## INNOVATION NOT IMITATION™

Renowned for quality, performance, and technological advancements in design for more than four decades, we take great pride in knowing that SafariLand products are the overwhelming choice of law enforcement agencies and competition shooters around the world. Why? Because we continually develop new products by working with the most creative and experienced users in the industry. From veteran law enforcement officers to our world-renowned Team SafariLand shooters, we field test our products to provide you with the best product available.

We work hard to build on the unique leadership position we have earned. Today's SafariLand remains totally committed to serving those who put it all on the line to uphold order and keep the peace. And nobody does it better.

# SAFARILAND™ – INNOVATION NOT IMITATION™

## SafariLaminate™ Construction

SafariLaminate™ is a unique thermal laminate process used for the construction of many Safariland products. This material is impervious to moisture, bloodborne pathogens, and does not break down like natural materials, making for an extremely durable and long term professional looking product.

## SAFARILAND™ FINISHES GUIDE

### Traditional Leather Look Finish

Traditional leather has been the mainstay of the law enforcement community for decades. With the SafariLaminate™ process we offer an extremely durable leather look that offers easy care and maintenance for years of use. Offered in Plain, Basket Weave and Hi Gloss.

### STX Tactical® Finish

This is a special tactical "haircell" finish exclusive to Safariland. This textured finish helps to reduce wear and tear scratches on the product. It is famous for its incredible strength, abrasion resistance and protective qualities. Heat laminated and molded to the exact shape of weapons and accessories for better security. Will not absorb water or sweat, dries quickly, and is easily cleaned with mild soap and water or Armor All®. A thin layer of suede in the liner protects the finish of guns and absorbs excess oils or lubricants.

### Available Colors

### STX Finishes

We've expanded our popular STX Tactical® finish to include plain, hi gloss and basket weave finish. This hard-shell STX material is heat laminated and molded to the exact shape of weapons and accessories, and it's extremely durable. It's the only product available that addresses seat belt abrasion issues.

SAFARILAND — BRAND INTRODUCTION

safariland.com/dutygear 800 347 1200

# ALS

automatic locking system

The ALS® system is the latest evolution in retention holsters and builds upon the successful Self Locking System (SLS). With several patents to its credit, the key to this system is an internal locking device that secures the weapon in all directions simply upon reholstering. Level III Retention™ is achieved when used in conjunction with the SLS, which can also be elevated to Level IV Retention™ with the addition of the Sentry. Also available in Level I Retention™ and Level II Retention™ versions.

Additionally, holsters with this advanced ergonomic design are completely operable with the thumb, making training easy, and the straight-up draw makes them very instinctive to use, yet difficult for an assailant's attempted takeaway. And finally, once the retention devices are released, the weapon can be drawn straight out of the holster with no twisting or other motion required. The ALS series holsters cover a wide array of market needs, from retention duty holsters to models in our popular tactical offerings to a belt loop, belt clip and paddle holster for the concealment markets, both with and without the SLS.

- 1 The ALS is a unique design that locks into the ejection port and is operated by the thumb once the SLS is released.
- 2 The SLS rotating hood has been tested and proven for many years on the 6280 and 6004 series of holsters. Simply push down and rotate forward as you obtain your shooting grip. To close, pull back on the hood, and the SLS self locks. No snaps or straps to manipulate.
- 3 The Hood Guard helps protect the SLS from impact and premature release, especially in an attempted takeaway. Included with all duty and tactical versions.
- 4 Constructed of SafariLaminate™, a thermal-molded holster to help protect the handgun and gun mounted accessories for years of use.

## RETENTION LEVEL CHART

Safariland's duty holsters are not only built to last, they're designed with weapon retention and officer safety in mind. However, no industry standard exists to rate a holster's ability to resist weapon takeaway attempts. For that reason, Safariland has developed a system of rating a holster's retention level.

Retention levels are tested with the initiation of a "grab and snatch" by an adversary. To qualify as Level I Retention™, a holster must provide for unlimited direction of force for five full seconds. At the end of the five seconds, the weapon must still be secure in the holster and the holster must still be attached to the wearer. The wearer must be able to accomplish a draw after the attack. These tests are then repeated with additional safety measures (with previous safety measure disengaged) to determine where a holster falls on the retention spectrum. For more information on the Safariland Holster Retention system, see our Web site or call Customer Care. These retention ratings give the holster buyer a method to quickly determine the relative retention level of different holster models.

# RETENTION LEVELS

To us, nothing is more important than officer safety. That's why Safariland created the Retention Level system as a guide to holster selection. The holsters in this catalog are classified by their Retention Levels to help you choose the right holster for your needs. In the interest of safety for police officers, Safariland introduced the Retention Level system in 1985, providing useful holster selection information to the marketplace. This system helped officers evaluate and make informed decisions on the type of holster needed for different scenarios and environments. Safariland set this initial standard, and to this day is the only holster manufacturer with established, strict testing criteria to evaluate the Retention Level of a duty holster.

## DUTY HOLSTERS LEVEL I RETENTION™

# DUTY BELTS

All belts available in Black unless otherwise specified.

## 031 D-Ring Belt 1.5" (38 mm)

- Reinforced instructor-style belt
- Lined with loop material

## 87/87V Suede Lined With Buckle 2.25" (58 mm)

- Standard duty belt with a suede lining
- 4-stitch design
- Double-tongued buckle and center belt stud fasten belt firmly around waist
- Free-sliding keeper holds the belt tip in place
- 87V with hook and loop
- Choice of chrome or brass buckle

## 4332 ELS Tactical Belt 2" (50 mm)

- Features full length hook lining for use with Bianchi® 8106 Liner Belt
- Buckleless design features two large knobs for locking in ELS mounting holes
- Pre-cut ELS mounting holes for straight up or angled attachment of ELS Receiver Plates
- Available in Nylon Look, FDE Brown, and Foliage Green finishes

ELS sold separately (see page 74)

## 51 Garrison With Square Buckle 1.75" (45 mm)

- Full grain leather construction
- Includes removable square chrome or brass buckle

## 146/146V Border Patrol With Buckle 2.25" (58 mm)

- Standard buckle fastens the belt firmly around the waist
- The 1.25" (32 mm) and 2.25" (58 mm) keepers hold the interior and exterior belt tips in place
- 146V with hook and loop
- Choice of chrome or brass buckle

## NEW 832 QAS Duty Belt 2.25" (58 mm)

- Pre-cut ELS (Equipment Locking System) and QLS (Quick Locking System) holes in the belt for mounting ELS 35 and QLS 22 Receiver Plates
- Buckleless™ design features two large studs that fit into pre-cut holes instead of buckle
- Features full length hook lining for use with Bianchi® 8106 Liner Belt
- Available in Nylon Look, Plain Black, Basket Black and Hi Gloss finishes

ELS and QLS sold separately (see page 74)

## 99/999 Buckleless™ Reversible Belt 1.5" (38 mm)

- Hook and loop can be worn on the outside, creating a Buckleless system
- Order 999 for belt without loop lining

## 992 Reversible SafariLaminate™ Belt 1.5" (38 mm)

- Lined with loop material
- Designed to be worn under duty belts with hook as the foundation of the Safariland™ belt systems
- The 992 is the contour version of the 99

## 872 Contoured Belt 2.25" (58 mm)

- 4-stitch design with suede lining and free-sliding keeper to hold belt tip in place
- 2.25" (58 mm) duty belt is contoured for proper alignment and greater comfort
- Greater all-day comfort by distributing weight evenly; no sharp edges to dig into hips
- Choice of chrome or brass buckle

## 4320 Padded Belt Liner

- Provides a padded buffer between duty belt and body
- Helps eliminate possible bruising and other comfort issues associated with wearing a duty belt for long periods of time

## 942 Contoured Buckleless™ Belt 2" (50 mm) or 2.25" (58 mm)

- Tip of belt points to the right side of the officer
- Greater all-day comfort by distributing weight evenly; no sharp edges to dig into hips
- Lined with hook and loop to mate with 99 underbelt
- Features a hidden brass hook closure

## 875 Stitched Edge With Buckle Belt 2.25" (58 mm)

- Standard duty belt with a plain border stitch
- Double-tongued buckle and center belt stud fasten belt firmly around waist
- Choice of chrome or brass buckle

## 94/94P Buckleless™ Belt 2.25" (58 mm)

- Features a hidden brass hook and a hook and loop closure on both ends
- Belt is lined with a band of hook and loop and attaches to the lining on the Model 99 or 992, completing the Buckleless system
- 94P without hook and loop

## 4325 Nylon Buckleless™ Reversible Belt 1.5" (38 mm)

- Hook and loop closure
- Lined with loop material

# HOLSTER MOUNTING PLATFORMS

Safariland offers the broadest line of holsters for law enforcement, so it follows that we would also provide the most extensive line of mounting platforms and accessories for our holsters. These options add versatility, comfort and convenience as you perform your duties. From our Universal Belt Loop (UBL) to our belt slides, our Drop Flex Adapter and more, there is a mounting platform to fit your needs.

## UBL STYLES

Our popular UBL (Universal Belt Loop) is offered in three ride heights for various body styles

Mid-ride with HDA: drop version 2" below waist

Low-ride: drop version 1.5" below waist

Mid-ride: standard ride height

### 6070UBL-PAD 6075UBL-PAD

- Provides a soft pad between the body and Universal Belt Loop (UBL)
- Helps address comfort issues associated with wearing a duty belt for long periods of time
- Works equally well for both male and female officers

### **NEW** 566BL

- Rides 1" or 2" higher than standard 567BL belt loop

### 567BL 1.5" To 2.25"

- Seven different options available up to 2.25"

### 568BL Up To 1.75"

- No belt necessary for use

PATENT PENDING

### 745BL Belt Clip

- Designed with a 3-hole pattern, allowing interchangeability among various Safariland holsters
- Clips on/off belt without having to remove other accessories on rig
- Made of durable nylon; will pass a Level I Retention™ pull test
- Fits belt widths from 1.5" (38 mm) to 2.25" (58 mm)

### 6004-DFA Drop Flex Adapter

- Allows user to wear a thigh rig below the hip without shifting weight farther down the leg
- Keeps rig from sliding on belt
- Can be used on belt widths up to 2.25" (58 mm)
- For use in conjunction with the 6004-10 leg shroud

### **NEW** 6004-UFA Universal Flex Adapter

- Allows user to wear a thigh rig below the hip without shifting weight farther down the leg
- Hole pattern on UFA makes connecting to various mounts possible including the 568BL Paddle, ELS Fork, QLS Fork, or 745BL Belt Clip
- For use in conjunction with 6004-10 leg shroud

# SLS/ALS ACCESSORIES

Four uniquely designed accessories for Safariland duty holsters with the SLS (Self Locking System) and ALS® (Automatic Locking System) systems. Available for the following models:

## 74 Handgun/Rifle Combination Magazine Pouch

- Designed to carry two handgun magazines and one rifle magazine
- Adjustable tension device to help retain magazine in pouch
- Optimal for duty officers with carbine or rifle within vehicle

## 78\* Slimline Double Magazine Pouch

- Magazines are oriented "face out" to save space on belt
- Optimal for use on tactical rigs due to minimal width
- Durable SafariLaminate™ construction
- Vertical and horizontal belt slots
- Fits 2.25" (58 mm) belt widths
- Part of the 6004/6005 tactical system

## 79\* Slimline Open Top Double Magazine Pouch

- Magazines are oriented "face out" to save space on duty belt
- Optimal use on tactical rigs due to minimal width
- Durable SafariLaminate™ construction
- Vertical belt slots
- Fits 2.25" (58 mm) belt width
- Part of the 6004/6005 tactical system

## 777\* Slimline Triple Magazine Pouch

- Magazines are oriented "face out" to save space on duty belt
- Vertical and horizontal belt slots
- Durable SafariLaminate™ construction
- Fits 2.25" (58 mm) belt widths
- Part of the 6004/6005 tactical system

## 775\* Slimline Open Top Triple Magazine Pouch

- Provides triple magazine retention without flap in an area comparable to standard dual magazine pouches
- Durable SafariLaminate™ construction
- Vertical and horizontal belt slots
- Magazines are oriented "face out" to save space
- Fits 2.25" (58 mm) belt widths
- Part of the 6004/6005 tactical system

## 72 Double Magazine and Cuff Pouch

- Adjustable angle positions designed into belt loop
- Designed to carry two handgun magazines and one pair of handcuffs
- Adjustable tension device to help retain magazines in pouch

## 176 Extreme Duty Magazine Pouch

- Pivots away from body to prevent interference with body armor
- Spring loaded to lift magazine above other duty gear on belt
- Magazine is secure in pouch in inverted position with securing strap removed
- Securing strap releases with one finger
- Part of the 6004/6005 tactical system

## 73 Open Top Double Magazine Pouch

- Features adjustable angle positions for both vertical and horizontal carry
- Low cut design and space between pouches for quick magazine retrieval
- Tension screw allows retention adjustment

**75\*** Open Top Double Magazine Pouch

- Open-top design
- Low cut and span between pouches for quick retrieval
- Tension screw allows retention adjustment

**76\*** Single Magazine Pouch

- Several sizes to fit most popular magazines
- Part of the 6004/6005 tactical system

**77\*** Double Magazine Pouch

- Vertical/horizontal belt slots for regular/low-profile position
- Tension screw allows you to adjust magazine retention
- Span between pouches plus low cut allow quick, easy drawing

**6004-27** Drop Flex Adapter on Single Leg Shroud w/ QLS 22

- Allows user to wear a thigh rig higher on the leg with more stability, eliminating leg shroud movement
- Sits low enough for use with body armor and in vehicles, while also providing two mounting points for accessories
- Includes QLS 22 Receiver Plate (can also be ordered with MLS Receiver Plate or plain)
- For use on belt widths up to 2.25" (58 mm)
- Available in Black, Foliage Green and FDE Brown finishes

Shown here with 568BL Paddle and 6004-10 Single Strap Leg Shroud

**NEW**  
**6004-UFA** Universal Flex Adapter

- Allows user to wear a thigh rig below the hip without shifting weight farther down the leg
- Hole pattern on UFA makes connecting to various mounts possible including 568BL Paddle, ELS Fork, QLS Fork or 745BL Belt Clip
- For use in conjunction with 6004-10 leg shroud

**6005-23** MLS Accessory Forks on Quick-Release Strap

- Allows mounting of a Tactical Holster directly to the MOLLE loops on the side of a vest or MOLLE web belt
- Enables user to forgo wearing a belt and put the weight onto a load-bearing vest and thigh rig
- Ideal for combining with a tactical vest without having to make any changes to a duty belt to be ready as a first responder

**6004-11** Leg Strap Only

- Fits tactical holster systems
- Replacement strap for standard tactical rigs

**6009-11** D-Ring Strap

- Provides easy lateral movement
- Fits all Safariland Tactical shrouds

**6005-11** Leg Strap Only With Quick Release

- Replacement strap for Quick Detach tactical rig straps
- Converts tactical rig straps to Quick Detach straps
- Top buckle portion can be purchased separately (6005-7)

# RIFLE ACCESSORIES

25

SAFARILAND — RIFLE ACCESSORIES

## 4014 AR Single Point Sling with Shoulder Pad

- Convenient single point AR15 sling for carbine butt stock
- Makes for an easy transition from low ready, to firing, to placed on the back for use of hands
- Sling slides freely on the shoulder due to an innovative floating shoulder pad
- Made out of durable nylon

## 4015 AR15 Sling System

- Convenient single point AR15 sling carbine butt stock
- Makes for an easy transition from low ready, to firing, to placed on the back for use of hands
- Sling slides freely on the shoulder due to an innovative floating shoulder pad
- Includes AR15 double magazine pouch
- Made out of durable nylon

## 4016 AR15 Single Point Sling

- Convenient single point AR15 sling carbine butt stock
- Makes for an easy transition from low ready, to firing, to placed on the back for use of hands
- Made out of durable nylon

## 4017 Single Point Sling for Launchers

- Convenient, single point M79 and multiple projectile grenade launcher sling
- Makes for an easy transition from low ready, to firing, to placed on the back for use of hands
- Quick-detach system makes it easy to remove launcher from sling without use of tools
- Made out of durable nylon

## 4018 Dual Point Sling

- Convenient dual point long gun and grenade launcher sling
- Quick-adjust feature provides for movement from tight against body to slack when firing
- Tension device to tighten or loosen strap
- Uses traditional dual sling mounts
- Made out of durable nylon

## 4019 Dual Point Sling with Shoulder Pad

- Convenient dual point long gun and grenade launcher sling
- Quick-adjust feature provides for movement from tight against body to slack when firing
- Makes for an easy transition from on the back to firing position
- Uses traditional dual sling mounts
- Made out of durable nylon

## QUICK DETACH SYSTEM

- Quick detach system featured on all single point sling models
- 180° twist locks and unlocks system

## NEW SPA-1 Shotgun Single Point Adapter

- Provides single point for use with the SafariLand 4014, 4015, or 4016 Single Point Sling
- Compatible with standard Remington 870 or Mossberg 500/590 stocks
- Provides mounting bracket between stock and receiver

## NEW SPA-2 Standard Mount Single Point Adapter

- Provides single point for use with the SafariLand 4014, 4015, or 4016 Single Point Sling
- Compatible with most long guns with existing single point sling mount hard point

### 7742 Magazine Doubler

- Quick, efficient reload with second magazine
- Proper staggering of magazine to clear ejection port
- 2 top round protectors keep cartridges in proper position and dirt out of magazines
- Protects base pad of magazine when dropped
- Does not crush magazine
- Excellent for seated and prone shooting positions

### RK-M4 Fore End Rail Kit

- Allows for quick attachment of 3 rails to forward end of AR15, M4 and M-16 rifles
- Can attach 2 accessories to upper forearm and 1 to bottom rail
- Lightweight
- Can be reversed to have one rail on top with 2 below
- Locks securely into place using holes in standard fore end

### 774 Rifle Mag Pouch

- Clip-on belt attachment to fit 1.5" (38 mm) to 2.25" (58 mm) belts
- Adjustable for carry angle
- SafariLaminate™ construction with tension device
- Ambidextrous
- Can be ordered with QAS Locking Forks attached
- Available in Black, Foliage Green or FDE Brown finishes

## SCOPE MOUNTS

Safariland AR15 mounts are designed specifically for flat-top receivers with Picatinny rails. Machined from 6061-T6 aluminum, Safariland AR15 mounts have skeletonized top caps and bases that reduce weight without sacrificing strength. Each top cap is secured by four screws to provide maximum clamping ability to prevent movement of the scope or red dot sight. The corners are rounded to remove sharp edges and lessen the chance of snagging on other gear and webbing. The mounts are secured to the receiver with mil-spec thumb knobs with anti-vibration washers that can be tightened by hand or with a regular screwdriver.

### SAF-S30

- Designed for 30 mm red dot sights requiring single ring mounting
- Provides maximum stability and strength for attaching to the receiver
- Available in Black and FDE Brown

### SAF-S30C

- Single ring mount is cantilevered forward to enable the use of night vision or magnifiers
- Design provides maximum stability and strength for attaching to the receiver
- Available in Black and FDE Brown

### SAF-D30

- For 30 mm diameter tubes
- Designed for use with telescopic sights
- Features two rings integral to the mounting base
- Single clamp is secured by two mil-spec thumb knobs to maximize strength and rigidity
- Forward ring is cantilevered to allow scope to be positioned forward enough for proper eye relief
- Available in Black and FDE Brown

### SAF-D01

- For 1" diameter tubes
- Designed for use with telescopic sights
- Features two rings integral to the mounting base
- Single clamp is secured by two mil-spec thumb knobs to maximize strength and rigidity
- Forward ring is cantilevered to allow scope to be positioned forward enough for proper eye relief
- Available in Black and FDE Brown

### 4385 Munitions Belt

- For 37/40 mm impact rounds and 12-gauge rounds
- Holds (20) 40 mm or (25) 12-gauge rounds
- Belt size – fits sizes 32" (812 mm) to 50" (1270 mm)

### 4145 Munitions Butt Stock Caddy

- For 37/40 mm impact rounds and 12-gauge rounds
- Elastic straps to fit many butt stocks
- Holds (3) 40 mm or (5) 12-gauge rounds

### 4147 Shotgun Shell Holder (Not Shown)

- Holds (5) 12-gauge rounds
- Screws onto a tactical shroud or QAS Locking Fork
- Nylon cover with hook and loop closure

Checkpiece not included

### 4554 Rifle Scope Guard

- Durable pack cloth construction
- Padded cover to protect the vulnerable optics on a weapon
- Includes an adjustable, removable muzzle protector
- Web carry handle for ease of travel

### 4000 Dust Cover

- Nylon cover is durable and keeps dirt out of the muzzle and action of the firearm
- The tab provided makes it easy to cover and uncover with one hand
- Lanyard strap can easily be attached through a thigh rig or anywhere a nylon loop can be fastened
- An elastic outer ring in the cover keeps the unit snug around the firearm, preventing rain or snow from falling onto the firearm

### 4555 Shooters' Range Bag

- Removable center carry compartment has zippered, padded side panels for 4 separate handgun compartments
- Adjustable hook and loop dividers to personalize accessory space
- Magazine pouches conveniently sewn into main storage area
- Full-wrap carry handles make it easy to move gear to different shooting stations
- Outer carry bag has dual zipper top for easy access and full coverage, flat side zipper pocket, ID window, and large outside zippered pocket for towel, shooting glasses or hearing protection
- Overall dimensions: 14" x 9" x 10"

### 4553 12" Premium Dual Handgun Case

- Rugged ballistic pack cloth construction
- Full interior closed-cell foam surrounded by soft lining for safe handgun storage
- Four outside magazine/accessory pouches
- Wraparound handles
- Available in Black

### 4552 Dual Rifle Case

- Rugged ballistic pack cloth construction
- Heavy-duty lockable zippers, one adjustable outside covered accessory pouch
- Large dual handgun/accessory pouch with individual hook and loop enclosed handgun areas
- Closed-cell protective foam padding and 2-in. perimeter lip
- Assorted accessory pockets inside case
- Adjustable padded shoulder harness for shoulder carry
- Includes adjustable backpack-style carry straps that tuck away in storage pocket when not in use
- Available in Black and FDE Brown

Shown with optional Safariland accessories and PROTECH® brand pouches

### **NEW** 4556 3-Gun Competition Case

- Rugged ballistic pack cloth construction
- Heavy-duty lockable zippers, two adjustable outside accessory pouches
- Large dual handgun/accessory pouch with individual hook and loop enclosed handgun storage areas and 4 pistol mag pouches large enough for extended magazines
- Closed-cell protective foam padding and 2-in. perimeter lip
- Assorted accessory pockets inside case
- Adjustable padded shoulder harness for shoulder carry
- Includes adjustable backpack-style carry straps that tuck away in storage pocket when not in use
- Unique zippered barrel expansion slot on side of case can be opened to allow use of longer firearms (up to 51") while still fully encompassing weapon muzzle
- 46" overall length (with expansion slot closed)
- Available in Black

# QUICK ATTACHMENT SYSTEMS

Safariland's Quick Attachment Systems, consisting of the MLS, QLS, and ELS, represent the coming together of technology with the requirement for modular and versatile products. Originally designed for the military to quickly transfer the holster from the leg to the vest, the QAS family has now gone beyond strictly military functions to include law enforcement, concealed carry, and sporting applications. Whether the scenario facing you involves the need to adjust holster location to conserve space while boarding an APC or to quickly switch out magazine types before the latest 3-Gun match, the QAS family of products will help accomplish your goals.

## MLS (MOLLE LOCKING SYSTEM)

- Provides a holster or accessory with a quick, easy, and secure attachment to any MOLLE loop-equipped apparel
- Allows for quick removal and installation between attachment points such as the MOLLE vest, belt loop, and/or tactical leg shroud
- May be used to mount in vehicle, home or business
- Allows many types of Safariland holsters and accessories to be mounted at various orientations and angles to suit the needs and preferences of the individual user
- Operator can rearrange gear quickly and easily without the use of tools
- Allows holstered weapons and accessories to be removed without removing apparel, such as vest, leg shroud, or belt
- Mount almost any holster or accessory in the right position for any mission

## QLS (QUICK LOCKING SYSTEM)

- The QLS provides officers the ability to easily and quickly remove and secure their weapon without having to remove weapon from holster. Especially effective in correctional institutions and courthouse appearances
- Also effective for concealed carry in ease of transferring gun from body to other mounting point, such as vehicle
- Mount almost any Safariland duty holster on an equipment belt with use of the Safariland UBL
- Provides a highly versatile holster system with a quick, easy and secure attachment to a variety of locations – belt, thigh rig, furniture, or vehicle, etc. Can also be used with the Safariland MLS 16 Accessory Locking Fork for attachment to MOLLE vests
- QLS System passes Level I Retention™ pull test

## ELS (EQUIPMENT LOCKING SYSTEM)

- Provides a mounting platform for any tactical and competition accessories to be placed in various locations, including belt clips and tactical rigs or directly on MOLLE loops with the use of an MLS 16 Locking Fork
- Fork attaches to any tactical or competition accessory, including the 774 Rifle Mag Pouch, 78 Slimline Dual Magazine Pouch, and Impact Round cases
- Receiver plate mounts to any thigh rig, 744BL belt clip or MLS 16 fork (for use of ELS on MOLLE loops), or can be attached directly to the pre-cut mounting holes on any QAS belt
- A quick pinch of the thumb and index finger allows the removal of any product attached to the fork unit for attachment on any other ELS 35 location
- May be purchased with or placed directly onto the 744BL belt clip for convenient waistline location
- Useful in quickly switching out accessories while maintaining the same root product, whether it be a belt, thigh rig or magazine pouches for a competition event, etc.
- Very small receiver footprint (1 7/8" W x 2 3/4")

## MLS 15 & 16

### 1 MLS 15 Holster Locking Fork

- Mounts directly to the back of holsters and threads through MOLLE loops or connects to the MLS 17 or MLS 18 Receiver Plates
- Colors: Black, Foliage Green, OD Green, FDE Brown

### 2 MLS 16 Accessory Locking Fork

- Threads directly through MOLLE loops to mount pouches, or into the back of the MLS 17 Receiver Plate for attachment of pouches or holsters
- Colors: Black, Foliage Green, OD Green, FDE Brown

## MLS 17 & 18

### 1 MLS 17 Receiver Plate

- Mounting platform for the MLS 15 and MLS 16 Locking Forks. Attaches directly to leg drop shrouds, MLS 16 Locking Fork, or other platforms, such as vehicle or furniture
- Colors: Black, Foliage Green, OD Green, FDE Brown

### 2 MLS 18 Receiver Plate with Guard

- Mounting platform for the MLS 15 and MLS 16 Locking Forks. Attaches directly to belt slide or thigh rig; bottom guard shields locking fork arms
- Colors: Black, Foliage Green, OD Green, FDE Brown

## QLS 19 & 22 For Duty Use – Passes Level I Retention™ Test

### 1 QLS 19 Duty Holster Locking Fork

- Mounts directly to the back of duty holsters, then connects to the QLS 22 Receiver Plate
- Colors: Black, Foliage Green, OD Green, FDE Brown

### 2 QLS 22 Duty Receiver Plate

- Mounting platform for the QLS 19 Duty Locking Fork. Attaches directly to Universal Belt Loop (UBL), or other mounting platforms
- Colors: Black, Foliage Green, OD Green, FDE Brown

### 3 QLS 22L Duty Receiver Plate

- Same as the QLS 22 with an extra locking feature

## ELS 34 & 35

### 1 ELS 34 Equipment Locking Fork

- Mounts to any tactical accessory, then connects to the ELS 35 Receiver Plate
- Colors: Black, Foliage Green, OD Green, FDE Brown

### 2 ELS 35 Equipment Receiver Plate

- Mounting platform for tactical thigh rig or any other two-hole accessory location
- Colors: Black, Foliage Green, OD Green, FDE Brown

3. 032 ELS COMPETITION BELT FULLY RIGGED W/ HOLSTER, (4) ELS 35s & (2) 773 MAG POUCHES W/ ELS 34s

### 6005-23 MLS Accessory Fork on Quick Release Harness

- Allows mounting of the 6005 Tactical Holster directly into the MOLLE loops on the side of a vest or MOLLE web belt
- Enables user to forgo wearing a belt and put the weight onto a load-bearing vest and thigh rig
- Ideal for combining with a tactical vest without having to make any changes to a tactical belt to be ready as a first responder

### 6004-24 MLS Accessory Fork on Small MOLLE Plate

- A mount with the MLS 16 Accessory Fork already affixed; attaches to existing MOLLE pouches, then is easily threaded through MOLLE loops
- Can be attached to an MLS 17 or MLS 18 Receiver Plate, then mounted on a MOLLE vest, thigh rig, belt, or other attachment point
- Allows the user to rearrange gear quickly and easily

### MOLLE-KIT 1 (NOT SHOWN)

- Includes 1 ea. MLS 15, MLS 16, MLS 17, MLS 18 and mounting hardware

### QUICK-KIT 1 (NOT SHOWN)

- Includes 1 ea. QLS 19, QLS 22, and mounting hardware

### QUICK-KIT 2 (NOT SHOWN)

- Includes 1 ea. QLS 19, QLS 22L, and mounting hardware

### QUICK-KIT 3 (NOT SHOWN)

- Includes (1) QLS 19, (2) QLS 22 units, and mounting hardware

### QUICK-KIT 4 (NOT SHOWN)

- Includes (1) QLS 19, (2) QLS 22L units, and mounting hardware

### ELS-KIT 1 (NOT SHOWN)

- Includes (2) ELS 34 units and (2) ELS 35 units and mounting hardware

# RAPID LIGHT SYSTEM (RLS™)

With the Safariland Rapid Light System (RLS™), you get a professional-quality hand-held light and weapon-mounted light all in one. You can clip it onto your belt, hold it in your hand, or quickly mount it to your weapon for an instant tactical advantage. There's no need to buy an expensive holster to carry a light-mounted weapon. No reason to carry a second primary light. You will always have a bright light whenever and wherever you need it. It's the only light you need.

NOT SHOWN AT ACTUAL SIZE

- 1 Ambidextrous.
- 2 Super-bright LED technology (90 lumens) – bright enough to be your primary light. Prism Reflector System penetrates light up to 350 feet.
- 3 3 AAAs provide over 50 hours' use – no expensive proprietary batteries needed.
- 4 Integral clip for easy securement to belt or garment – no dedicated light mount holster required.
- 5 Fits most handgun models that incorporate an integral rail system – also mounts to rifles and shotguns that have a Picatinny rail.
- 6 Quickly transitions from standard flashlight to tactical illumination.
- 7 Can be operated with either thumb, or change to other side to operate with trigger finger. Push button provides controllable on/off illumination of target to minimize loss of handgrip, sight picture and exposure.
- 8 RLS™ mount will accommodate most hand-held compact lights in the range of .970 (24.6 mm)-1.060 (26.9 mm) in diameter.

**ATTACHES TO GUN IN 2 EASY STEPS:** The RLS can be quickly removed if an immediate reholstering of the pistol is required.

SLIDE RLS ONTO TACTICAL RAIL

LOCK RLS INTO PLACE WITH A QUICK UPWARD MOTION

Easily and securely attaches to waistband or belt with integral clip

Push-button illumination

3 AAAs provide over 50 hours' use

**NEW**  
**RLSL RLS™ Lens Kit**

- Mounts onto the bezel of RLS™ light
- Red, blue, and green lenses included

**RLSR RLS™ Reduction Sleeve**

- Enables the RLS mounting system to be used with lights of both .90" and .80" diameters
- Slides inside RLS mount to easily accept narrower lights

**RLSM Mount for Duty Belt**

- Provides a small mounting platform on duty belt to attach the RLS™ light
- Will also accommodate any light, laser, or other accessory that will fit on a Picatinny or light rail
- Fits belt widths up to 2.25" (58 mm)
- Also fits on leg shroud, MLS or ELS Locking Fork
- Included with RLS

**NEW**  
**RLSP Light with Pressure Switch**

- RLS Light System with tape pressure switch
- Eight inch cord for versatile positioning

**NEW**  
**RLSP-TC Tail Cap for RLS™ Light**

- Tape pressure switch for RLS Light System
- Eight inch cord for versatile positioning
- Made to work with existing 90 lumen RLS lights

# RESTRAINTS

Based on a heritage of quality more than two centuries old, Safariland now offers the finest, most durable restraints available anywhere in the world. Unique security features provide an extra measure of confidence in a comprehensive lineup of handcuffs and other restraints.

8112-1-31 NIJ CERTIFIED

## 8112 Standard Chain Style

- Top-quality, heavy-duty steel construction
- 18-tooth, 3-retaining-bar system for uncompromising security
- Positive swing-through action
- Built-in backloading for fast cuffing
- Reinforced steel swivels for added strength and durability
- Available in Nickel and Black

## 8112-2 Oversized Chain Style

- 17% larger than the standard model
- Ideal for restraining larger subjects
- 18-tooth, 3-retaining-bar system for uncompromising security
- Positive swing-through action
- Built-in backloading for fast cuffing
- Available in Nickel and Black

8122-1-31 NIJ CERTIFIED

## 8122 Standard Hinge Style

- Solid links connect the cuffs as opposed to the roller chain
- Heavy-duty, solid hinges for reinforced holding power
- Hinged models provide greater subject control
- More comfortable feel in your hand
- Available in Nickel and Black

## 8122-2 Oversized Hinge Style

- 17% larger than the standard model
- Ideal for restraining larger subjects
- Heavy-duty, solid hinges for reinforced holding power
- Hinged models provide greater subject control
- Available in Nickel and Black

### 8112C Colored Chain Style

- All the features of our standard handcuff with added ability to color code subjects
- Features a durable powder-coat finish
- Can be used to classify threat levels, ages, agency, medical conditions and other factors
- Available in Pink, Purple, Green, Blue, Red, Yellow and Orange

### 8132 Rigid Cuff

- Top quality, heavy-duty, steel construction
- Added power and control that can only come from a solid bar rigid design
- 18 tooth, 3-retaining-bar system for uncompromising security
- Positive swing-through action
- Built-in backloading for fast cuffing
- Reinforced steel swivels for added strength and durability
- Available in Nickel or Black

### 8121 Steloy Hinge Style

- Top quality, heavy-duty, steel and Steloy construction
- Steloy material makes the handcuff 40% lighter and 17% larger than standard cuffs
- Solid links connect the cuffs as opposed to the roller chain
- Heavy-duty, solid hinges for reinforced holding power
- Hinged models provide greater subject control
- 18 tooth, 3-retaining-bar system for uncompromising security
- Positive swing-through action
- Built-in backloading for fast cuffing
- Reinforced steel swivels for added strength and durability
- Available in Nickel or Black

### 8142 Ultimate Hinge Cuff

- Heavy-duty construction with oversized rivet heads for added strength
- 18 teeth – 3 retaining bars with 6 teeth on each bar makes cuffs extremely difficult to pick
- Built-in backloading feature for faster cuffing
- Leaf spring double locking system is very difficult to defeat
- True Swing Technology ensures the shackle hits the center of the cuff every time
- Snaps open to a flat profile, then locks into position, becoming rigid for use
- Folds for easy storage
- Lock and double lock like regular handcuffs using a standard handcuff key
- Available in Nickel or Black

### 8111 Steloy Chain Style

- Top quality, heavy-duty, steel and Steloy construction
- Steloy material makes the handcuff 40% lighter and 17% larger than standard cuffs
- 18 tooth, 3-retaining-bar system for uncompromising security
- Positive swing-through action
- Built-in backloading for fast cuffing
- Reinforced steel swivels for added strength and durability
- Available in Nickel or Black

### 8711 Safety Cutter and 4 Compact Spare Cuff™ Restraints

- Same features as above Model 8710

### 8710 Safety Cutter and 2 Compact Double Cuff™ Restraints

- One squeeze removes nylon restraints simply and safely
- Convenient restraint cutting in a compact package
- Unique design ensures that it cannot be used as a weapon against you; the breakpoint guards against an attempt to access the cutting blade to fashion a weapon
- Pocket-sized for easy transport and convenient storage
- Cutter can be used to cut clothing or a vehicle seat belt
- Right- or left-hand operation

### 8220-0 Compact Double Cuff™

- Compact version of Double Cuff restraints
- User friendly and easy to carry and store
- Ideal backup to steel handcuffs; can be carried in pocket, briefcase, glove compartment, etc.
- Available in Black and White

### 8500-1 Safety Cutter™

- Lever action for smooth cutting of disposable plastic restraints
- Simple, fast, one-squeeze operation
- Pocket-sized for easy carry
- Safety design ensures blade cannot be used as a weapon
- Cutter can be used to cut clothing or a vehicle seat belt
- Easy left- or right-handed use

### 8210-0 Compact Spare Cuff™

- Compact version of Spare Cuff restraints
- User friendly and easy to carry and store
- Ideal backup to steel handcuffs; can be carried in pocket, briefcase, glove compartment, etc.
- Available in Black and White

### 8210-1 Flex-Cuf® Restraints

- The Flex-Cuf was designed to be a quick, temporary alternative to handcuffs
- Unique Strength Barb System contained within the Flex-Cuf head makes it virtually pick-proof
- Smooth inside surface, combined with rounded edges, designed to minimize the chance of abrasion or tissue damage
- Nylon construction offers dimensional stability as well as flexibility

### 8500-0 Cuff Cutter

- Can be used on any disposable restraint
- Pocket-sized for easy carry and storage
- Inexpensive
- Easy to use

### 8220-3 Double Cuff™

- The Double Cuff feature gives the officer greater control and the ability to stabilize the subject after one cuff is in place
- Two individual cuffs rather than the standard single cuff for controlling both wrists/forearms or ankles
- Standard length is 34" (86.36 cm)
- ½" (1.27 cm) wide with beveled edges to reduce potential for subject injury
- Ample space for writing down subject information
- Tensile strength of more than 400 lbs. (240 kg)
- Two cuffs in one, which allows for quicker subject control
- Available in White, Black, Red (training), Blue, Green, Orange, Pink, Purple, Yellow, Lime Green and Tan

### 8220V Double Cuff™ Variety Pack

- A variety of colored Double Cuffs are also available in a set; can be used to help identify threat levels, ages, agency, medical conditions and other factors as required

### 8210-3 Spare Cuff™

- Standard single cuff for controlling both wrists/forearms and ankles
- 22" (55.88 cm) when laid flat
- ½" (1.27 cm) wide with beveled edges to reduce potential for subject injury
- Tensile strength of more than 400 lbs. (240 kg)
- Ample space for writing down subject information
- Available in Black and White

### 8310 Spit Net™

- The Spit Net affixes under the arms for additional security while transporting threatening subjects
- Ideal for prisoner transport, it protects against spitting and biting
- Mesh netting and bacteria-filtering fabric give the subject full visibility and breathability while helping to restrict the spread of biological contaminants

### 8320 Tranzport™ Hood

- Bacteria-filtering medical-grade fabric helps to contain contaminants and makes attempts at biting ineffective
- Secure-lock tab and elastic neckband allow for convenient application and prevents self-removal of the hood, without limiting the individual's range of vision

### HK-10 Handcuff Key

- Stainless steel
- Also available in dozen pack and gross pack

### 8400-1 Carbon Fiber Handcuff Key with Pocket Clip

- Lightweight, oversized handcuff key
- Pocket clip for convenient carry
- Textured grip allows solid grasp of key, even in wet conditions

### 8400-2 Carbon Fiber Handcuff Key with Ring

- Lightweight, oversized handcuff key
- Key ring for convenient carry on belt key ring holder or key chain
- Textured grip allows solid grasp of key, even in wet conditions

# CONCEALMENT HOLSTERS

PATENTED

**NEW**

## 5197 Open Top Concealment Belt Loop with Detent

- Compact and lightweight
- Detent in trigger guard for reliable weapon security
- Low cut sides for ease of draw and added comfort
- Adjustable injection molded belt loop fits 1.5" (38 mm), 1.75" (45 mm), 2" (50 mm), and 2.25" (58 mm); please specify
- Belt loop is user adjustable for cant angle; can even be worn cross draw
- IDPA approved
- Genuine SafariLaminate™ construction
- Available in STX finishes

- Genuine SafariLaminate™ construction
- Available in STX finishes

### 5181 Open Top Concealment Paddle Holster

- Thermal-molded, self-locking paddle allows for easy placement and removal of the holster
- Tension device allows for customizing holster draw by adjusting resistance
- Genuine SafariLaminate™ construction with suede lining to help protect the gun's finish
- Available in Plain Black and STX Tactical® finishes

### 518 Thumb Break Concealment Holster

- Features medium- to hi-ride carry, wraparound design and adjustable tensioning device to provide excellent weapon retention
- Suede-lined, custom-formed thumb break paddle holster is lightweight and comfortable
- Available in Plain Black finish

**SAFARILAND**

### 18 IWB Holster

- Open-top design
- Firm SafariLaminate™ construction allows holster to stay open for ease of reholstering
- SafariSuede™ outer material grips clothing for less movement of holster
- Fits both 1.25" (32 mm) and 1.5" (38 mm) belt widths
- Double-snap belt loop is adjustable for cant angle
- Available in Black sueded finish

### 27 Inside-the-Pants Concealment Holster

- J-shaped belt hook can be worn with any belt
- Open-top SafariLaminate™ holster designed as an undercover off-duty holster
- A polymer insert keeps the holster open for easy weapon reholstering
- Available in Plain Black finish

Low-Profile Draw

Shown in Pocket

### 25 Inside-the-Pocket Holster

- Extra-thin, extra-soft holster for extra-deep concealment
- Holster will stay open; simply drop handgun into the pocket and it holsters itself
- Suede outer material grips clothing for less movement of holster
- Firm, moisture-proof membrane layer prevents perspiration from penetrating the holster and collecting on the gun
- Available in Black sueded finish

PATENTED

### 1051 ALS® Shoulder Holster

- ALS® (Automatic Locking System) secures weapon once holstered
- SafariLaminate™ construction for ease of draw and reholstering with one hand
- Vertical or horizontal carry options
- Harness system is comfortable and fully adjustable
- For pistols only
- Available in STX Plain Black finish

Can Be Worn Vertical or Horizontal

Back View

PATENTED

### 1090 Gun Quick™ Shoulder Holster

- Engineered for medium- and large-frame pistols
- Fits more than 90 pistol designs
- Ambidextrous shoulder holster
- Easy-to-adjust barrel length and width
- Retention spring allows for easy one-handed reholstering
- For pistols only
- Available in Plain Black finish

PATENTED

### 1052 ALS® Lightweight Shoulder Holster

- ALS® (Automatic Locking System) secures weapon once holstered
- SafariLaminate™ construction for ease of draw and reholstering with one hand
- Lightweight elastic single side harness provides stability for handgun
- Belt tie-downs not needed due to light weight and compact design
- Available in STX Plain Black finish

Back View

### 81 Open Top Single Magazine-Snap

- Features a low-cut design
- Back side folds over to form snap-type belt loop
- For use on belts up to 1.75" (45 mm)
- Available in Plain Black finish

### CD-AUTO Auto Magazine Holder

- Black metal clip-on design
- Carries single magazine in a butt-up, mid-ride position
- Ideal for plainclothes or off-duty use

### 074 Open Top Single Magazine Pouch

- Paddle-style single magazine holder
- Features built-in locking mechanism that keeps the holder in place at all times
- Fits belts up to 1.5" (38 mm) wide
- Adjustable tension device
- Available in Plain Black or STX finishes

### 71 Injection Molded Single Mag Pouch

- Flexible "accordion" design allows for multiple fits and minimal size
- Fits magazines, flashlights, knives and multi-tools
- Available in Black or FDE Brown
- Fits up to 1.75" (45 mm) belts

### 079 Open Top Double Magazine Pouch – Snap

- Low-cut design for easy magazine grasp
- For use on belts up to 1.75" (45 mm) wide
- Adjustable tension device
- Available in Plain Black, Basket Weave, or STX finishes

### 123 Magazine Pouch – Horizontal

- Single magazine holder – carries magazines in a horizontal position
- Hook and loop belt attachment wraps around belt
- Available in Plain Black finish

### 572 Open Top Double Magazine Pouch – Paddle

- Low-cut design allows for quick access
- Unique paddle design features a self-locking belt hook
- Adjustable tension device
- Available in Plain Black, Basket Weave, or STX finishes

### 573 Magazine Holder & Handcuff Pouch

- Unique paddle design features a self-locking belt hook
- Adjustable tension device
- Available in Plain Black finish

### 590 Open Top Handcuff Case – Paddle

- Thermal-formed laminate handcuff holder holds the handcuffs firmly and quietly in place
- Unique paddle design features a self-locking belt hook
- Fits up to 1.75" (45 mm) belt widths
- Available in Plain Black finish

### 7352 Badge Holder

- Shaped for shield-style badges
- 2.5" x 3.5" (64 mm x 89 mm)

### 7350 Badge Holder

- Three sizes for star and shield
- Metal clip
- Diameter: 3" (76 mm)

### L820/L830 Plainclothes Belt 1.25" (32 mm) & 1.5" (38 mm)

- Made of SafariLaminate™ with a vegetable-tanned leather support to accommodate holsters for larger handguns
- Features a solid brass or chrome buckle
- Available in Plain Black with solid brass or chrome buckle

### 841/851 Contoured Dress Belt – Male 1.25" (32 mm) & 1.5" (38 mm)

- Made of the long lasting and easy to care for SafariLaminate™ with a 7/8" vegetable-tanned leather liner to provide stability for handguns

2010 NRA BIANCHI CUP WINNER, DOUG KOENIG

## NRA BIANCHI CUP

A world-class event founded in 1979 by Bianchi International to establish practical pistol shooting as a professional sport. In 1984, the National Rifle Association made the event its national championship of action shooting. The 33rd annual event will be held at the Green Valley Rifle & Pistol Club in Columbia, Missouri. Event dates are May 25-28, 2011.

### For participation details, contact:

**Mr. Thomas Hughes**  
**National Manager, Pistol Programs**  
**11250 Waples Mill Road, Fairfax, VA 22030**  
**Phone: 703-267-1451**

### 013 Open Class Competition Holster

- Body machined out of aluminum to stabilize the handgun, yet offers little resistance for a secure and fast draw
- Fits 1911's, SVI's, STI's and CZ clones from 5" to 7.5" (13 cm -19 cm) in length, with or without scopes
- Patented injection-molded adjustable trigger guard lock
- Front nosepiece designed to retain handgun and help prevent gun from being knocked out of the holster while seated
- Able to adjust holster up and down, twist in or out, angle forward or back to custom fit your draw
- Incorporates a simple push lock which secures weapon into the trigger block
- Available in Black

### 002 Cup Challenge Competition Holster

- Features dual-tension screws on the holster body, one in back of cylinder and the other in back of barrel, allowing a balanced retention of the handgun
- Hook and loop lined belt tab provides a firm and adjustable carry when used with SafariLand 032 or 4350 Buckleless™ hook and loop lined competition belts
- Accommodates both scoped and non-scoped revolvers as well as most revolvers with standard, heavy, and slab side barrels
- Built-in removable muzzle strap protects front sights
- Available in STX Tactical® or STX Basket Weave finish

PATENTED  
Belt Loop Included

### 5188 Open Top Concealment Paddle & Belt Loop Combo

- Compact and lightweight
- Low cut sides for ease of draw and added comfort
- Injection-molded paddle designed for enhanced concealability and comfort
- Adjustable injection-molded belt loop fits 1.5" (38 mm), 1.75" (45 mm) 2" (50 mm) and 2.25" (58 mm); please specify
- Belt loop is user-adjustable for cant angle; can even be worn crossdraw
- IDPA approved
- Genuine SafariLaminate™ construction
- Fits available for light mounted weapons
- Available in STX finishes

Team SafariLand recommended for USPSA Production and Single Stack Class and IDPA

### 4001 Competition Gun Cover

- Nylon cover is durable and keeps dirt out of muzzle and action of firearm
- Tab release to easily cover and uncover with one hand
- Lanyard strap attachment for easy carry
- An elastic outer ring in the cover keeps the unit snug around firearm

# COMPETITION RIGS

Safariland is pleased to offer the new ELS belt system for competition shooting. This system is so versatile and functional that it is changing the way competitive shooters rig up for their competitions. I've been working with Team Safariland this year in developing a number of rig options; the combinations are endless. Below is what our team has found to work best for each type of shooting.

## Fellow Competitor—

Start with the model 030 under belt. Next is the 032 ELS Competition outer belt. We designed it to be very strong to hold your holster and high capacity magazines in place, yet light and comfortable. Check out my rigs shown here and visit our Web site for additional product information.

Vice President Marketing, Equipment Products

## Single Stack Rig

Here is my Single Stack ELS rig that I change out to Production Class. I can simply change out the pouches and holster and in a matter of seconds, the rig is converted. I like to use the 771 pouch in the first reload location as seen in the single stack rig, and then the model 773 closed front pouches with the rest of the magazines for extra security.

## Production Class Rig

Here is my rig set up for Production Class; I simply change out the pouches and holster and I'm good to go. This also keeps the handgun and magazines in the same location so that you are not relearning new positions for each. Rob also shoots L-10 and Limited in these same locations; keep it simple and consistent.

## 3-Gun Rig Open Class

With Multi-Gun competition the ELS rig really comes into play. One of the biggest challenges with 3-Gun competition is reconfiguring your rig for each course of fire. This rig makes it easy to change out your pouches and holster to meet the demands of the stage. For Open Class 3-Gun competition, Mike likes to mount the 013 holster to an ELS Fork so that he can easily remove the holster when not needed. He will then mount his handgun and rifle mag pouches around his belt.

## 3-Gun Rig – Tactical Class

Here is my Tactical Scope Multi-Gun rig. I either use a drop leg adaptor with a 5188 or 6354 holster to provide added protection to the handgun as seen here or as Mike does, mount a 013 to an ELS fork system. We also have the option to mount a leg shroud on the left side to carry more ammo if needed.

## Bianchi® Cup Rig

This is my Bianchi Cup Open Class set up. Either slide your 013 holster belt loop around the belt, or as I prefer, mount your vertical adjustment rod directly to the belt (see inset photo). I use the new Slimline pouches that hold the magazines perpendicular and facing out from the belt, allowing me to carry 8 magazines in a small area of space.

## Open Class Rig

For the Open, Limited and L10 shooter, the ELS Receiver Plates can be mounted in four different configurations, plus with the angle adjustments on the ELS Fork, there is a full 90° of adjustment available for your mag pouches. You can mount the belt through the holster belt loop, mount the 013 rod to an ELS Fork and Receiver Plate assembly, or mount the 013 rod directly to the belt.

### 4555 Shooters' Range Bag

- Removable center carry compartment has zippered, padded side panels for 4 separate handgun compartments
- Adjustable hook and loop dividers to personalize accessory space
- Magazine pouches conveniently sewn into main storage area
- Full-wrap carry handles make it easy to move gear to different shooting stations
- Outer carry bag has dual zipper top for easy access and full coverage, flat side zipper pocket, ID window, and large outside zippered pocket for towel, shooting glasses or hearing protection
- Overall dimensions: 14" x 9" x 10"
- Available in Black

**NEW**

### 4556 3-Gun Competition Case

- Rugged ballistic pack cloth construction
- Heavy-duty lockable zippers, two adjustable outside accessory pouches
- Large dual handgun/accessory pouch with individual hook and loop enclosed handgun storage areas and 4 pistol mag pouches large enough for extended magazines
- Closed-cell protective foam padding and 2-in. perimeter lip
- Assorted accessory pockets inside case
- Adjustable padded shoulder harness for shoulder carry
- Includes adjustable backpack-style carry straps that tuck away in storage pocket when not in use
- Unique zippered barrel expansion slot on side of case can be opened to allow use of longer firearms (up to 51") while still fully encompassing weapon muzzle
- 46" overall length (with expansion slot closed)
- Available in Black

### 030 Competition Under Belt – Loop Lined 1.5" (38 mm)

- Underbelt for 032 ELS Belt
- Available in Black with web finish

### 032 ELS Competition Belt 1.75" (45 mm)

- Reinforced to hold heavy competition handguns and ammunition
- Hook lined to attach to 030 underbelt
- Pre-cut holes to mount ELS 35 Receiver Plates in multiple locations and angles
- Available in Nylon Look and Basket Weave finishes

### 075-2 Hearing Protection Holder

- Clips on to belt
- Available in Black

### J-KTR, J-LP Shooters Loading Block

- Convenient trays hold wadcutter, semi-wadcutter or round nosed .38 or .357 ammunition
- Popular for all speedloaders

### 771 Open Front Magazine Pouch

- Features two magazine tensioning screws on back side of the holster to adjust tension on both the middle and end of the magazine
- Sits against plastic rollers that reduce drag during draw
- Open-front design keeps index finger from touching the holder during reload, ensuring fast reload
- Available in STX Tactical® or STX Basket Weave finish

080-12

081-12

### 080-12/081-12 Shotgun Shell Holder

- Molded shotgun shell holder holds (2) 12-gauge shells
- Belt clip features an extended bottom hook for security
- Fits belts up to 2.25" (58 mm) wide
- 081-12 features mounting holes

### 773 Open Top Single Magazine Pouch

- Utilizes the 90° adjustable belt loop
- 2 sets of tension screws threaded through rollers for greater adjustment and lightning-fast reloads
- Closed low-cut front to help secure magazine and prevent it from being knocked out of the front of the pouch
- Built-up channel for clearance of the bullet during the draw
- Available in STX Tactical or STX Basket Weave finishes

### COMP I Speedloader

- Injection-molded construction
- Popular for concealment
- Features a small knob providing maximum concealment for small frame revolvers
- Large-frame versions offer maximum grip clearance

### COMP II Speedloader

- Injection-molded construction
- Popular for duty use
- Features a small knob providing maximum concealment for small-frame revolvers
- Medium-size knob for ease of locking closed
- Large-frame versions offer maximum grip clearance

### COMP III Speedloader

- Injection-molded construction
- Popular for competition
- Spring-driven to offer the fastest weapon reloading device

**NEW**

### 082 Shotgun Shell Holder

- Provides (4) 12-gauge shells when needed
- All shells can be grasped and employed at once
- Available on an ELS 34 Locking Fork, 744BL Belt Clip, ELS 34/ELS 35 Locking Fork and Plate combo, or plain for direct leg shroud mounting
- Tensioners provide solid retaining system to hold shells, even when some are removed
- Length of unit can be adjusted with internal spacers for use with 2 3/4" or 3" shells

## SPACER KITS

Spacer kits are available that position the holster away from the body to accommodate various body styles. Contact Customer Care for more information.

## T-SPACER-KIT

- For use with the 3-hole patterned holsters
- Positions holster farther from body for a smooth and comfortable draw
- Designed to customize holster location to accommodate various shapes

## HDA-KIT

- Designed to lower holster by 2" (50 mm)
- Positions holster away from body to accommodate various shapes
- Right and left hand specific

## CUSTOMIZED-KIT

- For use with holsters and accessories
- Positions holster farther from body for a smooth and comfortable draw
- Designed to customize holster/accessory location to accommodate various shapes

## HARDWARE KIT

- Kit provides the necessary materials: screws, rollers, washers, T-nuts, hook and Allen wrench to service Safariland holsters

## DVD Training DVDs

- Wide selection of informative training DVDs available

## SAF-CUP-2 Coffee Tumbler

- 16 oz. stainless tumbler with black matte finish
- Safariland logo printed in red and liquid gold on one side

## SAF-CUP-MUG Coffee Mug

- Black matte finish with Safariland logo in red and liquid gold on both sides
- Ceramic
- 17 oz. capacity

## TS-6820 Safariland Men's Polo Shirt

- Black with the Safariland logo embroidered on left chest
- Available in sizes S-2XL

## TS-6810 Safariland Women's Polo Shirt

- Double mercerized 2-ply 100% cotton
- Black V-neck with the Safariland logo embroidered on left chest
- Available in sizes S-XL

## TS-2100 Safariland Mock Turtleneck

- Team Safariland Competition long-sleeve T-shirt
- Made of 100% cotton fabric – Hanes® – with spandex-enhanced cuffs and neck
- Silk-screened on front, back and sleeves with Safariland logo
- Available in Black
- Available in sizes S-XL

## TS-9250/9255 Safariland Hat

- Adjustable size fits all
- Low-profile design
- Embroidered logo on front and Safariland on back and on edge of bill
- Available in Black and Tan

## WORLD'S FINEST GUNLEATHER

Recognized by shooting enthusiasts and professionals the world over, the Bianchi hallmarks of handcrafted workmanship, innovative, yet functional design and quality are just as strong today as they were more than 50 years ago. From the early days in 1958 when John Bianchi built his first leather holster in his garage to present day, the focus remains on providing our customers with the best combination of innovation and handcrafted, time-tested designs.

Today, with the Bianchi brand, we remain as dedicated as ever to our constant pursuit of excellence and creativity in our products. Whether it's the classic line of top quality full grain leather holsters, or our state of the art AccuMold® synthetic holsters and accessories, the Bianchi brand offers the best value in a quality product.

BIANCHI — BRAND INTRODUCTION

800 347 1200

bianchi-intl.com

safariland.com/dutygear

## AccuMold® Technology

A state-of-the-art molded synthetic nylon product constructed from our trilaminate material, made up of a ballistic weave outer fabric, a firm, high-density closed-cell foam center; and a smooth Coptex™ lining. All AccuMold gear is contour molded to precisely fit the gear it was designed to carry.

## AccuMold® Elite™

We've taken our patented AccuMold technology and dressed it up. The AccuMold Elite line offers the same construction of AccuMold, but with a Duraskin™ outer material that looks amazingly like leather. You can't tell the difference until you pick it up and see that it's almost half the weight of leather.

## PatrolTek™

PatrolTek duty belts and accessories are made using our molded trilaminate technology but at a price to meet the demands of ever-tightening budgets. Now you don't have to give up function and wear to get duty gear at a great price.

## Bianchi® Leather

Many people love traditional leather. It wears beautifully, and nothing quite smells or feels the same. Bianchi leather is full-grain cowhide – the best available. We choose different weights based on the product requirements, handcrafting and molding it to perfection the old-fashioned way, by not cutting corners.

# BIANCHI TECHNOLOGY

## Pinch® Retention Device – PRD™

Our exclusive PRD is formed of a high strength polymer. When the weapon is firmly seated in the holster, the PRD grips the trigger guard, holding the weapon in place until you're ready to draw.

## FingerLok™ Retention

The FingerLok™ device provides Auto Retention™ when the weapon is holstered, and is released by sweeping the device with the middle finger when drawing. PATENTED

Auto Retention

## ErgoTek™ Duty Belts

Bianchi ErgoTek™ duty belts redistribute the weight of the duty gear, away from the edges of the belt and over its wide closed-cell foam cushioned surface. For even more stability and added holster support, a high-density internal polymer stiffener runs the full length and width of belt. You'll notice immediately that the ErgoTek belt is both light in weight and far more comfortable than a traditional duty belt. Plus, these belts are lined with hook to work in conjunction with the Bianchi 7205 Liner Belt. PATENTED

## Dual Belt Loop

Bianchi offers its most popular duty accessories with a uniquely designed belt loop that allows for snug carry on either a 2" (50 mm) duty belt or 2.25" (58 mm) duty belt. This feature is available on both our top end AccuMold® & AccuMold® Elite™ accessory lines, as well as our PatrolTek™ accessory line.

**AccuMold™**  
*Elite*

# ACCUMOLD® ELITE™

- Lightweight – up to 50% lighter than leather in most applications
- More affordable than leather
- Improved comfort translates into better officer performance in the field
- Same beautiful look as leather – the crisp, professional appearance of premium leather without the weight, maintenance and cost
- Abrasion-resistant – exhibits a high level of resistance to the daily knocks, scuffs and abrasions of duty use.
- Easily cleaned with only mild soap and water. Bio-safe: Washing with disinfectant soap or bleach solution will handle contamination problems. Great for correctional institution duty
- All molded accessories feature the dual molded belt loop to fit both 2" (50 mm) and 2.25" (58 mm) belt widths

## 7903 Single Magazine/Knife Pouch

- Open top for quick access and draw; ideal for rear hip carry
- Deeply molded contours on front of holster for fit and classic good looks
- Dual belt slots fit up to 1.5" (38 mm) belts for better, tighter fit with belt
- Low profile, hi-ride design effectively conceals firearm with minimal bulk
- Available in full grain leather, Plain Tan or Plain Black finish

**NEW**

## 58 P.I.™

- Open top for quick access and draw with a low profile, compact design
- Heavy 30° cant for small of back or rear hip carry
- All molding to the front of the holster, providing more comfortable fit for wearer
- Low profile, ultra hi-ride design effectively conceals firearm with minimal bulk
- Dual belt slots fit up to 1.5" (38 mm) belts for better, tighter fit with belt
- Available in full grain leather, Plain Tan or Plain Black finish

### 75 Venom™

- Slim profile and compact design in a full-sized holster
- Rear belt slot pulls holster close to body for excellent concealability
- Open muzzle design allows various barrel lengths
- Contour molded for exact gun fit
- Fits up to 1.75" (45 mm) belt width
- Available in full grain leather, Plain Tan or Plain Black finish

### 77 Piranha™

- Unique, low cut front provides user with a swift draw stroke
- 15° strongside cant
- 3-slot design allows custom adjustment for user preference; features both strongside and cross draw carry
- Fits up to 1.75" (45 mm) belt width
- Available in full grain leather, Plain Tan or Plain Black finish

### 84 SnapLok™

- Provides the speed of an open-top holster with the security of Auto Retention™, which retains weapon upon holstering
- FingerLok™ retention mechanism secures pistol by the trigger guard upon inserting the weapon in the holster; depress device to draw
- Belt loops snap on and off for easy on/off convenience and may be adjusted for snap opening in up or down position
- Fits up to 1.5" (38 mm) belt loops
- Available in full grain leather, Plain Tan or Plain Black finish

PATENTED

Auto Retention

### 4584 Evader™

- Provides the speed of an open-top holster with the security of Auto Retention™, which retains weapon upon holstering
- FingerLok™ retention mechanism secures pistol by the trigger guard upon inserting the weapon in the holster; depress device to draw
- Trilaminate construction features rugged ballistic weave exterior, closed cell foam center and smooth nylon pack cloth lining for a slick draw
- Reinforced open-top design stays open for efficient one-handed reholstering
- Dual snap belt loop for easy on/off access fits up to 1.75" (45 mm) belt widths
- Available in Black Ballistic Weave finish

PATENTED

Auto Retention

### 82 CarryLok™

- Provides the speed of an open-top holster with the security of Auto Retention™, which retains weapon upon holstering
- FingerLok™ retention mechanism secures pistol by the trigger guard upon inserting the weapon in the holster; depress device to draw
- Features stay-open design for efficient one-handed holstering
- 16° butt forward carry
- Fits up to 1.75" (45 mm) belt widths
- Available in full grain leather, Plain Tan or Plain Black finish

### 5 Black Widow™

- Features ultra hi-ride carry and thumb snap closure
- Compact profile for excellent concealability
- Dual belt slots for superior stability
- Open muzzle design allows various barrel lengths
- Fits up to 1.75" (45 mm) belt width
- Available in full grain leather, Plain Tan or Plain Black finish

PATENTED

### 7 Shadow® II

- Ultra hi-ride for excellent concealability
- 3-slot design allows user to vary the carry angle for his/her preference
- Strongside or cross draw carry, open muzzle design
- Molded and pre-curved to fit the body for maximum comfort
- Fits up to 1.75" (45 mm) belt width
- Available in full grain leather, Plain Tan or Plain Black finish

### 7506 Thumbsnap Belt Slide

- A feather-light belt slide design, molded and contoured to snug close to body
- AccuMold® trilaminate construction with Coptex™ lining for a smooth draw
- Retention strap offers both thumb break and front strap opening
- Adjust-A-Strap™ thumb break feature permits adjustment for different handguns
- Dual snap web loops with firm-action snaps provide convenient quick release on belts up to 1.75" (45 mm) wide
- Available in Black Ballistic Weave finish

### 105 Minimalist™ With Slots

- A compact, open-top design ideal for daily wear
- Features elastic loop retainer tab for secure retention
- Belt slide design provides excellent stability for weapon
- Slots designed to pull firearm in close to the hips for optimum concealment
- Suede lining

- Comes with a choice of either contour-molded magazine pouch or a low-profile speedloader panel, and X-style pivoting harness that is flexible, strong and contours to the torso
- Includes 2 suede leather tie-downs to secure holster and offside pouch to belt
- Offered for both revolvers and semiautos
- Available in full grain leather, Plain Tan finish

The X16 harness has a pivoting design that moves with the body and adjusts to fit male and female torsos up to 48" (122 cm).

## Agent™ Accessories

### X16A Double Magazine Pouch

### X16T Tie-Down Accessory

### X16P Offside Accessory Panel

### X16R Speedloader Panel

## Tuxedo® Accessories

### 4620T Tie-Down Accessory

### 4620A Double Magazine Pouch

## 4620 Ranger™ Tuxedo®

- Lightweight trilaminate construction, offering padded protection for the firearm
- 420-denier pack cloth exterior for long wear and featherweight comfort, with a soft suede-like interior lining
- Comes complete with holster X-harness, two tie-down straps and double mag pouch or speedloader panel
- Super-thin X-harness is one size and fits up to a 48" chest

The X15 harness adjusts to fit male and female torsos up to an optional 52" (128 cm).

## X15 #X15® Shoulder Holster

- Dual spring closure provides firearm retention and stability
- Half lined with full grain leather for a smooth draw
- Detachable retainer strap
- Fully adjustable soft leather harness that adjusts to a 48" chest
- Available in full grain leather, Plain Tan finish

### 21 Open Top Magazine Pouch

- Dual belt loop straps secure pouch to belt
- Can be angled for right or left hand carry
- Complements Bianchi® Model 120 holster
- Fits up to 1.75" (45 mm) belts
- Available in full grain leather, Plain Tan finish

### 25 CarryCuff™ Angled Handcuff Case

- Angled at 45° for quick access to cuffs
- Pull-through style for linked and hinged cuffs
- Belt loop snaps on/off for user convenience; left and right hand versions for user's draw preference
- Fits up to 1.75" (45 mm) belt loops

# DUTY GEAR

## CONSUMER WARNING: READ IMMEDIATELY

Safariland and Bianchi holsters and duty gear products are designed to meet the demand for high-performance products for law enforcement and civilians. Fitted and used properly, a holster is a valuable aid in carrying a firearm. Because holsters are used to carry firearms, however, any person purchasing or using a Safariland or Bianchi holster should read and understand the following warning and all instructions included with his or her holster, as well as be thoroughly familiar with the proper and safe use of his or her firearm in the circumstances in which he or she is using it.

Close tolerances for holster/handgun fit require consistent handgun specifications and characteristics as well as extremely precise holster design. Safariland produces its products in this manner of quality materials with efficiency and safety in mind. Although these warnings may not pertain to all Safariland products, or all circumstances, they should be read prior to the purchase, sale or use of any Safariland or Bianchi product. Some products have special and/or supplemental instructions and/or safety information that must be read prior to their use. Call Safariland at 800.347.1200 for copies of these materials.

### TRAINING AND PRACTICE

Use of a handgun under any circumstance may be dangerous. **SERIOUS INJURY OR EVEN DEATH** may result without proper training in the safe handling of firearms. Proper training should be obtained from an accredited firearms safety program conducted by competent, qualified instructors in the military, police academies or National Rifle Association-affiliated instruction programs. A firearm should not be carried or used without a thorough knowledge of its characteristics and safe use in the circumstances in which it is intended to be used. It is also the user's responsibility to be certain that his or her firearm is in proper, safe operating condition.

We strongly recommend a regular holster practice regime be utilized to ensure the continued capabilities of both the Safariland product and its user. Should you have any questions concerning your Safariland or Bianchi products, call Safariland toll free at 800.347.1200.

### PROPER HOLSTER FIT

**NEVER PLACE A LOADED HANDGUN IN A HOLSTER WITHOUT FIRST TESTING FOR PROPER FIT WITH THE HANDGUN UNLOADED.** Although Safariland attempts to provide accurate information regarding which specific holster models were designed to accommodate a specifically identified handgun, or handguns, Safariland does not warrant the accuracy of such information and specifically disclaims any responsibility or liability for, or consequences resulting from, errors or inaccuracies in such information. Users are advised not to rely on such compatibility information but are advised to personally verify holster/handgun compatibility in each and every case using actual products.

Handgun manufacturers continually update manufacturing specifications in their quest for better products. These changes may occur one or more times within a particular handgun model year, and make it difficult for proper handgun identification and holster fit.

The slightest change in handgun design can have a major safety effect on the close tolerance of Safariland duty gear products. These changes may not affect other holster brands that do not maintain the Safariland Duty Gear high standards.

If the user has any questions or doubt concerning holster fit, contact Safariland immediately as to which version of a particular handgun you and/or your customer may possess and its compatibility with Safariland or Bianchi holsters.

Be advised that it is the user's responsibility to periodically check his or her holster and related hardware for proper fit and function. Should any product, including a Safariland or Bianchi Duty Gear product, become worn, loose, broken, defective or ill-fitting, **CEASE USE IMMEDIATELY.**

### OTHER VERY IMPORTANT WARNINGS

**DO NOT** use Safariland or Bianchi holsters with custom or modified guns or broken, worn or inferior manufactured guns, including guns that are not of original factory specifications. **DO NOT** use after-market grips not manufactured by Safariland, grip adapters, target hammers, target triggers or trigger shoes. After-market handgun modifications may cause improper holster fit and **ACCIDENTAL HANDGUN DISCHARGE.** Never attempt to modify Safariland or Bianchi duty gear products in any way.

Do not attempt to cock a handgun while holstered, as such cocking can cause severe damage to either the handgun or holster, or both, and may cause an **ACCIDENTAL DISCHARGE.**

Some users of certain handgun models insist on carrying the weapon in what is referred to as a cocked and locked condition (i.e., the gun is cocked with the safety engaged). Safariland does not recommend or approve of any such practice, and advises against it. This condition for such handguns should be reserved only for the most advanced, experienced and skilled professional shooters under conditions that require the handgun to be drawn and fired under extremely short time constraints. Carrying a handgun in this condition **INCREASES THE RISK OF ACCIDENTAL DISCHARGE.** It should only be used by those who have the training and experience to recognize the inherent risks associated with it.

It should be noted that **NO HOLSTER IS COMPLETELY SNATCH-PROOF OR TAKEAWAY-PROOF.** Therefore, the user must exercise extreme diligence at all times in any situation where another person may attempt to take the user's handgun. The handgun should be held in place by the user whenever vigorous activity, such as running, jumping, falling or tumbling, is encountered or attempted. **ALWAYS** keep safety straps snapped if the holster is so equipped.

Keep thumb on back of hammer or slide when inserting handgun in holster to help ensure no movement occurs during insertion. Always keep fingers clear of trigger when drawing or replacing handgun in holster. Place index finger on outside of trigger guard to avoid inadvertent strap or foreign object interference when reholstering.

## TO ENSURE YOUR SATISFACTION

Your product is carefully crafted from the finest materials. For product longevity and your own safety, here are some commonsense guidelines:

### Inspecting Your Product

1. Thoroughly read the safety information in this catalog and other information included with your purchase.
2. Make sure your handgun fits properly, safely and to your satisfaction.
3. Visually inspect your handgun for any defects in material or workmanship.
4. Check the retainer strap, spring or other retaining device and be certain that your handgun is properly and safely secured for your application.
5. Visually inspect all stitchings, snaps, springs, clips and rivets for looseness, breakage or other damage.
6. Pay special attention to points of strain and critical points, such as belt loops, welts, retainer straps, springs or other retaining devices.
7. Look for any sign that leather or other materials have become dry or brittle.
8. Should your holster or other product become worn, loose, defective or ill-fitting, cease use immediately.

## CARE AND STORAGE

### Leather

#### Storage

Store your leather product in a cool, dry place. High humidity can cause mildew, while dry heat and direct sunlight can cause drying and cracking. If you leave your handgun in the holster or other product, check it daily for moisture, condensation or corrosion. Changing atmospheric conditions, heavy perspiration and other factors could create such conditions.

#### Care

Treat the interior of your holster with spray silicone to help protect against excess moisture. Spray silicone also speeds the draw by reducing friction.

If your product becomes water-soaked, reshape it as best you can and allow it to air-dry at room temperature. Do not use a hot oven – it will shrink, harden and crack the leather.

Because Bianchi leather is hand finished with our special leather dressing, should your leather product become dry or scratched, you can treat the exterior with a commercial leather dressing that does not contain lacquer. (Be careful when using Neat's foot oil; large amounts will soften the leather.)

Brass cartridges or other brass hardware when stored with leather will acquire a greenish residue called "verdigris." It is a natural product of a chemical reaction between brass and vegetable-tanned leather, and it wipes off. (Using nickel-plated cartridges in belt loops will avoid this condition.)

### SafariLaminate™, AccuMold®, AccuMold® Elite™ and PatrolTek™

#### Storage

These products have been field-proven to withstand a wide variety of environmental conditions. These products should be stored in a cool, dry environment when not in use. We do not recommend storing these products in a vehicle trunk or other areas where extreme heat can exceed the outside environment.

Never store your SafariLaminate products near a heat source that emits high temperatures (200°F), which can deform or destroy the polymer from which many SafariLaminate products are manufactured. If you have accidentally exposed your equipment to a heat source you should immediately remove it from the area, allow it to cool to room temperature and then operate it to ensure correct function.

#### Cleaning

These products are best cleaned with a solution of warm, soapy water and a soft brush. A toothbrush and dish soap work well. If decontamination is required, an antibacterial soap or 10% solution of household chlorine bleach may be used. After cleaning, simply rinse off with fresh water and let air-dry. Be sure the product is completely dry inside and out prior to use.

When these products are exposed to salt spray or immersed in salt water, it is important to thoroughly rinse them in warm water as soon as possible. Never use solvents such as acetone to clean AccuMold products, as this could result in damage to the product.

## HOW TO MEASURE BARREL LENGTH

Before you order a holster, please be sure you have the correct barrel measurement for your handgun. This measurement is very easy to do, and it will ensure that you get the holster that's exactly right for your gun.
