Steeped in a tradition that spans three centuries, the Stanley Cup is the most storied trophy in all of professional sports. To raise it means you've won it, and to win it means you've survived an epic journey fraught with untold difficulties. Ross Bernstein, the best-selling author of more than 40 sports books, including *The Code and Slap Shot Original*, interviewed more than 100 current and former NHL players and coaches who have had privilege of raising Lord Stanley's holy grail above their heads after winning hockey's ultimate prize. *Raising Stanley* features in-depth interviews, rich history, and inspirational stories of determination and perseverance from players of all eras—Gordie Howe, Bobby Hull, Phil Esposito, Steve Yzerman, Mike Richter, and Brendan Shanahan, among others. Professional hockey players are extremely superstitious when it comes to the Cup. No player will ever touch it unless he has won it. Never. So, when he actually gets to raise it above his head for the first time, it is undoubtedly one of the proudest and most profound moments of his life.

It's not just about winning, however; it's about the honor, courage, and sacrifice shared with teammates. The playoff beard, the dramatic Game-Sevens, the closed-door captain's practices, the coaching wisdom—it's all a part of the saga. Sidebar chapters include behind-the-scenes stories recalling bench clearing brawls, rookie hazing pranks, and hilarious tales of where players have taken the Cup on the traditional day of celebration with the trophy. The book will appeal to both sports fans and anybody looking for valuable lessons in leadership, motivation, team-building, and what it takes to be a winner, on and off the ice.

Includes full-length companion DVD

When Bobby Hull gathered the puck to begin one of his electrifying sprints toward the opposing goalie, those lucky enough to secure seats jumped out of them in a frenzy of excitement, joining thousands of others in standing-room-only that flocked to watch one of the most charismatic athletes in sports history. "The Golden Jet," as Hull was affectionately known, was among the most popular superstars ever to perform in the world's fastest sport, and his winning smile continues to make him an endearing and enduring figure.

Now, in *The Golden Jet*, Bobby Hull unveils dozens of personal, previously unpublished photographs from his Hall of Fame career with the Chicago Blackhawks, for whom he collected 604 goals, still a franchise record. With these images—and with supporting text expertly crafted with the help of veteran sportswriter Bob Verdi—Hull shares his fascinating life story.

"My desire was to entertain royally those who paid good money to see a hockey game," said Hull, a stellar ambassador who believed his obligations to supporters extended beyond the rink. Thus, you will see the Golden Jet not only in uniform, but as a regular guy, mingling with those who admired him, including fellow players.

Hull's life path is traced from its start in Ontario, through the years of excellence in professional hockey, and later as a proud father of five children, including son Brett, who would also enter the Hall of Fame. Bobby Hull was the greatest left wing in the sport's annals, and since retirement, he has remained a visible, energetic, and beloved ambassador of the game. Now, for the first time, he shares his memories.

TAYLOR SWIFT

SECRETS OF A SONGWRITER

In 2008 her albums sold four million copies. And in 2009 she's won MTV's Video Music Award, CMA's Entertainer of the Year, and five American Music Awards. Taylor is also nominated for eight Grammys. The award show airs January 31, 2010. The music industry is acknowledging what her fans already enjoy.

Swift's stardom is not only the result of her style, voice, and stage presence, but the music she sings and writes. Taylor's music reflects what is happening in her life and resonates with her fans as well. She writes music about all her fans are thinking, feeling and experiencing too. In *Taylor Swift: Secrets of a Songwriter* we explore every aspect of her music; who her musical influences are, how her early passion for poetry has blossomed into creative lyric writing, and who she has collaborated with musically, including Colbie Caillat, Tommie Lee James and more. There's also a bonus section with all the up-to-date news of Taylor's Australian tour and launch of her American tour in March. Also includes an ultimate Taylor Swift quiz (how much do you know?)

THE OFFICIAL LAMAZE GUIDE

*Judith Lothian, RN, PhD, LCCE, FACCE, and Charlotte DeVries: Lamaze International
GIVING BIRTH WITH CONFIDENCE*

“This is a superb book. It’s humane, funny, tender, down-to-earth and joyful. Essential reading for all pregnant women who seek autonomy in childbirth.”

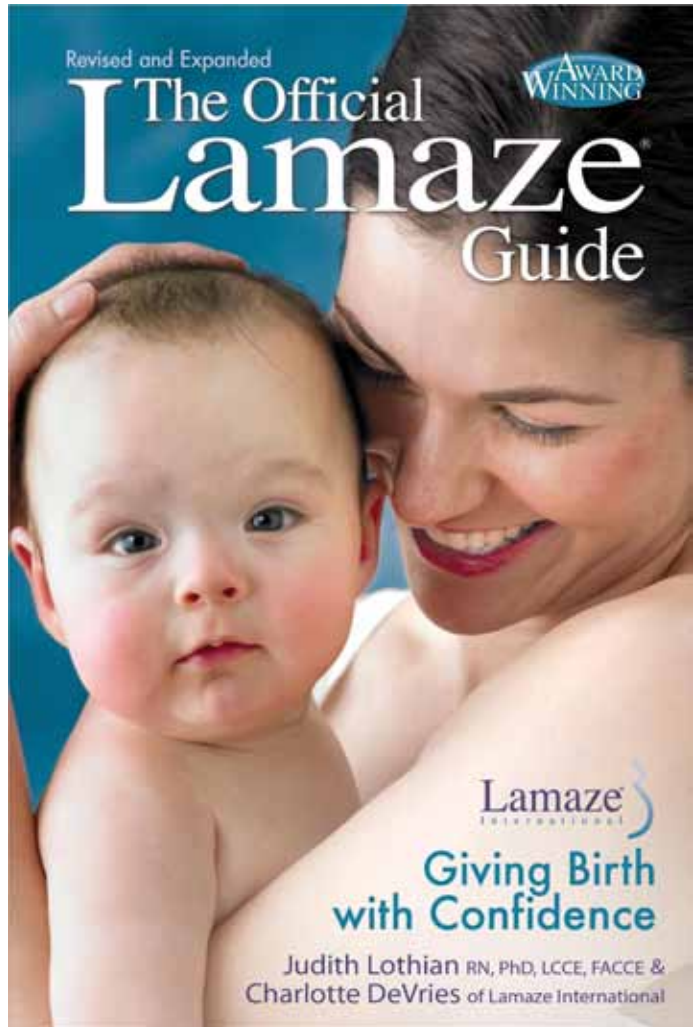

—SHEILA KITZINGER, AUTHOR OF THE COMPLETE BOOK OF PREGNANCY AND CHILDBIRTH

The Official Lamaze Guide is the first and only pregnancy and childbirth guide endorsed by Lamaze International, the leading childbirth education organization in North America.

Childbirth educators Lothian and DeVries show pregnant women how to trust in their bodies’ ability to give birth, reduce the use of unnecessary interventions, and increase their chances of having a happy, healthy birth experience. Written in plain English with a respectful, positive tone, this book presents:

- How simply pregnancy and birth unfold when allowed to progress naturally
- What can disrupt the natural course of birth
- Information on maternity care to help readers choose a caregiver and birth site that’s best for them
- Research evidence to help women distinguish fact from fiction in obstetrics

This book encourages women to trust their ability to give birth without needless medical intervention. It’s an excellent resource not only for Lamaze students, but also all expectant parents who want their childbirth experience to reflect their informed choices and result in a healthy, happy, and fulfilling birth.

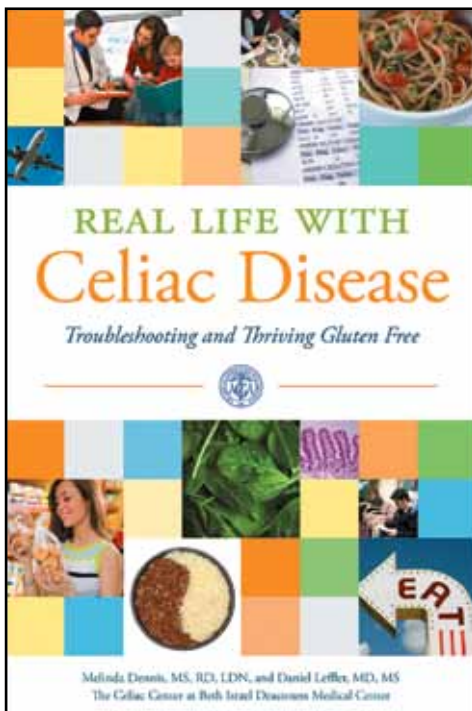

The Official Lamaze® Guide is a celebrated winner of an iParenting Media Award.

MASTER YOUR IBS

An 8-Week Plan Proven to Control the Symptoms of Irritable Bowel Syndrome

Pamela Barney MN, ARNP, Pamela Weisman, MN, ARNP, Pamela Weisman, MN, ARNP, Monica Jarrett, PhD, RN, Rona L. Levy, MSW, PhD, MPH, and Margaret Heitkamp, PhD, RN

GI doctors spend 40% of their time with IBS patients – men and women of all ages. .

This eight-week program was developed by a long-term, NIH-funded study at the University of Washington. Step-by-step guidance shows the reader how to reduce the severity and frequency of IBS symptoms by proven methods. Follow in the steps of hundreds of study participants and succeed at controlling the diarrhea, constipation, and pain—without special diets, drugs, or equipment.

Readers learn how to decrease the effects of IBS symptoms through effective relaxation, awareness of trigger foods, and positive ways of thinking. Skill building exercises will give the reader confidence that she can minimize her symptoms. Like study participants, readers may find symptoms occur less frequently and with less intensity. Daily self-management is the key to controlling symptoms and breaking free from a life that can revolve around the toilet.

THE CONCISE BOOK OF ACUPOINTS

John R. Cross

The Concise Book of Acupoints is aimed at physical therapists, acupuncture students and novice practitioners as well general bodywork therapists who want to utilize the use of these points within their own practices of reflexology, shiatsu, tui na, acupressure and many other bodywork therapies.

This highly illustrated book, complete with detailed anatomical drawings, describes the most used and popular acupuncture points on the body that may be used with needle, pressure, moxa or magnets. The points are all given traditional Chinese names and symbols, but the description of their use, their symptomatology and conditions treated are given in easy to understand Western medical terminology. Unique to this book is the 'star' system of grading acupoints according to their versatility. The text shows if the acupoint is used as a reflex point or a chakra point, so encompasses reflexology and chakra therapy philosophy.

The Concise Book of Acupoints is the first concise full color book aimed at the student and early practitioner of acupuncture to detail all the main acupoints, clearly illustrating the points through beautiful imagery. It simplifies a complex subject and capitalizes on the market created by other titles in the Lotus 'Concise Book of' series, such as The Concise Book of Muscles (Jarmey) & The Concise Book of Trigger Points (Simeon Niel-Asher).

From Wiffle ball to HORSE to a backyard game of catch, sports have long been an important bonding agent between parents and their children. Today, parents struggle to get their kids off the computers and away from the video games. Maintaining a healthy and active lifestyle is more difficult than it's ever been. In personal essays written by some of the biggest names in sports, Ready, Set, Play! provides new and creative ways for families to become healthy and happy through sports.

All parents want to get up and play with their children. Sometimes that's easier said than done. Often, the roadblock is simply a result of life's responsibilities. The daily grind saps our energy and our best intentions. It is a cycle that can be broken with the proper tool; that tool is Ready, Set, Play!.

Contributors including George Foreman, Cal Ripken Jr., Lou Holtz, and Grant Hill share their own stories—each of them compelling, heartfelt glimpses into the lives of our most cherished sports heroes. In addition, they give practical advice to busy parents. Contained in these personal stories are lessons that parents can immediately put into practice with their own children.

GOLF—A GOOD WALK & THEN SOME: A QUINTESSENTIAL HISTORY OF THE GAME

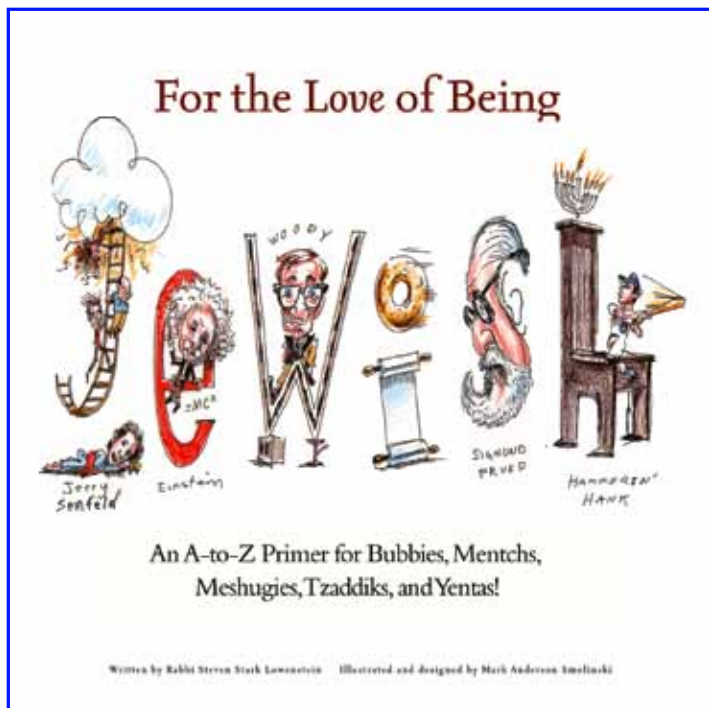

John R. Jenchura • Foreword by Gary Player

Golf—A Good Walk & Then Some is a detailed history of the game, from its precursors that range all the way back to the Romans in 300 A.D., to the European continent, to Scotland, and then across the Atlantic. Accompanying this treatment are appendices that list golf's individual Major championships going back to the Open Championship in 1860 and provide year-by-year information on the winners, winning scores and venues. The author provides a compilation of similar information for the Ryder, Presidents, Walker, Solheim and Curtis Cups. Golf—A Good Walk & Then Some is a thorough and concise history of golf, its championships, and its competitions. It is a book that will satisfy not only the fan who wants an overview of golf's history but also the history buff who wants a thorough treatment. Legendary Gary Player, who penned the foreword, described this seminal work quite accurately when he wrote: "When you read this book, you will come away knowing that there is much more to the game than just playing it—it's the game and then some."

John R. Jenchura has won two prestigious writing prizes awarded by the United States Golf Association and the Pennsylvania Newspapers Association. He is an avid enthusiast about all things golf—he makes his own golf clubs and is a student of the game's history—and an award-winning writer.

FOR THE LOVE OF BEING JEWISH

An A-to-Z Primer for Bubbies, Mentchs, Meshugies, Tzaddiks, and Yentas!

Rabbi Steven Stark Lowenstein • Illustrations by Mark Anderson

Using all 26 letters accompanied by rhymes and colorful illustrations, *For the Love of Being Jewish* explores some of the key concepts of the Jewish religion and heritage in a simple and humorous way. Each letter of the alphabet contains key Jewish words, inspiring quotes, important terminology, and clever caricatures of famous Jewish people. The result is that one of the world's oldest religions is made accessible and understandable to all.

Through the lens of history, culture, ethics, and values, major and minor themes of the Jewish tradition are uncovered in a way that makes us smile, chuckle and think. This lighthearted, factual, and entertaining exploration of the Jewish people is the perfect thing to encourage those of different faiths to learn from each other. While it's not possible to pack 5,770 years of history into 48 pages, *For the Love of Being Jewish* touches upon some of the key concepts that make the Jewish people who they are and answers the question that Mark Twain asked more than 100 years ago: What is the secret of their immortality

HIGH HOLIDAY STORIES

Rosh Hashanah & Yom Kippur Thoughts on Family, Faith and Food

Nancy Rips

The High Holidays are the most important festivals of the Jewish year, and all Jews have their own memories of these special days. It's a time to remember, a time to be with families, and a time to tell stories about past generations. And you don't need to be Jewish to appreciate this, because the 21st century is a much smaller world, with many different faiths coming together.

High Holiday Stories is filled with 101 heartfelt holiday remembrances, from famous people, and some only known in their own circle of family and friends. They recount varied Rosh Hashanah and Yom Kippur experiences, from observing the holiday in the Colorado Rockies to Army bases in Iraq, even online in L.A. The stories come from people of all ages, all professions, from New York to California, New Zealand to England.

STEVE MCQUEEN

THE LIFE AND LEGEND OF A HOLLYWOOD ICON

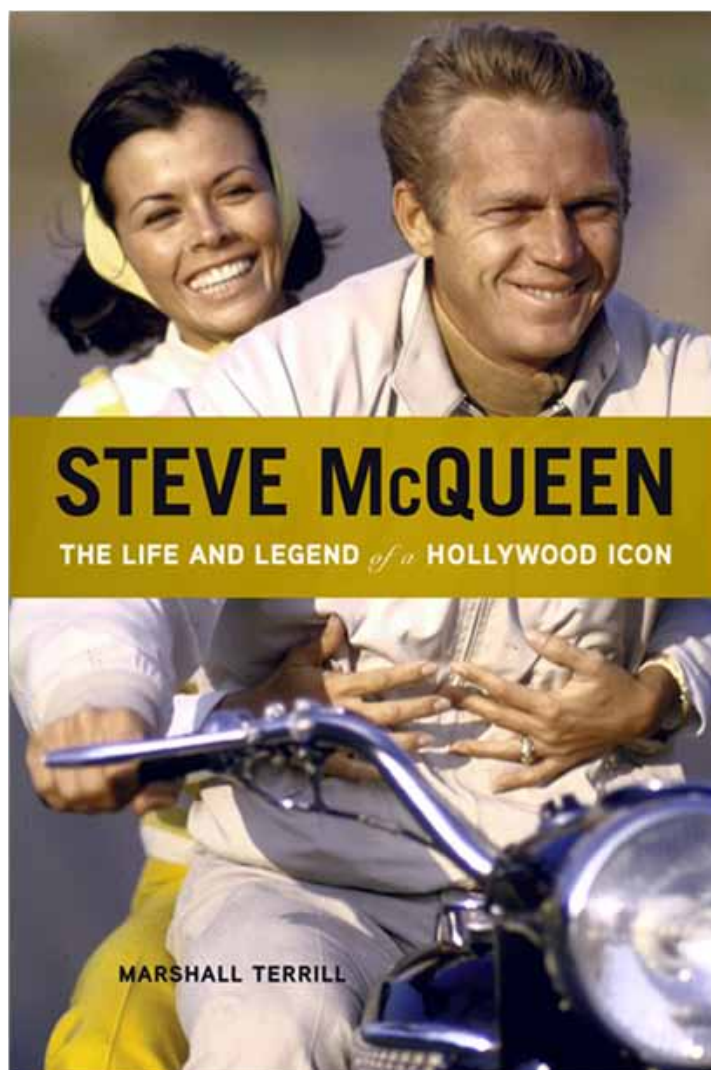

Marshall Terrill

Foreword by Peter O. Whitmer, PHD

Steve McQueen: The Life and Legend of a Hollywood Icon tells the story of a small-town kid who eventually became one of the biggest icons of Hollywood, thrilling people both on and off the screen. This biography is not a simple account of his career highlights. It is a moving account that delves deep into what made him one of the most interesting and enigmatic figures of the 20th century—and what ultimately drove him over the edge. This book contains new historical research that reveals stunning new information on his early history and family, information that is both surprising and entirely unknown to the world—until now.

Steve McQueen takes us on a journey as his harrowing and painful childhood is laid bare, through his glittering career, and right up to his heroic battle with cancer and dramatic death in Mexico. It chronicles the good with the ugly, revealing the great power McQueen wielded. It features numerous behind-the-scenes stories from some of his—and cinema's—greatest films, including *The Magnificent Seven*, *The Great Escape*, *The Sand Pebbles*, *The Thomas Crown Affair*, *Bullitt*, *The Getaway*, and *Papillon*. The book's triumph is the way in which the author explores McQueen in full through his larger-than-life exploits but as important, the lesser known, humanitarian side of the Hollywood legend. It also captures the fundamental essence of what made McQueen cinema's "King of Cool."

This much-anticipated publication comes from the best-selling author and McQueen expert Marshall Terrill, whose 1993 book, *Steve McQueen: Portrait of an American Rebel*, established him as the icon's definitive biographer. Terrill breaks new ground and has achieved unrivaled access to public, private, and military documents as well as every significant person in McQueen's life.

PERFORMANCE NUTRITION FOR FOOTBALL

How diet can provide the competitive edge

Lisa Dorfman, M.S., R.D.

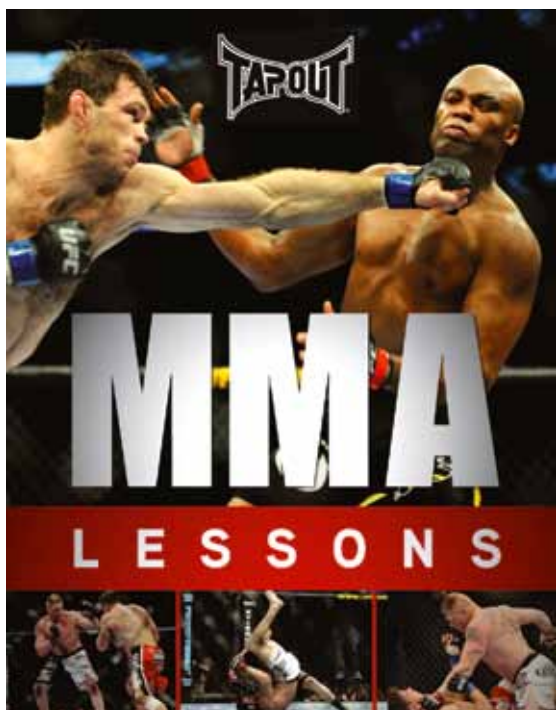

Football is a game that depends on strength, speed and power. The demands are high, the hits are hard, and recovery is key to injury prevention and longevity. As a result, the nutritional requirements for the sport are unique. Performance Nutrition For Football provides youth, high school and college football players and their parents with cutting-edge information on how to gain a competitive edge in this demanding sport.

The book follows the annual football calendar—preseason, in-season, and off season—detailing strategies for recovery nutrition and hydration in the summer, pregame meals and preventing injuries during the season, and how to gain lean muscle mass in the winter and spring. Dorfman breaks down subject areas for specific positions and answers players' most pressing questions on everything from supplements to being a vegetarian athlete. She backs up her advice with the latest research in sports nutrition, yet presents information in an inviting, reader-friendly manner. There are tips from NFL veterans, menu and snack ideas, and best fast foods pick for today's athlete on the go.

BROCK LESNAR

The Making of a Hard-Core Legend

Joel Rippel

Brock Lesnar became the biggest name in international Mixed Martial Arts when he debuted in 2008.

After becoming a national wrestling champion at the University of Minnesota, the mammoth-sized Lesnar was swooped up by World Wrestling Entertainment. For three years, Lesnar was one of the main figures in WWE, and in 2002 he became the youngest WWE champion ever at age 25. In 2004 Lesnar decided to leave behind the artificial competition of professional wrestling and return to more traditional sporting arenas. Lesnar was one of the last cuts of the Minnesota Vikings in 2004, and with few options left to him, he returned briefly to professional wrestling in Japan. However, that foray was short-lived and by 2006 Lesnar had begun his Mixed Martial Arts career.

Longtime sports journalist Joel Rippel has covered Minnesota sports for more than 16 years. Rippel's biography of Lesnar covers every aspect of the athlete's life from growing up in South Dakota to wrestling in North Dakota and Minnesota as a collegian before reaching international celebrity status thanks to the WWE and his current tenure as the most dominant heavyweight fighter in the Ultimate Fighting Championship. Rippel has left no stone unturned in his research, interviewing former and current coaches, opponents, training partners, and friends of Lesnar's to reveal a multidimensional athlete whose career has been as unusual as his unique physical skills.

Aikido – The Basics explains the theoretical background as well as the method of learning Aikido. It aims at beginner and advanced pupils alike.

Aikido is a highly developed martial art form based on standardized principles which the book explains by numerous examples of movements.

The basics of the foot and hand movements are also covered. The details of the basic techniques of Aikido are not merely described; the reader also learns their implementation. A closer look is further taken on the roles of the defender and the attacker.

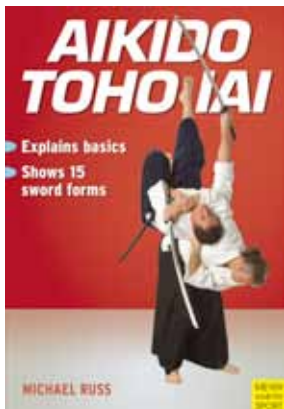

The book content is based on the mainstream of the worldwide Aikido Organization (Aikikai).

The book concludes with a section containing additional information about Aikido and its training.

Bodo Roedel, 4th Dan Aikikai, has been practicing Aikido since he was 16 years old. Since 1993 he has been a pupil of one of the leading worldwide trainers in Aikido – Christian Tissier Shihan, 7th Dan Aikikai.

For the last ten years he has been passing on his knowledge in the Bodo Roedel Aikido School in Cologne, Germany. The emphasis of his instruction is placed on delivering a modern, well-thought-out and dynamic form of Aikido.

CROSS-COUNTRY RUNNING & RACING

Jeff Galloway

This book presents all of the training necessary to train for cross-country races. Galloway's successful training program explains how to build endurance, train and race on hills, varied terrain running, speed training, race strategies, maximizing performance, and reducing the risk of injury. Teamwork training and racing methods are explained with action plans. Injury prevention and treatment are also covered. Tens of thousands of runners run Cross-Country each year. Coaches complain that there is no book that explains how to train. With the Galloway program it's possible to reach top performance without injury in one season. Each training element is woven into a system for success. Galloway's magic mile gives a reality check on progress and sets realistic pacing goals for long runs and the race itself.

Jeff Galloway speaks in front of an audience over 200 times a year. He answers thousands of questions a month in language the audience can understand and use, right away. He is interviewed several times a month by various media organizations. Jeff has been interviewed or recognized as a resource in the past few months by the New York Times, the Wall Street Journal, CNN, Men's Health, Forbes, Business Week, and numerous newspapers and TV network affiliates. He also competed in the International Cross-Country Championships and was a member of the US National Championship team. He is the author of the best-selling running book in North America: "Galloway's Book on Running" and is a "Runner's World" columnist. He has worked with over 250,000 people in training for specific goals and Galloway's quest for an injury-free marathon training program led him to develop group-training programs in 1978. Galloway is the designer of the walk-run, low-mileage marathon training program with a success rate of over 98%.

HEALTHY INTELLIGENT TRAINING

The Proven Principles of Arthur Lydiard

Keith Livingstone

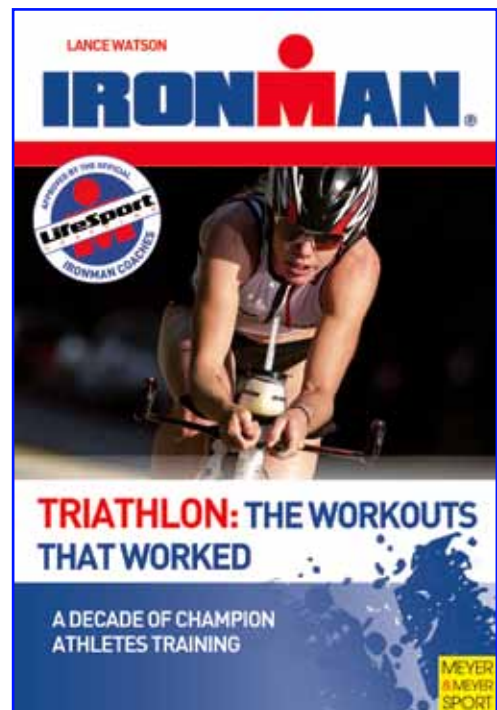

Based on the proven principles of New Zealand's Arthur Lydiard, the Runner's World Coach of the Century.

Healthy Intelligent Training is for all serious middle distance athletes and coaches. Lydiard's principles have since guided athletes from many nations to world records and Olympic Gold medals. Now you can plan your own campaigns, and understand exactly what you're doing at every step. This book can be used and understood by everyone. You'll be taken through each successive layer of the training pyramid, and understand what type of work fits in at each level leading to peak performance.

You will understand the physiology very clearly and simply so that you will know which workouts will help, and which will hinder.

For over ten years Keith Livingstone was nationally ranked as a distance runner in both New Zealand and Australia, over road, track, and cross-country, and he won a number of regional titles. He knew, raced, or trained with many of the great runners in New Zealand and Australia during the "golden era".

START TO FINISH

24 weeks to an Endurance Triathlon

Paul Huddle, Roch Frey, and T.J. Murphy

Okay, you've finished your first short-distance triathlon, maybe even an Olympic distance triathlon or an Ironman 70.3.

Now it's time to up the ante and go further and faster. Paul Huddle and Roch Frey are up to the challenge. Longer workouts, balancing work, family and training, adding speed work, recovery and the mental game are all essential when you decide to move up to the Ironman distance. The heart of this book is a 24-week training program laid out in four six-week increments. This represents the day-by-day, week-by-week work to be done in preparing for a successful Ironman.

No one has more training or racing experience than Roch and Paul. They will get you to your target race healthy, happy and ready for more.

During his twelve-year career as a professional triathlete, Paul Huddle finished over twenty Ironman distance events and well over 300 triathlons. Huddle is involved in production, administration and instruction at triathlon camps and clinics all over the world.

A former professional triathlete from Canada, Roch Frey has been involved with triathlon for over twenty years. After winning the Canadian Long Course National Championships in 1993, he turned to full-time coaching.

Formerly the editor-in-chief of Triathlete Magazine, T.J. Murphy is now editor of CitySports Magazine in San Francisco and a regular contributor to Ironmanlive.com.

FUTSAL

Technique, Tactics, Training

Vic Hermans, Rainer Engler

The book gives a comprehensive overview of the history of Futsal, its greatest moments and its contribution to the development of soccer idols like Ronaldo and Ronaldinho. The numerous practical descriptions of age-appropriate match and exercise drills that focus on technique, training and tactics are clearly illustrated with photos and diagrams. Detailed examples of how to structure training sessions and lessons are explained from a pedagogical and learning psychological perspective. The book concludes with strategies and tactics used in top matches as well as the official FIFA rules.

This book will help all those who want to play this exciting, technically and physically demanding, yet safe version of indoor soccer that is played throughout the world, and can also be used as a guide for the introduction of this version of indoor soccer in schools and clubs.

Vic Hermans has been the national Dutch Futsal coach since October 2001, and since 1991, he has worked as a Futsal coach for FIFA (International Federation of Association Football). He can look back on a long, successful career as a player and coach of both soccer and Futsal.

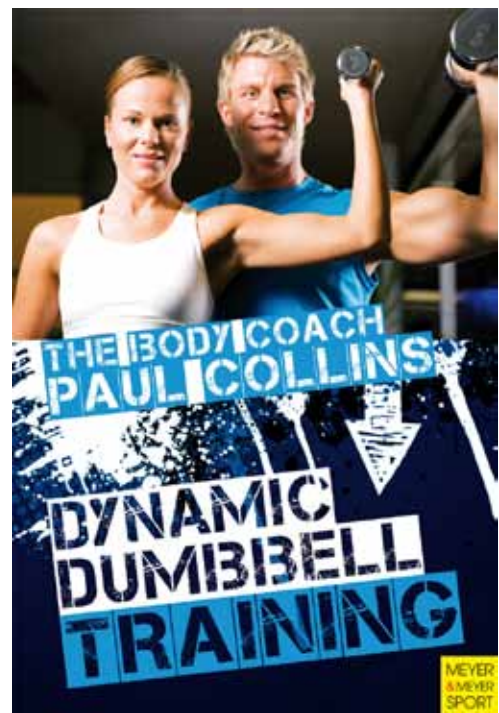

Rainer Engler is the organizer of Germany's first regional Futsal league. He has worked as a qualified sports psychologist for big soccer clubs for over 20 years.

THE 4-4-2 SYSTEM

Tom Dooley & Christian Titz

This book is dedicated to the tactical system used worldwide in upper amateur and professional leagues: 4-4-2.

Each exercise is graphically presented and supported by detailed information and helpful tips which make it easy for the reader to understand the exercises and effectively implement them on the training pitch.

The detailed descriptions of positions and players' requirements, together with the presentation of the individual position-related runs and team responsibility allow the reader to apply detailed research into the drills to prepare successfully for training. This allows the coach to not only be able to run the drills but also understand the theoretical aspects behind them.

The handbook has been written with extraordinary subject knowledge. The abundance of exercises and invaluable tips make it a unique training book. It provides inexperienced coaches with the skills needed to coach the back 4 while allowing experienced coaches to add to their existing catalog of exercises with interesting and effective drills.

The soccer teacher Christian Titz is responsible for management and implementation of sport goals at the Dooley Soccer University. Having studied business and sport management, he is always setting new challenges in training or in games so the children can reach the highest level possible. |

GOALKEEPER TRAINING

Tom Dooley & Christian Titz

Goalkeeping has changed a great deal in recent years. A goalkeeper doesn't only have to worry about catching or saving balls anymore - he/she is expected to actively be part of setting up play. The modern goalkeeper is, in a way, a sort of sweeper who should be able to organize the defense and then, when they are in possession, quickly turn defense into offense.

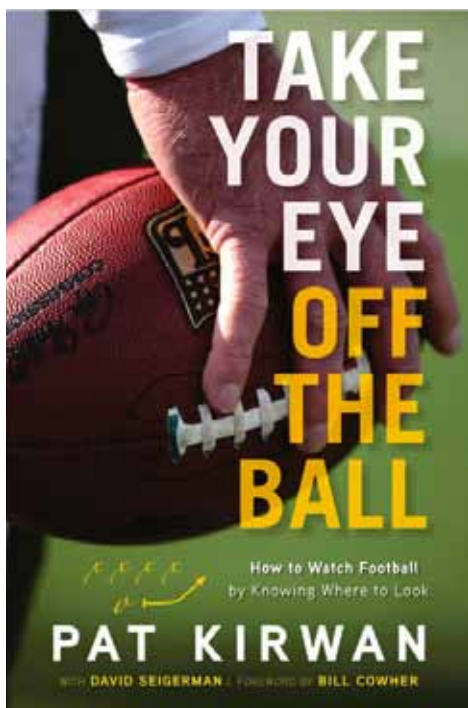

If the opponent is hard to break down, then the goalkeeper serves as a sort of quarterback - distributing passes - and as an extra player when faced with aggressive pressing. The goalkeeper should always be able to adapt him/herself to new situations in games and be able to keep the ball in the game. The goalkeeper should be able to master all of the various passing techniques including short passing with the instep, long passes struck with the laces, clearances, goal kicks, dropkicks etc., while at the same time not neglecting traditional goalkeeping skills. Understandable instructions for aspects of training and detailed, comprehensive exercise descriptions make this book clear and simple for coach and athlete alike, no matter the training level.

TAKE YOUR EYE OFF THE BALL

How to Watch Football by Knowing Where to Look

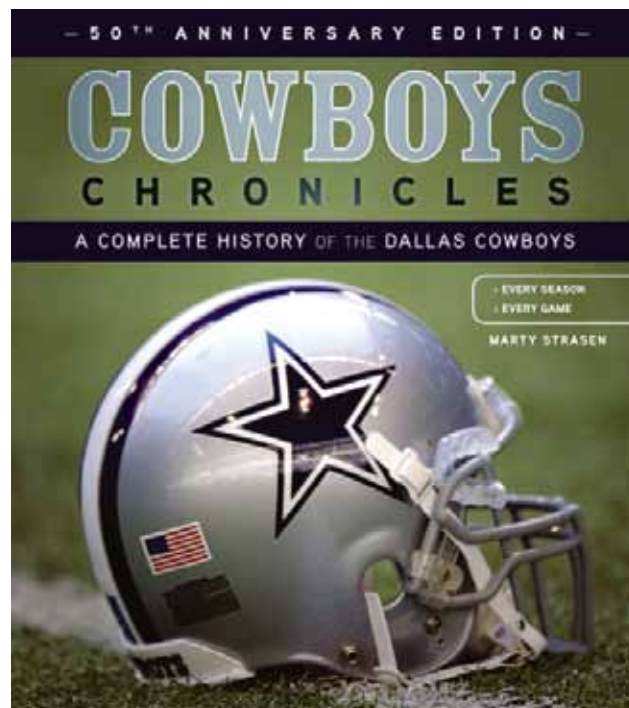

*Pat Kirwan with David Seigerman
Foreword by Bill Cowher*

Today's NFL fans have more viewing options than ever before. Each and every week, football addicts plant themselves in front of big-screen, high-definition TVs and watch the game they love unfold via slow-motion replays and multiple camera angles, pausing and fast-forwarding the action on their DVRs as they please.

Yet while more and more football fans are watching the NFL each week, many of them don't know exactly what they should be watching. What does the offense's formation tell you about the play that's about to be run? When a quarterback throws a pass toward the sideline and the wide receiver cuts inside, which player is to blame? Why does a defensive end look like a Hall of Famer one week and a candidate for the practice squad the next?

Football fans are starving to learn more about the game they love, to appreciate the intricacies of their sport the way baseball fans do theirs. Now Pat Kirwan, popular analyst for NFL.com and Sirius NFL Radio and a veteran front office executive, and co-author David Seigerman present *Take Your Eye Off the Ball*, a book that takes you inside a coach's mind as he builds a roster or constructs a game plan, to the line of scrimmage with the quarterback, and deep into the perpetual chess match between offense and defense.

STaubach

Portrait of the Brightest Star

Carlton Stowers

Were it not so carefully documented, the remarkable football career of former Dallas Cowboys quarterback Roger Staubach would seem more fiction than truth. From his All-Star days as an Ohio schoolboy to All-American and Heisman Trophy-winning heights at the U.S. Naval Academy and from a four-year military stint to a decade spent leading America's Team to Super Bowl successes, the Pro Football Hall of Fame standout served as the gold standard for Sunday afternoon greatness.

Staubach: Portrait of the Brightest Star explores in engaging and illuminating fashion the man many consider the greatest Cowboy ever. His were the days before multimillion-dollar contracts, SportsCenter highlights, and hollow hype. His was a time when the legendary Tom Landry coached a gifted and colorful collection of players who, during the decade of the 1970s, gave a city laboring in the infamy of JFK's assassination new reason to hold its head high.

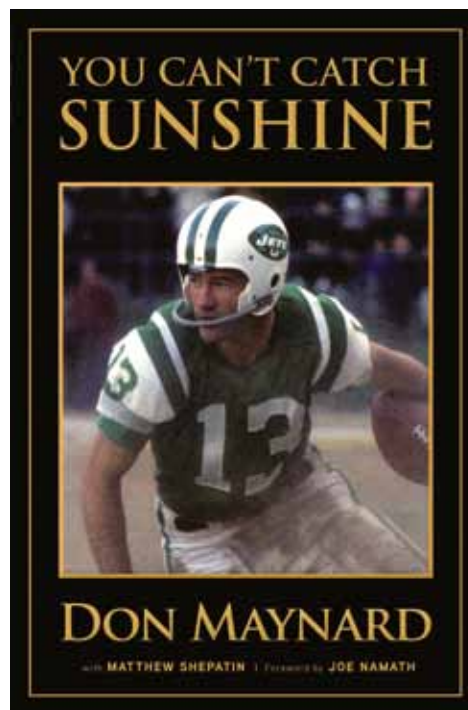

Staubach: Portrait of the Brightest Star revisits all of Roger Staubach's greatness on and off the field. Featuring interviews with his former coaches, those he played with and against, friends, family, and Staubach himself—who offers many revealing thoughts about his life and career—this book draws back the curtain to provide a glimpse of a man deeply engaged in his sport, his faith, his family, and his community.

YOU CAN'T CATCH SUNSHINE

Don Maynard with Matthew Shepatin

Foreword By Joe Namath

You Can't Catch Sunshine is the astonishing true story of Jets wide receiver Don Maynard, a laid-back speedster from a dusty corner of Texas whose unlikely friendship with a brash, young quarterback named Joe Namath resulted in the most unlikely upset in football history: Super Bowl III. He was a self-described dime store mechanic whose spindly frame made him equally unlikely to become the first pro in history to gain 10,000 receiving yards. Rejected from the NFL, his exile from the Giants gave him the distinction of playing in championship games in three different leagues: the NFL, AFL and CFL.

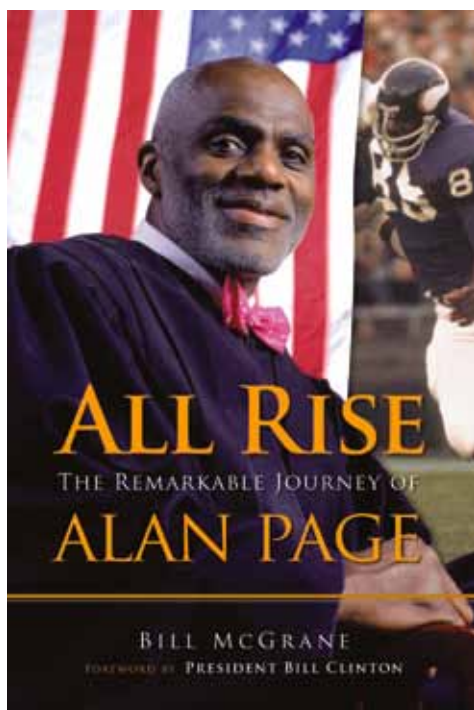

Over 14 seasons, "Country" Don never conformed to the established way an NFL player should look, dress and, most of all, play wide receiver. By marching to the beat of his own drum when it would have been easier to follow the pack, by being a perfectionist who demanded the best from himself and his teammates, by believing in himself when others doubted him, he outran and outwitted every defender on his many trips to the end zone, earning a Super Bowl ring and becoming one of football's greatest receivers.

ALL RISE

The Remarkable Journey of Alan Page

Bill McGrane

Foreword by President Bill Clinton

All Rise is the authorized biography of this remarkable man, a man who became a pioneer for his race without setting out to be one. He grew up in Canton, Ohio, in the shadow of the Pro Football Hall of Fame, into which he would later be inducted after his stellar NFL career. After leading Notre Dame to a national championship in 1966 and earning All-America honors, he became a first-round draft choice of the Minnesota Vikings in 1967. A six-time All-Pro for the Vikes, where he led the team to four conference titles, he was named the NFL's MVP in 1971, the first defensive player (and one of only two in the 54 year history of the award) to be so honored.

But Alan Page realized his life's work lay beyond playing professional football.

After an initially disappointing experience in law school, the forced self-reflection led to one of his greatest discoveries in life as a "second time around" law student. He became a lawyer, an assistant attorney general, and finally a judge.

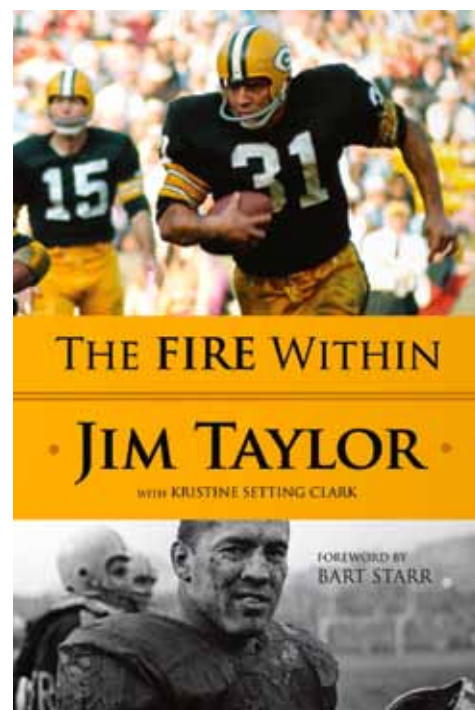

His path to the Minnesota Supreme Court was not without challenges. A governor's actions appeared to thwart Page's second bid for a high court seat, but Page sued the governor, and won. He was elected to the Minnesota Supreme Court, the first African American to win any major election in Minnesota. He is now in his 18th year on the bench, the court's senior justice.

THE FIRE WITHIN

Jim Taylor with Kristine Setting Clark

Foreword by Bart Starr

Coach Vince Lombardi called him the most determined runner he had ever seen.

New York Giants middle linebacker Sam Huff called him the hardest-hitting fullback in the NFL.

On the field Jim Taylor became known as "Thunder" by the Green Bay Packers under Vince Lombardi. His devastating blocks and powerful running style, combined with Green Bay's "Lightning" Paul Hornung, gave the Packers' "run to daylight" attack respect and admiration around the NFL.

In his autobiography, Taylor covers his early days as a boy growing up during the depression and how he became the football legend he is known as today. He discusses his time as an All-American at LSU, his performance as a Packer from 1958 through 1966 and the then newly formed New Orleans Saints in 1967, and his 1976 induction into the Pro Football Hall of Fame. He also speaks candidly about his passion and desire to help and contribute to many charity organizations.

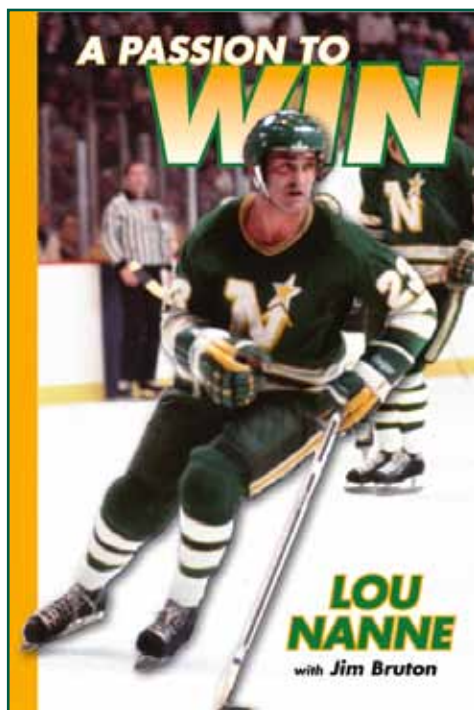

The Fire Within is the first autobiography of Jim Taylor, whose very name conjures unforgettable memories of a magical time in Green Bay. Written with NFL sportswriter Dr. Kristine Setting Clark, The Fire Within reveals a man and a team that captured the imagination of gridiron fans of the 1960s and continue to be celebrated today.

A PASSION TO WIN

Lou Nanne with Jim Bruton

Forewords by Harrey Mackay & Walter L. Bush Jr.

They call him "Sweet Lou from the Soo" and he is the most recognized name in Minnesota hockey. He played in 635 NHL regular season games for the Minnesota North Stars, the only defenseman to lead the Western Collegiate Hockey Association (WCHA) in scoring, and was the captain of the University of Minnesota's Gophers and the 1980 U.S. Olympic men's hockey team. Lou Nanne has done it all, and now for the first time shares his life's journey of great memories, accomplishments, and sorrows in his autobiography, *A Passion to Win*.

From the streets of Sault Ste. Marie Ontario, rising through the hockey ranks, and then to the Minnesota North Stars as player, coach, general manager and president, Lou Nanne shares with the reader his greatest triumphs and most heartbreaking disappointments in a career spanning over 50 years in the world of hockey.

Nanne also shares amusing and memorable anecdotes from his 45 years behind the microphone at the Minnesota State High School League's annual championship tournament, and his lifelong relationships with hockey icons Phil Esposito, Gordie Howe, Bobby Orr, Wayne Gretzky, Herb Brooks, John Mariucci, and many of the greatest names in hockey. Lou Nanne is an American hockey icon whose intensity for the game burns as strong today as ever. His love for the game has touched the hearts and souls of fans and non-fans alike.

COACHING KIDS

All Team Sports

Frank Duke Watts

Disgruntled or win at all cost parents, troublemakers, playing time, balancing talent, and tracking drop-outs... These are just some of the issues faced head-on in Coaching Kids. It answers the tough questions including how to handle disgruntled parents, troublemakers, and balancing playing time in a fun yet competitive atmosphere.

Coaches experience many problems – many created by excluding parents from the process. Coaching Kids provides concrete ways to involve parents in the process as well as step-by-step help with kid-coaching basics and trouble management.

Much has been written about coaching kids. Most books are sport specific – covering only one sport and going into depth on its mechanics. Very little, however, has been written on the basic challenge of coaching kids in general, regardless of the sport, and even less on organizing kid sports from the coach's and league's viewpoints.

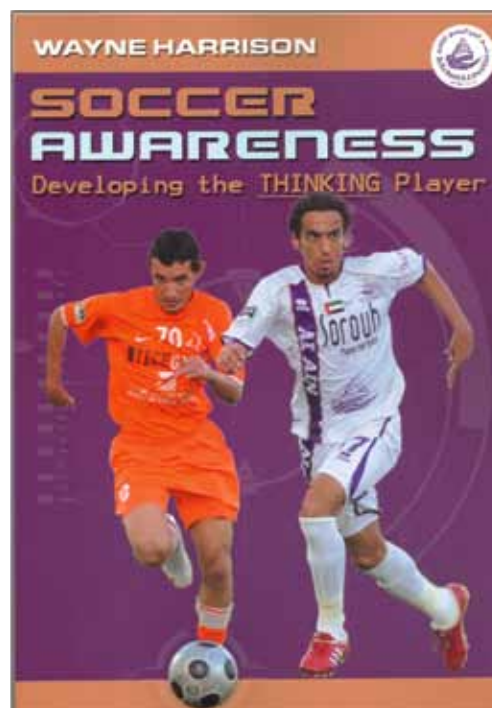

Frank Watts, the author of two popular books on for engineers, has been coaching kids for 26 season. He's seen just about everything – the good, the bad, and the ugly. Frank has coached kids in boys hockey, girls hockey, boys tee-ball, boys baseball, boys soccer, girls softball, and girls soccer. He has helped out as an assistant coach for boys basketball and track, and also worked for five years helping developmentally disabled kids learn to ski.

BABY & CHILD EMERGENCY FIRST AID

Edited by Mitchell J. Enzig, MD,

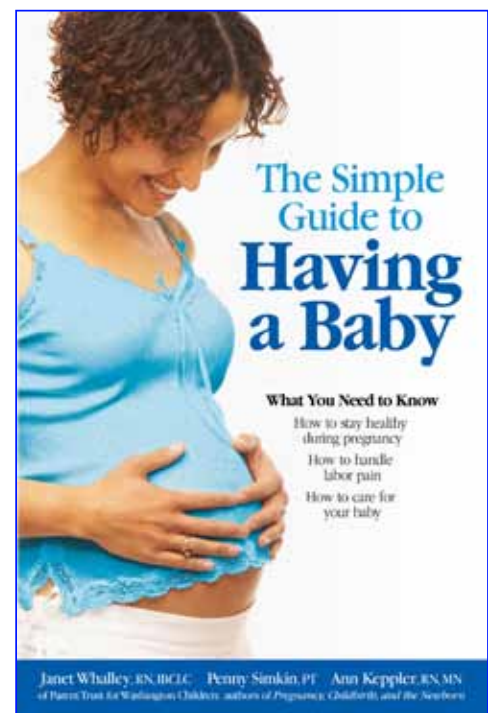

*Simple Step-By-Step Instructions for the
Most Common Childhood Emergencies*

This first-aid handbook is the first thing parents should reach for when their child has an emergency—when every second counts.

CUTTING EDGE CRAPS

Advanced Strategies for Serious Players

Frank Scoblete and Dominator

Frunk Scoblete and Dominator are two of the best dice rollers in the nation, and they're back to share even more secrets and tips for craps players looking to get an edge on the game. The authors thoroughly explain their proven Cutting Edge Craps technique with photos and words that make their system easy for anyone to learn, whether you're a veteran of the craps table or new to the game. The authors have a variety of elements to their teaching system, including how to set the dice to improve the odds of hitting different sets of numbers, how to throw the dice in a controlled manner, why using the 5-Count will reduce the house's edge, and how to push the casino to offer a better game for you than others get. Everyone else at the craps table is gambling, but you'll be the only one with improved odds at the table after reading Cutting Edge Craps.

SO YOU WANT TO FLYFISH?

It's Not Hard as You Think!

Mark D. Williams and W. Chad McPhail

Flyfishing is no longer just for the pipe and tweed crowd. This explosion of flyrodding has hit a nostalgic nerve in middle-class baby boomers. But the sport is seeing all kinds taking up the longrod from blue-collar workers to senior citizens to kids to women.

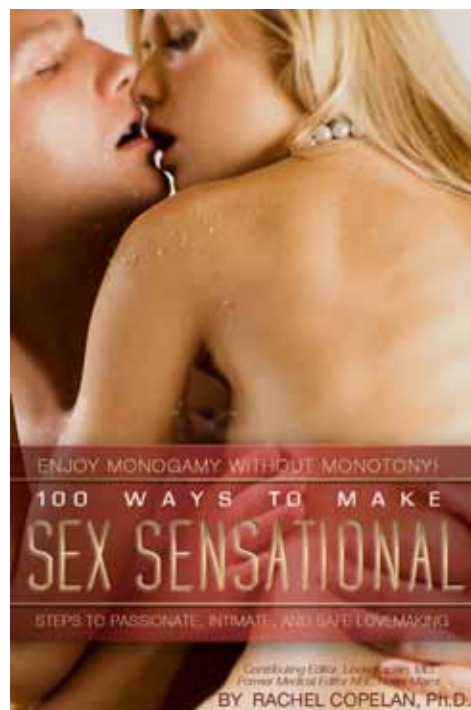

So You Want to Flyfish is a how-to book written in a conversational style, complete with brief anecdotes, clear instructions, insider tips and secrets of how to get on the water quickly without weeks and months of practice. This is a technique book that's actually fun and easy to read, complete with color photographs that reinforce the techniques for both beginning and intermediate anglers. The book designed to get the new angler on the water but keep providing instruction through their learning curve.

Williams and McPhail have both been on the water fishing since they were children, a combined fifty-five years of flyfishing experience between them. Known for their quirky humor, zany adventures and ability to boil down complicated things to understandable parts, these two fishing buddies have traveled thousands of miles together flyfishing rivers and lakes, honing their skills, parlaying their love of the sport and expertise into articles and books. Both are also award-winning teachers.

A TEA LOVER'S TRAVEL DIARY

Phoenix Single Bush Oolong Tea & Tie Kuan Yin Oolong Tea

Author: *Jason C.S. Chen*

Chinese Tea Master Jason C.S. Chen has spent the past 21 years deeply involved in the business of tea. He has visited most of the best known tea gardens in China where authentic and traditional tea is grown. During these trips he has always had his camera at his side. This first book in a series focuses on two famous oolong teas. Phoenix Single Bush was first created 900 years ago from tea plants that only grow on one mountain in Southern China. Tie Kuan Yin is the most popular oolong tea in the world. It was created 400 years ago, and, at one time, the name Tie Kuan Yin (Iron Goddess of Compassion) was synonymous with "tea." This book is a photographic exploration of the creation of these two teas from harvest to processing and the first tasting.

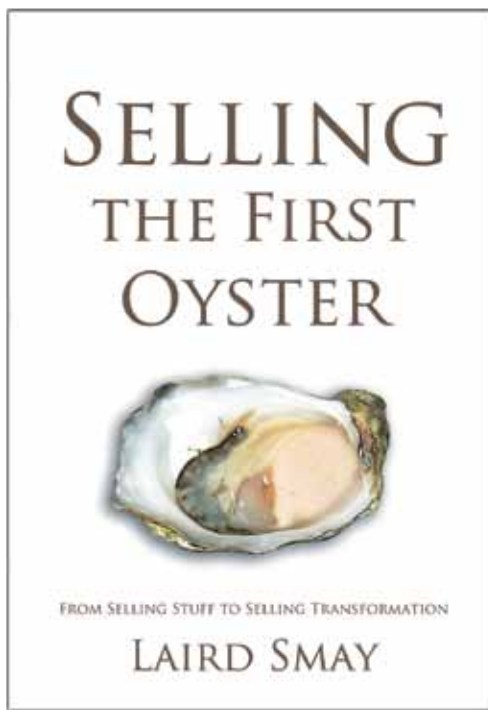

Jason C.S. Chen has been studying, growing, and selling tea for the past 21 years. He is recognized by his peers as a Tea Master with an extraordinary breadth of knowledge.

Master Chen is also the crafter of fine and unique tea accessories, holding patents in both the US and China. He is also considered an expert in the restoration of ancient Chinese art.

GLUTEN-FREE KIDS

Raising Happy, Healthy Children with Celiac Disease, Autism, and Other Conditions

Danna Korn

As public awareness has grown about the gluten-free (GF) diet so has evidence that suggests the diet is not just valuable as a treatment for celiac disease. While a GF diet is medically imperative for anyone with celiac disease, it also seems to reduce the symptoms of autism in some children, and helps diabetics lower their glycemic index. Written by an authority on gluten-free living and the mother of a son with celiac disease, this revised and updated edition of KIDS WITH CELIAC DISEASE is now titled GLUTEN-FREE KIDS because it also speaks to families whose child may need to be gluten-free for reasons other than celiac disease.

In addition to explaining the GF diet and how to maintain a GF kitchen to a child with celiac disease, GLUTEN-FREE KIDS also recommends adaptations to introduce the diet to a child who has a developmental delay or has difficulty with impulse control. A new chapter on the benefits of good nutrition focuses on avoiding processed foods and making healthy GF choices.

ACTIVITY SCHEDULES FOR CHILDREN WITH AUTISM

Teaching Independent Behavior, 2nd Edition

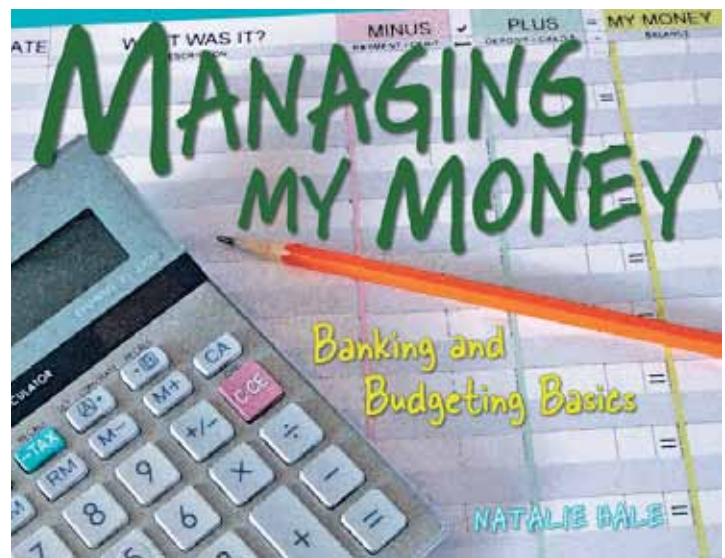

Lynn E. McClannahan, Ph.D. & Patricia J. Krantz, Ph.D.

Like the bestselling first edition, this new edition of **ACTIVITY SCHEDULES** will show parents and service providers how to use this teaching tool to help children and adults successfully engage in self-directed and purposeful activities.

Activity schedules are a set of pictures or words that cue a child to follow a sequence of steps. Based on ABA methods, learners are taught using a system of graduated guidance—physical prompts systematically faded as performance increases. For example, activity schedules can cue an individual to prepare food with minimal assistance, interact with classmates, and complete a puzzle.

Detailed instructions and examples help parents prepare their child's first schedule, then progress to more varied and sophisticated schedules, leading to greater independence.

GUIDE TO GOOD HEALTH FOR TEENS & ADULTS WITH DOWN SYNDROME

Brian Chicoine, M.D. and Dennis McGuire, Ph.D

As the founding directors of the Adult Down Syndrome Center at Advocate Lutheran General Hospital, Drs. Chicoine and McGuire have accrued more than 50 years of combined experience treating teens and adults with Down syndrome. They shared their extensive mental health expertise in their previous book, the bestselling *MENTAL WELLNESS IN ADULTS WITH DOWN SYNDROME*, and now turn their attention to the physical health of teens and adults with Down syndrome. The authors provide invaluable insight into what health problems are more common, and how medical issues can “present” differently in people with Down syndrome. In a clear, empathetic style, they discuss how to promote a healthy lifestyle, to prevent problems, and how to recognize health problems early on and ensure appropriate care for an optimum outcome. *THE GUIDE TO GOOD HEALTH* is a resource families and caregivers can refer to over and over again, whether it's to find strategies to get a teen or adult to cooperate with treatment, or to consider if a symptom is being misdiagnosed or misunderstood.
