Exhaust Insulating Wrap
The Original Exhaust Insulating Wrap was developed almost 20 years ago by Thermo-Tec. Exhaust Insulating Wrap is an innovative way to create more horsepower under the hood. Wrapping headers with Exhaust Insulating Wrap maintains hotter exhaust gasses that exit the system faster through decreased density. This produces increased exhausr scavenging, as well as lower intake temperatures. Exhaust Insulating Wrap withstands continuous heat up to 2000°F; it contains no asbestos. Thermo-Tec's Exhaust Wrap will not over insulate a system when properly installed, due to it's proprietary coating - Thermo-Conductive-Rechnology (T-C-T), specially developed by Thermo-Tec, that conducts heat across the wrap's surface. This unique coating controls heat build-up & dissipation. Exhaust Insulating Wrap, available in Natural & Graphite Black colours, is sold in 15 metre (50 feet) & 30 metre (100 feet) rolls, 25mm (1 inch) & 50mm (2 inches) wide. All Exhaust Wrap has a low profile 1.6mm (1/16 inch) thickness.

Reduces under-hood temperatures by up to 70%
Increases horsepower & fuel efficiency

Natural - 25mm x 15m roll: Item No: 11001 - £33.98 each
Natural - 50mm x 15m roll: Item No: 11002 - £56.61 each
Natural - 50mm x 30m roll: Item No: 11003 - £113.26 each
Natural - 150mm x 30m roll: Item No: 11006 - £266.48 each

Withstands continuous heat up to 2000°F
Increase life of the engine & electronic system components

Graphite Black - 25mm x 15m roll: Item No: 11021 - £37.73 each
Graphite Black - 50mm x 15m roll: Item No: 11022 - £60.36 each
Graphite Black - 50mm x 30m roll: Item No: 11023 - £116.95 each

Thermo-Tec Thermo-Sleeve
Thermo-Sleeve is the combination of a high temperature fabric laminated to a highly reflective Mylar foil. It provides protection from radiant heat for hoses & wires. Thermo-Sleeve's ultra light-weight construction provides more insulation than traditional bulky rubber-coated fibreglass. The aluminium sleeve reflects more than 90% of radiant heat; it is fireproof & oil resistant. Thermo-Sleeve is packaged in 900mm (3 feet) lengths, with 5 different inside diameter sizes.

6-13mm ID x 900mm roll: Item No: 14005 - £15.06 each
16-25mm ID x 900mm roll: Item No: 14010 - £20.05 each
28-38mm ID x 900mm roll: Item No: 14015 - £25.15 each
41-50mm ID x 900mm roll: Item No: 14020 - £30.14 each
54-63mm ID x 900mm roll: Item No: 14025 - £35.13 each

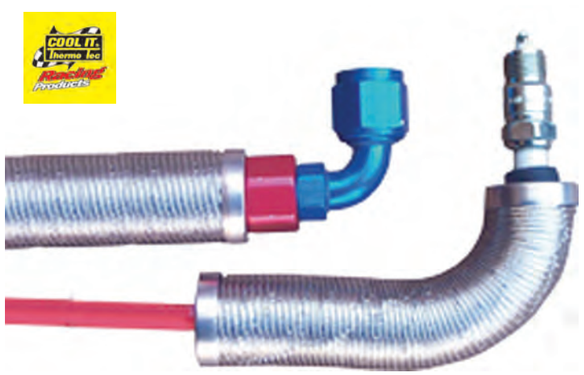

Thermo-Tec Thermo-Shield
Thermo-Shield is a combination of materials laminated together to provide a barrier against the extreme conditions that under-hood components are exposed to. Radiant & conductive heat in the under-hood environment can destroy hoses & wiring by drying out or melting the rubber & plastic of these components. This aluminized adhesive-backed tape is great for wrapping the hoses & wires you don't want to remove. Thermo-Shield reflects radiant heat up to 2000°F.

Prevents vapor lock
Easy-to-apply adhesive backing

28mm x 4.5m roll: Item No: 14002 - £19.97 each

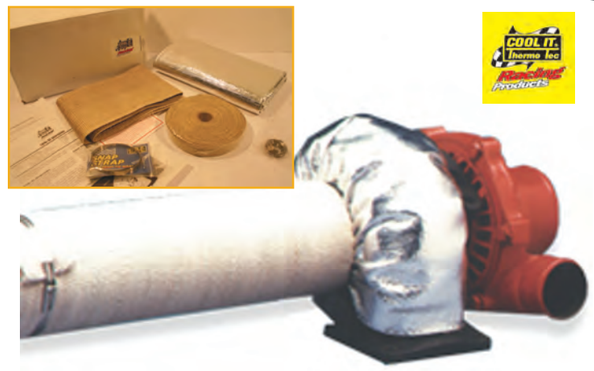

Thermo-Tec Thermo-Flex Plug Wire Heat Shield
Thermo-Flex Plug Wire Heat Shield is manufactured with a combination of materials to provide thermal insulation & radiant heat protection. Thermo-Flex Plug Wire Heat Shields can withstand extreme temperatures of 1050°F. The heat shield offers protection for spark plug wires & boots from conductive & radiant heat with the durability of stainless steel. Each heat shield comes with a plug-wire centering grommet to provide protection to the wire as it exits the heat shield.

Attractive durable finish

2 piece pack: Item No: 14300 - £21.23 each
4 piece pack: Item No: 14350 - £42.43 each

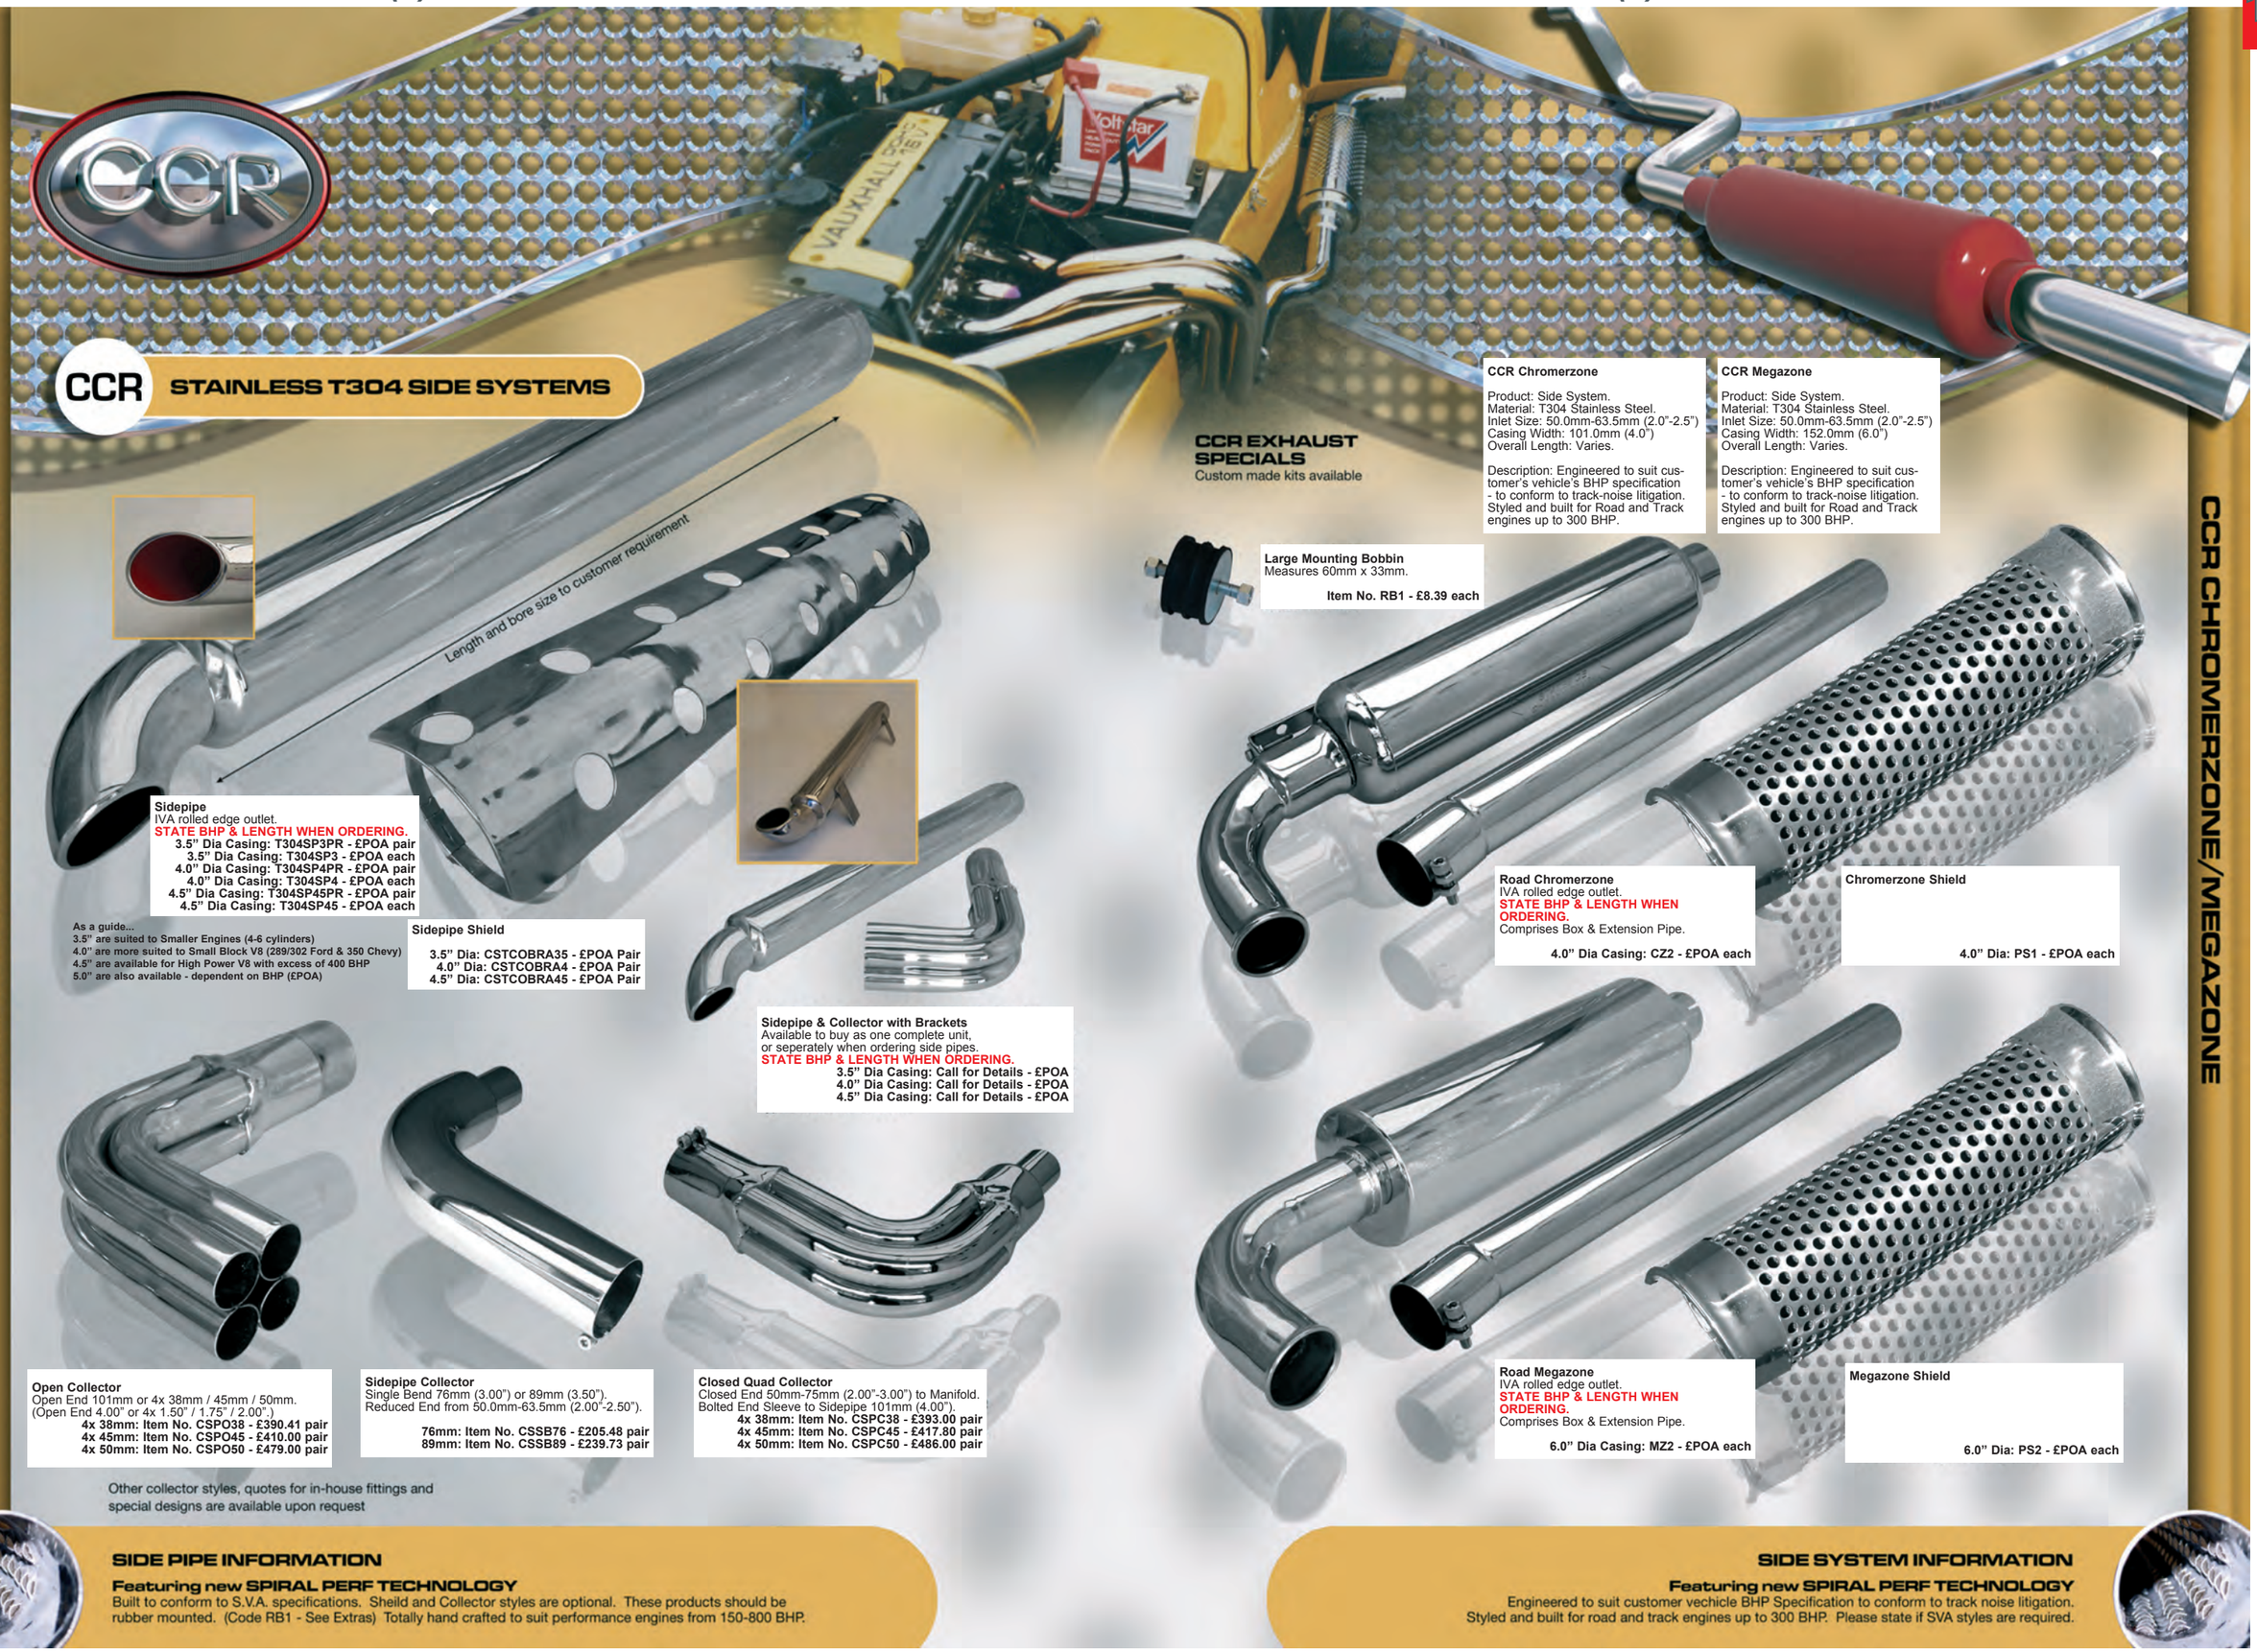

Thermo-Tec Turbo Insulating Kit
The Turbo Kit was designed to protect & improve performance of the turbo. This universal kit will keep the turbo spooled up; it virtually eliminates turbo lag. The custom cut-to-fit kit comes with a substantial amount of material to cover turbos from the smallest automotive application to heavy-duty truck applications. Two Turbo Kits are available: a 4 cylinder kit, & one for 6 & 8 cylinders.

Eliminates turbo lag
Fits any size turbo, from sport compact to diesel trucks

Kit for 4 cylinder engines: Item No: 15001 - £121.17 each
Kit for 6 & 8 cylinder engines: Item No: 15002 - £141.53 each

(Open End 4.00" or 4x 1.50" / 1.75" / 2.00".)
4x 38mm: Item No. CSPO38 - £390.41 pair
4x 45mm: Item No. CSPO45 - £410.00 pair
4x 50mm: Item No. CSPO50 - £479.00 pair

Sidepipe Collector
Single Bend 76mm (3.00") or 89mm (3.50").
Reduced End from 50.0mm-63.5mm (2.00"-2.50").
76mm: Item No. CSSB76 - £205.48 pair
89mm: Item No. CSSB89 - £239.73 pair

Closed Quad Collector
Closed End 50mm-75mm (2.00"-3.00") to Manifold.
Bolted End Sleeve to Sidepipe 101mm (4.00").
4x 38mm: Item No. CSPC38 - £393.00 pair
4x 45mm: Item No. CSPC45 - £417.80 pair
4x 50mm: Item No. CSPC50 - £486.00 pair

Other collector styles, quotes for in-house fittings and special designs are available upon request

SIDE PIPE INFORMATION

Featuring new SPIRAL PERF TECHNOLOGY
Built to conform to S.V.A. specifications. Sheild and Collector styles are optional. These products should be rubber mounted. (Code RB1 - See Extras) Totally hand crafted to suit performance engines from 150-800 BHP.

CCR CHROMERZONE/MEGAZONE

CCR EXHAUST SPECIALS
Custom made kits available

CCR Chromerzone

Product: Side System.
Material: T304 Stainless Steel.
Inlet Size: 50.0mm-63.5mm (2.0"-2.5")
Casing Width: 101.0mm (4.0")
Overall Length: Varies.

Description: Engineered to suit customer's vehicle's BHP specification - to conform to track-noise litigation. Styled and built for Road and Track engines up to 300 BHP.

CCR Megazone

Product: Side System.
Material: T304 Stainless Steel.
Inlet Size: 50.0mm-63.5mm (2.0"-2.5")
Casing Width: 152.0mm (6.0")
Overall Length: Varies.

Description: Engineered to suit customer's vehicle's BHP specification - to conform to track-noise litigation. Styled and built for Road and Track engines up to 300 BHP.

Large Mounting Bobbin
Measures 60mm x 33mm.
Item No. RB1 - £8.39 each

Road Chromerzone
IVA rolled edge outlet.
STATE BHP & LENGTH WHEN ORDERING.
Comprises Box & Extension Pipe.
4.0" Dia Casing: CZ2 - £POA each

Chromerzone Shield
4.0" Dia: PS1 - £POA each

Road Megazone
IVA rolled edge outlet.
STATE BHP & LENGTH WHEN ORDERING.
Comprises Box & Extension Pipe.
6.0" Dia Casing: MZ2 - £POA each

Megazone Shield
6.0" Dia: PS2 - £POA each

SIDE SYSTEM INFORMATION

Featuring new SPIRAL PERF TECHNOLOGY
Engineered to suit customer vechicle BHP Specification to conform to track noise litigation.
Styled and built for road and track engines up to 300 BHP. Please state if SVA styles are required.

Manifold Kits & Manifold Kit Components

Available in both Mild & Stainless Steel.
4, 6, 8, & 12 cylinder engines. Complete kits or parts available. When ordering, please state engine size & style of exhaust to be used.

Mild Steel Kit

The Original Cherry Bombs
The Cherry Bomb is the most exciting straight through silencer available. It creates that deep power sound, allows easier engine breathing for maximun performance & sureness of acceleration. Cherry Bombs are glass packed around a perforated centre tube inside a heavy gauge steel case with 360 degree welded ends. Finished in heat resistant Cherry paint.

18.0" Long Boxes (+2x 3.0" Long Inlets = Total 24.0"):
Box: 3.0" Diameter / Inlets: xxx : CB31 - £35.00 each
Box: 3.5" Diameter / Inlets: xxx : CB351 - £37.00 each
Box: 4.0" Diameter / Inlets: xxx : CB41 - £42.00 each

10.0" Long Boxes (+2x 3.0" Long Inlets = Total 16.0"):
Box: 3.0" Diameter / Inlets: xxx : CB32 - £26.88 each
Box: 3.5" Diameter / Inlets: : xxx CB352 - £32.50 each
Box: 4.0" Diameter / Inlets: xxx : CB42 - £35.18 each
xxx: Please specify the inlet size you require

Muff Diver Silencers
Designed to quell noisy exhausts on high performance vehicles where space is a problem. This twin stage mild steel silence minimises the 'suck back & popping' usually associated with straight through systems.

Available in 100mm (4.0") or 127mm (5.0") Diameter casing.
Length of main body: 412mm (16.5/16").

Box: 4.0" Diameter / Inlets: 1.7/8" : CBD41 - £59.90 each
Box: 4.0" Diameter / Inlets: 2.00" : CBD42 - £59.90 each
Box: 4.0" Diameter / Inlets: 2.1/4" : CBD43 - £59.90 each
Box: 4.0" Diameter / Inlets: 2.3/8" : CBD44 - £59.90 each
Box: 4.0" Diameter / Inlets: 2.1/2" : CBD45 - £59.90 each
Box: 5.0" Diameter / Inlets: 2.3/8" : CBD51 - £88.00 each
Box: 5.0" Diameter / Inlets: 2.1/2" : CBD52 - £88.00 each
Box: 5.0" Diameter / Inlets: 2.3/4" : CBD53 - £98.00 each
Box: 5.0" Diameter / Inlets: 3.00" : CBD54 - £98.00 each

Classic Tail Bombs
Round or Oval Tail Pipe End.

Total Body Length = 483mm (19.3/16").

Standard Inlet = 50mm (2.0") Diameter.

Uni Inlet = 38mm-45m (1.1/2"-1.3/4") Reducer.

Oval with Standard Inlet: Item No. OTB35STD - £45.00 each
Oval with Uni Inlet: Item No. OTB35UNI - £45.00 each
Round with Standard Inlet: Item No. TBR35STD - £45.00 each
Round with Uni Inlet: Item No. TBR35UNI - £45.00 each

Image Wheels

Image Wheel Accessories
Accessories will be supplied with your wheels. Chrome parts sourced from the UK.

Spinners: IMSPIN - £25.00 each
Hexagon Nuts: IMHEX - £25.00 each
Lockplates: IMLP - £25.00 each
Locknuts: IWLWN - £25.00 set
Lockbolts:IWLWB - £30.00 set

Finest Quality, British-Made, Wheels.
Cast-Centre or Billet-Centre.
Built specifically to your order - NOT supplied off-the-shelf - in approx. 6 weeks.

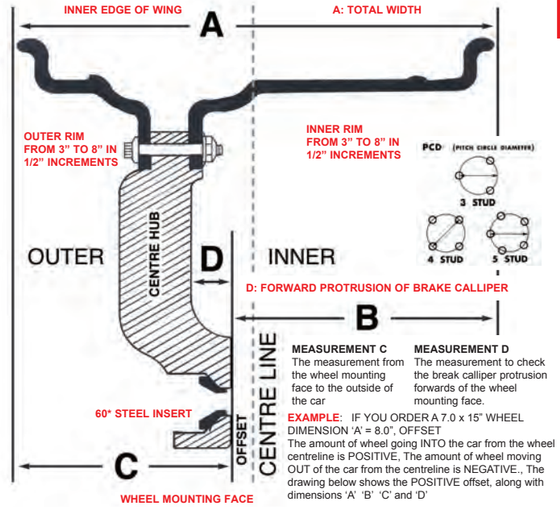

How To Order:
Provide us with 4 measurements:
A = Total Width (B + C)
B = The measurement from the wheel mounting face to the inside of your car.
C = The measurement from the wheel mounting face to the outside of your car.
D = The measurement to check the break calliper protrusion forwards of the wheel mounting face.

And let us know the PCD (pitch circle diameter), & how many studs (3, 4, or 5).

Also, provide us with the make & model of your car (the 'donor' vehicle in the case of kit cars).

If in any doubt, contact us for more guidance.

Info@EuropaSpares.com
+0044(0)1283-815609

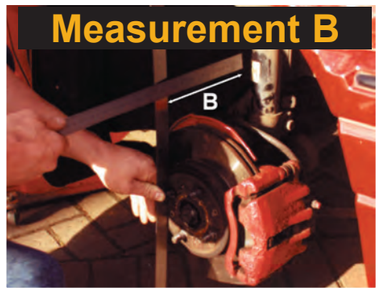

MEASUREMENT C
The measurement from the wheel mounting face to the outside of the car

MEASUREMENT D
The measurement to check the break calliper protrusion forwards of the wheel mounting face.

EXAMPLE: IF YOU ORDER A 7.0 x 15" WHEEL DIMENSION 'A' = 8.0", OFFSET
The amount of wheel going INTO the car from the wheel centreline is POSITIVE, The amount of wheel moving OUT of the car from the centreline is NEGATIVE., The drawing below shows the POSITIVE offset, along with dimensions 'A' 'B' 'C' and 'D'

Measurement A = B + C

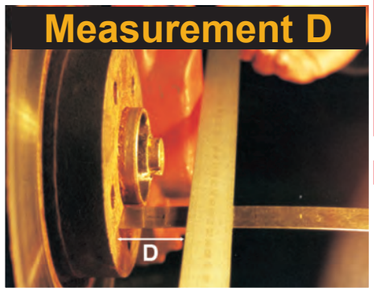

Measurement B

Measurement C

Measurement D

A split rim wheel consists of an Outer Rim, Centre Hub and Inner Rim. Dependent on the fitment needed these three sections can be assembled either as a FRONT MOUNT construction or SANDWICH MOUNT construction. We can supply some wheels with the perimeter bolts hidden – CLASSIC BUILD (Front mount construction only) (extra cost £5.00 per wheel.) All wheels are dispatched fully assembled and ready to have tyres fitted. They come complete with fixing nuts or bolts and centre caps, unless you have ordered Lockplates or Spinners. All Image Wheels have been constructed to either British BS AU:50 or T.U.V standards. Three piece wheels consist of a computer spun inner and outer rim section and a centre hub. When selecting your wheel size it is important to remember that our wheel sizes given are tyre seat to tyre seat.

Finishes:

Cast Centres:
Standard Supply:
Outer Rim: Polished
Inner Rim: Anodized
Centre: Powder Coated

Billet Centres:
Standard Supply:
Outer Rim: Polished
Inner Rim: Anodized
Centre: Polished or Powder Coated

Polished rims & centres will need extra care & cleaningto maintain the finish. The polished areas will nedd to be regularly cleaned with hot soapy water, & if any signs of oxidization are visible, the polished area should be cleaned with Solvo Autosol. If you do not want to spend time cleaning & polishing, you will need to look at the alternative optioons available. If you then decide on a different finish, just stipuilate this when you order.

Polished:
Standard supply on outer rims / billet centres. Can be supplied on inner rims at no extra cost.

All polishing is hand done, using industrial polishing mops & polishing compound. The compound is placed on the mops, the the components are offered to the mops to polish the aluminium to a mirror finish.

Maintenance: Must be cleaned regularly with hot soapy water, & polished with Solvo Autosol. Not recommended if you do not enjoy giving your wheels TLC treatment.

Powder Coated:
Standard supply on cast centres. Can be supplied on billet centres at no extra cost.

Powder coating is 'stoved' onto the components. The comoponents are first pre-treated, & then sprayed with the powder coat. The powder is then baked onto the component through a custom-made industrial oven.

Maintenance: Requires very little maintenance. Just clean with hot soapy water, when you clean your car. Very hardwearing finish.

Colours Available:
Silver, Gold, Anthracite, Gloss Black, Matt Black, Post Office Red, Gloss White, Orange, British Racing Green, Yellow, & Grey Primer.

Anodized:
Standard supply on inner rims. Can be supplied on outer rims at an extra cost.

Anodizing is an etched in process which coats the metal, with a protective layer, by electrolysis. It will give a satin/matt finish look to the components. It is idealon the inner rims, as these do not normally get cleaned.

Colours Available:
Silver, Gold (extra cost), & Black (extra cost).

General Maintenance:
Most maintenance guidlines are stated under the relevant finishes. It is important to never use ALLOY WHEEL CLEANERS. These are acid-based, & only suitable for all-over painted, one-piece wheels, & will stain & damage your rims, & attack the coating on the perimeter bolts.

If your car is garaged for long periods, or through the winter, it is strongly recommended that you give the wheels a heavy coating of IMAGE WHEEL PROTECTOR or WD40. This will greatly help reduce oxidization problems on the polished aluminium surfaces.

Wheel Cleaner & Protector Spray Kit
Protector: A clear resin, used to weatherproof & add lustre to polished & anodized wheels.
Cleaner: Non-Caustic. Developed by Autoglym for three-piece wheels.

Kit: Item No. WCP - £30.00 each
Brush: Item No. KACB101 - £13.80 each

Europa Specialist Spares Limited
Fauld Industrial Park
Tutbury, Staffordshire
DE13 9HS, United Kingdom

Prices

Prices do NOT include VAT or postage. Prices listed are correct at time of going to press, & are not guaranteed for the duration of the catalogue, due to currency fluctuations & raw material costs to manufacturers. We endeavour to dispatch all orders within 24 hours - depending upon stock availability. Wherever possible, we will only send orders complete & in one consignment - unless customers request otherwise.

Returns

Please contact our Customer Care Department & advise of parts to be returned - this enables us to deal with your returns quickly & efficiently. Returns must be notified to us within 7 days of receipt. Returns are not accepted on any parts that have been ordered or manufactured specifically to customer requirements. Please note no returns will be accepted unless prior authorisation number has been given. Please include in all returned parcels: notification of name, address, reason for return, & required action. This does not affect your statutory rights.

Liability

Save for liability, which it would be unlawful to exclude, our obligation to refund the purchase price, or replace the product(s), shall constitute the full extent of our liability in respect of any loss or damage sustained by the customer - whether caused by breach of contract, negligence, or by misrepresentation - & we shall not be liable for any consequential: economic, direct, or indirect loss suffered by the customer. We shall always endeavour to fulfil our customer's requirements within reason. We reserve the right to substitute items of equal or greater value when an advertised item is no longer available.

All Images & Descriptions Including Printing Colours
We try are absoloute best to ensure all product images and information are a true representation, All information correct at time of printing

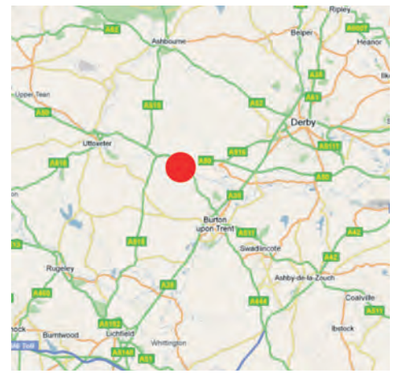

ROUTE 1:
From M1 south exit J23A or J24 onto A50 towards Stoke on Trent. Approx. 12 miles exit onto A516 and follow route 2 or continue to next island and follow route 4 from Sudbury.
