**ACCESS DOORS**

**ELMDOR ACCESS DOORS**

**Dry Wall Access Doors (DW Series)**

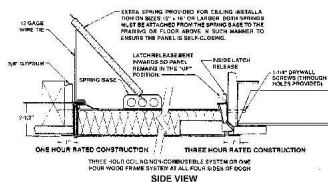

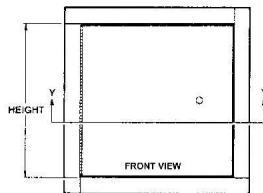

Doors are ideally suited for new installations or for remodeling, in masonry, tile, wood or other wall surfaces. Door features rounded safety corners.  
**Door and Frame** is fabricated from 16 gauge, galvanized steel with a prime coat finish.  
**Frame** is one-piece construction, 1" wide and provides perfect concealment of the rough wall opening. Wall frame is provided with 1/4" mounting holes for fastening within the furred spaces allowing faster installation and giving maximum clearance.  
**Concealed Pivoting Rod Hinge** prevents distortion and closes door squarely. Doors 24" or larger are provided with a continuous piano hinge.  
**Latch** is screwdriver operated.  
**Finish** is a prime coat suitable for painting.

1. Overall outside size
2. Concealed pivoting rod hinge
3. Wall frame
4. Screwdriver operated latch
5. 1/4" mounting holes

**DW = Drywall Access Door**  
**PC = Prime Coat**  
**SDL = Screwdriver Latch**

**Fire Rated Ceiling Access Doors (FRC Series)**

Doors are rated by Underwriters Laboratories for 1.5 hours, "B" label in walls, and by Warnock Hershey for 3 hours in ceilings. The FRC Series Doors should be utilized when providing access in fire rated walls and ceilings. FRC Series Doors have heavy-duty spring closures to ensure positive latching when panel closes. An interior latch release is also included on all doors to enable unlocking from inside.  
**Door** is fabricated from 20 gauge, phosphate-treated steel with a prime coat finish.  
**Door panel** is provided with two inches of insulation in a sandwich type construction.  
**Frame** is fabricated from 16 gauge, phosphate-treated steel with a prime coat finish and provided with masonry anchors and boltholes.  
**Hinge** is a continuous piano type and mounted on the long side of the rectangular door panel.  
**Exterior Latch** is recessed and is operated using a ring attached to the sliding bolt.  
**Interior Latch Release Slide** is included enabling door to be opened from the inside.

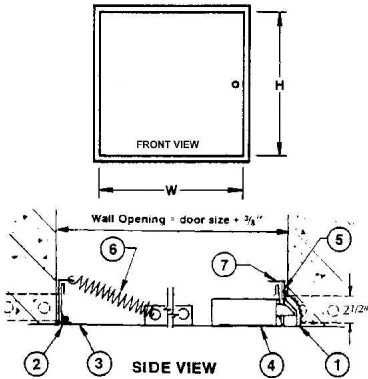

**FRC = Fire Rated Ceiling Door**  
**PC = Prime Coat**  
**D/U = Dual Lock**

**ACCESS DOORS**

**ELMDOR ACCESS DOORS**

**Fire Rated Wall Access Doors (FR Series)**

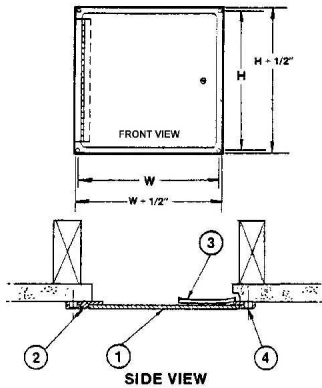

**Doors** are Fire Rated by Underwriters Laboratories Inc. for 1 1/2 hours, "B" Label, and meet ANSI - UL 10B standard. Door has a heavy duty spring closer to assure positive latching when panel closes.  
**Door and Frame** is fabricated from 16 gauge, galvanized steel with a prime coat finish.  
**Door** has a heavy-duty spring to assure positive latching.  
**Frame** is equipped with both masonry anchors and boltholes to facilitate installation in all kinds of wall construction.  
**Concealed Hinge** operates completely out of sight so that only the door and frame is visible.  
**Exterior Latch** is recessed and is operated using a ring attached to the sliding bolt.  
**Interior Latch Release Slide** is included enabling door to be opened from the inside.  
**Finish** is a prime coat suitable for painting.

1. Chip out masonry to clear bolt cover
2. Concealed hinge
3. Door
4. Recessed latch
5. Interior latch release slide
6. Closing spring
7. Frame

**ATTIC LADDERS**

**WERNER ATTIC MASTER LADDERS**

Pine

Overhead access to attic, loft, carport, garage, cabin. Easy open/close with unique offset spring bar designed to lock ladder in either the up or down position. High quality fir plywood 1/4" door has a full width 90° wraparound hinge that minimizes heat loss. Heavy duty plate hinges bear on each other to avoid wood crushing. Ensures rigid structure. Steel rods inserted in bottom groove of wood steps increases step strength and tightens the step to siderail connection. Select pine, grooved slip-resistant, flush steps and quality finished rails with eased edges. Individual merchandising carton with installation manual inside. Fully assembled ready to install.

**CLOSET RODS, ADJUSTABLE**

**STANLEY ADJUSTABLE ROUND CLOSET ROD**

Steel - Zinc finish, with screws. An ideal, sturdy rod for closets. PermaSeam™ design consists of two structurally strong rolled shapes that telescope for easy adjustment. Closet rods exceed ANSI-BHMA 156.16 Deflection Standards when installed with center support(s). Escutcheons are swaged and staked to tubes to provide double pull-away protection and eliminate initial sag associated with loose escutcheon assemblies. Center support 7050 included with 72" rod at no extra charge. F.O.O. Items - Full Box Only - Allow 2 weeks.

**FASTCAP SPEED BRACE SHELF BRACKETS**

Extra heavy to support big loads (500 pounds per pair when mounted on 16 inch centers); they have intelligently located notches to make alignment easy, and they are punched out to make it easy to run wires for all the electronics commonly used in today's office environments. The flange is 1-9/16" wide, and the countersunk mounting holes are 1/4" diameter and suitable for screws from #8 to #12.

**DOORBELL BUTTONS**

**BALDWIN DOORBELL BUTTONS**

**Solid Brass Illuminated Doorbell Buttons**

All illustrated electrical bell buttons have been designed to accessorize Baldwin's line of entrance locksets. Each product is manufactured from solid brass. A brass ring surrounds the plastic push button for added strength. The antique white button is always illuminated for detection at night or in unlit areas. Note: The ring surrounding the plastic push button is manufactured from brass and is finished in US4 only. F.O.O. Items - allow 6 to 8 weeks for delivery.

**JAMB ARMOR**

**ARMOR CONCEPTS JAMB ARMOR**

- An easy, effective way to repair a broken door jamb and help prevent an existing door from being kicked in. The Exterior FIX-A-JAMB piece is a 36-inch long sleeve that easily slides over a damaged jamb and can be installed in about 20 minutes. FAJ-EXT-10000 is the jamb only. See the universal combo sets below for sets that include hinge protection and latch guards.

BHS#	DESCRIPTION	U/M	BOX	RETAIL

**ARMOR CONCEPTS JAMB ARMOR COMBO SETS**

**2 3/4" B.S.**

An easy, effective way to repair a broken door jamb and help prevent an existing door from being kicked in. 5 steel sleeves (that come with the combo set) slide over the existing door jamb, essentially turning a wooden frame into a steel frame. Pieces work together to reinforce all of the weak points on an entry door. Installation does not require removal of the door or alteration of the jamb in any way. Equipped with 1 ultra jamb shield (designed with knockouts that allow pieces to be used on nearly any door), 2 hinge shields to reinforce the top and bottom hinges, and a 2-piece door shield set (1 for the deadbolt and knob). All pieces come in powder-coated white and can be painted to match the color of the door or jamb. Compatible with any standard (1 3/4"-thick) entry door with a 3/4" jamb. Available for doors with 2 3/8" and 2 3/4" backset locks. Installation screws included.

**MAIL BOXES, APARTMENT**

**BOMMER APARTMENT HOUSE MAIL BOXES**

**US28 Natural Anodized Aluminum**

Each mailbox consists of 3 to 7 compartments enclosed within a wall box. The wall box and compartments are constructed of heavy guage galvanized and chromated steel providing both durability and resistance to rust. Access for loading is gained by unlocking a U.S.P.D. control lock and pivoting the compartments forward.  
 Compartment size: 15" high x 5" wide x 6" deep. Door Lock: 5-pin cam type with 2 keys. Door Identification: Name and number slots in door with card holder.

**NUTONE BUILT-IN IRON CENTERS**

**Pressrite Deluxe Ironing Center - No Door**

**Deluxe Model Ironing Centers**

**Benefits -**

Ventilated Metal Durable board, resistant to moisture, cools quickly.  
 All Metal Construction Iron board, support beams are all metal, excellent quality.  
 Height Adjustable - provides comfort based on user height. 180 degree swivel  
 Unit can fit in tight corners, additional ergonomics.

**Storage -**

Hot iron storage shelf  
 Deep and tall to accommodate today's larger sized irons.  
 Utility/Storage Shelves to store spray bottles, starch, other items in cabinet.

**Door -**

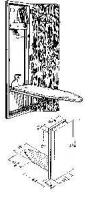

Multiple styles are available.  
 Provides flexibility for customized look fitting into the consumers décor.  
 Provides a complete unit for consumer, no need to buy separate door.  
 Mounting, both left and right hand provides more consumer flexibility during installation.  
 Note: Custom Doors - Unfinished so that consumers can "stain or paint to match" their décor.  
 Mirror Door features a 1" beveled edge.  
 Electrical Built-In Light (40 watt) provides functional lighting behind a cover to shield heat.  
 Safety Switch/Auto Shutoff Electric supply is turned off when door is closed.  
 Silent Timer Choose when power is supplied, no "ticking" noise.  
 Pilot Light - since timer is silent, shows when power is "on".  
 UL and cUL Approved & Listed Unit meets electrical safety standards in US and Canada.  
 Wall Mounting - Recess Provides neat, "built-in" appearance in the home.  
 Mounting - Surface. Optional collar allows surface mounting.
