FOYLES

French, German, Spanish Catalogue 2011-2012

About Grant & Cutler

Grant & Cutler was established in 1936 and has recently merged with Foyles, UK Bookseller of the Year 2010 with the largest range of books in the UK at more than 200,000 titles. The merged language departments now carry a very wide range of foreign-language material, together with a large section on English as a Foreign Language.

We specialise in the major Western European languages as well as Polish and Russian, but pride ourselves on covering all living languages from Afrikaans to Zulu.

Grant & Cutler is located on the first floor of Foyles' flagship Charing Cross Road shop and is open as follows:

Monday - Saturday	9.30-21.00
Sunday	11.30-18.00
Public holidays (not Easter Sunday or Christmas Day)	11.00-20.00

Prices

Prices are shown in British pounds and are correct at the time of cataloguing. However, because of exchange rate fluctuations and publishers' increases, they are subject to change without notice. Website prices are updated overnight, but are still subject to change as new stock arrives.

Tax (VAT) is charged only on non-book material, and only on deliveries within the UK, or to customers in other EC countries who are not registered for VAT.

Discounts and Delivery

Postage is free on all UK orders and schools and other institutions will receive a discount on larger orders. Full delivery rates can be found on our website.

To qualify for a discount, orders must be received as a single item; discounts are not cumulative. Orders for software site licences, and magazine and newspaper subscriptions are not eligible for discounts.

About this catalogue

This is our annual catalogue of language-learning material for French, German and Spanish at secondary level and includes material for various exam boards. It is intended mainly for schools and colleges but will be of interest to anyone involved with modern languages. Space does not permit us to list more than a selection of the items we stock. For a fuller listing visit www.grantandcutler.com.

Inspection copies are only available from publishers or their UK distributors, though we may be able to supply titles on approval. New titles are flagged and the symbol  indicates that a text has notes.

All computer software listed is for Windows 32 bit systems unless otherwise stated.

For reasons of space ISBNs are not included and we are happy to deal with orders without ISBNs. They can, however, be found on our website.

Non-language material

Now that we are part of Foyles, with more than 200,000 titles in stock, please consider us for all of your subject requirements, particularly EFL.

Ordering information

We accept orders by fax, phone, e-mail, mail or on our website. At certain times of the year our phone lines are very busy and faxing, emailing or ordering online is recommended. Teachers and librarians with appropriate authorisation can ask for books to be invoiced to their school account.

Payment may be made by credit/debit card (Mastercard/Visa), by cheque in GBP, US dollars or Euros or by bank transfer. Schools will normally be invoiced on receipt of an official order.

Website ordering

Everything in this catalogue, and much more, can be found on our website:

www.grantandcutler.com. Prices are updated overnight and most items show whether we have copies in stock.

Schools and other institutions can order on the website and have items invoiced to their account. To do this, add books to a basket and follow the normal checkout procedure.

Other catalogues

We produce a range of other printed catalogues, available free on request, though they may sometimes be reprinting. These catalogues contain only a selection of our stock, and more comprehensive listings can be found on our website: **www.grantandcutler.com** where most catalogues can also be downloaded in pdf format.

Newspapers and Magazines

We can arrange annual subscriptions to foreign newspapers, magazines and academic journal, which are sent direct from the publisher, but invoiced by us in advance. Prices are for one year, the number in brackets indicates the number of issues and an asterisk indicates that six months subscription is available. We regret that subscription cannot be cancelled while it is running.
